## Delivering Quality Care

### In-home Test Kits for Colorectal Cancer Screening

We're working with Everlywell to provide in-home test kits this summer to certain BCBSNM members who need a colorectal cancer screening. Because of the COVID-19 pandemic, many may have delayed getting appropriate care. Everlywell is sending Fecal Immunochemical Test kits to certain Blue Community HMO<sup>SM</sup> members at no additional charge.

### Catch Up on Routine Vaccines and Well-Child Visits

The COVID-19 pandemic continues to disrupt routine childhood immunizations and well-child visits, according to the Centers for Disease Control and Prevention (CDC). The CDC recommends that doctors and health care professionals encourage families to schedule vaccines and visits to help children catch up. We've created Wellness Guidelines and vaccine information for our members that may help.

### Provider Satisfaction Survey 2022

Building a strong network of providers and working with you to serve our members is important to us. To support this effort we survey a random sample of providers each year. The **Provider Satisfaction Survey** measures your satisfaction with BCBSNM and identifies areas where we can improve.

How it works:

SPH Analytics (SPH) will administer this year's survey between **June and August**. If selected to participate, **SPH will contact you via email, mail and phone**.

- SPH will send out **email survey invitations** to selected providers with email addresses. These invitations will be followed by a **printed survey**.
- The survey will also be available online at the web address provided on the mailed survey.
- If no response from email or mail, SPH will reach out by phone.

- The physician, nurse, office manager or other qualifying staff may complete the survey.

We look forward to your feedback.

### **Provider Access and Availability Survey**

Every year, we reach out to a selection of our provider community to find out how your office is doing in meeting our members' needs for accessibility. This survey is part of New Mexico state regulatory guidelines and necessary for accreditation. This year the survey will be sent by email with access to an online version of the survey for some providers in August. We will also reach out in August, by phone, to any provider who does not complete the email survey.

This survey takes less than 10 minutes and only requires awareness of provider office scheduling and, for Primary Care Providers (PCPs), the after-hours messaging used by your office. The Provider Reference Manual (section 4.2.7 for PCP and 4.3.3 for Specialist and BH Access Standards) outlines the expected appointment availability your provider office has for our BCBSNM members as well as the requirements for PCP offices around after hours messaging to patients.

Please take a moment to review these standards in the [Provider Reference Manual](#), as they have been updated in 2022 to comply with new NM state guidelines. Thank you in advance for making certain your office responds to this important survey.

## Coding and Claims

### **New Online Option to Confirm Medical Record Receipt Status - COMING SOON**

Providers no longer need to call Blue Cross and Blue Shield of New Mexico (BCBSNM) to confirm receipt of medical records for claim processing. We recently implemented a new application in our BCBSNM-branded Payer Spaces section via Availity® Essentials for you to verify receipt of medical records for claims submitted by mail or fax.

## Transparency In Care — Consolidated Appropriations Act

### **Pricing Information to Display Starting in July**

The Transparency in Coverage Final Rule requires health insurers and some employers to publicly display certain health care price information via machine-readable files on their websites beginning July 1, 2022. These machine-readable files will include negotiated rates with in-network

providers and allowed amounts for out-of-network providers. The files are in a format required by the Centers for Medicare and Medicaid Services.

### **What this means for you**

- These files will include the place of service (POS) code, your federal [Taxpayer Identification Number](#) <sup>↗</sup> (TIN) and your National Provider Identifier.
- If you're using your Social Security number as your TIN, we encourage you to register for a new TIN and update us through our [Demographic Change Form](#).
