

## **BCBSNM Significant Edits**

Based on claims experience, the following procedure codes were impacted by BCBSNM significant edits in the categories represented. Each procedure code hit the edit a minimum of 250 times to be listed. The application of bundling edits is dependent on the combination of procedure codes and modifiers submitted on claims. Results can also be impacted by the periodic software updates.

**This service is incidental to primary procedure code. Payment is included in allowance for primary service.**
