Program rules

By submitting procedure code G9002 with modifier U9 on the claim, your organization is representing to BCBSNM that the terms and conditions of this letter for use of the procedure code and modifier are agreeable and have been met. Your organization is also consenting to possible selection for a random audit to confirm the members for whom claims with the procedure code and modifier were seen within 30 days post-discharge, along with general medical record quality elements to include, without cost to BCBSNM for any copies, signed consent, biographical data, documented diagnosis, service dates, medication information, treatment plan, and confidentiality safeguards.
