

Updates to 2027 Medicaid Primary Care Quality Improvement Program

Our Primary Care Quality Improvement Program aims to incentivize high quality care for Medicaid patients. As part of the program, providers are rewarded for exceeding benchmarks for specified quality metrics.

Information on the program will be included in the [Turquoise Care Provider Reference Manual](#), effective **Jan. 1, 2027**. Relevant primary care providers will be **automatically enrolled** in the program. The following qualifying measures are part of the program for the 2027 performance year.
