YES, MA'AM !

BCBSNM Says

"Yes to Mammograms!"

For women aged 40 and older, most medical authorities recommend a mammogram yearly to detect breast cancer in its most curable stage. All medical authorities recommend yearly mammograms for women aged 50 and older.

Please Note: The following list of mammography providers applies to all BCBSNM plan members except UNMH Standard Option members who may use specific providers based on their benefit options. If you have questions, please call Customer Service at the number on the back of your member ID card.
