Important Note: You must use a BCBSNM Preferred Provider, unless in an emergency. Covered services received from Preferred Providers that contract with their local BCBS Plan are also eligible for coverage under this plan.

This is a summary only – please refer to the Summary of Benefits and Coverage (SBC) document and Benefit Booklet for more details.

Blue Cross and Blue Shield of New Mexico (BCBSNM) is a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association.

¹ Each member's initial covered charges (for most services that are subject to a percentage "coinsurance" amount unless stated otherwise) are applied to the deductible. The deductible must be met before benefit payments are made for such services.

Note: A deductible is not required for covered services that are subject to a fixed-dollar copayment.

² After a member (or family) reaches the out-of-pocket limit during a single calendar year, BCBSNM pays 100 percent of that member's (or family's) covered charges for the remainder of the calendar year.

³ Certain services are not covered if preauthorization is not obtained from BCBSNM. See a benefit booklet for details.

⁴ Preauthorization is required for inpatient admissions. Some services, such as transplants, require additional preauthorization. If you do not receive preauthorization for these individually-identified procedures and services, benefits for any related admissions will be denied.

⁵ Rental benefits for medical equipment and other items will not exceed the purchase price of a new unit.
