Protect your family with Term Life Insurance Coverage from Fort Dearborn Life Insurance Company

This coverage will provide your beneficiary(ies) with a cash benefit to help cover outstanding debts and/or medical expenses. You can even purchase coverage for your spouse.

Annual Renewable Term Life Insurance provides coverage for a specific term (terminating at age 74). You and/or your spouse must be between the ages of 18 and 65 to be eligible for this valuable insurance coverage. Term Life Insurance rates are lower than rates for some other types of life insurance. And Term Life Insurance gives you extra protection when you and your family need it most.

The Annual Renewable Term Life Insurance Coverage from Fort Dearborn Life includes these important features

Flexible Benefit Amounts:

A life insurance benefit in the amount of \$15,000, \$25,000, or \$50,000 is available to help ensure that your family is protected in the event of your death.

Accidental Death Coverage:

In addition, an Accidental Death benefit is included in the Term Life Insurance Coverage for individuals age 18 to 59. The Accidental Death benefit is equal to the life insurance benefit and is payable to your beneficiary in the event of death caused by an accident. Accidental Death benefit terminates at age 60. The cost for this benefit is included in the premiums for both you and your spouse.

Spouse Coverage:

Your spouse is eligible for Term Life Insurance coverage if he or she is approved for a health insurance policy. The choice of benefit amounts is the same: \$15,000, \$25,000, or \$50,000. Rates are based on your spouse's age.

Waiver of Premium:

In the event that you become totally disabled before age 60, your premium payments are waived during the period of total disability up to the first policy anniversary following your 66th birthday. The cost for this coverage is included in the premiums for both you and your spouse.

Conversion:

You and your covered spouse may convert your term life insurance to an individual permanent life insurance policy without evidence of insurability. Conversion rates are based on your age or your spouse's age at conversion. The conditions for conversion are fully explained in your certificate.

Exclusion:

Insurance benefits will not be payable for a loss which is caused by suicide or attempted suicide within two years from the insured's effective date of coverage.

Flexible Payment Options:

You may choose to pay your premiums quarterly or annually.
