Please note that checking eligibility and benefits and/or the fact that a service has been prior authorized is not a guarantee of payment. Benefits will be determined once a claim is received and will be based upon, among other things, the member's eligibility and the terms of the member's certificate of coverage applicable on the date services were rendered. If you have questions, contact the number on the member's ID card.

This is not an exhaustive list of all codes. Codes may change, and this list may be updated throughout the year. The presence of codes on this list does not necessarily indicate coverage under the member benefits contract. Member contracts differ in their benefits. Always check eligibility and benefits first through the Availity® Essentials (availity.com) or your preferred web vendor portal to confirm coverage and other important details, including prior authorization or pre-notification requirements and vendors, if applicable. For some services/members, prior authorization may be required through Blue Cross and Blue Shield of New Mexico (BCBSNM). For other services/members, BCBSNM has contracted with Carelon Medical Benefits Management for utilization management and related services.

Services performed without prior authorization, if required, will be denied for payment and providers may not seek reimbursement from BCBSNM members. Obtaining prior authorization is not a substitute for checking eligibility and benefits.

Availity is a trademark of Availity, LLC, a separate company that operates a health information network to provide electronic information exchange services to medical professionals. Availity provides administrative services to BCBSNM.

Carelon Medical Benefits Management is an independent company that has contracted with BCBSNM to provide utilization management services for members with coverage through BCBSNM.

BCBSNM makes no endorsement, representations or warranties regarding any products or services provided by third party vendors such as Availity or Carelon Medical Benefits Management. If you have any questions about the products or services offered by such vendors, you should contact the vendor(s) directly.
