Footnotes:

[1] Each member's initial covered charges (for most services that are subject to a percentage "coinsurance" amount) are applied to the deductible. The deductible must be met before benefit payments are made for such services. **Note:** A deductible is not required for covered services that are subject to a fixed-dollar copayment, preventive services, hearing aids, or outpatient diagnostic testing.

[2] After a member (or family) reaches the out-of-pocket limit during a single calendar year, BCBSNM pays 100 percent of that member's (or family's) covered charges for the remainder of the calendar year.

[3] Certain services are not covered if preauthorization is not obtained from BCBSNM. See a benefit booklet for details.

[4] Preauthorization is required for inpatient admissions. Some services, such as transplants, require additional preauthorization. If you do not receive preauthorization for these individually-identified procedures and services, benefits for any related admissions will be denied.

[5] Rental benefits for medical equipment and other items will not exceed the purchase price of a new unit.

Important Note: You must use a BCBSNM Preferred Provider, unless in an emergency. Deductibles, copayments, and coinsurance percentages are applied to BCBSNM's covered charges, which may be less than billed charges. Covered services received from Preferred Providers that contract with their local BCBS Plan are also eligible for coverage under this plan.

This is a summary only – please refer to the Summary of Benefits and Coverage (SBC) document and Benefit Booklet for more details.
