Welcome to ABQ Health Partners Custom PPO Network

Welcome to the ABQ Health Partners Custom Tier 1 Provider Network. As a member of the ABQ Health Partners Custom PPO plan, you have access to a select group of Tier 1 providers as well as the Blue Cross Blue Shield (BCBSNM) of New Mexico Preferred Provider Organization (PPO) Network. The BCBSNM PPO providers are referred to as Tier 2 providers. Your provider choices:

Tier 1 (ABQ Health Partners Network Providers)

Tier 1 providers are in-network providers that are contracted as ABQ Health Partner providers, BCBSNM-contracted facilities and selected BCBSNM-contracted providers, and non-ABQ Health Partner specialty providers. These providers have agreed to provide health care for ABQ Health Partners, LLC Custom PPO plan members and accept the Plan's payment for a covered service plus the member's share of the covered charge (i.e., coinsurance, copayment and/or penalty amount, if any) as payment in full.

Tier 2 (BCBSNM In-Network PPO Providers)

Tier 2 providers are health care professionals and facilities that have contracted with BCBSNM, a BCBSNM contractor or subcontractor, or another BCBS Plan as "preferred" or "PPO" providers. These providers have agreed to provide health care for PPO plan members and accept the Plan's payment for a covered service plus the member's share of the covered charge (i.e., deductible, coinsurance, copayment and/or penalty amount, if any) as payment in full.

Tier 3 (Out-of-Network Providers)

Tier 3 Providers are providers that have not contracted with BCBSNM or ABQ Health Partners, either directly or indirectly, to be part of the "preferred" or "PPO" provider network.

When you use Tier 1 providers, you receive maximum benefits and reduce out-of-pocket costs. When you use Tier 2 providers, your out-of-pocket costs will be higher. Use of tier 3 providers will result in the highest out-of-pocket costs.

Introduction - continued

Finding a Provider

This directory can help you choose a physician or hospital by identifying those who participate in the ABQ Health Partners Custom Network . You can also use this directory as a reference to make sure your provider or hospital participates in the network. Remember, the fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be medically necessary and covered under your health plan in order to be eligible for any Plan benefits. The directory is organized by these provider classifications:

- Hospitals and Urgent Care Facilities
- PPO Medical/Surgical Providers
- Primary Care Providers such as Certified Nurse Practitioners
- Allied Health Practitioners
- Ancillary Services such as Durable Medical Equipment (DME) Providers, Home Health Providers, etc.

Each classification lists providers by specialty, alphabetically, within city:

State

City Name

County Name

Specialty

Provider Name

- Languages the provider speaks
- Group Practice Name
- Street address, Zip
- Telephone

The preceding **Geographic List** presents providers organized by state, county, city, specialty and finally alphabetically. You can find a provider any of three ways: by location, by specialty, or by provider name.

Introduction - continued

The **Table of Contents** in the front of the directory can help a user quickly find a geographic listing. Two indexes in the back of the directory serve very specific purposes:

- The **Alphabetical Index** provides a quick reference when looking for a particular health care provider referenced by page number for complete information on the provider.
- The **Providers by Specialty Index** provides a quick reference when looking for a particular health care provider practicing in a specific specialty.

BlueCard PPO Program

As a Blue Cross and Blue Shield Plan BlueCard PPO member, you enjoy the convenience of carrying your membership card—The BlueCard. If your ID card has the “PPO in a suitcase” logo, then you know that your health care benefits are with you wherever you go. If you are:

- a member (or covered dependent) living outside the service area of your Blue Cross and Blue Shield Plan or,
- a member (or covered dependent) traveling on business or pleasure,

You may use a Blue Cross and Blue Shield BlueCard PPO provider to receive the advantages of Tier benefits and savings.

When you are out of town and become ill, or if you or a family member is living in another area and need to find information about a Blue Cross and Blue Shield BlueCard doctor or hospital, just call BlueCard Access at 1-800-810-BLUE (2583) to locate the nearest BlueCard doctor or hospital.

Show your membership card to any Blue Cross and Blue Shield BlueCard PPO doctor or hospital across the USA. You have plenty to choose from—PPO providers include more than 80% of all hospitals and physicians across the United States. When you visit a PPO doctor or hospital, you have no claim forms to file and no billing hassles.

Remember you are responsible for obtaining precertification/prior authorization from your Blue Cross and Blue Shield Plan. As always, in case of emergency, you should seek immediate care from the closest health care provider.

Hospitals and Urgent Care Facilities

Facilities that provide inpatient and outpatient care such as hospitals, ambulatory surgical centers, and urgent care facilities.

Medical/Surgical Providers

Medical/Surgical providers are professional physicians who have either an MD or DO degree and are licensed to practice medicine. Included below are General Practitioners (doctors who are licensed, but do not have residency training), as well as physicians who have had residency training in these medical specialties: Family Practice, Internal Medicine, Pediatrics, and Obstetrician/Gynecologists. Also included are Specialists who have taken additional training and provide specialty care. Examples include: Surgery, Allergy & Immunology, Anesthesiology, Cardiology, Dermatology, Gastroenterology, Ear, Nose & Throat (ENT), Endocrinology, Neurology, Nephrology (kidneys), Obstetrics/Gynecology, Ophthalmology (eyes), Orthopedics, Pulmonology (lungs), and Urology.

PPO Medical/Surgical Providers

Primary Care Providers

Primary Care Providers are non-physician health care professionals such as Certified Nurse Practitioners who have had additional advanced training in providing primary care. They focus on the "whole person" and can coordinate your health care, including referrals.
