# National Committee For Quality Assurance (NCQA) Accreditation

HMO New Mexico, Inc., has been granted Commendable status by the National Committee for Quality Assurance (NCQA), effective October 16, 2002. HMONM was also awarded Commendable Accreditation in 2000.

NCQA is an independent, not-for-profit organization dedicated to measuring the quality of America's health care. Achieving an accreditation status of "Commendable" from NCQA is a sign that a health plan is serious about quality. It is awarded to plans whose service and clinical quality meet or exceed NCQA's rigorous requirements for consumer protection and quality improvement.

NCQA Accreditation criteria include:

- **Access and Service** Do health plan members have access to the care and services they need?
- **Qualified Providers** Does the health plan assess each doctor's qualifications and what health plan members say about its providers?
- **Staying Healthy** Does the health plan help members maintain good health and detect illness early?
- **Getting Better** How well does the health plan care for members when they become sick?
- **Living with Illness** How well does the health plan care for members when they have chronic conditions?

An Independent Licensee of the Blue Cross and Blue Shield Association.

# Welcome to the Extended Network Plan

Welcome to the Extended Network Plan that is administered by HMO New Mexico (HMONM). As an Extended Network Plan member you have access to our entire HMONM network statewide.

## **No PCP referral required to see a contracted Specialist**

You do not need a Primary Care Physician (PCP) referral in order to receive benefits at the Extended Network Plan level of coverage. You may visit any Extended Network Plan provider and receive in-network benefits for covered services.

## **Accessing Providers affiliated with the Standard (LoboCare Network) Plan**

You may see any HMONM provider under the Extended Network Plan however, by using providers affiliated with the Standard (LoboCare Network) Plan you may have lower out-of-pocket expenses.

## **Prior Authorizations**

Certain services require Prior Authorization. Examples of services requiring Prior Authorization are Short Term Rehabilitation, Acupuncture, Chiropractic, etc. Please refer to your Benefit Booklet or contact Customer Service at 1-800-423-1630 for a listing of these services.

## **Out-of-Network Benefits**

You may choose to visit a provider who is not part of the Extended Network Plan however, you will need to first meet a deductible and pay a percentage of covered charges (certain exceptions, such as for emergency care are explained in the member's Benefit Booklet). Out-of-Network providers may bill you for amounts over the covered charge. The amount can sometimes be significant, and is not applied to your out-of-pocket maximum (see your Benefit Booklet for more details). In addition, some benefits are available only if received from Extended Network Plan providers.

## **We're also on the Web!**

You can view the printable directory on-line on our Web site, [www.bcbsnm.com](http://www.bcbsnm.com). From the home page select "UNM Hospitals – Extended Network Plan" from the "Are you a member of one of our largest groups?" drop-down menu. UNM Hospitals' customized provider directories, forms and other information can be found here. Or you may contact Customer Service for assistance at 1-800-423-1630.

## **Finding a Provider**

This directory is for both members and physicians. All of the providers in this directory are in-network providers. Remember, the fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be medically necessary and covered under your health plan in order to be eligible for any UNMH benefits.

However, you will have to first meet a deductible and pay a percentage of covered charges (some exceptions, such as for emergency care are explained in the member's benefit booklet). Out-of-network providers may bill you for amounts that are over the covered charge. This amount can sometimes be significant, and is not applied to your out-of-pocket limit. Also, some benefits are available only if received from Network (either Extended or Standard) providers.**

**Note: BCBSNM and HMONM provide administrative claims payment services only and does not assume any financial risk or obligation with respect to claims, except as may be specified in the Administrative Services Agreement.**

Hospitals and Urgent Care Facilities

# Extended Network Plan Primary Care Physicians (PCPs)

Physicians are professionals who have either an MD or DO degree and are licensed to practice medicine. PCPs focus on the "whole person" and help you coordinate your health care, including referrals. PCPs include General Practitioners (doctors who are licensed, but do not have residency training), as well as physicians who have had residency training in these medical specialties: Family Practice, Internal Medicine, and Pediatrics. Additionally, some Obstetrician/Gynecologists choose to serve as PCPs for their women patients.

Ancillary Services

# Mesa Mental Health Network

To receive benefits for mental health services or substance abuse treatments, care must be coordinated by the HMO New Mexico Behavioral Health Services Administrator, Mesa Mental Health. The member's primary care physician (PCP) must call 1-800-583-6372 or 816-6791 in Albuquerque to obtain approval for mental health and substance abuse services. Mesa Mental Health will then coordinate covered services with an appropriate provider in the member's area. Failure to obtain prior authorization from Mesa Mental Health will result in a denial of benefits.

The fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any HMO New Mexico benefits.
