## Blue Cross and Blue Shield of New Mexico

This Plan is underwritten by Blue Cross and Blue Shield of New Mexico (BCBSNM), your partner in health care. Like most people, you probably have many questions about your coverage. This Benefit Booklet contains a great deal of information about the services and supplies for which benefits will be provided under your Plan. This Booklet complies with all elements required of an evidence of coverage form. This booklet, including the endorsements and attached papers, if any, constitutes the entire contract of insurance. No change in this booklet shall be valid until approved by an executive officer of the insurance company and unless such approval and countersignature be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions. Please read your entire Benefit Booklet very carefully. We hope that most of the questions you have about your coverage will be answered.

Welcome to the PPO health care benefit plan for eligible Subscribers of your Group and their Eligible Family Members. Blue Cross and Blue Shield of New Mexico (BCBSNM), a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, and an Independent Licensee of the Blue Cross and Blue Shield Association is pleased to serve as the Claims Administrator for this health care benefit plan.

We refer to our company as ''BCBSNM'' in this Benefit Booklet, and we refer to the company or association that you work for as your ''Group.'' *Section 10: Definitions* will explain the meaning of many of the terms used in this Benefit Booklet. Whenever the term ''you'' or ''your'' is used, we also mean all Eligible Family Members who are covered under this Plan. Whenever the term ''we,'' ''us,'' or ''ours'' is used, it means BCBSNM.

Please take some time to get to know your Health Care Benefit plan coverage, including its benefit limits and exclusions, by reviewing this important document and any enclosures. Learning how this plan works can help make the best use of your Health Care Benefits.

BCBSNM or your Group may change the benefits described in this Benefit Booklet. If that happens, BCBSNM or your Group will notify you of those mutually agreed upon changes.

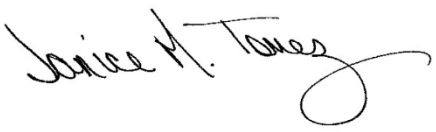
If you have any questions once you have read this Benefit Booklet, talk to your benefits administrator or call us at the number listed on the back of your ID Card, or as listed in *Customer Assistance* on the inside front cover. It is important to all of us that you understand the protection this coverage gives you.

Thank you for selecting BCBSNM for your health care coverage. We look forward to working with you to provide personalized and affordable health care now and in the future.

**NOTE: Preferred Provider Option (PPO) -** Under the PPO Plan, you are not restricted to using certain Network Providers exclusively but may also choose to receive services outside the network at a reduced benefit level. (This network is one of the largest in the state of New Mexico and you will be able to take advantage of the many Preferred Provider contracts that other Blue Cross Blue Shield Plans have throughout the United States.)

Welcome to Blue Cross and Blue Shield of New Mexico! We are very happy to have you as a Member and pledge you our best service.

Sincerely,



Janice Torrez, President
Blue Cross and Blue Shield of New Mexico

# TABLE OF CONTENTS

# SECTION 1: HOW TO USE THIS BENEFIT BOOKLET

- Always carry your current Plan ID Card issued by BCBSNM. When you arrive at the Provider's office or at the Hospital, show the receptionist your Plan ID Card.
- To find Doctors and Hospitals nearby, you may use the internet, make a phone call, or request a hard copy of a directory from BCBSNM.
- Call BCBSNM (or the Behavioral Health Unit) for Prior Authorization, if necessary. The phone numbers are on your Plan ID Card.
- Please read this Benefit Booklet and familiarize yourself with the details of your Plan before you need services. Doing so could save you time and money.
- In an Emergency, call 911 or go directly to the nearest Hospital.

## DEFINITIONS

Throughout this Benefit Booklet, many words are used that have a specific meaning when applied to your health care coverage. When you come across these terms while reading this Benefit Booklet, please refer to *Section 10: Definitions,* for an explanation of the limitations or special conditions that may apply to your benefits.

## SUMMARY OF BENEFITS AND COVERAGE (SBC)

The Summary of Benefits and Coverage is referred to as the *Summary of Benefits* throughout this Benefit Booklet. The *Summary of Benefits* shows the specific Member cost-sharing amounts and coverage limitations of your Plan. If you do not have a *Summary of Benefits*, please contact a BCBSNM Customer Service Advocate (the phone number is at the bottom of each page of this Benefit Booklet). You will receive a new *Summary of Benefits* if changes are made to your health care plan.

## IDENTIFICATION (ID) CARD

You will receive a BCBSNM Identification (ID) Card. The ID Card contains your "Group" number and your identification number (including an alpha prefix) and tells Providers that you are entitled to benefits under this health care plan with BCBSNM.

Carry it with you. Do not let anyone who is not named in your coverage use your card to receive benefits. If you need an additional card or need to replace a lost card, contact a BCBSNM Customer Service Advocate, at the phone number listed on the bottom of this page.

## PROVIDER NETWORK INFORMATION

The Provider network information is available through the BCBSNM website at bcbsnm.com/blueppo. It lists all Providers and their qualifications in the BCBSNM Preferred Provider (PPO) network and Participating Pharmacies. It also provides links to the listings of Preferred Providers in other states. (If you want a paper copy of a Provider network directory, you may request one from Customer Service. It will be mailed to you free of charge.)

**NOTE:** Although Provider directories and information are current as of the date shown at the bottom of each page, they can change without notice. To verify a Provider's status or if you have any questions about the Provider network information directory, contact a Customer Service Advocate at the phone number listed on the bottom of this page or visit the BCBSNM website at: www.bcbsnm.com/blueppo.

If required by applicable law, BCBSNM's access plan is available upon request, free of charge electronically, but printed copies are subject to charges for reasonable production and, if applicable, delivery costs.

IMPORTANT INFORMATION ABOUT ACCESS TO PRESBYTERIAN HEALTHCARE SERVICES

**Participating Network Providers are always subject change.**

**As required by law, you will be notified if your provider is terminated from the Network.**

Presbyterian Healthcare Services, or "**PHS**" has providers in several communities in New Mexico. We call these providers "**PHS Providers**." To determine if a PHS Provider is an PPO-Participating Provider, New Mexico is divided into two geographical areas: (1) the four counties of Bernalillo, Sandoval, Torrance, and Valencia that we call "**Metro Counties;**" and (2) all other counties in New Mexico that we call "**Regional Counties**."

Using the table below, you can determine if a particular PHS Provider is an PPO-Participating Provider for you in most situations:

| | **Your residence is in a Metro County** | **Your residence is in a Regional County** |
|---|---|---|
| **PHS Provider is in a Metro County** | PHS Provider is a Non-Participating Provider | PHS Provider is a Participating Provider |
| **PHS Provider is in a Regional County** | PHS Provider is a Participating Provider | PHS Provider is a Participating Provider |

There are a few situations that fall outside of the above table.

PHS **Urgent Care** clinics are HMO Participating Providers for all Members.

For **Emergency Services**, call 911 or go to the nearest Hospital, including any PHS Hospital.

If your residence is in a Metro County, PHS Providers in a Metro County are PPO Participating Providers for the following services: transplants, neurology, neurosurgery, pediatric endocrinology, pediatric heart surgery, pediatric neurology, pediatric pulmonology, pediatric ear-nose-throat, pediatric gastroenterology, pediatric hematology/oncology or neonatal intensive care, and MRIs at the Presbyterian MRI Center.

If your residence is in a Regional County, PHS Providers in a Metro County are PPO-Participating Providers for the following services: primary care and OB/GYN.

For help with determining whether a PHS Provider is an PPO Participating Provider or a Nonparticipating provider for you, please contact BCBSNM Customer Service (the phone number is at the bottom of this page).

If you want a paper copy of a Provider network directory, you may request one by calling the Customer Service number at the bottom of the page and it will be mailed to you free of charge.

## DRUG PLAN BENEFITS

BCBSNM is Contracted with a separate pharmacy benefit manager to administer your Outpatient drug plan benefits. In addition to your Benefit Booklet, you will be sent important information about your drug plan benefits. See your separately issued *Drug Plan Rider* for more information about the drug plan.

Medically Necessary administration services of Medically Necessary drugs are covered provided that such services would not otherwise be excluded from coverage.

## BLUECARD®

As a Member of a PPO health plan administered by BCBSNM, you take your health plan benefits with you across the country and around the world for Urgent Care Services. You do not need to see a BlueCard Participating

Provider to obtain Out-of-Network Emergency Care Services. The BlueCard® Program gives you access to Preferred Providers almost everywhere you travel or live. Almost 90% of Physicians in the United States contract with Blue Cross and Blue Shield (BCBS) Plans. You and your Eligible Family Members can receive the Preferred Provider level of benefits – even when traveling or living outside New Mexico – by using health care Providers that contract as Preferred Providers with their local BCBS Plan. Instructions for locating a Preferred Provider outside New Mexico can be found on the BCBSNM website at:

provider.bcbs.com/app/public/#/one/city=&state=&postalCode=&country=&insurerCode=BCBSA_I&brandCode=BCBSANDHF&alphaPrefix=&bcbsaProductId

## LIMITATIONS AND EXCLUSIONS

Each provision in *Section 5: Covered Services* not only describes what is covered but may list some limitations and exclusions that specifically relate to a particular type of service. *Section 6: General Limitations and Exclusions* lists limitations and exclusions that apply to *all* services.

## PRIOR AUTHORIZATION

### Prior Authorization Requirement

*Certain types of care require Prior Authorization by us.*

This means that you or your Provider must ask us to approve the care before you receive it. Please see *Section 4*: *Utilization Management* for a thorough description of Prior Authorization review requirements.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsnm.com/find-care/where-you-go-matters/utilization-management/fully-insured for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call BCBSNM Customer Service at the toll-free telephone number on the back of your Identification Card.

We may decline payment for unauthorized care. If your Provider is in-network, and you did not agree to receive unauthorized care, your Provider cannot bill you for the care. If you received unauthorized care from a Provider who is not in-network, you may be fully responsible for the resulting bills.

*We do not require Prior Authorization for:*

- Emergency services.
- Contraception services that are not subject to any cost-sharing.
- An obstetrical or gynecological ultrasound.

*However,* we require authorization for continued inpatient care if you are admitted to a hospital for emergency treatment, but your condition is stabilized. You or your Provider must notify us within 48 hours from when you begin receiving emergency inpatient treatment. If your condition makes it impossible to call within 48 hours, call as soon as possible after the emergency ends and your condition stabilizes.

### Prior Authorization Process

Your In-Network Provider is responsible for knowing what care requires prior authorization, and for submitting a prior authorization request to us.

We will give any Provider access to all necessary forms and instructions for making the request.

An out-of-network Provider is not required to submit a prior authorization request for you. If you visit one of these Providers, and that Provider will not submit a prior authorization request, you may submit a prior authorization request on your own behalf, or on behalf of a dependent. We will help you obtain required documents and show you the guidelines that apply to the request. However, because your Provider should be able to gather required information and submit it sooner, we encourage you to have your Provider request prior authorization whenever possible.

### Prior Authorization Review Timelines

If we do not deny a complete prior authorization request within these time frames, the request is automatically approved:

- **Urgent Care or Prescription Drugs –** If you require urgent medical care, behavioral health care or a prescription drug, we will resolve the request within 24 hours.
- **Non-Urgent Medicine –** if you do not have an urgent need for a prescription drug, we will resolve the request within three business days if your Provider:
  - Uses the Prior Authorization request form approved by the New Mexico Office of Superintendent of Insurance.
  - Requests an exception from an established step therapy process.
  - Requests to prescribe a drug that we do not usually cover.
- **Other Requests –** We will resolve all other requests within seven (7) business days.

Meeting these time frames depends on our receipt of sufficient information to evaluate the request. Our Utilization Management staff can answer questions your Provider might have concerning required information or any aspect of the request submission process. If we require additional information to evaluate a request, we will request it from your Provider. Your Provider will have at least 4 hours to provide requested information in connection with an urgent prior authorization request, and at least two calendar days for any other type of request.

### Why We Review

Our review of a Prior Authorization request will determine if the proposed care involves a covered service, is Medically Necessary and whether an alternative type of care should be pursued instead of, or before, the requested care. Our decisions concerning Medical Necessity and care alternatives will be guided by current clinical care standards and will be made by an appropriate medical professional.

Prior authorization does not guarantee payment. We are not required to pay for an authorized service if your coverage ends before you receive the service.

### After Care Review

If you received care without a required Prior Authorization, we may allow your Provider to request authorization retrospectively. Our Utilization Management team will assist your Provider in the submission of a retrospective authorization request. However, we do not routinely authorize care retrospectively. To avoid uncertainty, it is always best to request Prior Authorization.

### Behavioral Health Care

Requests for behavioral health care and prescriptions are subject to the same prior and retroactive authorization processes and timelines as requests for medical care and prescriptions.

### Authorization Denial

We will inform you in writing if we deny a prior or retroactive authorization request. Our notice to you will explain why we denied the request and will provide you with instructions for disputing our decision if you disagree. A summary of the dispute resolution process can be found in the Claims Payments and Appeals section of your Plan Benefit Booklet. You have a right to request information about the guidance we followed to deny your request, even if you do not dispute our decision.

## WHO IS ELIGIBLE

Subject to the other terms and conditions of the Group Contract, the benefits described in this Benefit Booklet will be provided to persons who:

- Are active employees who have completed the Employee Probationary Period, if any, and who are regularly working the minimum number of hours specified in the Group Contract and their Eligible Family Members. (No such Probationary Period may exceed 90 days unless permitted by applicable laws and rules, including, but not limited to, statutes, ordinances, judicial decisions, and regulations. If BCBSNM records show that your Group has a Probationary Period that exceeds the time period permitted by applicable laws and rules, including, but not limited to, statutes, ordinances, judicial decisions, and regulations, then BCBSNM reserves the right to begin your coverage on a date that BCBSNM believes is within the required period. Regardless of whether BCBSNM exercises that right, your Group is responsible for your Probationary Period. - Have received a Blue Cross and Blue Shield Identification Card.

You may call customer service at the number shown on the back of your Identification Card to determine if you reside or work in the Service Area or log on to the web site at www.bcbsnm.com.

BCBSNM may request proof that a valid employer-employee relationship exists, if applicable, and/or that the applicant meets the eligibility requirements stated above and/or in the Group Contract and the Member's application.

See "Re-Enrollment" in this section for important information if you or an Eligible Family Member were previously enrolled in a health care plan administered by BCBSNM.

Working employees and their spouses aged 65 and over may be entitled to the same benefits as those employees under age 65. (See "Medicare-Eligible Members," later in this section.)

## IF YOUR EMPLOYER OFFERS RETIREE BENEFITS

If your employer's Plan also covers retirees, retirees under the age of 65 who meet the employer's eligibility requirements for Plan participation are also eligible.

**NOTE:** If you are a retiree covered under this Plan, please contact your employer's benefits administrator for eligibility criteria applicable to you.

## ELIGIBLE FAMILY MEMBERS

(Such condition must be certified by a Physician and BCBSNM. Also, a Child may continue to be eligible for coverage beyond age 26, only if the condition began before or during the month in which the Child would lose coverage due to his/her age. - Stepchild of the Subscriber or the Subscriber's spouse or Domestic Partner (provided your employer covers Domestic Partners).

- Eligible foster Child of the Subscriber or the Subscriber's spouse or Domestic Partner (provided your employer covers Domestic Partners).

A Child meeting the criteria above is an "Eligible Child" whether or not the Subscriber or the Subscriber's spouse or Domestic Partner (provided your employer covers Domestic Partners) is the Custodial or noncustodial parent, and whether or not the Eligible Child is claimed on income tax, employed, married, attending school or residing in the Subscriber's home, except that once the Subscriber or the Subscriber's spouse or Domestic Partner is no longer a legal guardian of a Child or there is no longer a court order to provide coverage to a Child, the Child must be eligible as a natural Child, legally adopted Child, eligible foster Child, or stepchild of the Subscriber or the Subscriber's spouse or Domestic Partner in order to retain eligibility as a family Member under this health plan.

A **Domestic Partner** is a person of the same or opposite sex who meets all of the following criteria:

- Shares your permanent residence and has resided with you for no less than one year.
- Is not less than 18 years of age.
- Is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property, community ownership of a motor vehicle, a joint bank account or a joint credit account, designation as a beneficiary for life insurance or retirement benefits or under your partner's will, assignment of a durable power of attorney or health care power of attorney, or such other proof as is sufficient to establish financial interdependency under the circumstances of your particular case.
- Is not a blood relative any closer than would prohibit legal marriage.
- Has signed jointly with you, a notarized affidavit which can be made available to BCBSNM on request.

In addition, you and your Domestic Partner will meet the terms of this definition as long as neither you nor your Domestic Partner:

- Has signed a Domestic Partner affidavit or declaration with any other person within 12 months prior to designating each other as Domestic Partners hereunder.
- Is currently legally married to another person.
- Has any other Domestic Partner, spouse, or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners if you reside in a state that provides for such registration. In any case, if your employer allows coverage for Domestic Partners and their children, BCBSNM will require a notarized *Affidavit of Domestic Partnership* and at least three corroborating documents:

- Joint lease/mortgage or ownership of property.
- Jointly owned motor vehicle, bank, or credit account (only one qualifies).
- Domestic Partner named as beneficiary of the employee's life insurance and/or retirement benefits, and/or as primary beneficiary under employee's will.
- Domestic Partner assigned as power of attorney or legal designee by the employee.
- Both names on a utility bill and/or on an investment account.

The federal government does not recognize Domestic Partners as qualified Eligible Family Members, and therefore, the premium paid for their coverage cannot be pre-tax. In addition, the employee must pay tax on the portion of the premium paid by the employer for the Domestic Partner and his/her covered children. Employees wanting to change benefit elections involving a Domestic Partner must adhere to the same rules regarding Special Enrollment events.

Within 31 days of hire, you must submit all required forms to your benefits administrator. Once you have made an election during your initial enrollment period of 31 days from your date of hire, you are locked into that decision until the next annual open enrollment period.

BCBSNM may require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage. Unless listed as an Eligible Family Member, no other family member, relative, or person is eligible for coverage as a family member. Common-law spouses are not considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "Domestic Partner."

### Information for Noncustodial Parents

When a Child is covered by the Plan through the Child's noncustodial parent, then the Plan will:

- Provide such information to the Custodial parent as may be necessary for the Child to obtain benefits through the Plan.
- Permit the Custodial parent or the Provider (with the Custodial parent's approval) to submit Claims for Covered Services with the approval of the noncustodial parent.
- Make payments on Claims submitted in accordance with the above provision directly to the Custodial parent, the Provider, or the state Medicaid agency as applicable.

## MEDICARE-ELIGIBLE MEMBERS

Shortly before you turn age 65 or qualify for Medicare benefits for other reasons, you are responsible for contacting the local Social Security office to establish Medicare eligibility. You should then contact your benefits administrator to discuss coverage options.

If an active employee qualifies under the provisions of federal law for the working aged (TEFRA), then the working employee age 65 or older and/or his/her eligible spouse age 65 or older who is covered by Medicare may continue this Plan coverage as primary over Medicare until the eligible employee retires.

A Member under age 65 receiving Medicare benefits due to disability or end-stage renal disease (ESRD) also has primary benefits under this Plan coverage, but for only a limited period of time. (For ESRD patients, this Plan

coverage is primary only during the CMS-defined ESRD coordination time period - usually 30 months after the start of Dialysis. Medicare becomes primary when the Medicare ESRD coordination time period expires.)

In any case, if you are a Medicare beneficiary and you actively *select* Medicare as your primary coverage, this Plan is **not** available to you, and your employer may not offer you any other employer-sponsored health care plan.

Refer to a Medicare Handbook or contact the Social Security Administration for more information and eligibility guidelines that apply to you.

### If Medicare is Primary

Special rules apply if a Member is receiving benefits from Medicare due to a disability or end-stage renal disease. In such cases, Medicare may be primary over this plan and benefits will be coordinated with Medicare as set forth in *Section 7*. Contact your benefits administrator for more information and for eligibility guidelines that apply to you.

## APPLYING FOR COVERAGE

You may apply for coverage for yourself and/or your eligible spouse and/or dependents (see below) by contacting your Group and following their enrollment process. The Application(s) for coverage may or may not be accepted, for example, if the applicant does not live within the Service Area or the application has missing information. (BCBSNM cannot use genetic information or require genetic testing in order to limit or deny coverage.)You may enroll in or change coverage for yourself and/or your eligible spouse and/or dependents during one of the enrollment periods described below.

No eligibility rules or variations in premium will be imposed based on your health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability blindness, partial blindness, or any other health status related factor. You will not be discriminated against for coverage under this Plan on the basis of race, religion, color, national origin, disability, or perceived disability, blindness, partial blindness, limb loss or absence, age, sex, gender identity/transgender status, or sexual orientation. Variations in the administration, processes or benefits of this policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination. Your Group and BCBSNM, as appropriate, may require acceptable proof (such as copies of legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this Plan.

## INITIAL AND ANNUAL OPEN ENROLLMENT PERIODS / EFFECTIVE DATES OF COVERAGE

Your Group will designate initial and annual open enrollment periods during which you may apply for or change coverage for yourself and/or your Eligible Family Members.

You must submit all required forms to your benefits administrator within the initial enrollment period that your Group has designated from your date of hire. Once you have made an election during your initial enrollment period, you are locked into that decision until the annual open enrollment period designated by your Group that next follows your initial enrollment period.

An employee of the Group that becomes eligible for coverage outside of the initial or annual open enrollment period may apply for coverage in accordance with the Special Enrollment Periods / Effective Dates of Coverage below.

You and/or your Eligible Family Members' Effective Date of Coverage will be determined by the Plan in accordance with this section, "Initial and Annual Open Enrollment Periods/Effective Dates of Coverage" and the "Special Enrollment Periods/Effective Dates of Coverage" section below. Your Effective Date of Coverage will depend upon the date your application and all supporting documentation is received. Please review the information below that describe typical enrollment situations to determine what documentation may be required to support a special enrollment and contact your employer to determine your Effective Date of Coverage.

This section "Initial and Annual Open Enrollment Periods/Effective Dates of Coverage" is subject to change by the

Plan, BCBSNM, and/or applicable laws and rules, including, but not limited to, statutes, ordinances, judicial decisions, and regulations, as appropriate.

## WHO IS NOT ELIGIBLE

The following individuals are not eligible for this coverage:

- Incarcerated individuals, other than incarcerated individuals pending disposition of charges.
- Individuals that do not live, **reside** or work in the Service Area.
- Individuals that do not meet any Plan eligibility requirements or residency standards, as appropriate.

This section *Who is Not Eligible* is subject to change by the Plan and/or applicable laws and rules, including, but not limited to, statutes, ordinances, judicial decisions, and regulations, as appropriate.

## WHEN COVERAGE BEGINS

You and/or your Eligible Family Members' Effective Date of Coverage will be determined by the Plan in accordance with the sections above entitled *Initial and Annual Open Enrollment Periods/Effective Dates of Coverage* and *Special Enrollment Periods/Effective Dates of Coverage*. Your Effective Date of Coverage will depend upon the date your application is received and other determining factors. Please contact your employer to determine your Effective Date of Coverage.

**This Plan does not cover** any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Subscriber's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your Effective Date of Coverage that are covered under the prior benefit plan.

## CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family Coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by your employer, including those described in the sections above entitled *Initial and Annual Open Enrollment Periods/Effective Dates of Coverage* and *Special Enrollment Periods/Effective Dates of Coverage*. Please contact your employer for further information on when you can change your coverage type or remove a person from your coverage.

## ADDING A FAMILY MEMBER TO COVERAGE

A Subscriber may apply for coverage of an Eligible Family Member (such as a new spouse or a newborn Child) as provided under the *Special Enrollment Periods/Effective Dates of Coverage* section above. **Within 31 days** of

acquiring the newly Eligible Family Member, the Subscriber must:

- Request that the employer notify BCBSNM of the change.
- Complete and submit all necessary enrollment/change forms and legal documentation of proof of dependency.
- Pay any additional premium or other employee contribution for coverage.

### Adding a Spouse or a Domestic Partner

If a Subscriber adds coverage for a spouse or Domestic Partner, provided Domestic Partners are covered under the Plan, **within 30 days** of marriage or establishment of a domestic partnership, the effective date of the new Eligible Family Member's coverage will as described under the "Special Enrollment Periods/Effective Dates of Coverage" section above provided BCBSNM receives the completed and signed enrollment/change application form on a timely basis. If the Subscriber does not submit a completed and signed enrollment/change application form to his/her benefits administrator or to BCBSNM (or to the COBRA administrator), along with necessary documentation **within 30 days** of marriage, the spouse may not be added to coverage except as a Late Applicant. Ask your employer which coverage types are available to you. See "Adding an Eligible Child," below.

### Adding an Eligible Child

If you do not submit an application for an Eligible Child or add additional coverage, if required, within the time frames below, the Child will be considered a **Late Applicant**, except as may be provided under the "Special Enrollment Periods/Effective Dates of Coverage" section above.

### Newborn Children

A newborn, natural Child can be covered from birth, as long as enrolled within the stated timeframe. You must add coverage for the newborn **within 31** days of the birth in order for newborn care to be covered beyond day 31. In any case, if the application is not received **within 31** days and additional premium or other employee contributions for coverage, if any, are not paid, the newborn is considered a Late Applicant.

**NOTE:** If the parent of the newborn is an Eligible Child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn.

### Adopted Children/Foster Children

A Child placed in the Subscriber's home for the purposes of adoption or foster care may be added to coverage as soon as the Child is placed in the home. However, application for coverage for adopted children can be made as late as **30 days** following legal adoption without being considered late. Although a Child over the age of 18 is not eligible for adoption, an adopted Child (or a foster Child) is covered as any other Child, subject to the same Eligible Child age limitations and restrictions.

**NOTE:** An adopted Child or foster Child who is not enrolled within 30 days of adoption or placement in the home for adoption or foster care will be considered a Late Applicant, unless the Child was previously enrolled in a Group Health plan or other Creditable Coverage within 30 days of his/her adoption or placement for adoption or foster care and has had prior Creditable Coverage since that date with no significant lapse (i.e., 95 or more days).

### Legal Guardianship

Application for coverage must be made for a Child for whom the Subscriber or the Subscriber's spouse becomes the legal guardian **within 30 days** of the court or administrative order granting guardianship.

### Stepchild

Application for coverage must be made for a stepchild **within 30 days** of the marriage to the stepchild's biological parent.

### Court Ordered Coverage for Children

When an employee or employer is required by a court or administrative order to provide coverage for an Eligible

Child, the Eligible Child may be enrolled in the Subscriber's Family Coverage, or Employee/Children coverage, if available and will **not** be considered a Late Applicant. If not specified in the court or administrative order, the Eligible Child's Effective Date of Coverage will be the date the order has been filed as public record with the State or the effective date of Family Coverage, or Employee/Children coverage, if available, whichever is later. BCBSNM must receive a copy of the court or administrative order.

## LATE APPLICANT

Unless eligible as described in the *Special Enrollment Periods/Effective Dates of Coverage* section above, applications from the following enrollees will be considered late:

- Anyone not enrolled **within 31 days** of becoming eligible for coverage under this Plan (e.g., a newborn Child added to coverage more than 31 days after birth, a Child added more than 31 days after legal adoption, or a new spouse or stepchild added more than 31 days after marriage).
- Anyone enrolling on the Group's initial BCBSNM enrollment date who was not covered under the Group's prior plan (but who was eligible for such coverage).
- Anyone eligible but not enrolled during the Group's initial enrollment.
- Anyone who voluntarily terminates his/her coverage and applies for reinstatement of such coverage at a later date (except as a Provider under USERRA of 1994).

Application for coverage from Late Applicants will be accepted only during your Group's annual open enrollment period, except as described in the "Special Enrollment Periods/Effective Dates of Coverage" section above.

**NOTE:** Late applications are not accepted from retirees. If the retiree does not choose Plan coverage upon retirement, coverage may not be chosen at a later date. Late applications are also not accepted from persons applying for coverage under one of the continuation provisions listed under "How to Continue Coverage," later in this section. (There are federal and state regulations regarding the amount of time that a terminating plan Member has to apply for continued coverage when first eligible.) See "How to Continue Coverage" for more information.

## RE-ENROLLMENT

If a previously covered employee and/or Eligible Family Member is re-enrolled in this Group Plan, he/she will usually be considered a Late Applicant. See "Leave of Absence" and "Special Enrollment Periods/Effective Dates of Coverage" section above for exceptions and details.

Any individual whose previous BCBSNM contract was terminated for Good Cause is not eligible to re-enroll in this Plan, unless approved in writing by the Plan. (Members currently enrolled in continuation coverage may not re-enroll once coverage is terminated, unless eligibility under this Plan is re-established.) If coverage is voluntarily discontinued by a COBRA Member, the terminated Member may not re-enroll at any time.

## NOTIFICATION OF ELIGIBILITY AND ADDRESS CHANGES

The Subscriber must notify their Group **within 30 days** following any changes that may affect his/her or a family member's eligibility, including a change to a covered family member's name or address, by indicating such changes on an enrollment/change form and submitting it to the Group. You can obtain this form at from your Group's benefits administrator. (Members covered under federal continuation must submit enrollment/change forms directly to the COBRA administrator.)

### Employees and Their Eligible Family Members

Employees covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to the Plan.

### State Continuation Coverage

Employees covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to the Plan.

### COBRA Continuation Policy Members

If you are covered under a COBRA continuation policy, you must contact the COBRA administrator. The name, address, and phone number of the administrator will be provided to you should you elect COBRA coverage.

## COVERAGE TERMINATION

If the employer or Group administrator fails to submit premium payments to BCBSNM on a timely basis, coverage will terminate for all affected Members as of the end of the last-paid billing period. If your Group fails to submit premium payments to BCBSNM, it is your Group's contractual responsibility to advise Members of the BCBSNM plan termination.

If your coverage is terminated for any reason,

- When you are no longer eligible for coverage under the Plan. The last day of coverage is the last day of the month that you become ineligible.
- The Plan terminates.
- When the Subscriber **dies**. (Surviving Eligible Family Members remain covered through the last paid billing period.)
- If this Plan is primary over **Medicare** due to federal laws and regulations, when the Medicare-eligible Member chooses Medicare as his/her primary coverage. (See *Medicare-Eligible Members*, earlier in this section, for information on coverage options for Members who are entitled to Medicare.)
- When the Member acts in a **disruptive** manner that prevents the orderly business operation of any Network Provider or dishonestly attempts to gain a financial or material advantage.
- When **Group coverage is discontinued** for the entire Group or for the employee's or Subscriber's enrollment classification due to BCBSNM terminating such coverage.
- When the Group gives BCBSNM or BCBSNM gives the Group a minimum **30 days' advance written notice**.
- When an employee **retires**. (The retiree and his/her Eligible Family Members may be eligible for continuation coverage through federal law. See *How to Continue Coverage*. Certain retirees who were covered under the Plan after retirement are allowed to remain covered under this Plan.)
- When the Subscriber moves to a primary residence or place of employment **outside the geographic area** serviced by BCBSNM. (See "How to Continue Coverage," later in this section.)

If BCBSNM ceases operations, BCBSNM will be obligated for services for the rest of the period for which premiums were already paid.

### Additional Family Member Termination Reasons

In addition, coverage will end for any family Member on the earliest of the above dates or the earliest of the following dates:

- At the end of the **last-paid billing period**.
- At the end of the month when a Child **no longer qualifies as an Eligible Child** under the terms set by the Plan (e.g., a Child is removed from placement in the home or reaches the Eligible Child age limit).
- At the end of the month following the date of a final **divorce** decree or **legal separation** for a spouse.
- At the end of the month following the dissolution of a domestic partnership, provided your employer covers Domestic Partners.

If a family Member is being removed from coverage because of losing his/her eligibility under the terms set by the Plan (for reasons other than reaching the Eligible Child age limit), the enrollment/change form must be received by your Group/benefit administrator **within 30 days** following the effective date of the change. In these cases, the Member will be removed from coverage as of the end of the month following the change in his/her eligibility status

and your employer is responsible to adjust payroll deductions if necessary. BCBSNM and the Providers of care may recover benefits erroneously paid on behalf of the removed Member.

**NOTE:** If enrolled under federal continuation, send enrollment/change forms to the COBRA administrator.

### Voluntary Termination of Coverage

To remove a family Member from coverage before loss of eligibility or to voluntarily terminate his/her own coverage, the Subscriber must submit a completed enrollment/change form to your employer. If voluntary termination is allowed under your Plan outside the annual or renewal period, coverage will end the first of the month following receipt of the enrollment/change form. Voluntarily terminated Members may re-enroll under the Plan only as Late Applicants (except as provided under *Initial and Annual Open Enrollment Periods/Effective Dates of Coverage" and "Special Enrollment Periods/Effective Dates of Coverage*, earlier in this section). Also, these Members are **not** eligible for any extension of benefits or federal or state continuation or conversion coverage. Voluntarily terminated Members may apply for individual coverage offered by BCBSNM.

**NOTE:** If enrolled under federal continuation, send enrollment/change forms to the COBRA administrator.

### Termination and Continuation of Coverage or Extension of Benefits

See *How to Continue Coverage*, below, for more information.

## Leave of Absence

During a leave of absence covered by the Family and Medical Leave Act (FMLA) or the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), coverage will continue as provided by law. Contact your benefits administrator for information.

## NOTIFICATION

If the Group Contract is terminated or premiums are not submitted, coverage will terminate for all affected Members as of the end of the last-paid billing period. If your Group fails to submit premium payments to BCBSNM, it is your Group's contractual responsibility to advise Members of the BCBSNM plan termination.

The required premiums are determined and established by BCBSNM. The percentage of the total premium that you pay is established by your Group. BCBSNM may change premium amounts according to any of the following:

- Changes in federal and state law.
- Changes to coverage classifications.
- After giving the employer **60 days'** written notice.

## PREMIUM REFUNDS

BCBSNM may not refund membership premiums paid in advance on behalf of a terminated Member if:

- The enrollment/change form is not received **within 30 days** of the change in eligibility status.
- Any Claims or capitation amounts have been paid on behalf of the terminated Member for services rendered during the period for which premiums have been paid.

## HOW TO CONTINUE COVERAGE

If you lose coverage under this Plan, you may be able to continue coverage for a limited period of time.

**NOTE:** There are no Special Enrollment events under these provisions. You must enroll timely to qualify for continued coverage.

### Continuation Coverage

Your Group may be subject to the provisions for continuation of plan coverage under federal law (COBRA or USERRA) or state law (six-month continuation). If so, employees and their covered family members (excluding

Domestic Partners if your employer has not chosen to extend continued coverage to them) who lose eligibility under this Group Health Care Plan may be able to continue as Members, without a health statement, for a limited period of time by purchasing the continuation coverage described below. You must pay premiums from the date of loss of Group coverage.

You are not eligible to enroll for continuation coverage if:

- The employer stops offering this coverage to its employees.
- You do not elect continuation coverage within the applicable time periods as specified by law for federal continuation (COBRA), state continuation, Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) continuation, and/or extension of benefits due to total disability.

In addition, if you elect state continuation coverage, you may not later enroll in federal continuation coverage. Refer to *Section 11: Continuation Coverage Rights under COBRA* or contact your benefits administrator for details about enrolling in continuation coverage.

### Continuation Benefits

Continuation coverage is identical to the coverage a similarly situated regular Member has. If the coverage for regular Members changes, your continuation coverage will reflect the same change. For example, if the Plan's Deductible or other cost-sharing amounts change for regular Members, yours will change by the same amount.

### Federal Continuation (COBRA)

Unless approved in writing by BCBSNM, the following persons may **not** enroll in this continued coverage option:

- One who **voluntarily** terminated coverage while still eligible. (*Involuntary termination* includes loss of coverage under the following situations only: legal separation, divorce, loss of Eligible Child eligibility status, death of the Subscriber, termination of employment, reduction in hours, or termination of employer contributions. Any other reason is considered voluntary.)
- A covered family Member who was removed from coverage by the Subscriber while the family Member was still eligible.
- Any Member whose BCBSNM health care coverage was terminated for Good Cause.

Continuation coverage under federal law ends on the **earliest** of the following dates or any of the applicable dates listed under "Coverage Termination" earlier in this section:

- The first of the month when you become entitled to Medicare.
- When the employer discontinues offering this Plan to employees. (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.) **Exception:** If your Group declares bankruptcy and you are covered under this Plan as a retiree, you and your Eligible Family Members may be eligible for continued coverage.
- When you become covered under another Group Health Care Plan.
- When the continuation period expires. (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under *Conversion to Individual Coverage*, later in this section.)

### State Continuation Coverage

A Subscriber and his/her covered family members may continue Plan coverage for six months after losing coverage for any reason other than nonpayment of premium or termination of the entire Group, if your Group is eligible for such coverage. (See your Benefits Administrator for more information.) BCBSNM must receive the application for state continuation coverage **within 31 days** after Group coverage is lost. (A health statement is not required).

State continuation coverage ends on the **earliest** of the following dates or of the applicable dates listed under "Coverage Termination" earlier in this section:

- When the employer discontinues offering this Plan to employees. (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- When the continuation period expires. (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under *Conversion to Individual Coverage*, later in this section.)

Call a Customer Service Advocate for more information.

### Premium Payments

Subscribers under federal COBRA continuation coverage must pay premiums to the COBRA administrator. Subscribers under state continuation coverage pay premiums to BCBSNM. Contact your benefits administrator for an application for coverage and details.

Premiums for coverage may change on your Group's renewal date or on any date that the Plan is amended. Written notice of any such change will be given to the Group or Subscriber at least 60 days before the effective date of the premium change.

### USERRA Continuation Coverage

Employees and their covered family members who lose Group coverage because the employee is absent from work due to military service may be able to continue coverage for **up to 24 months** after the absence begins. Contact your benefits administrator for details about the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

### Extension of Benefits

If you are Totally Disabled on the date your Group terminates coverage, your health care coverage may be continued (for only the disabling condition) for **up to 12 consecutive months** after the Group terminates coverage with BCBSNM.

An extension of benefits is available if you:

- Were Totally Disabled on the date of the Group's termination.
- Incur an expense directly resulting from that particular disability that would have been a Covered Service before termination.

If coverage is continued under this provision, benefits for the disabling condition are paid subject to all applicable limitations, exclusions, and maximums that applied at the time the Group's coverage terminated. To Claim an extension of benefits, you must notify BCBSNM **within 30 days** of the Group's coverage termination date and provide evidence of your total disability.

## CONVERSION TO INDIVIDUAL COVERAGE

Involuntarily terminating Members may change to individual conversion coverage if this employer Group health plan is still in effect and coverage is lost due to one of the following circumstances:

- Termination of employment.
- A Member no longer meets the eligibility requirements of the Plan.
- The period of continuation coverage expires.
- A covered family Member loses coverage for one of the following reasons:
  - Divorce or legal separation from the Subscriber.
  - Disqualification of the Member under the definition of an Eligible Family Member.
  - Death of the Subscriber.
  - An employee becomes primary under Medicare — leaving Eligible Family Members without coverage.

The Subscriber and any Eligible Family Members *who were covered* at the time that Group coverage was lost are eligible to apply for conversion coverage without a health statement.

BCBSNM must receive your application for conversion coverage **within 31 days** after you lose eligibility under the Group/continuation Plan. **You must pay conversion coverage premiums from the date of such termination.**

Conversion coverage is **not** available in the following situation:

- When Group coverage under this Plan was discontinued for the entire Group or the employee's enrollment classification.

Call a Customer Service Advocate for the enrollment options available to you.

The benefits and premiums for conversion coverage will be those available to terminated health care plan Members on your coverage termination date. You will receive a new Benefit Booklet if you change to conversion coverage. (Some benefits of this Plan are not available under conversion coverage.) Contact a Customer Service Advocate for details.

# SECTION 3: HOW YOUR PLAN WORKS

## BENEFIT CHOICES

This health care plan is a Preferred Provider Option (PPO) health care plan that gives you the opportunity to save money, while providing you choice and flexibility when you need medical/surgical care and Preventive Services. When you need health care, you have the choice of obtaining benefits from either a Preferred Provider or a Nonpreferred Provider. It's important to understand the differences between them. When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a BCBSNM Preferred Provider. (A Physician's or other Provider's contract may be separate from the Facility's contract.) Your choice can make a difference in the amount you pay and the benefits available to you.

***Your Choices***

| Preferred Provider Services | Nonpreferred Provider Services |
|---|---|
| • You pay a lower Deductible(s) (as shown on your *Summary of Benefits*) and lower Copayments, and a lower percentage of Covered Charges (Coinsurance) after the Deductible is met (for exception, see last item, below).<br>• You have a lower annual Out-of-Pocket Limit (includes Preferred Provider benefit level Deductible and Coinsurance amounts and/or Copayments).<br>• The Provider files Claims for you.<br>• The Provider will not bill you for amounts above the Covered Charge*.<br>• Preferred Providers that contract directly with BCBSNM will obtain necessary Prior Authorization for you.<br>• Primary Preferred Provider (PPP) office visit charges may not be subject to Deductible in which case you pay only a fixed-dollar Copay (see "Cost-Sharing Features" for details). Other services of a PPP and services of a non-PPP Preferred Provider are subject to Deductible(s) and Coinsurance. | • You pay a higher Deductible(s) and a higher Coinsurance percentage after Deductible(s) is met.<br>• You have a higher annual Out-of-Pocket Limit to meet for Nonpreferred Provider benefit level Coinsurance and Deductible amounts and Copayments.<br>• You may need to file Claims.<br>• You may have to pay amounts above the Covered Charge*.<br>• You are responsible for Admission review and other Prior Authorization.<br>• Nonpreferred Provider services are subject to Deductible and Coinsurance and are not eligible for the PPP office visit Copayment. |

***NOTE:** The "Covered Charge" is the amount that BCBSNM determines is a fair and reasonable allowance for a particular Covered Service. After your share of a Covered Charge (e.g., Deductible(s), Coinsurance, Copayment) has been calculated, BCBSNM pays the remaining amount of the Covered Charge, up to maximum benefit limits, if any. **The Covered Charge may be less than the billed charge.** Your choice of Provider will determine if you will also have to pay the difference between the Covered Charge and the billed charge.

Although you can go to the Hospital or Physician of your choice, benefits under the PPO program will be greater when you use the services of a Preferred Provider. If you need assistance finding a Provider, please call Customer Service.

## PREFERRED PROVIDERS VERSUS NONPREFERRED PROVIDERS

***Preferred Providers*** are health care professionals and facilities that have Contracted with BCBSNM, a BCBSNM contractor or subcontractor, or another BCBS Plan as "Preferred" or "PPO" Providers. These Providers have agreed to provide health care for PPO Plan Members and accept the Plan's payment for a Covered Service **plus** the Member's share of the Covered Charge (i.e., Deductible(s), Coinsurance, and/or Copayment if any) as payment in full.

***Nonpreferred Providers*** are Providers that have not Contracted with BCBSNM, either directly or indirectly, to be part of the "Preferred" or "PPO" Provider network. (These Providers may have "Participating Provider" agreements but are **not** considered Preferred Providers. See *Section 8: Claim Payments and Appeals, Participating and Preferred Providers*, in for more information.)

When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a Preferred Provider. (A Physician's or other Provider's contract may be separate from the Facility's contract.)

## PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER®

When you need medical care, there are a variety of ways you can choose a Primary Preferred Provider (PPP) or other Preferred Provider in your area. You can also access mental health Providers (including those specializing in Chemical Dependency) and Participating Pharmacies. **NOTE:** Those Providers listed under Family Practice, General Practice, Internal Medicine, Gynecology, Obstetrics/Gynecology, Oriental Medicine, and Pediatrics are considered Primary Preferred Providers (PPPs). See "Cost-Sharing Features," later in this section for details.

Whichever method you choose, the Provider directory gives each Provider's specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the doctor's name once you have found one you want to know more about.) The website directory also gives you a map to the Provider's office.

**NOTE:** Providers who are listed in the directory as having a "Participating Provider" contract are **not** "Preferred Providers" (unless they are also listed as having a "Preferred Provider" contract). **You will not receive the "Preferred Provider" benefit level when receiving services from a "Participating" Network Provider.** You must use Providers in the **"Preferred Provider" network** in order to obtain the highest level of benefit under this Plan for non-Emergency care. However, if you live in or travel to a state that does not offer Preferred Provider contracts, you can receive the "Preferred Provider" benefit level by visiting "Participating" Providers in that state. **If you are in an Emergency situation, call 911 if necessary or go directly to the nearest emergency room.**

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS Preferred Provider network before making an appointment.

**Attention Members: please report directory errors.**

To suggest directory updates, such as a doctor is accepting new patients but the directory says they are not, please send an email to Provider_Directory_Changes_NM@bcbsnm.com. You can also call 1-877-269-1244.

### Web-Based BCBSNM Provider Finder

To find a Preferred Provider in New Mexico or along the border of neighboring states, please visit the *Provider Finder* section of the BCBSNM website for a list of Network Providers:

**www.bcbsnm.com.**

The website is the most up-to-date resource for finding Providers and also has an internet link to the national Blue Cross and Blue Shield Association website for services outside New Mexico. Website directories also include maps

and directions to Provider locations.

### Paper Provider Network Directory

If you want a paper copy of a *BCBSNM Preferred Provider Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge. You may also call BCBSNM and request a paper copy of a BCBS Provider directory from another state.

### Finding a Pharmacy

To find a Participating Pharmacy, visit the Prime Therapeutics website at:

**www.MyPrime.com.**

Click on *Find a Pharmacy*. You will then be asked to select from a list of BCBS Plans. **You must select "Blue Cross and Blue Shield of New Mexico"** and then select **"Other BCBSNM Plans"** in order to get the correct list of participating pharmacies for this health plan. After you have selected "Blue Cross and Blue Shield of New Mexico" as your health plan administrator, you will be able to locate participating pharmacies throughout the United States based on zip code or state name. You may also request a paper copy of the list of participating pharmacies by calling a Customer Service Advocate at BCBSNM.

### Providers Outside New Mexico

Out-of-state Providers that contract with their local Blue Cross and/or Blue Shield Plan and international Providers that contract with the Blue Cross and Blue Shield Association as **Preferred Providers** are also eligible for the "Preferred Provider" level of benefits for Covered Services, including fixed-dollar Copayment amounts listed on the *Summary of Benefits.* **NOTE:** Providers who have a "Participating Provider – only" contract are **not** Preferred Providers and you will not receive the highest benefit level when receiving services from Participating-only Providers. (See *Section 8: Claim Payments and Appeals, Participating and Preferred Providers,* in for more information.) You must use **Preferred Providers** in order to obtain the higher benefit (unless listed under "*Benefit Level Exceptions*, *Exceptions for Nonpreferred Providers*, later in this section).

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS Preferred Provider network before making an appointment. You have a number of ways to locate a Preferred Provider in the United States or around the world.

Visit the Blue Cross and Blue Shield Association website at www.bcbs.com and click on the national "BlueCard® Doctor and Hospital Finder," then select "Find a Doctor" and follow the instructions. Blue Cross and Blue Shield Association website: www.bcbs.com or (www.bluecares.com).

### National Phone Number

Call BlueCard® Access at the phone number below for the names and addresses of doctors and Hospitals in the area where you or an Eligible Family Member need care. When you call, a BlueCard® representative will give you the name and telephone number of a local Provider (you will be asked for the zip code in the area of your search) who will be able to call Customer Service for eligibility information and will submit a Claim for the services provided to the local BCBS Plan. ### International Assistance

Call the service center at one of the phone numbers below, 24 hours a day, 7 days a week, for information on doctors, Hospitals, and other health care professionals or to receive medical assistance services around the world. hospitalization, if necessary. If you need to be hospitalized, call BCBSNM for Prior Authorization. You can find the Prior Authorization phone number on your ID Card. **NOTE**: The phone number for Prior Authorization is different from the following phone numbers, which are strictly for locating a Preferred Provider while outside the United States:

**1-800-810-BLUE (2583) or call collect: 1-804-673-1177**

## PLAN YEAR

A Plan Year is a period of one year which begins on the contract date/contract anniversary and ending on the day before the next contract anniversary. Please contact your employer for Plan Year information.

## BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

## COST-SHARING FEATURES

***See your separately issued Summary of Benefits for your Plan's specific cost-sharing features, such as Deductibles, Copayments and/or Coinsurance that you must pay, and your Out-of-Pocket Limit.***

Most benefits are subject to a Deductible(s), Member Coinsurance, and an annual Out-of-Pocket Limit. For certain services, such as when you visit a Preferred or Nonpreferred Provider in his/her office, the Covered Charge is subject to either a fixed-dollar Copayment or Deductible and Coinsurance, depending upon your chosen Plan. Most other services of Preferred Providers and services of Nonpreferred Providers are subject to the Deductible, Coinsurance, and Out-of-Pocket Limit.

## OFFICE VISIT COPAYMENT OR COINSURANCE

When you receive **office services** from either a Preferred or Nonpreferred Provider (a "Primary Preferred Provider" (PPP) or PPO Specialist), you pay a Copayment or Coinsurance and Deductible for your covered **office visit** charge. All other services received during an office visit will be subject to the regular Deductible and/or Coinsurance requirements as listed on the *Summary of Benefits*.

## OTHER FIXED DOLLAR COPAYMENTS

Besides office visits, other services (e.g., emergency room and Outpatient Surgery) may also be subject to a fixed Copayment amount. These services may only require payment of the fixed Copayment amount or they may also require Coinsurance and a Deductible, depending on your chosen Plan. See the *Summary of Benefits* for more information.

### Drug Plan Copayment

Depending upon the Plan you chose, your Drug Plan may have services subject to a fixed Copayment. See your separately issued Drug Plan Rider and the *Summary of Benefits* for more information.

## DEDUCTIBLE

The Deductible is the amount of Covered Charges incurred by a Member that the Member must pay in a Plan Year before this Plan begins to pay its percentage of that Member's Covered Charges incurred during that same Plan Year.

If the Plan Year Deductible has been met while you are an Inpatient and the Admission continues into a new Plan Year, no additional Deductible is applied to that Admission's Covered Services. However, all other Covered

Services received during the new Plan Year are subject to the Deductible for the new Plan Year.

If you changed Health Care Benefit plan carriers during a Plan Year, Covered Charges you incurred, and which were applied to your annual or Plan Year Deductible during that part of the Plan Year you were covered by your previous carrier will be applied to your annual Deductible for the remaining part of that Plan Year under this Plan.

### Individual Deductible

Once a Member's Deductible payments for Covered Services reach the individual Deductible amount, listed in the Summary of Benefits, in a given Plan Year, this Plan will begin paying its share of that Member's Covered Charges for the rest of that Plan Year.

### Family Deductible

For double or Family Coverage, with two enrolled Members, the Plan Year Deductible requirement is fulfilled when both covered Members have each met their applicable individual Deductible, listed in the Summary of Benefits, during the Plan Year. Refer to your *Summary of Benefits* for details.

**Members must meet the higher Nonpreferred Provider Deductibles before this Plan begins to pay its share of his/her Covered Charges from Nonpreferred Providers. Deductible amounts do not cross-apply in the Preferred and Nonpreferred Provider benefit levels.**

### What Is Subject to the Deductible

The following are **applied** to the Plan Year Deductible. See your *Summary of Benefits* for more information.

- Charges covered under your Drug Plan Rider, depending upon the Plan you chose.
- Coinsurance amounts.

### Timely Filing Reminder

Most benefits are payable only after BCBSNM's records show that the applicable Deductible has been met. Preferred Providers will file Claims for you and must submit them within a specified amount of time (usually 180 days). If you file your own Claims for Covered Services from Nonpreferred Providers, you must file them **within 12 months** of the date of service. If a Claim is returned for further information, resubmit it **within 45 days.**

## COINSURANCE

For most Covered Services, you must pay a percentage of Covered Charges (Coinsurance) after you have met your Plan Year Deductible and, depending on your Plan, as specified on your *Summary of Benefits*. After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any.

### Preferred Providers

You pay lower Deductible amounts and a lower percentage of Covered Charges when you visit a Preferred Provider. Preferred Providers may **not** charge you the difference between the billed charge for a Covered Service and the Covered Charge allowed by BCBSNM – in addition to your Coinsurance and Deductible.

### Nonpreferred Providers

You pay higher Deductible amounts and a higher percentage of Covered Charges when you visit a Nonpreferred Provider. Nonpreferred Providers may charge you the difference between the billed charge for a Covered Service and the Covered Charge allowed by BCBSNM – in addition to your Coinsurance and Deductible.

**NOTE**: If you receive Covered Services from an "unsolicited" Provider, as defined in this section, you will be responsible for amounts over the Covered Charge.

### Drug Plan Coinsurance

Depending upon the Plan you chose, your Drug Plan may have services subject to a Coinsurance. See your separately issued Drug Plan Rider and the *Summary of Benefits* for more information.

## OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductibles, Coinsurance, and Copayments that you pay for most Covered Services in a Plan Year. There are separate Out-of-Pocket Limits for Preferred Providers and Nonpreferred Providers. After the applicable Out-of-Pocket Limit is reached, this Plan pays 100% of your Covered Charges for the rest of the Plan Year, not to exceed any benefit limits for Preferred Providers. Covered Charges from Nonpreferred Providers may be subject to balance billing by the Provider.

The Deductibles, Coinsurance amounts, and Copayments for Preferred Provider services are **not** applied to the Nonpreferred Provider Out-of-Pocket Limit. In addition, the Deductibles, Coinsurance amounts, and Copayments for Nonpreferred Provider services are not applied to the Preferred Provider Out-of-Pocket limit.

### Individual Limits

Once your Deductible, Coinsurance, and Copayment amounts for Preferred Provider services in a Plan Year reach the individual Preferred Provider amount indicated on the *Summary of Benefits,* this Plan pays 100% of your Preferred Provider Covered Charges for the rest of the Plan Year.

Once your Deductible, Coinsurance, and Copayment amounts for Nonpreferred Provider services in a Plan Year reach the higher individual Nonpreferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100% of your Nonpreferred Provider Covered Charges for the rest of the Plan Year. Covered Charges from Nonpreferred Providers may be subject to balance billing by the Provider.

### Family Limits

For double or Family Coverage, with two enrolled Members, the annual Out-of-Pocket requirement is fulfilled when both covered Members have each met their applicable individual Out-of-Pocket amount listed on the Summary of Benefits during the Plan Year. Refer to your *Summary of Benefits* for details.

### What Is Included in the Out-of-Pocket Limits

The following amounts are applied to the Out-of-Pocket Limits:

- Fixed-dollar Copayments.
- Coinsurance amounts.
- Plan Year Deductible.
- *Drug Plan Rider* Copayments and/or Coinsurance amounts.

***See the Summary of Benefits for your Deductible amounts, Copayments, Coinsurance percentages and Out-of-Pocket Limit amounts.***

## CHANGES TO THE COST-SHARING AMOUNTS

The benefits described in this Benefit Booklet and the associated Summary of Benefits and Coverage will only change upon approval of New Mexico's Office of the Superintendent of Insurance and when authorized by an officer of BCBSNM. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan. If any benefit changes result in a premium increase, you will be given 60 days' notice of such changes.

All cost sharing (including Copayments, Deductibles, Coinsurance, or similar charges) required for Members by BCBSNM for Health Care Services shall be reasonable and shall include any applicable state and federal taxes, for any disease or condition which is the cause of or subject of a public health emergency. Services include testing and delivery of Health Care Services for COVID-19 (including testing/screening for pneumonia and influenza, treatment for pneumonia when due to or a result of COVID-19 infection, and treatment for influenza when a co-infection with COVID-19).

A public health Emergency exists when declared by the state of New Mexico or federal government.

**NOTE**: Covered Services for vaccines, diagnostic testing, and treatment for COVID-19 will be provided at no cost to you, to the fullest extent required by applicable law.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a Plan Year, the new amounts must be met during the same Plan Year. For example, if you have met your Deductible and your Group changes to a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

## NO COST SHARING FOR BEHAVIORAL HEALTH SERVICES

Cost sharing is eliminated for all professional and ancillary services for the treatment, rehabilitation, prevention and identification of mental illnesses, substance use disorders and trauma spectrum disorders. This includes cost sharing for inpatient, detoxification, residential treatment and partial hospitalization, intensive outpatient therapy, outpatient, and all medications, including brand-name pharmacy drugs when generics are unavailable.
Cost sharing means any Copayment, Coinsurance, or any other form of financial obligation of an enrollee other than a premium or a share of a premium, or any combination of any of these financial obligations.

## SITE OF CARE/FACILITY OR CLINIC FEES/PROVIDER-BASED BILLING

Some Physician and other Professional Provider services may be subject to additional fees charged by Providers based on where services are rendered. Those facilities are obligated to inform you if they will charge additional fees, but if you are uncertain, you should ask your Provider in advance whether those services will be subject to additional facility fees, clinic fees, or provider-based billing fees. You may be subject to additional cost-sharing if the Provider bills for those additional costs. If you receive services in a location affiliated with a hospital group, and the Provider issues charges for additional facility fees, clinic fees, or provider-based billing fees, you may receive a separate Explanation of Benefits that reflects an additional cost sharing obligation. As an example, if you receive imaging services, lab services, Physical Therapy, or Specialist services from a Provider at a site affiliated with a hospital group, you may receive a Provider invoice and Explanation of Benefits reflecting an additional, or separate cost share obligation.

## PHARMACIST SERVICES

Pursuant to board-approved protocol approved by the New Mexico Medical Board, an in-network pharmacist may order, test screen, treat, and provide preventive services for Flu, Strep Throat, SARs, UTIs, HIV for prep only, and an illness subject to an active Public Health Emergency.

## CONTRACEPTIVE COVERAGE

You are entitled to receive certain covered contraception services and supplies without cost sharing and without prior approval from us. This means that you do not have to make a Copayment, Coinsurance, satisfy a Deductible or pay out-of-pocket for any part of contraception benefits listed in this summary if you receive them from an In-Network Provider.

You may be required to pay a Copay, Coinsurance, and/or a Deductible if you receive a contraception service or supply from an Out-of-Network Provider if the same service or supply is available in-network. To receive this benefit, your Provider must specifically prescribe the six-month supply. If you need to change your contraceptive method before the six-monthsupply runs out, you may do so without cost-sharing. You will not owe cost sharing for any related contraceptive counseling or side-effects management.

*Brand Name Drugs or Devices*

Your plan may exclude or apply cost sharing to a name-brand contraceptive if a generic or therapeuticequivalent is available within the same category of contraception. Please see the table of contraceptivecategories above. Ask your Provider about a possible equivalent.

Your plan covers contraception with no cost sharing even when a prescription is not required. Contraceptive methods such as condoms or Plan B may fall into this category. You will not have to payupfront for contraceptives that do not require a prescription when obtained through an in-network pharmacy. For all other purchases, you may submit a request for reimbursement as follows:

- Within 90 days of the date of purchase of the contraceptive method.
- Provide the covered member's name, address, plan identification number, and paid receipt along with the Claim Form – Prescription Drug, also known as a reimbursement form, (available by contacting the customer service number on the back of your Identification Card or visiting www.bcbsnm.com), to the following:

**Prime Therapeutics**
**PO Box 25136**
**Lehigh Valley, PA 18002-5136**

If you submit your complete request for reimbursement electronically or by fax, we will reimburse you within 30 days of receiving the request. If you submit your complete request for reimbursement by U.S. mail, we will reimburse within 45 days. Failure to submit a complete request may lead to delays in reimbursement.

*Availability of Out-of-Network Coverage*

Under your plan, use of an Out-of-Network Provider to prescribe or dispense contraceptive coverage is a covered benefit.

## PRE-EXPOSURE PROPHYLAXIS COVERAGE SUMMARY

- Oral diabetic prescription medications for controlling blood sugar levels.
- Glucagon emergency kits.
- Medically necessary podiatric DME for prevention of feet complications associated with diabetes as follows:
  - Therapeutic molded or depth-inlay shoes.
  - Functional orthotics.
  - Custom molded inserts.
  - Replacement inserts.
  - Preventive devices.
  - Shoe modifications for prevention and treatment.

Your health benefits plan requires the use of approved DME brands that are purchased at in-network pharmacy, preferred vendor, or preferred durable medical equipment supplier.

This health benefits plan will also cover items not specifically listed as covered when new and improved DME and prescription medications for the treatment and management of diabetes are approved by the U.S. Food and Drug Administration. When such items are approved, we will update our formulary and other information to provide adequate access to these resources. Coverage of newly approved prescription medications for the treatment and management may be subject to prior authorization and step therapy requirements.

### Prior Authorization

Medically necessary DME, diabetic testing supplies, insulin, or other prescription medications used for the treatment of diabetes and covered under your health benefits plan can be subject to prior authorization and step therapy requirements. We will not require your provider to submit more than one prior authorization request per policy year for any single medication or category of covered item, unless there is a change in your diagnosis, management, or treatment of diabetes or its complications. The one prior authorization per year limitation applies to changes in the following:

- Prescribed dose of a medication.
- Quantities of supplies needed to administer a prescribed medication.
- Quantities of blood glucose self-testing equipment and supplies.
- Quantities of supplies needed to use or operate devices for which an enrollee has received prior authorization during the policy year shall not be subject to additional prior authorization requirements in the same policy year if deemed medically necessary by the enrollee's health care practitioner.

### Cost sharing

The amount you will pay for a preferred formulary prescription insulin, or a medically necessary alternative will not exceed a total of twenty-five dollars ($25.00) per thirty-day supply. Coverage of all other diabetes related benefits, treatment and supplies may be subject to cost sharing (deductible, copay, and coinsurance) consistent with the cost sharing imposed to other benefits under the same contract. This cost sharing will not exceed the cost sharing established for similar benefits under your health benefits plan.

### Network Access

We maintain an adequate network of providers, pharmacies, durable medical equipment suppliers, and other

suppliers to provide you with adequate and timely access to medically necessary diabetes resources. If a contract lapses or is terminated, we will ensure the availability and continuity of your care through another network provider or a single-case agreement with an out-of-network provider.

### Reimbursement

We guarantee coverage for the medically necessary DME, diabetic testing supplies, insulin, or other prescription medications, in this section within the limits of your health benefits plan. We will reimburse you if the before mentioned benefits were not accessible in a timely manner and you incurred out of pocket expenses.

If you are unable to access medically necessary DME, diabetic testing supplies, insulin, or other prescription medications covered under this health benefits plan in a timely manner, and when needed, you can:

- Contact us at the toll-free number on the back of your Identification Card and we will assist you with finding an in-network provider or refer you to an out-of-network provider that can deliver the benefit or service in a timely manner.
- Pay out of pocket and file a claim with us as provided for in *Section 8: Claims Payment and Appeals* section of this Benefit Booklet.

We will reimburse you the amount of the covered benefit on the same basis as if the benefit was obtained in-network. Once we receive your written request and receipt for out-of-pocket expenses, we will reimburse you within 30 (thirty) days. If we fail to reimburse you in a timely manner, we will pay an interest rate of 18 % (eighteen percent) per year on the amount due.

If you are not satisfied with our resolution, you can file a complaint with the Office of the Superintendent of Insurance at www.osi.state.nm.us/pages/misc/mhcb-complaint or by calling 1-855-427-5674, option 3.

## MENTAL HEALTH AND SUBSTANCE USE DISORDER SERVICE COVERAGE

Your coverage complies with requirements under the federal Mental Health Parity and Addiction Equity Act, and with new sections of the New Mexico Insurance Code Chapter 59A, pursuant to Senate Bill 273, Parity for Coverage of Mental Health and Substance Use Disorder (MH/SUD) Services. For additional information on these requirements or if you feel your rights have been violated, you may contact the NM Office of Superintendent of Insurance using this link: www.osi.state.nm.us/.

Your rights under these federal and state laws include:

- Generally, coverage in this plan does not impose stricter limitations or financial requirements to MH/SUD coverage than the limitations or financial requirements that are imposed on medical and surgical benefits.
- MH/SUD services that are offered must have treatment available in: psychiatry, psychology, social work, clinical counseling, addiction medicine counseling, and family and marriage counseling. These benefits are subject to network requirements, provider scope of practice and credentialing, and may be subject to medical necessity review.
- Our authorization criteria must follow generally recognized standards of care established by evidence-based resources, including clinical practice guidelines and recommendations from MH/SUD care provider professional associations and relevant federal government agencies.
- Federal and New Mexico law requires the plan not exclude coverage for MH/SUD services under the following circumstances:
    - Services that are available to you through federal or state laws for people with disabilities.
    - Services that are available to you through a public benefit program.
    - Services that have been court ordered and have been determined to be medically necessary by a provider.
    - Services for individuals who have co-occurring diagnoses of mental health and substance use disorders.
- MH/SUD provider network –

    - We maintain an adequate network as required by New Mexico state-mandated network adequacy standards of qualified MH/SUD services providers.
    - If the eligible services cannot be provided within our network, you will not have to pay extra for eligible services if similar services under your benefit plan are provided by an out-of-network provider.
- Prior-authorization guidelines –
    - Certain types of services require Prior Authorization by us.
    - Prior Authorization means that you or your provider must ask us to approve the care before you receive it.
    - Prior Authorization cannot be taken back or changed after the provider gives the services in good faith, except for cases of dishonesty, material misrepresentation, or violation of the provider's contract.
    - We are prohibited from ordering prior-authorization or referral for in-network service coverage for: acute or immediately necessary care, acute episodes of chronic MH/SUD conditions, initial in-network inpatient or outpatient SUD services.
    - Prior Authorization will be determined in discussion with your MH/SUD provider for continuation of services, unless your eligibility in the plan ends.
    - Coverage for medication must be made according to a medical need.
    - For SUD medications, we cannot require prior-authorization or "step-therapy" (such as making you take additional steps before paying for medication prescribed by your provider), unless there is a generic or a biosimilar (which means a biological medicine approved by the U.S. Food and Drug Administration or FDA that works in a similar way to its reference drug) equivalent.
- After beginning in-network MH/SUD treatment, we may require your provider to notify us and/or develop and submit a treatment plan for continued treatment/services.
- We cannot limit coverage for MH/SUD services up to the point of relief of presenting signs and symptoms or to short-term care or acute treatment.
- Your length of time for treatment will be based on your provider's recommendation and MH/SUD needs, which may be assessed in conjunction with accepted clinical practice guidelines and recommendations.
- Level of care determinations:
    - Level of care means the treatment setting or facility type that is most appropriate to treat your condition.
    - Your MH/SUD provider decides, in consultation with the health plan, what types of services you need and for how long, based on your diagnosis and generally recognized standards of care.
    - Services may include placement into a facility that provides detoxification services, a hospital, an in-patient rehabilitation treatment facility or outpatient treatment program.
    - Changes in level and length of time of care will be determined by your provider in consultation with the health plan and based on assessments of medical necessity using accepted clinical practice guidelines.
- At your request, we will provide coordination of care which means we may help communication between your MH/SUD service provider and your primary care provider to prevent any conflicts of care that could be harmful to you.
- We will make sure our MH/SUD policies are available to you.
- We protect your confidentiality when receiving MH/SUD treatment.
- We will not end coverage of your treatment without a discussion with your MH/SUD provider and you.
- If your claim is denied due to lack of "medical necessity," you have a right to request the specific reasons for your denial.

**NOTE**: This information about mental health and substance use disorder coverage does not create a private right of action.

## BENEFIT LEVEL EXCEPTIONS

Benefits will be provided as indicated on the *Summary of Benefits*, except as listed below.

### Emergency Care

If you visit a Nonpreferred Provider for covered Emergency Care services, you will receive Preferred Provider benefits only for the initial treatment, which includes emergency room services and, if you are hospitalized **within 48** hours of an Emergency, the related inpatient hospitalization. (Office/Urgent Care Facility services and Retail Clinic services are not considered "Emergencies" for purposes of this provision.) Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services. For follow-up care (which is no longer considered Emergency Care), you or your family Member will need to select a Preferred Provider in order to receive Preferred Provider benefits.

### Transition of Care

This provision applies to both Continuity of Care and Transition of Care. If your health care Provider leaves the BCBSNM Provider network (for reasons other than failure to meet applicable quality standards, including medical incompetence, professional behavior, or fraud) or if you are a new Member and your Provider is not in the Provider network when you enroll, BCBSNM may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days or other period as required by federal and state law. If necessary and ordered by the treating Provider, BCBSNM may also authorize transitional care from other out-of-Network Providers. An ongoing course of treatment will include, but is not limited to:

- Treatment for a degenerative, disabling, or potentially disabling, congenital, or a life-threatening condition, defined as a disease or condition for which likelihood of death is probable, unless the course of the disease or condition is interrupted.
- Treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as Chemotherapy, Radiation Therapy, or post-operative visits.
- Ongoing institutional or inpatient care.
- Scheduled nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery).
- Ongoing course of treatment for your pregnancy, through the postpartum period.
- An ongoing course of treatment for a health condition for which a treating Physician or health care Provider attests that discontinuing care by that Physician or health care Provider would worsen the condition or interfere with anticipated outcomes. The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. Call the BCBSNM Customer Service department for details.

Members who extend coverage under an extension of benefits due to disability after the Group Contract is terminated are not eligible to receive Prior Authorization for services of an out-of-network Provider. Services of an out-of-network Provider are **not** covered at the in-network level (if any) in such instances of extended coverage.

**NOTE:** You have the right to appeal any decision made for a request for Benefits under this provision, as explained in *Section 8: Claims Payments and Appeals*.

### Unsolicited Providers

In some states, the local BCBS Plan does not offer Preferred Provider contracts to certain types of Providers (e.g., Home Health Care Agencies and Ambulance Providers). These Provider types are referred to as "unsolicited Providers." Unsolicited Providers vary from state to state. If you receive Covered Services from an "unsolicited Provider" outside New Mexico, you will receive the highest benefit level for those services. However, the unsolicited Provider may still bill you for amounts that are in excess of Covered Charges. You will be responsible for these

amounts, in addition to your Deductible(s) and Coinsurance.

### Ancillary Provider

Once you have obtained Prior Authorization for an inpatient Admission to a preferred Hospital or treatment Facility, your preferred Physician or Hospital will make every effort to ensure that you receive ancillary services from other Preferred Providers. If you receive Covered Services from a **preferred** Physician for Outpatient Surgery or Inpatient medical/surgical care in a preferred Hospital or treatment Facility, services of a nonpreferred Provider, radiologist, anesthesiologist, pathologist, assistant surgeon, emergency room Physician and/or other Hospital based Physician will be paid at the Preferred Provider level and you will not be responsible for any amounts over the Covered Charge. Please call customer service at the number on the back of your ID card if you have any questions about the benefits described in this section or how your Claims are paid.

If a **nonpreferred** surgeon provides your care or you are admitted to a nonpreferred Hospital or other treatment Facility, you **will** be responsible for amounts over the Covered Charge for any services received from Nonpreferred Providers during the Admission or procedure.

**NOTE: Except as described above, the Preferred Provider benefit level will not apply to non-Emergency services when received from a Nonpreferred Provider.**

## IF YOU HAVE MEDICARE

***NOTE: This section applies to you only if you are primary under Medicare and Plan benefits are going to be coordinated with Medicare as a result.***

If you have Medicare as your **primary coverage,** the Plan usually pays benefits only after Medicare has paid its portion of your covered Health Care Services. Medicare is called the "primary" coverage or carrier and pays its benefits first. The **GROUP** Medical Program is "secondary" coverage.

You may not elect to change your Plan to be primary coverage over Medicare and may not elect to bypass Medicare. If services are among those normally covered by Medicare, you or your doctor or Hospital (your health care "Provider") must submit a Claim for those services first to Medicare. Medicare will calculate its benefits and will send you an *Explanation of Medicare Benefits* (EOMB) form. This form must be attached to any Claim you send to BCBSNM.

**NOTE:** For service received in New Mexico, a "crossover" Claim should automatically be sent by the Medicare Part B carrier or Part A intermediary to BCBSNM for secondary benefit determination. If your Claims are not being sent by Medicare to BCBSNM, please call a Customer Service Advocate to verify that the correct Medicare HIC number is on file for you. For details on how to submit Claims when your Claim is not automatically crossed-over from Medicare, see *Section 8: Claims Payments and Appeals.*

If you plan to receive a service that is not covered by Medicare (such as while outside the United States), it is your responsibility to call Customer Service and verify that the service will be covered under this Plan.

### Active Employees and Employee Eligible Family Members

If you are an active employee or the Eligible Family Member of an active employee and are entitled to Medicare for any reason other than end-stage renal disease, this Plan pays benefits before Medicare and this section does not apply to you.

### End-Stage Renal Disease (ESRD)

If you become eligible for Medicare *solely* due to having ESRD (i.e., you are *not* also age 65 or older and/or you are *not* also eligible for Medicare due to a non-ESRD disability), this Plan pays benefits **before** Medicare **only** during the "ESRD coordination time period." The length of this time period may change if changes are made in Medicare Secondary Payer laws. You will be advised of the length of the ESRD coordination time period once you begin Dialysis. This section does not apply to you if you are still within the initial ESRD coordination time period during

which this Plan pays primary benefits.

If you complete the ESRD coordination time period or reach age 65 while eligible for Medicare as an ESRD patient, Medicare determines its benefits **before** this Plan pays its portion of Covered Charges. **This section of the booklet applies to such Members who are primary under Medicare; your Plan benefits will be coordinated with Medicare.** See **your employer** for enrollment rules.

### Medicare-Eligible Retirees and Retiree Eligible Family Members

If you are a Medicare-eligible retiree or the Medicare-Eligible Family Member of a retiree receiving primary coverage from Medicare, Medicare determines its benefits before this Plan pays its portion of Covered Charges. **This section of the booklet applies to such Members who are primary under Medicare; your Plan benefits will be coordinated with Medicare. Note:** If you are a retiree and eligible for Medicare, see **your employer** for enrollment rules.

### How Benefits are Paid

All expenses are subject to the same annual Plan Deductible, Copayment, Coinsurance, and Out-of-Pocket Limits. This Plan's benefits are determined and the balance due after Medicare or the usual Plan benefit will be paid, whichever is less.

**NOTE:** You must be enrolled in both Parts A and B of Medicare in order to retain coverage under this Plan. If you privately contract with a Provider, BCBSNM will calculate amounts that would have been paid by Medicare and deduct those amounts from the billed charge for a Covered Service in order to arrive at a benefit payment, subject to Plan Deductible and Coinsurance or Plan Copayments.

Services that are not covered by Medicare may also be eligible for benefits under this Plan. See *Section 5: Covered Services* for a list of services that are covered by the Plan (services must be Medically Necessary and not listed as an exclusion in *Section 6: General Limitations and Exclusions)*.

The following services are not subject to this Medicare coordination provision:

- Non-Medicare-Covered Services that are not covered by the Plan and received at a Veteran's Administration, Department of Defense, or other government Facility for a nonservice-connected condition. (For Outpatient Service, benefits are calculated using a maximum of 20% of the billed charge as the Covered Charge, which is then subject to regular Plan Deductible, Coinsurance, and/or Copayments. For Inpatient Services, the Covered Charge is equal to the Part A Hospital Deductible, subject to regular Plan Deductible, Coinsurance, and/or Copayments.)

# SECTION 4: UTILIZATION MANAGEMENT

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medical Necessity review for a procedure/service, inpatient Admission and length of stay is based on BCBSNM medical policy and site or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition in *Section 10: Definitions, Medically Necessary/Medical Necessity* in in this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

## PRIOR AUTHORIZATION

Prior Authorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the care and services described below for which you have obtained Prior Authorization will not be denied on the basis of Medical Necessity or Experimental/Investigational.

**If Prior Authorization is required, the review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions of this Benefit Booklet. BCBSNM recommends you confirm with your Provider if Prior Authorization has been obtained.**

To determine if a specific service or category requires Prior Authorization, visit our website for the required Prior Authorization list, which is updated when new services are added or when services are removed, at:

www.bcbsnm.com/find-care/where-you-go-matters/utilization-management/fully-insured.

You can also call BCBSNM Customer Service at the toll-free telephone number on the back of your Identification Card.

**Medically Necessary/Medical Necessity is defined as** Health Care Services determined by a Provider, in consultation with the health insurance carrier, to be appropriate or necessary, according to:

- Any applicable generally accepted principles and practices of good medical care.
- Practice guidelines developed by the federal government, national or professional medical societies, boards, and associations.
- Any applicable clinical protocols or practice guidelines developed by the health insurance carrier consistent with such federal, national, and professional practice guidelines. These standards shall be applied to decisions related to the diagnosis or direct care and treatment of a physical Mental Disorder and Chemical Dependency condition, illness, injury, or disease.

**NOTE:** Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and before you receive certain types of services.

Even when this Plan is not your primary coverage, these Prior Authorization procedures must be followed. Failure to do so may result in a denial of benefits.

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision within 7 business days of receiving the request (within 24 hours for Urgent Care requests). If requested services are not approved, the notice will include:

- The reasons for denial.
- A reference to the health care plan provisions on which the denial is based.
- An explanation of how you may appeal the decision if you do not agree with the denial (see *Section 8: Claims*

*Payments and Appeals*) and "If Your Prior Authorization Request is Denied" later in this section).

Retroactive approvals will not be given, except for Emergency and Maternity-Related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained before the service is received.

## HOW THE PRIOR AUTHORIZATION PROCEDURE WORKS

When you or your Provider call, BCBSNM's Health Services representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider if benefits for the proposed hospitalization or other services have been approved through Prior Authorization. If the Admission or other services are not approved through Prior Authorization, you may appeal the decision as explained in ***Section 8: Claims Payments and Appeals***.

## PRIOR AUTHORIZATION RESPONSIBILITY

### BCBSNM PREFERRED PROVIDER (Participating Provider, In-Network) PRIOR AUTHORIZATION

Your Preferred Provider is responsible for obtaining Prior Authorization, in those circumstances where authorizations may be required. If Prior Authorization is not obtained and the services are denied as not Medically Necessary, the Participating Provider will be held responsible and will not be able to bill the Member for the services.

For additional information about Prior Authorization for services outside of our Service Area, see the section entitled *THE BLUECARD PROGRAM*.

**NOTE:** Providers that contract with other Blue Cross and Blue Shield Plans are not familiar with the Prior Authorization requirements of BCBSNM. Unless a Provider contracts directly with BCBSNM as a Preferred Provider, the Provider is not responsible for being aware of this Plan's Prior Authorization requirements.

## NONPREFERRED PROVIDERS OR PROVIDERS OUTSIDE NEW MEXICO

If any Provider outside New Mexico (except for those contracting as Preferred Providers directly with BCBSNM) or any Nonpreferred Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If authorization is not obtained before services are received, you may be entirely responsible for the charges if the service is determined to not be Medically Necessary. If the service is determined to be Medically Necessary, out-of-network Benefits will apply. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called.

## INPATIENT REVIEW

**Inpatient Admissions**

Your Provider may need to obtain Prior Authorization from the Plan for an inpatient Admission if inpatient Admissions are identified as needing a Prior Authorization. In the case of an elective inpatient Admission, if services require an authorization, it is recommended that the call for Prior Authorization should be made at least two working days before you are admitted unless it would delay Emergency Care. In an emergency, it is recommended that Prior Authorization should take place within two working days after Admission, or as soon thereafter as reasonably possible.

Your Preferred Provider is required to obtain Prior Authorization for any inpatient Admissions that may require Prior Authorization. If Prior Authorization is not obtained for Inpatient Services and the services are denied as not Medically Necessary, the Participating Provider will be held responsible and will not be able to bill the Member for the services.

If the Physician or Provider of services is not a Preferred Provider then you, your Physician, Provider of services, or an authorized representative should obtain Prior Authorization by the Plan by calling one of the toll-free numbers

shown on the back of your Identification Card. The call should be made between 8:00 A.M. and 5:00 P.M., Mountain Standard Time, on business days and 8:00 A.M. and 11:00 A.M., Mountain Time on Saturdays, Sundays and legal holidays. After working hours or on weekends, please call the toll-free number listed on the back of your Identification Card. Your call will be recorded and returned the next working day. A benefits management nurse will follow up with your Provider's office. All timelines for Prior Authorization requirements are provided in keeping with applicable state and federal regulations**.**

Participating Provider Benefits will be available if you use a Participating Plan Provider or Participating Specialty Care Provider. If you elect to use out-of-network Providers for services and supplies available in-network, out-of-network Benefits will be paid.

However, if care is not reasonably available from Preferred Providers as defined by applicable law, and BCBSNM authorizes your visit to an out-of-network Provider to be covered at the in-network Benefit level **prior to the visit**, Participating Plan Benefits will be paid; otherwise, Non-Participating Benefits will be paid.

In determining whether the services are not reasonably available within your community, BCBSNM will consider the following criteria:

- Availability – are the inpatient admission services available in your community in a timely fashion as dictated by the clinical situation?
- Competency – does an inpatient provider in your community have the necessary training or expertise required to provide the service or treatment?
- Geography – are inpatient services in your community located within a reasonable distance from your residence. A reasonable distance is defined as travel that will not place you at any medical risk according to the application of generally accepted principles and practices of good medical care, practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national and professional practice guidelines.

When Prior Authorization of an inpatient Admission is obtained, a length-of-stay is assigned. Your Provider may seek an extension for the additional days if you require a longer stay. Benefits will not be available for room and board charges for medically unnecessary days. For more information regarding lengths of stay, refer to the **Length of Stay/Service Review** subsection of this Benefit Booklet.

For Behavioral Health Inpatient Hospital Admissions please see **Contacting Behavioral Health** section below.

**Prior Authorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested**

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

- Maternity Care:
  - 48 hours following an uncomplicated vaginal delivery.
  - 96 hours following an uncomplicated delivery by caesarean section.
- Treatment of Breast Cancer:
  - 48 hours following a mastectomy.
  - 24 hours following a lymph node dissection.

You or your Provider will not be required to obtain Prior Authorization from BCBSNM for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you, your authorized representative, or your Provider must seek an extension for the additional days by obtaining Prior Authorization from BCBSNM.

## OUTPATIENT SERVICE REVIEW

**If Prior Authorization is required, the review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. BCBSNM recommends you confirm with your Provider if Prior Authorization has been obtained.**

There may be general categories of Covered Services that require Prior Authorization.

## NOT OBTAINING INPATIENT PRIOR AUTHORIZATION

If you or your Provider do not receive Prior Authorization for inpatient benefits, but you choose to be hospitalized anyway, no benefits may be paid as indicated in the table below:

| If, based on a review of the Claim: | Then: |
|---|---|
| The Admission was not for a Covered Service. | Benefits for the Facility and all related services will be denied. * |
| The Admission was for an item listed under "Other Prior Authorizations," (e.g., elective Admissions). | Benefits for the Facility and all related services may be denied. * |
| The Admission was for any other Covered Service, but hospitalization was not Medically Necessary. | Benefits may be denied for room, board, and other charges that are not Medically Necessary. * |
| The Admission was for a Medically Necessary Covered Service. | Benefits for the Facility's Covered Services may be denied. * |

* Noncovered and denied services are not applied to any Deductible or Out-of-Pocket Limit. You are responsible for paying this amount for out-of-network services.

Inpatient Prior Authorization requirements may affect the amounts that this Plan pays for Inpatient Services, but they do not deny your right to be admitted to any Facility and to choose your services.

## OTHER PRIOR AUTHORIZATION

In addition to Prior Authorization review for all non-emergency Inpatient Services, Prior Authorization is required for certain other services listed below. Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative at 505-291-3585 or toll-free at 1-800-325-8334, for instructions for filing a written request for Prior Authorization. An out-of-network Provider, or an out-of-state Network Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called. Preferred Providers that contract directly with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See *Inpatient Prior Authorization,* earlier in this section, for further information regarding inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and any related services, the service will be reviewed for Medical Necessity and subject to one of the following actions in the chart below:

| No Prior Authorization Received: | Claim Disposition: Preferred | Claim Disposition: Nonpreferred |
|---|---|---|
| Service is Medically Necessary | Claim is paid based on Member's benefit plan | Claim is paid based on Member's benefit plan |
| Service is not Medically Necessary | Claim is denied; Member is held harmless | Claim is denied |

BCBSNM will send a written response to you, your Physician and the Hospital or Facility with a determination of your Prior Authorization review within seven (7) business days after BCBSNM receives the request for Prior Authorization review of a non-Urgent Care request.

A Prior Authorization request involving Urgent Care is any request for medical care or treatment with respect to which the application of the time periods for making non-Urgent Care determinations could, based on reasonable medical probability, seriously jeopardize your life or health or your ability to regain maximum function; or in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Prior Authorization request. BCBSNM will respond to you no later than 24 hours after receipt of a complete request for Prior Authorization involving Urgent Care.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. Gynecological or obstetrical ultrasounds do not require Prior Authorization. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

## IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED

BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved -pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests ("pre-service Claims"). For appeals involving post-service Claims payments or denials, see ***Section 8: Claims Payment and Appeals***.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your Customer Service Advocate for assistance. Many complaints or problems can be handled informally by calling or writing BCBSNM Customer Service. If you make an oral complaint, a BCBSNM Customer Service Advocate will assist you.

## PRIOR AUTHORIZATION RENEWAL

A Prior Authorization issued by BCBSNM shall not expire sooner than sixty (60) days from the date of approval unless an earlier expiration is warranted by the clinical criteria. BCBSNM will allow a request for the extension of an approved authorization if supported by the clinical criteria and BCBSNM medical policy.

## LENGTH OF STAY/SERVICE REVIEW

**Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under the Benefit Booklet.**

Upon completion of the inpatient or emergency Admission review, BCBSNM will send a letter to you, your Physician, Behavioral Health Practitioner and/or Hospital or Facility with a determination on the approved length

of service or length of stay.

An Extension of the length of stay/service will be based solely on whether continued Inpatient care or other Health Care Services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the *Claim Payments and Appeals* section under this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving Urgent Care or an ongoing curse of treatment, the plan will make a determination on the request as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

## POST-SERVICE MEDICAL NECESSITY

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered under certain circumstances. HMO-Participating Providers are required to submit appropriate documentation in response to a Post-Service Medical Necessity Review Claim request by BCBSNM. Members are not responsible for providing such documentation. If an HMO-Participating Provider's Claim is denied because BCBSNM determined that the services were not Medically Necessary, the Member is not financially responsible and is held harmless.

**General Provisions Applicable to All Post-Service Medical Necessity Reviews**

**No Guarantee of Payment**

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitation, and exclusions of this Benefit Booklet. Post-Service Medical Necessity Reviews do not guarantee payment of benefits by BCBCNM, for instance a Member may become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

**Request for Additional Information**

The Post-Service Medical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Post-Service Review, the health care provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this plan.

## RECOMMENDED CLINICAL REVIEW

A Recommended Clinical Review is an optional, voluntary Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSNM will review the request to determine if it meets approved BCBSNM medical policy and site or level of care review criteria for medical and Behavioral Health Services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsnm.com/find-care/where-you-go-matters/utilization-management/fully-insured for the required Prior

Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call BCBSNM Customer service at the toll-free telephone number on the back of your Identification Card.

**Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitation, and exclusions under this Benefit Booklet. Please coordinate with your Provider to submit a written request for Recommended Clinical Review.**

## CONTACTING BEHAVIORAL HEALTH

You, your Physician or provider of services, or your authorized representative may contact BCBSNM for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and follow the prompts to the Behavioral Health Unit. During regular business hours (7:00 A.M. and 5:00 P.M., Mountain Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Outpatient requests should be requested during regular business hours. After 5:00 PM, on weekends, and on holidays, the same behavioral health line is answered by clinicians available for Inpatient acute reviews only. Requests for residential or Partial Hospitalization are reviewed during regular business hours.

### General Provisions Applicable to All Predeterminations

### No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by BCBSNM. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitation, and exclusions of this Benefit Booklet. Even if the service has been approved on Recommended Clinical Review coverage or payment can be effected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service. If you believe you were denied benefits in error, you may request a review of any Adverse Determination pursuant to the Summary of Health Insurance Grievance Procedures in Section 8.

### Request for Additional Information

The Recommended Clinical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this plan.

## SECTION 5: COVERED SERVICES

This section describes the services and supplies covered by this Health Care plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM. **Please note that services must be determined to be Medically Necessary by your Provider in consultation with BCBSNM's medical director in order to be covered under this Plan.**

Coverage of items and services provided to you is subject to Blue Cross and Blue Shield of New Mexico policies and guidelines, including, but not limited to, medical, medical management, utilization or clinical review, Utilization Management, and clinical payment and coding policies, which are updated throughout the plan year. These policies are resources utilized by Blue Cross and Blue Shield of New Mexico when making coverage determinations and lay out the procedure and/or criteria to determine whether a service, procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational/Unproven, cosmetic, or a convenience item. Updates to these policies during the plan year will not expand the list of Covered Services for which Prior Authorization is required unless a Covered Service is added, safety or other concerns have arisen, authorization is given by the Superintendent of Insurance or other regulator, or there are changes in nationally recognized clinical guidance. Additional information can be found in *Section 6: General Limitations and Exclusions.*

The clinical payment and coding policies are intended to ensure accurate documentation for services performed and require all providers to submit claims for services rendered using valid code combinations from Health Insurance Portability and Accountability Act ("HIPAA") approved code sets. Under the clinical payment and coding policies, claims are required to be coded correctly according to industry standard coding guidelines including, but not limited to:

- Uniform Billing ("UB") Editor.
- American Medical Association ("AMA").
- Current Procedural Terminology ("CPT®").
- CPT® Assistant.
- Healthcare Common Procedure Coding System ("HCPCS").
- ICD-10 CM and PCS.
- National Drug Codes ("NDC").
- Diagnosis Related Group ("DRG") guidelines.
- Centers for Medicare and Medicaid Services ("CMS") National Correct Coding Initiative ("NCCI") Policy Manual.
- CCI table edits and other CMS guidelines.

Coverage for Covered Services is subject to the code edit protocols for services/procedures billed and claim submissions are subject to applicable claim review which may include, but is not limited to, review of any terms of benefit coverage, provider contract language, medical and medical management policies, utilization or clinical review or Utilization Management policies, clinical payment and coding policies as well as coding software logic, including, but not limited to, lab management or other coding logic or edits.

Any line on the claim that is not correctly coded and is not supported with accurate documentation (where applicable) may not be included in the Covered Charge and will not be eligible for payment by the Plan. The clinical payment and coding policies apply for purposes of coverage regardless of whether the provider rendering the item or service or submitting the claim is participating or non-participating. The most up-to-date medical policies and clinical procedure and coding policies are available at medicalpolicy.bcbsnm.com/home.html?corpEntCd=NM and www.bcbsnm.com/provider/standards-requirements/standards/clinical-payment-coding-policies or by contacting a

Customer Service Representative at the number shown on your Identification Card.

**Reminder:** It is to your financial advantage to receive care from Primary Preferred Providers (PPPs) and other Preferred Providers.

## MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by your Provider in consultation with BCBSNM's medical director to meet the following definition:

**Medically Necessary/Medical Necessity is defined as** Health Care Services determined by a Provider, in consultation with the health insurance carrier, to be appropriate or necessary, according to:

- Any applicable generally accepted principles and practices of good medical care.
- Practice guidelines developed by the federal government, national or professional medical societies, boards, and associations.
- Any applicable clinical protocols or practice guidelines developed by the health insurance carrier consistent with such federal, national, and professional practice guidelines. These standards shall be applied to decisions related to the diagnosis or direct care and treatment of a physical Mental Disorder, and Chemical Dependency condition, illness, injury or disease.

All services must be eligible for benefits as described in this section, not listed as an exclusion and/or meet the conditions of "Medically Necessary" as defined above in order to be covered.

**NOTE: Because a health care Provider prescribes, orders, recommends, or approves a service does not make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion.** Medical Necessity is determined by your Provider, in consultation with the health plan based on the criteria above.

### If Medicare is Primary

When Medicare is primary (for example, you are a retiree or an Eligible Family Member of a retiree and eligible for Medicare due to age, you are under 65 and have exhausted the end-stage renal disease coordination time period under Medicare, or you are eligible for Medicare due to end-stage renal disease and turn age 65), if Medicare allows a service as Medically Necessary, the Plan will also consider it Medically Necessary. When Medicare determines that a service was not Medically Necessary, BCBSNM may (at your request) make its own determination regarding the service's Medical Necessity. However, for non-Medicare Covered Services, BCBSNM determines whether a service or supply is Medically Necessary and, therefore, whether the expense is covered under this Plan.

***Prior Authorizations*** are a requirement that you or your Provider must obtain authorization from BCBSNM *before* you are admitted as an inpatient or receive certain types of services. In order to receive benefits:

- Services must be covered and Medically Necessary.
- Services must not be excluded.
- The procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** (For example, if you are not a covered Member at the time services are rendered.) Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

## AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency when a Member requires Emergency Healthcare Services

under circumstances that a reasonable layperson to believe that transportation in any other vehicle would result in jeopardy to your physical or mental health.

In determining whether you acted in good faith as a Reasonable/Prudent Layperson when obtaining Emergency Ambulance Services, we will take the following factors into consideration:

- Whether a Reasonable/Prudent Layperson who possesses average knowledge of health and medicine would have believed that transportation in any other vehicle would have endangered your health.
- Whether you were advised to seek an Ambulance Service by your Practitioner/Provider or by our staff. Any such advice will result in reimbursement for all Medically Necessary services rendered, unless otherwise limited or excluded under this Agreement.
- Ground or air Ambulance Services to any Level I or II or other appropriately designated trauma/burn center according to established emergency medical services triage and treatment protocols Ambulance Service (ground or air) to the coroner's office or to a mortuary is not Covered, unless the Ambulance had been dispatched prior to the pronouncement of death by an individual authorized under state law to make such pronouncements.

When you cannot be safely transported by any other means in a non-Emergency situation, this plan also covers Medically Necessary Ambulance transportation to a Health Care Facility with appropriate facilities, or from one Hospital to another.

In determining whether Ambulance Services are reimbursable, BCBSNM will take the following factors into consideration:

- A reasonable person's belief that the circumstances required immediate medical care that could not wait until the next working day or next available appointment.
- The time of day the care was provided.
- The presenting symptoms.
- Any circumstances which precluded use of the PPO's established procedures for obtaining emergency care.

### Air Ambulance

Ground Ambulance is usually the approved method of transportation. This plan covers Air Ambulance when Medically Necessary.

### Outside the Service Area

Ambulance Services are covered only in an Emergency. See *Emergency and Urgent Care*, later in this section, for details on obtaining Emergency Care.

### Exclusions

This Plan does **not** cover:

- Commercial transport, private aviation, or air taxi services.
- Services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance.
- Services ordered only because other transportation was not available, or for your convenience.

## HYPNOTHERAPY

Benefits for Medically Necessary hypnotherapy are available when provided by a Provider trained in the use of hypnosis.

## HYPERBARIC OXYGEN THERAPY

Benefits will be provided for Medically Necessary hyperbaric oxygen therapy.

## AUTISM SPECTRUM DISORDERS

This Plan covers the Habilitative Treatment and rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA) therapies, with no age restrictions or age limits for the Member. Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the Member's treating Physician in accordance with a treatment plan. The treatment plan must obtain **Prior Authorization** by BCBSNM to determine that the services are to be performed in accordance with such a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services may be denied.

Services not approved through Prior Authorization by BCBSNM must be performed in accordance with a treatment plan and must be Medically Necessary or benefits for such services may be denied. Examples include therapy for a Child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a Child to function with a Congenital, Genetic or Early Acquired disorder. These services may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this Policy.

Services are subject to usual Member cost-sharing features such as Deductible, Coinsurance, Copayments, and Out-of-Pocket Limits, based on place of treatment and type of service, except where prohibited by state or federal law.

**NOTE:** Applied Behavioral Analysis (ABA) therapies are not subject to Member cost-sharing, when received from a Network Provider. All services are subject to the *General Limitations and Exclusions* except where explicitly mentioned as being an exception. This benefit is subject to the other general provisions of the health plan, including, but not limited to, coordination of benefits, Participating Provider agreements, restrictions on Health Care Services, including review of Medical Necessity, case management, and other Managed Care provisions.

Regardless of the type of therapy received, Claims for services related to Autism Spectrum Disorder should be mailed to BCBSNM, **not** to the Behavioral Health Services administrator.

### Exclusions

This Plan does **not** cover:

- Any Experimental, long-term, or maintenance treatments not required under state law unless listed above.
- Any services that are not Medically Necessary.
- Services in accordance with a treatment plan that has not been approved through Prior Authorization by BCBSNM.
- Respite services or care.
- Sensory Integration Therapy (SIT).
- Music therapy, vision therapy, or touch therapy.
- Floor time.
- Facilitated communication.
- Elimination diets; nutritional supplements; intravenous immune globulin infusion; secretin infusion.
- Chelation therapy.
- Hippotherapy, animal therapy, or art therapy.

## DENTAL-RELATED SERVICES AND ORAL SURGERY

The following services are the only Dental-Related Services and oral surgery procedures covered under this Plan. When alternative procedures or devices are available, benefits are based upon the most Cost Effective, medically appropriate procedure or device available.

### Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face, or Sound Natural Teeth are generally subject to the same limitations, exclusions and Member cost-sharing provisions that would apply to similar services when not dental-related (e.g., x-rays, Medical Supplies, Surgical Services). This also includes services or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition.

To be covered, *initial* treatment for the Accidental Injury should be sought as soon as possible after an accident to minimize any adverse effects that may occur due to lack of appropriate medical attention. Any services required after the initial treatment must be associated with the initial accident in order to be covered.

### Facility Charges and General Anesthesia for Dental-Related Services

This Plan covers inpatient or outpatient Hospital expenses (including Ambulatory Surgical Facilities) and Hospital and Physician charges for the administration of general anesthesia for noncovered, Medically Necessary Dental-Related Services if the patient requires hospitalization for one of the following reasons:

- Because of the **patient's** physical, intellectual, or medical condition(s), local anesthesia is not the best choice.
- Local anesthesia is ineffective because of acute infection, anatomic variation, or allergy to local anesthesia.
- The patient is a Member age 19 or younger who is extremely uncooperative, fearful or uncommunicative; his/her dental needs are too significant to be postponed; and lack of treatment would be detrimental to the Child's dental health.
- Because oral-facial or dental trauma is so extensive, local anesthesia would be ineffective.
- There is a Medically Necessary dental procedure -not excluded by any general limitation or exclusion listed in this Benefit Booklet such as for work-related or cosmetic services, etc. - that requires the patient to undergo general anesthesia or be hospitalized.

All Hospital Covered Services for dental procedures must be approved through Prior Authorization by BCBSNM. **NOTE:** Unless listed as a Covered Service in this section, the Dentist's services for the procedure will not be covered.

**Reminder: If Hospital Covered Services are recommended by a Nonpreferred (out-of-network) Provider, you are responsible for assuring that your Provider obtains Prior Authorization for outpatient Covered Services or benefits may be denied.**

### Oral Surgery

This Plan covers the following oral surgical procedures only:

- Medically Necessary orthognathic surgery.
- External or intraoral cutting and draining of cellulitis (not including treatment of dental-related abscesses).
- Incision of accessory sinuses, salivary glands, or ducts.
- Lingual frenectomy.
- Removal or biopsy of tumors or cysts of the jaws, cheeks, lips, tongue, roof, or floor of mouth when pathological examination is required.
- Removal of exostoses or bony impacted teeth.

### TMJ/CMJ Services

Treatment may include orthodontic Appliances and treatment, crowns, bridges, or dentures **only if** required because of an Accidental Injury to Sound Natural Teeth involving the Temporomandibular/Craniomandibular Joint.

### Exclusions

This Plan does **not** cover oral or dental procedures not specifically listed as covered, such as, but not limited to:

- Surgeon's or Dentist's charges for noncovered dental services.
- Hospitalization or general anesthesia for the patient's or Provider's convenience.
- Any service related to a dental procedure that is not Medically Necessary.
- Any service related to a dental procedure that is excluded under this Plan for reasons other than being dental-related, even if hospitalization and/or general anesthesia is Medically Necessary for the procedure being received (e.g., cosmetic procedures, Experimental procedures, services received after coverage termination, work-related injuries, etc.).
- Nonstandard services (diagnostic, therapeutic, or surgical).
- Removal of tori.
- Procedures involving orthodontic care, the teeth, dental implants, periodontal disease, noncovered services, or preparing the mouth for dentures.
- Duplicate or "spare" Appliances.
- Personalized restorations, cosmetic replacement of serviceable restorations, or materials (such as precious metals) that are more expensive than necessary to restore damaged teeth.
- Dental treatment or surgery, such as extraction of teeth or application or cost of devices or splints, unless required due to an Accidental Injury and covered under *Dental and Facial Accidents* or *TMJ/CMJ Services*, above.
- Dentures, artificial devices and/or bone grafts for denture wear, including implants.

## DIABETIC SERVICES

Diabetic persons are entitled to the same benefits for Medically Necessary Covered Services as are other Members under the health care plan, including diabetes self-management education and diabetic supplies and equipment. Please refer to the *Coverage for Individuals with Diabetes* provision of Section 3: How Your Plan Works, for more information.

## EMERGENCY CARE AND URGENT CARE

Acute medical Emergency Care is available 24 hours per day, 7 days a week.

### Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an emergency room, trauma center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include, but are not limited to, heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning. Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

### Emergency Room

**Use of an Emergency center for non-Emergency Care is NOT covered.** However, services will not be denied if you, in good faith and possessing average knowledge of health and medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be non-Emergency.

Acute Emergency Care is available 24 hours per day, 7 days a week. If services are received in an emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an emergency room that do not meet the definition of Emergency Care may be reviewed for

appropriateness and may be denied.

If you visit a Nonpreferred Provider for Emergency Care, the Preferred Provider benefit is applied only to the initial treatment, which includes emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. Once you are discharged, covered follow-up care from a Nonpreferred Provider is paid at the Nonpreferred Provider benefit level. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Services provided in an emergency room that are not Emergency Care may be excluded from Emergency coverage, although these services may be covered under another benefit, if applicable. Emergency Care services – including non-Emergency services provided in an emergency room for Mental Disorders or Chemical Dependency – performed by a Nonpreferred Provider will be paid at the Preferred Provider level.

### Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

### Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the Covered Services of a Nonpreferred Provider, even if a Preferred Provider is **not** available to perform the service.

Once you are discharged from the emergency room or inpatient setting, follow-up care from a Nonparticipating Provider **must** be approved through Prior Authorization by BCBSNM in order to be covered. You should notify your PPP and/or BCBSNM as soon as possible after receiving the emergency room care or of being admitted as an inpatient in order to arrange for follow-up care.

### Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments, or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Covered Services received in an Emergency room or other trauma center may be subject to an Emergency room Deductible depending upon your Plan.

## RETAIL HEALTH CLINIC CARE

This Plan covers Medically Necessary medical or surgical procedures, treatments, or services related to common illnesses and covered routine Preventive Services received at a Retail Health Clinic.

Care received in a Retail Health Clinic is covered as any other type of service.

## HEARING AIDS/RELATED SERVICES

This Plan covers the cost of hearing aids, the fitting and dispensing fees for hearing aids and ear molds, limited to one hearing air per ear every 36 months.

Benefits for hearing aids and hearing aid-related services, such as hearing examinations and audiometric testing related to a hearing aid need, are subject to the usual plan Deductible, Coinsurance, and Copayment provisions for office services and diagnostic testing.

## HOME HEALTH CARE/HOME I.V. SERVICES

### Conditions and Limitations of Coverage

If you are homebound (unable to receive medical care on an outpatient basis), this Plan covers Home Health Care Services and home I.V. services provided under the direction of a Physician. Nursing management must be through a Home Health Care Agency approved by BCBSNM. Home Health Care Services is limited to 100 visits per year. A *visit* is one period of home health service of up to four hours.

### Cost Sharing

Your Copayment or Coinsurance and Deductible will be the same amount as shown on your Summary of Benefits under primary care visits for Covered Services aimed at maximizing level of function, returning to a prior level of function, or maintaining or slowing the decline of function when these services are provided by a licensed or certified Physical Therapist, Occupational Therapist or Speech Therapist. Other Covered Services are subject to usual Member cost-sharing features such as Copayment or Coinsurance or Deductible based on the type of Provider, service, or supply.

### Exclusions

## HOSPICE CARE SERVICES

### Conditions and Limitations

This Plan covers inpatient and home Hospice services for a Terminally Ill Member received during a Hospice Benefit Period when provided by a Hospice program approved by BCBSNM. If you need an extension of the Hospice

Benefit Period, the Hospice agency must provide a new treatment plan and the attending Physician must recertify your condition to BCBSNM.

- Visits from Hospice Physicians.
- Skilled Nursing Care by a Registered Nurse (R.N.) or Licensed Practical Nurse (L.P.N).

### Exclusions

This Plan does **not** cover:

- Food, housing, or delivered meals.
- Homemaker and housekeeping services.
- Comfort items.
- Private duty nursing.
- Supportive services provided to the family of a Terminally Ill Patient when the patient is not a Member of this Plan.

### Cost Sharing

Your Copayment or Coinsurance and Deductible will be the same amount as shown on your *Summary of Benefits* under primary care visits for Covered Services aimed at maximizing level of function, returning to a prior level of function, or maintaining or slowing the decline of function when these services are provided by a licensed or certified Physical Therapist, Occupational Therapist or Speech Therapist. Other Covered Services are subject to usual Member cost-sharing features such as Copayment or Coinsurance or Deductible based on the type of Provider, service, or supply.

## HOSPITAL/OTHER FACILITY SERVICES

### Blood Services

This Plan covers the processing, transporting, handling, and administration of blood and blood components. This Plan covers directed donor or autologous blood storage fees only when the blood is used during a scheduled surgical procedure. This Plan does **not** cover blood replaced through donor credit.

### Medical Necessity

In order to be covered, treatment must be Medically Necessary and not Experimental, Investigational, or Unproven. Therapy must meet the following definition and conditions:

**Medically Necessary/Medical Necessity is defined as** Health Care Services that BCBSNM determines a Hospital, Physician, or other Provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms and that are:

- In accordance with generally accepted standards of medical practice.
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease.
- Not primarily for the convenience of the patient, Hospital, Physician, or other Provider, and not more costly, as determined by BCBSNM or its agents, than an alternative clinical service, therapy, or procedure or sequence of services, therapies, and procedures that based on evidence-based clinical data are at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For Psychotherapy (Mental Health and Chemical Dependency) Medical Necessity determinations, the applicable generally accepted principles and practices of good medical care and practices guidelines developed by the

American Psychiatric Association are contained in the latest version of the *Diagnostic and Statistical Manual.*

### Prior Authorization Requirements

***Prior Authorizations*** are a requirement that you or your Provider must obtain authorization from BCBSNM *before* you are admitted as an inpatient or receive certain types of services. In order to receive benefits:

- Services must be covered and Medically Necessary.
- Services must not be excluded.
- The procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

### Services Requiring Prior Authorization

Inpatient mental health and Chemical Dependency services (e.g., partial hospitalization, Residential Treatment centers) may need to be approved through Prior Authorization by the Behavioral Health Unit at the phone number listed on the back of your ID card. You or your Physician should call the Behavioral Health Unit **prior to or at the time of** your scheduled treatment. The BHU Call Center is open 24/7 to assist Members and Providers with Emergency Admission inquiries and to respond to crisis calls.

If you are admitted for a medical condition and later transferred to another unit in the same or different Facility for Drug Abuse rehabilitation (or vice versa), **both Admissions must receive an authorization.** For more information about which mental health or substance use disorder services do not require Prior Authorization, please see the *Mental Health and Substance Use Disorder Service Coverage* provision in Section 3: How Your Plan Works.

### Cosmetic Services

Cosmetic surgery is beautification or aesthetic surgery to improve an individual's appearance by surgical alteration of a physical characteristic. **This Plan does not cover** cosmetic surgery, services, or procedures for psychiatric or psychological reasons, or to change family characteristics or conditions caused by aging. **This Plan does not cover** services related to or required as a result of a cosmetic service, procedure, surgery, or subsequent procedures to correct unsatisfactory cosmetic results attained during an initial surgery.

Examples of cosmetic procedures are: dermabrasion, revision of surgically induced scars, breast augmentation; rhinoplasty, surgical alteration of the eye, correction of prognathism or micrognathism, excision or reformation of sagging skin on any part of the body including, but not limited to, eyelids, face, neck, abdomen, arms, legs, or buttock; services performed in connection with the enlargement, reduction, implantation, or change in appearance of a portion of the body including, but not limited to, breast, face, lips, jaw, chin, nose, ears, or genitals; **or any procedures that BCBSNM determines are not required to materially improve the physiological function of an organ or body part, unless Medically Necessary.**

The cosmetic coverage exclusion does not apply to Medically Necessary primary gender reassignment chest and/or genital surgeries nor to pharmaceutical gender reassignment services, all of which require prior authorization from BCBSNM.

**Exception:** Breast/nipple surgery performed as Reconstructive Surgery procedures following a covered mastectomy will be covered. However, **Prior Authorization, requested in writing,** must be obtained from BCBSNM for such services. Also, Reconstructive Surgery, which may have a coincidental cosmetic effect, may be covered when required as the result of Accidental Injury, illness, or congenital defect.

### Custodial Care

**This Plan does not cover** Custodial Care. Custodial Care is any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care includes those services which do not require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel assisting with routine medical needs (e.g., simple care and dressings, administration of routine medications, etc.), and/or assisting with activities of daily living (e.g., bathing, eating, dressing, etc.).

### Dental-Related Services and Oral Surgery

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see *Section 5: Covered Services, Dental-Related Services and Oral Surgery*, for additional exclusions.

### Domiciliary Care

**This Plan does not cover** domiciliary care or care provided in a residential institution, treatment center, halfway house, or school because your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

### Duplicate (Double) Coverage

**This Plan does not cover** amounts already paid by Other Valid Coverage or that would have been paid by Medicare as the primary carrier if you were entitled to Medicare, had applied for Medicare, and had claimed Medicare benefits. See *Section 7: Coordination of Benefits and Reimbursement* for more information. Also, if your prior coverage has an extension of benefits provision, **this Plan will not cover** charges incurred after your Effective Date of Coverage under this Plan that are covered under the prior plan's extension of benefits provision.

### Duplicate Testing

**This Plan does not cover** duplicative diagnostic testing or overreads of laboratory, pathology, or radiology tests.

### Experimental, Investigational, or Unproven Services

**This Plan does not cover** any treatment, procedure, Facility, equipment, drug, device, or supply not accepted as

*standard medical practice* (as defined) or those considered Experimental, Investigational, or Unproven, unless for Acupuncture rendered by a licensed Doctor of Oriental Medicine or unless specifically listed as covered under *Section 5: Covered Services, Autism Spectrum Disorders* or *Approved Clinical Trials*, in and mandated by law. In addition, if federal or other government agency approval is required for use of any items and such approval was not granted when services were administered, the service is Experimental and will not be covered. To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The device, drug, or medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the device, drug, or medicine is furnished.
- Reliable evidence shows that the treatment, device, drug, or medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, device, drug, or medicine is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis. The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

*Reliable evidence* means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or Investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

*Standard medical practice* means the services or supplies that are in general use in the medical community in the United States, and:

- Have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated.
- Are appropriate for the Hospital or other Facility Provider in which they were performed.
- The Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

### Late Claim Filing

**This Plan does not cover** long-term therapy whether for physical or for mental conditions, even if Medically Necessary and even if any applicable benefit maximum has not yet been reached, except that medication management for chronic conditions is covered. Therapies are considered long-term if measurable improvement is

not possible **within two months** of beginning therapy. Long-term therapy includes treatment for chronic or incurable conditions for which rehabilitation produces minimal or temporary change or relief. Treatment of chronic conditions is not covered. (Chronic conditions include, but are not limited to, muscular dystrophy, Down's syndrome, and cerebral palsy.)

**NOTE:** This exclusion does **not** apply to benefits for medication or medication management or to certain services required to be covered under New Mexico state law for children with Autism Spectrum Disorders.

**This Plan does not cover** maintenance therapy or care or any treatment that does not significantly improve your function or productivity, or care provided after you have reached your rehabilitative potential (unless therapy is covered during an approved Hospice Benefit Period). In a dispute about whether your rehabilitative potential has been reached, you are responsible for furnishing documentation (e.g., medical records, Physician's letters, progress notes) from your Physician supporting his/her opinion.

### Medical Necessity Guidelines Determinations

Any technologies, procedures, or services for which Medical Necessity Guidelines have been developed by BCBSNM are either limited or excluded as defined in the Medical Necessity Guidelines. **Exception:** The fact that this Plan covers certain services that are excluded under BCBSNM Medical Necessity Guidelines and certain services defined as Experimental or as maintenance therapy, but which must be covered under New Mexico state law (such as Cancer Clinical Trials and Applied Behavioral Analysis) does not mean that any other services will be or should be covered when contraindicated by BCBSNM Medical Necessity Guidelines. Only covered Acupuncture and those services mandated by state law will be excepted from this BCBSNM standard Medical Necessity Guidelines exclusion.

BCBSNM, in consultation with the Provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a Provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion.

- Charges made only because benefits are available under this Plan.

You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

# SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

*For a work-related injury or condition, see the Work-Related Conditions exclusion in Section 6: General Limitations and Exclusions.*

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100% of BCBSNM's Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or health care plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

If you are also covered by Medicare, special COB rules may apply. Contact a Customer Service Advocate for more information. If you are enrolled in federal continuation coverage, coverage ends at the beginning of the month when you become entitled to Medicare or when you become insured under any Other Valid Coverage (unless a pre-existing conditions limitation applies).

Even when this Plan is secondary, all provisions must be followed. Failure to do so may impact your benefit payment from BCBSNM. The benefits BCBSNM provides for Covered Services may be reduced because of benefits received from the Other Valid Coverage.

## The following rules determine which coverage pays first:

**Subscriber/Family Member** — If the Member who received care is covered as an employee, retiree, or other policy holder (i.e., as the Subscriber) under one health plan and as a spouse, Child, or other family Member under another, the health plan that designates the Member as the employee, retiree, or other policy holder (i.e., as the Subscriber) pays first.

If you have Other Valid Coverage *and* Medicare, contact the other carrier's customer service department to find out if the other coverage is primary to Medicare. There are many federal regulations regarding Medicare Secondary Payer provisions, and other coverage may not be subject to those provisions.

**Child** — For a Child whose parents are not separated or divorced, the longest covered parent's coverage pays first.

**Child, Parents Separated or Divorced** — For a Child of divorced or separated parents, benefits are coordinated in the following order:

- *Court-Decreed Obligations.* Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the Child's health care expenses, the coverage of that parent pays first.
- *Custodial/Noncustodial.* In the absence of a court decree which specifies which parent is financially responsible for the Child's health care expenses:
  - The plan of the Custodial parent pays first.
  - The plan of the noncustodial parent pays second.
  - The plan of the spouse of the parent with physical custody (i.e., the stepparent) pays third.

**Active/Inactive Employee —** If a Member is covered as an active employee under one coverage and as an inactive employee under another, the coverage through active employment pays first. (Even if a Member is covered as a family Member under both coverages, the coverage through active employment pays first.) If the other plan does not have this rule and the plans do not agree on the order of benefits, the next rule applies.

**Longer/Shorter Length of Coverage** — When none of the above applies, the plan in effect for the longest continuous period of time pays first. (The start of a new plan does not include a change in the amount or scope of benefits, a change in the entity that pays, provides, or administers the benefits, or a change from one type of plan to another.)

**Responsibility for Timely Notice —** BCBSNM is not responsible for coordination of benefits if information

is not provided regarding the application of this provision.

**Facility of Payment** — Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will have fulfilled its obligation to coordinate benefits appropriately.

**Overpayments/Right of Recovery -** Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

## REIMBURSEMENT

If you or one of your covered family Members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- BCBSNM has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which BCBSNM has provided benefits to you or your covered family members.
- BCBSNM is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits BCBSNM provided for that sickness or injury.
- BCBSNM shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which BCBSNM has provided benefits as a result of that sickness or injury.

# SECTION 8: CLAIMS PAYMENTS AND APPEALS

## IMPORTANT NOTE ABOUT FILING CLAIMS

**This section addresses the procedures for filing Claims and appeals.** The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All Claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be denied as explained in *Section 4: Utilization Management.* Covered Services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

**Legal Actions.** Per New Mexico state law, no action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

## CLAIM FORMS AND PROOF OF LOSS

Written proof of loss must be furnished to BCBSNM in accordance with the Claim procedures specified in this *Section 8: Claims Payments and Appeals*. Proof may be submitted on paper. Written notice of Claim must be given to BCBSNM within 365 days after the occurrence or start of the loss on which the Claim is based. If notice is not given in that time, the Claim will not be invalidated or denied if it is shown that written notice was given as soon as was reasonably possible. When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Plan if the claimant submits written proof of loss along with the character and the extent of the loss for which claim is made within 365 days after the date of the first service, except in the absence of legal capacity due to a serious health condition and unable to perform regular daily activities.

## IF YOU HAVE OTHER VALID COVERAGE

When you have Other Valid Coverage that is "primary" over this Plan, you need to file your Claim with the other coverage first. After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile, or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under "Where to Send Claim Forms" later in this section.

If the Other Valid Coverage pays benefits to you (or your family Member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

## PARTICIPATING AND PREFERRED PROVIDERS

Your "Preferred" Provider has a Preferred Provider contract that pays at the in-network Benefit level. Providers with a Preferred Provider contract cannot balance bill. Some Providers **only** have a "Participating Provider" contract and are **not** considered Preferred Providers. Participating Provider contracts pay at the Nonpreferred Provider Benefit level, but they cannot balance bill the Member. All Participating and Preferred Providers obtain Prior Authorization for the Member and file Claims with their local BCBS Plan. Payment is made directly to them. Be sure that these Providers know you have health care coverage administered by BCBSNM. Do **not** file Claims for these services yourself.

Preferred Providers (and Participating Providers contracting directly with BCBSNM) also have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The Providers' contract language lets them know

that they may not bill the employer or any Member for a service if the Provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations.

## PROVIDER NETWORK

Network Providers are not required to comply with any specified numbers, targeted averages, or maximum durations of patient visits. You will not be held liable to a Network Provider for any sums owed to the Provider by BCBSNM.

## NONPARTICIPATING PROVIDERS

A Nonparticipating Provider is one that has neither a Preferred nor a Participating Provider agreement. If your Nonparticipating Provider does not file a Claim for you, submit a separate Claim form for each family Member as the services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form.* (Forms can be printed from the BCBSNM website at formfinder.hcsc.net/formfinder/search-display.do?portal=pub_mem&state=NM or requested from a Customer Service Advocate.) Complete the Claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under "Where to Send Claim Forms" later in this section.)

Payment normally is made to the Contracted Provider. However, if you have already paid the Provider for the services being claimed, your Claim must include evidence that the charges were paid in full. Upon approval of the Claim, BCBSNM will reimburse you for Covered Services, based on Covered Charges, less any required Member Copayment. You will be responsible for charges not covered by the Plan.

Please contact the Nonparticipating Provider for any balance billing issues. If you need additional assistance, you may also contact the Managed Health Care Bureau (MHCB) at OSI:

- Accident or surgery date (when applicable).
- Amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment.

**Correctly itemized bills are necessary for your Claim to be processed.** The only acceptable bills are those from health care Providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the Provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See "Where to Send Claim Forms" below, for special instructions regarding out-of-country Claims.)

## WHERE TO SEND CLAIM FORMS

If your Nonparticipating Provider does not file a Claim for you, you (not the Provider) are responsible for filing the Claim. **Remember:** Participating and Preferred Providers will file Claims for you; these procedures are used only when you must file your own Claim.

**Services in United States, U.S. Virgin Islands, and Puerto Rico**

If a Nonparticipating Provider will not file a Claim for you, ask for an itemized bill and complete a Claim form the same way that you would for services received from any other Nonparticipating Provider. Mail the Claim forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

**Blue Cross and Blue Shield of New Mexico**
**P.O. Box 660058**
**Dallas, TX 75266-0058**

### Mental Health/Chemical Dependency Claims

Claims for covered mental health and Chemical Dependency services received in New Mexico should be submitted to:

**BCBSNM, BH Unit**
**P.O. Box 660058**
**Dallas, TX 75266-0058**

### Drug Plan Claims

If you purchase a prescription drug or other item covered under the drug plan from a nonparticipating pharmacy or other Provider in an Emergency, or if you do not have your ID Card with you when purchasing a prescription or other covered item, you must pay for the prescription in full and then submit a Claim to BCBSNM's pharmacy benefit manager. **Do not send these Claims to BCBSNM.** The bills or receipts must be issued by the pharmacy and must include the pharmacy name and address, drug name, prescription number, and amount charged. Refer to your Drug Rider for further Claims submission information. You may also contact Customer Service for assistance or the BCBSNM website www.bcbsnm.com/docs/forms/claim/nm/rx-claim-form-nm.pdf. Please send prescription drug claims to:

**Prime Therapeutics**
PO Box 25136
Lehigh Valley, PA 18002-5136

### Services Outside the United States, U.S. Virgin Islands, or Puerto Rico

For covered inpatient Hospital services received outside the United States (including Puerto Rico and the U.S. Virgin Islands), show your Plan ID Card issued by BCBSNM. BCBSNM participates in a Claim payment program with the Blue Cross and Blue Shield Association. If the Hospital has an agreement with the Association, the Hospital files the Claim for you to the appropriate Blue Cross Plan. Payment is made to the Hospital by that Plan, and then BCBSNM reimburses the other Plan.

You will need to pay up front for care received from a **doctor,** a **participating outpatient Hospital,** and/or a **nonparticipating Hospital.** Then, complete a Blue Cross Blue Shield Global Core *International Claim Form* and send it with the bill(s) to the service center (the address is on the form). The Blue Cross Blue Shield Global Core International *Claim Form* is available from BCBSNM, the service center, or on-line at:

**bcbsglobalcore.com/Account/Login.**

The Blue Cross Blue Shield Global Core *International Claim Form* is to be used to submit institutional and professional Claims for benefits for covered Emergency services received outside the United States, Puerto Rico, Jamaica, and the U.S. Virgin Islands. For filing instructions for other Claim types (e.g., dental, prescription drugs, etc.) contact your Blue Cross and Blue Shield Plan. The Blue Cross Blue Shield Global Core *International Claim Form* must be completed for each patient in full and accompanied by fully itemized bills. It is not necessary for you to provide an English translation or convert currency.

Since the Claim cannot be returned, please be sure to keep photocopies of all bills and supporting documentation for your personal records. The Member should submit a Blue Cross Blue Shield Global Core *International Claim Form* (available at bcbsglobalcore.com/Account/Login), attach itemized bills, and mail to Blue Cross Blue Shield Global Core at the address below. Blue Cross Blue Shield Global Core will then translate the information, if necessary, and convert the charges to United States dollars. They also will contact BCBSNM for benefit information in order to process the Claim. Once the Claim is finalized, the *Explanation of Benefits* will be mailed to the Subscriber and payment, if applicable, will be made to the Subscriber via wire transfer or check. Mail international Claims to:

**Service Center**
**P.O. Box 72017**
**Richmond, VA 23255-2017**

## IF YOU HAVE MEDICARE

**NOTE: This section applies to you only if you are primary under Medicare and Plan benefits are going to be coordinated with Medicare as a result. If you are not sure if Medicare is primary or secondary, please see *Section 3: How Your Plan Works, If You Have Medicare,* for a brief explanation or call the Social Security office for more information.**

### Filing Claims if Medicare is Primary

If you have Medicare and Medicare is primary over this Plan (i.e., you are retired, a dependent of a retiree, or a Member that has exhausted the end-stage renal disease coordination time period under Medicare), when you receive health care, be sure to present both your Medicare ID card and your **Group** Plan ID Card issued by BCBSNM. Always present your Medicare ID card to your health care Providers so that they will bill Medicare first. After Medicare has paid its portion **for services received in New Mexico,** a Claim should automatically be sent by the Medicare Part B carrier or Part A intermediary to BCBSNM for secondary benefit determination. (If your Claims are not being sent by Medicare to BCBSNM, please call a Customer Service Advocate to verify that the correct Medicare HIC number is on file for you. Also, in order to ensure that Claims are filed properly, the Provider must have information from the ID cards issued to you by **both** Medicare and BCBSNM.)

If you must file a Claim for services that were covered by Medicare (for example, because services were received outside New Mexico and the Claim does not automatically "cross-over" once Medicare has paid its portion), you will have to file a copy of the *Explanation of Medicare Benefits* ("EOMB") that you receive from Medicare and all other required Claim information with the local BCBS Plan. ON the EOMB you receive from Medicare, **print your Plan ID** number (found on your Plan ID Card issued by BCBSNM) - including the three alphabetic characters that precede the nine-digit number -and your correct mailing address and zip code. **Make a copy of the EOMB for your records.**

Mail Claims, EOMBs, and other needed information to the local BCBS Plan in the state where you receive services. Your Provider should be familiar with this process, and in most cases, will file on your behalf. If you receive services in New Mexico and need to file a Claim to BCBSNM, send the Claim to:

**Blue Cross and Blue Shield of New Mexico**
**P.O. Box 660058**
**Dallas, TX 75266-0058**

### Medicare-Covered Facility Services

All Medicare Participating Providers of Part A services, including Skilled Nursing Facilities and Hospice agencies, will submit Claims directly to Medicare. To file Claims, the Facility must have the information from the Identification Cards issued to you by **both** Medicare and BCBSNM. After Medicare Part A has paid its portion of Covered Charges for services received in New Mexico, it is **not** necessary for you to file a Claim for most Facility services with BCBSNM. These Claims are automatically submitted by the Medicare Part A intermediary to BCBSNM. An *Explanation of Benefits* will be sent to you by BCBSNM after Plan benefits have been determined. If you must file your own Claim after Medicare pays its portion (for example, because services were received outside New Mexico), you must file a Claim for services received from the Hospital, along with Medicare's EOMB, **to the local BCBS Plan.** (See instructions in this section.)

### Medicare-Covered Non-Facility Services

A Claim for Physician and other Professional Provider services must be filed **first** with Medicare Part B Medical Insurance. (All Medicare Providers must file Claims for you to Medicare.)

If you have given your Plan ID Card to your Provider, the Medicare Part B carrier will send an electronic copy of the Claim to BCBSNM **if the services are received in New Mexico.** If Medicare does not have your Plan ID number, you must file a copy of the EOMB and all other required information with BCBSNM after Medicare has sent an EOMB to you. Even though Providers may file Claims on your behalf, it is **your** responsibility to make sure that the Claim is filed to BCBSNM. If you must file your own Claim after Medicare pays its portion (for example, because services were received outside New Mexico), you must file the Claim for services received from the Provider, along with Medicare's EOMB, **to the local BCBS Plan.** (See instructions in this section.)

### Services Not Covered by Medicare

You may have to file your Claim yourself. If your Provider does not file a Claim for you, you must submit a separate Claim form for each family Member. Submit all Claims as the services are received. If a service is normally covered by Medicare, you must submit a copy of the EOMB (showing Medicare's denial reason) with the Claim form that you send to BCBSNM.

### When an EOMB is Not Required

An EOMB indicating Medicare denied the service is required on all Claims except Claims for:

- Services received outside the Medicare territorial limits.
- Services from Providers with whom you have privately Contracted. (BCBSNM will estimate what Medicare would have paid had you not privately Contracted with the Provider and had submitted the Claim to Medicare for payment.)
- Services received from licensed professional clinical mental health counselors (LPCC) and licensed marriage and family therapists (LMFT). (However, you will need Prior Authorization from BCBSNM in order to receive benefits for covered mental health and Chemical Dependency services received from LPCC and LMFT Providers.)

**NOTE:** If the services you intend to receive would be covered by Medicare if you were to obtain the service from a Medicare-eligible Provider, you or your Provider must call BCBSNM for **Prior Authorization** before receiving services from such a Provider. This will verify that the services being planned will be or will not be covered under the Plan and if the services require additional Prior Authorization from BCBSNM. If a Medicare Provider is in your area and able to provide the services you need, you may be required to receive the service from a Medicare-eligible Provider in order to receive benefits under the **Group** Plan.

### Services Outside Medicare Territorial Limits

When services are received outside the Medicare territorial limits, you must pay for the services or supplies. **Keep copies of your receipts.** File Claims as you would for any other service not covered by Medicare. (Medicare defines *Medicare territorial limits* as the United States, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands.) If you receive Covered Services while outside the United States, call the service

center, collect, at 804-673-1177 for assistance with Claims filing. Or visit the Blue Cross and Blue Shield Association website to locate nearby participating Physicians and Hospitals.

**To submit a Claim for services received outside the Medicare territorial limits, you do not need an EOMB.**

## CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the Provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Subscriber will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **NOTE:** If a Qualified Child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the Member is an eligible Child of divorced parents, and the Subscriber under this Plan is the noncustodial parent, the Custodial parent may receive the payment and the EOB.

### If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include:

- The reasons for denial.
- A reference to the health care plan provisions on which the denial is based.
- An explanation of how you may appeal the decision if you do not agree with the denial. (See *Complaints/Appeals Summary*, later in this section.) **You also have 180 days** following request of notification of an adverse benefit determination in which to appeal a decision to BCBSNM; however, you may exceed the 180-day limit when appealing to the Managed Health Care Bureau of the Office of Superintendent of Insurance**.**

### Covered Charge

Provider payments are based upon Preferred Provider and Participating Provider agreements and Covered Charges as determined by BCBSNM. For services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state Providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, and noncovered expenses. For covered Emergency services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

### Preferred Providers

Payments for Covered Services usually are sent directly to network (Preferred or Participating) Providers. The EOB you receive explains the payment.

### Nonparticipating Providers

If Covered Services are received from a Nonparticipating Provider, payments are usually made to the Subscriber (or to the applicable alternate payee when a QCMSO is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the Provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, and noncovered expenses.

### Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or treatment Facility may place a lien upon a compromise, settlement, or judgement obtained by you when the Facility has not been paid its total billed charges from all other sources.

## Assignment of Benefits

BCBSNM specifically reserves the right to pay the Subscriber directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Subscriber instead of anyone else.

## Early Developmental Delay and Disability

For covered children **under age four** who are also eligible for services under the New Mexico Department of Health's (DOH) "Family, Infant and Toddler" (FIT) program, as defined in 7.30.8, NMAC, your BCBSNM Plan will reimburse the DOH for certain Medically Necessary early intervention services that are provided as part of an individualized family service plan under the FIT program by personnel who are licensed and certified for the DOH's FIT program. The maximum reimbursement under the BCBSNM Plan is **limited to $3,500** per year. However, amounts paid to DOH for such services are not included in any annual or lifetime benefit maximums under the Plan. Claims for services payable to the DOH under this provision will be honored only if submitted to BCBSNM by the New Mexico DOH.

## Medicaid

Payment of benefits for Members eligible for Medicaid is made to the appropriate state agency or to the Provider when required by law.

## Medicare

If you are 65 years of age or older, BCBSNM will suspend your Claims until it receives (a) an *Explanation of Medicare Benefits (EOMB)* for each Claim (if you are entitled to Medicare), or (b) Social Security Administration documentation showing that you are not entitled to Medicare.

## Overpayments

If BCBSNM makes an erroneous benefit payment to the Subscriber or Member for any reason (e.g., Provider billing error, Claims processing error), BCBSNM may recover overpayments from you.

## Pricing of Noncontracted Provider Claims

Except for certain categories of Claims described below, the BCBSNM Covered Charge for Covered Services received from Noncontracted Providers is the lesser of the Provider's billed charges or the BCBSNM "Noncontracting Allowable Amount." The BCBSNM Noncontracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS). The Medicare Allowable is determined for a service covered under your BCBSNM health plan using information on each specific Claim and, based on place of treatment and date of service, is multiplied by an "Adjustment Factor" to calculate the BCBSNM Noncontracting Allowable Amount. The Adjustment Factor for non-Emergency services are:

- 100% of the base Medicare Allowable for inpatient Facility Claims.
- 300% of the base Medicare Allowable for outpatient Facility Claims.
- 200% of the base Medicare Allowable for freestanding Ambulatory Surgical Facility Claims.
- 100% of the base Medicare Allowable for Physician, other Professional Provider Claims, and other ancillary Providers of covered Health Care Services and supplies.

Certain categories of Claims for **Covered Services** from Noncontracted Providers are excluded from this Noncontracted Provider pricing method. These include:

- Services for which a Medicare Allowable cannot be determined based on the information submitted on the Claim (in such cases, the Covered Charge is 50% of the billed charge).
- Home health Claims (the Covered Charge is 50% of the billed charge).

- Services administered and priced by any subcontractor of BCBSNM or by the Blue Cross and Blue Shield Association.
- Claims paid by Medicare as primary coverage and submitted to your health plan for secondary payment.
- New Mexico ground Ambulance Claims (for which the New Mexico Public Regulation Commission sets fares).
- Covered Claims priced by a non-New Mexico BCBS Plan through BlueCard® using local pricing methods.
- The categories of Claims for Covered Services from Noncontracted Providers discussed in more detail below.

**Benefits for Emergency Care**
If you receive treatment from a Nonparticipating Provider for Emergency Care, BCBSNM will review and process payment consistent with the in-network benefit for the Covered Services provided. For services to be Covered Services, the services must be consistent with the definition of Emergency Care. Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

Pricing for the following categories of Claims for **Covered Services** from Noncontracted Providers will be priced at billed charges, at an amount negotiated by BCBSNM with the Provider, or other amount allowed by law, such as the New Mexico Surprise Billing Protection Act or the federal No Surprise Act, whichever is less:

- For PPO health plans, services from Noncontracted Providers that satisfy at least one of the two conditions below and, as a result, are eligible for the Preferred Provider benefit level of coverage.
- Covered Services from Noncontracted Providers within the United States that are classified as "Unsolicited Providers" as explained earlier in *Section 3: How Your Plan Works* and as determined by the Member's Host Plan while outside the Service Area of BCBSNM.
- Prior Authorization of transition of care services received from Noncontracted Providers.

Pricing for the following categories of Claims for Covered Services from Noncontracted Providers will be priced at either the sixtieth percentile of the allowed commercial reimbursement rate for the particular Covered Service based on Claims paid in 2017, or at 150% of the 2017 Medicare Allowable for the Covered Service, whichever is greater. Unlike the pricing methods above, you will not be responsible for paying to the Noncontracted Provider the difference between the BCBSNM Covered Charge and the Noncontracted Provider's billed charge for a Covered Service.

- Covered Services required during an Emergency, excluding Covered Services received in an Ambulance.
- Non-emergent Covered Services that have been approved through Prior Authorization, if needed, and are rendered at a Contracted Facility where:
  - A Contracted Provider is unavailable.
  - A Noncontracted Provider renders unforeseen Covered Services.
  - A Noncontracted Provider renders Covered Services for which you did not give specific consent to the Noncontracted Provider to render.

BCBSNM will use essentially the same Claims processing rules and/or edits for Noncontracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any Claim edits or rules for a particular Covered Service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

## Provider Payment Example

The two examples below demonstrate the difference between your liability for services from a Nonpreferred Provider (when such services are approved through Prior Authorization and **not** eligible for 100% coverage of billed charges,) versus a Preferred Provider. Both examples are for a plan that pays 80% of Covered Charges with the remaining 20% of Covered Charges paid by the Member.

***Example 1.*** Preferred Provider Claim Payment (Plan pays 80%; Deductible is met):

| | |
|---|---|
| **Provider's billed charge** | $10,000 |
| **Covered Charges** (maximum amount that can be considered for benefit payment) | $8,000 |
| **BCBSNM payment to Provider** (80% of $8,000) | $6,400 |
| **Member Coinsurance** (20% of $8,000) applied to the Out-of-Pocket Limit | $1,600 |
| **Amount over the Covered Charges** -the Preferred Provider writes off the difference between billed amount and Covered Charge | $0 |
| **Total amount due from Member** (Coinsurance only): | $1,600 |

***Example 2.*** Nonpreferred Provider Claim Payment (Plan pays 80%; Deductible is met):

| | |
|---|---|
| **Provider's billed change** | $10,000 |
| **Covered Charges** (maximum amount that can be considered for benefit payment) | $8,000 |
| **BCBSNM payment to Provider** (80% of $8,000) | $6,400 |
| **Member Coinsurance** (20% of $8,000) applied to the Out-of-Pocket Limit | $1,600 |
| **Amount over the Covered Charges** -the Member is responsible for all costs incurred over the Covered Charges and these amounts do not apply to your Out-of-Pocket Limits | $2,000 |
| **Total amount due from Member** (Coinsurance only): | $3,600 |

***Example 3.*** **(**In-network Hospital Plan pays 90%) (Out-of-network Hospital Plan pays 70%)

| | | |
|---|---|---|
| Actual Hospital Charge | $10,500 | $10,500 |
| Amount Recognized by medical plan: | $6,500 (the discounted rate for health plan) | $8,800 (the Reasonable & Customary charges based on standard charge for that geographic area) Plan does not recognize the $1,700 difference between the actual charge and the R&C |
| Medical plan pays: | 90% of the discounted rate: $6,500 x 90% = $5,950 | 70% of the discounted rate: $8,800 x 70% = $6,160 |
| Member Pays: | 10% of the discounted rate: $6,500 x 10% = $650 | 30% of R&C charges ($8,800) plus 100% of the amount over R&C ($1,700): $2,640 + $1,700 =$4,340 |

## INTER-PLAN ARRANGEMENTS

Blue Cross and Blue Shield of New Mexico (BCBSNM) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside of the geographic area BCBSNM serves, the Claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan

Arrangements are described below.

Inter-Plan Arrangements link the BCBSNM Provider network with other individual Blue Cross Blue Shield networks across the country to provide you broad access to Contracted Providers. When you receive care outside of the Service Area, you will receive it from one of two types of Providers. Most Providers have a contractual agreement (i.e., are "Contracted Providers") with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("Non-contracted Providers") don't contract with the Host Blue. BCBSNM explains below how BCBSNM pays both kind of Providers below.

You always have the choice to receive services from Contracted or Noncontracted Providers in New Mexico or outside New Mexico, but the difference in the amount you pay may be substantial. When services are received by you outside of the State of New Mexico from either Contracted or Noncontracted Providers, the Host Blue will provide BCBSNM with a Covered Charge based on what it uses for its own local Members for services received from either Contracted or Noncontracted Providers in the state where the Host Blue is located.

For purposes of the Inter-Plan Arrangements described in this section, "Covered Charge" means the amount that BCBS NM determines is fair and reasonable for a particular covered and Medically Necessary service, as provided to BCBSNM by a Host Blue. After the Member's share of the Covered Charge is calculated, BCBSNM will pay the remaining amount of the Covered Charge up to the maximum benefit limitation, if any.

## BLUECARD® PROGRAM

### Services Received from Contracted Providers Outside of New Mexico:

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSNM will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Contracted Providers.

For inpatient Facility services received in a Hospital, the Host Blue's Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the Member will be held harmless for the Provider sanction.

Whenever you receive Covered Services outside the Service Area and the Claim is processed through the Blue-Card Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for your Covered Services.
- The negotiated price or "allowable amount" that the Host Blue makes available to BCBSNM.

If the services are provided by a Contracted Provider of the Host Blue, the Provider will submit your Claims directly to the Host Blue to determine the allowable amount. BCBSNM will use the allowable amount to determine the Covered Charge so that your Claim can be processed timely. The Covered Charge will be an amount up to but not in excess of the allowable amount the Host Blue has passed on to BCBSNM. Because the services were provided by a Contracted Provider, you will receive the benefit of the payment/rate negotiated by the Host Blue with the Provider. As always, you will be responsible for any applicable Deductible, Copay and/or Coinsurance amounts ("Member share"). The amount that BCBSNM pays together with your Member share is the total amount the Contracted Provider has contractually agreed to accept as payment in full for the services you have received.

Often, this "allowable amount" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or

underestimation of past pricing of Claims, as noted above. However, such adjustments will not affect the price BCBSNM uses for your Claim because they will not be applied after a Claim has already been paid.

In some cases, BCBSNM may, but is not required to, at its sole discretion, negotiate a payment with a noncontracting health care Provider on an exception basis.

Federal law or state laws or regulations may require a surcharge, tax or other fee as part of the Claim charge passed on to you.

### Services Received from a Noncontracted Provider Outside of New Mexico

If the services are provided by a Noncontracted Provider, the Provider may, but is not required to, submit Claims on your behalf. A Noncontracted Provider has not negotiated its payments/rates with either the Host Blue or BCBSNM. If the Noncontracted Provider does not submit Claims on your behalf, you will be required to submit the Claims directly to the Host Blue. You will be subject to balance billing when you receive services from a Noncontracted Provider. This amount may be significant. "balance billing" means that the Noncontracted Provider may require you to pay any amount that the Provider bills that exceeds the sum of what BCBSNM pays toward the Covered Charge and your Member share of the Covered Charge.

### Member Liability Calculation

### In General

Under Inter-Plan Arrangements, when services are received outside the state of New Mexico from a Noncontracted Provider, the Covered Charge will be determined by the Host Blue servicing the area or by applicable laws and rules, including, but not limited to, statutes, ordinances, judicial decisions, and regulations and will be passed on to BCBSNM. BCBSNM will use the Host Blue's Covered Charge as its Covered Charge so that your Claim can be timely processed. BCBSNM's Covered Charge will be an amount up to but not in excess of the Covered Charge the Host Blue has passed on to BCBSNM. In addition to being responsible to pay your Member share, you may be subject to balance billing by the Noncontracted Provider who provided services to you. Before you receive services from a Noncontracted Provider, you should ask for a written breakdown of all amounts that you will have to pay, including Member share and balance billing amounts, for the services you will receive. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

### Exceptions

In certain situations, BCBSNM may use other payment bases to determine the amount BCBSNM will pay for services rendered by Noncontracted healthcare Providers, such as:

- Billed charges for Covered Services.
- The payment we would make if the healthcare services had been obtained within our Service Area.
- A special negotiated payment as permitted under the InterPlan Arrangements.
- For Professional Providers, make a payment based on publicly available data and historic reimbursement to Providers for the same or similar professional services, adjusted for geographical differences where applicable.
- For Hospital or Facility Providers. Make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or Facility. In these situations, the Member may be responsible for the difference between the amount that the Non-Contracted Provider bills and the payment that BCBSNM will make for Covered Services as set forth in this paragraph.

### Emergency Care Services

If you experience an Emergency while traveling outside the Service Area, go to the nearest Emergency medical Facility or trauma center.

### Blue Cross Blue Shield Global Core

The United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (is the "BlueCard® Service Area"), if you are outside the BlueCard Service Area, you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard® Program available in the BlueCard® Service Area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard® Service Area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the United States, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

For services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine the Covered Charge.

### Inpatient Services

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient Services, except for your cost-share amounts/Deductibles, Coinsurance, etc. In such cases, the Hospital will submit your Claims to the service center to begin Claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. You must contact BCBSNM to obtain Prior Authorization for non-Emergency Inpatient Services.

### Outpatient Services

Outpatient Services are available for Emergency Care. Physicians, Urgent Care centers and other outpatient Providers located outside the BlueCard® Service Area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

### Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for Covered Services outside the BlueCard® Service Area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International Claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the claim form will help ensure timely processing of your Claim. The Claim form is available from BCBSNM, the service center or online at bcbsglobalcore.com/Account/Login. ## SUMMARY OF HEALTH INSURANCE GRIEVANCE PROCEDURES

This is a summary of the process you must follow when you request a review of a decision by your insurer. You will be provided with detailed information and complaint forms by your insurer at each step. In addition, you can review the complete New Mexico regulations that control the process under the Managed Health Care Bureau page found under the Departments tab on the Office of Superintendent of Insurance (OSI) website, located at www.osi.state.nm.us/. You may also request a copy from your insurer at:

**Blue Cross Blue Shield of New Mexico**
P.O. Box 660058 Dallas, TX 75266-0058

### Prior Authorization

### How does Prior Authorization for a Health Care Service work?

When your insurer receives a request to pre-authorize (certify) payment for a healthcare service (service) or a request to reimburse your healthcare Provider (Provider) for a service that you have already had, it follows a two-step process.

**Coverage:** First, the insurer determines whether the requested service is covered under the terms of your health benefits plan (policy). For example, if your policy excludes payment for adult hearing aids, then your insurer will not agree to pay for you to have them even if you have a clear need for them.

**Medical Necessity:** Next, if the insurer finds that the requested service is covered by the policy, the insurer determines, in consultation with a Physician, whether a requested service is Medically Necessary. The consulting Physician determines Medical Necessity either after consultation with specialists who are experts in the area or after application of uniform standards used by the insurer. For example, if you have a crippling hand injury that could be corrected by plastic surgery and you are also requesting that your insurer pay for cosmetic plastic surgery to give you a more attractive nose, the insurer might certify the first request to repair your hand and deny the second, because it is not Medically Necessary.

**Experimental or Investigational Services:** Depending on terms of your policy, your insurer might also deny certification if the service you are requesting is outside the scope of your policy. For example, if your policy does not pay for Experimental procedures, and the service you are requesting is classified as Experimental, the insurer may deny certification. Your insurer might also deny certification if a procedure that your Provider has requested is not recognized as a standard treatment for the condition being treated.

**IMPORTANT: If your insurer determines that it will not certify your request for services, you may still go forward with the treatment or procedure. However, you will be responsible for paying the Provider yourself for the services.**

### How long does a Prior Authorization review take?

**Standard timeline Prior Authorization decision:** The insurer must make a Prior Authorization decision for most benefits within 7 working days. A standard decision timeline applies to benefit certification requests that are not urgent. For example, a standard benefit certification request may involve surgical care, like routine hip replacement surgery. An insurer must make an initial decision on a standard request for an exception to an insurer's step-therapy requirements or drug formulary within 24 hours for urgent care requests and 72 hours for standard care request. A step-therapy requirement means trying a less expensive drug before "stepping up" to a more expensive option. Asking for an exception to this requirement means asking to skip the less expensive drug. A drug formulary exception request means to ask for coverage of a medication not on the formulary.

### What if I need services in a hurry?

**Urgent Care situation:** An **Urgent Care situation** occurs when a decision from the insurer is needed quickly because:

- Delay would jeopardize your life or health.
- Delay would jeopardize your ability to regain maximum function.
- The Physician with knowledge of your medical condition **reasonably** requests an expedited decision.
- The Physician with knowledge of your medical or behavioral health condition, believes that delay would subject you to severe pain that cannot be adequately managed without the requested care or treatment.
- The medical or behavioral health demands of your case require an expedited decision.

If you are facing an Urgent Care situation **or** your insurer has notified you that payment for an ongoing course of treatment that you are already receiving is being reduced or discontinued, you or your Provider may request an expedited review and the insurer must either certify or deny the initial request quickly. The insurer must make its

initial decision in accordance with the medical demands of the case, but within 24 hours after receiving the request for an **expedited** decision.

**IMPORTANT: If you are facing an Emergency, you should seek medical care immediately and then notify your insurer as soon as possible. The insurer will guide you through the Claims process once the Emergency has passed.**

### When will I be notified that my initial request has been either certified or denied?

The insurance company is required to notify you on its decision about your initial request within the initial certification period timelines listed above. If the insurance company denies your certification request, it is required to tell you about your right to an appeal.

### Appeals of Denials

### What types of decision can be appealed?

You may request appeals of two different types of decisions:

**Adverse determinations:** An adverse determination by an insurer includes any decision to deny or limit your coverage based on medical necessity. This medical necessity denial can happen pre-service, through a denial of a prior authorization, or post-service, when an insurance company refuses to pay a claim. If an insurance company has adversely determined that your ongoing course of treatment that has been previously covered will no longer be covered, the insurer must notify you before ending or limiting that coverage. This type of denial may also include a refusal to cover a service for which benefits might otherwise be provided because the service is determined to be experimental, investigational, or not medically necessary or appropriate.

An adverse denial may also include a decision by the plan to retroactively end your coverage or stop offering you coverage in the future based on your eligibility for coverage. **You may request an appeal of any type of an adverse determination.**

**Administrative decision:** You may also request an appeal if you object to how the insurer handles other matters, such as its administrative practices that affect the availability, delivery, or quality of health care services; claims payment, handling, or reimbursement for health care services; or if your coverage has been terminated**.**

## How to Appeal a Decision or File a Grievance

### If my initial request is denied, how can I appeal this decision?

If your initial request for services is denied or you are dissatisfied with the way your insurer handles an administrative matter, you will receive a detailed written description of the Grievance procedures from your insurer as well as forms and detailed instructions for requesting a review. **You may submit the request for review either orally or in writing, depending on the terms of your policy.** The insurer provides representatives who have been trained to assist you with the process of requesting a review. This person can help you to complete the necessary forms and with gathering information that you need to submit your request. For assistance, contact the insurer's consumer assistance office as follows:

## Review of an Adverse Determination

### Who can request a review?

A review may be requested by you as the patient, your Provider, or someone that you select to act on your behalf. The patient may be the actual Subscriber or a dependent who receives coverage through the Subscriber. The person requesting the review is called the **"grievant."** If you are selecting someone to act on your behalf, such as a provider, you may need to fill out a form designating that person to be your representative in the appeal.

### Appealing an adverse Medical Necessity or coverage determination - first level review

If you are dissatisfied with the initial decision by your insurer, you have the right to request that the insurer's decision be reviewed by its medical director. The medical director may make a decision based on the terms of your policy, may choose to contact a specialist or the Provider who has requested the service on your behalf, or may rely on the insurer's standards or generally recognized standards.

### How much time do I have to decide whether to request a review?

You must notify the insurer that you wish to request an internal review within **180 days** after the date you are notified that the initial request has been denied.

### What do I need to provide? What else can I provide?

If you request that the insurer review its decision, the insurer will provide you with a list of the documents you need to provide and will provide to you all of your records and other information the medical director will consider when reviewing your case. You may also provide additional information that you would like to have the medical director consider, such as a statement or recommendation from your doctor, a written statement from you, or published clinical studies that support your request.

### How long does a first level internal review take?

**Expedited review:** If a review request involves an Urgent Care situation, your insurer must complete an expedited internal review as required by the medical demands of the case, but in no case later than 72 hours from the time the internal review request was received.

**Standard review:** Your insurer must complete both the medical director's review and (if you then request it) the insurer's internal panel review within 30 days after receipt of your pre-service request for review or within 60 days if you have already received the service.

### The medical director denied my request now what?

- If you remain dissatisfied after the medical director's review, you may either request a review by a panel that is selected by the insurer, or you may skip this step and ask that your request be reviewed by an IRO that is appointed by the Superintendent.
- If you ask to have your request reviewed by the insurer's panel, then you have the right to appear before the panel in person or by telephone or have someone, (including your attorney), appear with you or on your behalf. You may submit information that you want the panel to consider and ask questions of the panel

Members. Your health Provider may also address the panel or send a written statement.

- If you decide to skip the panel review, you will have the opportunity to submit your information for review by the IRO, but you will not be able to appear in person or by telephone. OSI can assist you in getting your information to the IRO.

**IMPORTANT: If you are covered under the NM State Healthcare Purchasing Act, you may NOT request an IRO review if you skip the panel review.**

### How long do I have to make my decision?

If you wish to have your request reviewed by the insurer's panel, you must inform the insurer within **5 days** after you receive the medical director's decision. If you wish to skip the insurer's panel review and have your matter go directly to the IRO, you must inform OSI of your decision within **4 months** after you receive the medical director's decision.

### What happens during a panel review?

If you request that the insurer provide a panel review its decision, the insurer will schedule a hearing with a Group of medical and other professionals to review the request. If your request was denied because the insurer felt the requested services were not Medically Necessary, were Experimental or were Investigational, then the panel will include at least one specialist with specific training or experience with the requested services.

The insurer will contact you with information about the panel's hearing date so that you may arrange to attend in person or by telephone or arrange to have someone attend with you or on your behalf. You may review all of the information that the insurer will provide to the panel and submit additional information that you want the panel to consider. If you attend the hearing in person or by telephone, you may ask questions of the panel members. Your medical Provider may also attend in person or by telephone and address the panel or send a written statement.

The insurer's internal panel must complete its review within 30 days following your original request for an internal review of a request for prior authorization or within 60 days following your original request if you already received the services. You will be notified within 24 hours after the panel decision or sooner if Medically Necessary. If you fail to provide records or other information that the insurer needs to complete the review, you will be given an opportunity to provide the missing items, *but the review process may take much longer, and you will be forced to wait for a decision.*

**HINT: If you need extra time to prepare for the panel's review, then you may request that the panel be delayed for maximum of 30 days.**

### If I choose to have my request reviewed by the insurer's panel, can I still request the IRO review?

Yes. If your request has been reviewed by the insurer's panel and you are still dissatisfied with the decision, you will have **4 months from date of the panel** to request a review by an IRO.

### What's an IRO and what does it do?

An IRO is a certified organization appointed by OSI to review requests that have been denied by an insurer. The IRO employs various medical and other professionals from around the country to perform reviews. Once OSI selects and appoints an IRO, the IRO will assign one or more professionals who have specific credentials that qualify them to understand and evaluate the issues that are particular to a request. Depending on the type of issue, the IRO may assign a single reviewer to consider your request, or it may assign a panel of reviewers. The IRO must assign reviewers who have no prior knowledge of the case and who have no close association with the insurer or with you. The reviewer will consider all of the information that is provided by the insurer and by you. (OSI can assist you in getting your information to the IRO) In making a decision, the reviewer may also rely on other published materials, such as clinical studies.

The IRO will report the final decision to you, your Provider, your insurer, and to OSI. Your insurer must comply with the decision of the IRO. If the IRO finds that the requested services should be provided, then the insurer must provide them.

***The IRO's fees are billed directly to the insurer-there is no charge to you for this service.***

### How long does an IRO review take?

The IRO must complete the review and report back within 20 days after it receives the information necessary for the review. (However, if the IRO has been asked to provide an expedited review regarding an Urgent Care matter, the IRO must report back within 72 hours after receiving all of the information it needs to review the matter.)

### Review by the Superintendent of Insurance

If you remain dissatisfied after the IRO's review, you may still be able to have the matter reviewed by the Superintendent. You may submit your request directly to OSI **within 20 days of the IRO decision**, and if your case meets certain requirements, a hearing will be scheduled. You will then have the right to submit additional information to support your request and you may choose to attend the hearing and speak. You may also ask other persons to testify at the hearing. The Superintendent may appoint independent co-hearing officers to hear the matter and to provide a recommendation.

The co-hearing officers will provide a recommendation to the Superintendent within 20 days after the hearing is complete. The Superintendent will then issue a final order.

**There is no charge to you for a review by the Superintendent of Insurance and any fees for the hearing officers are billed directly to the insurer. However, if you arrange to be represented by an attorney or your witnesses require a fee, you will need to pay those fees.**

## REVIEW OF AN ADMINISTRATIVE DECISION

### How long do I have to decide if I want to appeal and how do I start the process?

If you are dissatisfied with an initial administrative decision made by your insurer, you have a right to request an internal review within 180 days after the date you are notified of the decision. The insurer will notify you within 3 days after receiving your request for a review and will review the matter promptly. You may submit relevant information to be considered by the reviewer.

### How long does an internal review of an Administrative Decision take?

The insurer will mail a decision to you within 30 days after receiving your request for a review of an administrative decision.

### Can I appeal the decision from the internal reviewer?

Yes. You have 20 days to request that the insurer form a committee to reconsider its administrative decision.

### What does the reconsideration committee do? How long does it take?

When the insurer receives your request, it will appoint two or more members to form a committee to review the administrative decision. The committee members must be representatives of the company who were not involved in either the initial decision or the internal review. The committee will meet to review the decision within 15 days after the insurer receives your request. You will be notified at least 3 days prior to the committee meeting so that you may provide information, and/or attend the hearing in person or by telephone.

If you are unable to prepare for the committee hearing within the time set by the insurer, you may request that the committee hearing be postponed for up to 30 days.

The reconsideration committee will mail its decision to you within 7 days after the hearing.

### How can I request an external review?

If you are dissatisfied with the reconsideration committee's decision, you may ask the Superintendent to review the matter within **20 days** after you receive the written decision from the insurer. You may submit the request to OSI using forms that are provided by your insurer. Forms are also available on the OSI website located at www.osi.state.nm.us. You may also call OSI to request the forms at (505) 827-4601 or toll free at 1-(855) 427-5674.

### How does the external review work?

Upon receipt of your request, the Superintendent will request that both you and the insurer submit information for consideration. The insurer has 5 days to provide its information to the Superintendent, with a copy to you. You may also submit additional information including documents and reports for review by the Superintendent. The Superintendent will review all of the information received from both you and the insurer and issue a final decision within 45 days. If you need extra time to gather information, you may request an extension of up to 90 days. Any extension will cause the review process and decision to take more time.

## GENERAL INFORMATION

In fact, the Provider and insurer cannot release your records, even to OSI, until you have signed a release.

"**Emergency Medical Condition**" means, for purposes of this section only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition:

- Placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy.
- Constituting a serious impairment to bodily functions.
- Constituting a serious dysfunction of any bodily organ or part.

"**Emergency Services**" means, for purposes of this section only:

- A medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department.
- Further medical examination or treatment you receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an emergency Medical Condition until your condition is stabilized.
- Covered Services you receive from a Non-Participating Provider during the same visit after your emergency Medical Condition has stabilized unless:
    - Your Non-Participating Provider determines you can travel by non-medical or non-emergency transport.

- Your Non-Participating Provider has provided you with a notice to consent form for balance billing of services.
- You have provided informed consent.

"**Non-Participating Provider**" means, for purposes of this section only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan.

"**Non-Participating Emergency Facility**" means, for purposes of this section only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan.

"**Participating Facility**" means, for purposes of this section only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan, regardless of whether the provider is considered a preferred or In-Network Provider for purposes of in-network or out-of-network benefits under the Plan.

**Federal No Surprises Act Surprise Billing Protections**

The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating emergency Facilities. The items and services included in these protections ("Included Services") are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating emergency Facility.
- Covered non-emergency Services performed by a Non-Participating Provider at a Participating Facility (unless you give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

### Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

### Cost-Sharing

For non-emergency Services performed by Non-Participating Providers at a Participating Facility, and for emergency services provided by a Non-Participating Provider or Non-Participating emergency Facility, the Recognized Amount is used to calculate your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate your cost-share requirements, including Deductibles,

Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward your Participating Provider Deductible and/or Out-of-Pocket Limit, if any.

### Federal No Surprises Act Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If you receive emergency services from a Non-Participating Provider or non-Participating emergency Facility, the most the Non-Participating Provider or non-Participating emergency Facility may bill you is your in-network cost-share. You cannot be balance billed for these emergency services unless you give written consent and give up your protections not to be balanced billed for services you receive after you are in a stable condition.

When you receive Covered Non-emergency services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill you is your Plan's in-network cost-share requirements. When you receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill you and may not ask you to give up your protections not to be balance billed. If you get other services at Participating Facilities, Non-Participating Providers can't balance bill you unless you give written consent and give up your protections.

If your Plan includes air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill you is your in-network cost-share. You cannot be balance billed for these air Ambulance Services.

- The covered person's ability to regain maximum function would otherwise be jeopardized.
- In the opinion of a Physician with knowledge of the covered person's medical condition, delay would subject the covered person to severe pain that cannot be adequately managed without care or treatment.
- The medical exigencies of the case require expedited care.

# SECTION 11: CONTINUATION COVERAGE RIGHTS UNDER COBRA

This notice contains important information about your possible right to COBRA continuation coverage, which is a temporary extension of coverage under this Group Health Care Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), for certain larger Group employers. COBRA continuation coverage may be available to you and to other members of your family who are covered under the health care plan when you would otherwise lose your Group health coverage. Contact your employer to determine if you or your Group are eligible for COBRA continuation coverage.

This notice generally explains:

- COBRA continuation coverage.
- When it may become available to you and your family if your Group is subject to the provisions of COBRA.
- What you need to do to protect your right to receive it.

This notice gives only a summary of COBRA continuation coverage rights. For more information about the rights and obligations under the Plan and under federal law, contact the Plan administrator or see *Section 2: Enrollment and Termination Information* of this Benefit Booklet.

The Plan administrator of the Plan is named by the employer or by the Group health plan. Either the Plan administrator or a third party named by the Plan administrator is responsible for administering COBRA continuation coverage. Contact your Plan administrator for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

## COBRA CONTINUATION COVERAGE

COBRA continuation coverage is a continuation of health care plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." A qualified beneficiary is someone who will lose coverage under the health care plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, Domestic Partners (if your employer has chosen to extend continued coverage to them) and eligible children of employees may be qualified beneficiaries. Under the Plan, generally most qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Contact the employer and/or COBRA administrator for specific information for your Plan.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced.
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies.
- Your spouse's hours of employment are reduced.
- Your spouse's employment ends for any reason other than his or her gross misconduct.
- Your spouse becomes enrolled in Medicare (Part A, Part B, or both).
- You become divorced or legally separated from your spouse.

Your eligible children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens and if your Group is subject to the provisions of COBRA:

- The parent-employee dies.
- The parent-employee's hours of employment are reduced.
- The parent-employee's employment ends for any reason other than his or her gross misconduct.
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both).
- The parents become divorced or legally separated.
- The Child stops being eligible for coverage under the Plan as an "eligible Child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retiree covered under the Plan, the retiree is a qualified beneficiary with respect to the bankruptcy. The retiree's spouse, surviving spouse and eligible children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan administrator has been notified that a qualifying event has occurred.

The employer must notify the Plan administrator **within 30 days** when the qualifying event is:

- The end of employment.
- The reduction of hours of employment.
- The death of the employee.
- With respect to a retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer.
- The enrollment of the employee in Medicare (Part A, Part B, or both).

For the other qualifying events (divorce or legal separation of the employee and spouse or an eligible Child losing eligibility for coverage as an eligible Child), you must notify the Plan administrator. The Plan requires you to notify the Plan administrator **within 60 days** after the qualifying event occurs. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Once the Plan administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost.

COBRA continuation coverage is a temporary continuation of coverage. COBRA continuation coverage may last for up to 36 months when the qualifying event is:

- The death of the employee.
- The enrollment of the employee in Medicare (Part A, Part B, or both).
- Your divorce or legal separation.
- An eligible Child losing eligibility as an eligible Child.

When the qualifying event is the end of employment or reduction in hours of employment, COBRA continuation coverage lasts for **up to 18 months**. There are two ways in which this 18-month period COBRA continuation can be extended:

### Disability Extension of 18-month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be

disabled at any time during **the first 60 days** of COBRA continuation coverage and you notify the Plan administrator in a timely fashion, you and your entire family can receive **up to an additional 11 months** of COBRA continuation coverage, **for a total maximum of 29 months**. You must make sure that your Plan administrator is notified of the Social Security Administration's determination **within 60 days** of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

### Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and eligible children in your family can get additional months of COBRA continuation coverage, **up to a maximum of 36 months**. This extension is available to the spouse and eligible children if the former employee dies, enrolls in Medicare (Part A, Part B or both), or gets divorced or legally separated. The extension is also available to an eligible Child when that Child stops being eligible under the Plan as an eligible Child.

In all of these cases, you must make sure that the Plan administrator is notified of the second qualifying event **within 60 days** of the second qualifying event. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

## IF YOU HAVE QUESTIONS

If you have questions about COBRA continuation coverage, contact the Plan administrator or the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site at www.dol.gov/ebsa.

In order to protect your family's rights, you should keep the Plan administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to your Plan administrator.

## PLAN CONTACT INFORMATION

Contact your employer for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

Please see the *General Limitations and Exclusions* section of your *Benefit Booklet* for a full list of exclusions that apply to all health care services, including Prescription Drugs and other items under this rider.

Drugs listed on the Drug List are selected by BCBSNM based upon the recommendations of a committee, which is made up of current and previously practicing physicians and pharmacists from across the country, some of whom are employed by or affiliated with BCBSNM. The committee considers existing drugs approved by the FDA, as well as those newly FDA approved for inclusion on the Drug List. Entire drug classes are also regularly reviewed. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost, and how it compares with drugs currently on the Drug List.

Positive changes (e.g., adding drugs to the Drug List, drugs moving to a lower payment tier) occur quarterly after review by the committee. Changes to the Drug List that could have an adverse financial impact to you (e.g., drug exclusion, drug moving to a higher payment tier, occur no more frequently than quarterly. Unless a generic version of the prescription drug becomes available, we will not make another modification to coverage for the same prescription drug for at least one hundred twenty days. Adverse change to drugs requiring step therapy, prior authorization, or quantity limit occur no more frequently than annually. However, when there has been a pharmaceutical manufacturer's recall or other safety concern, such as no longer FDA approved, changes to the Drug List may occur more frequently.

**NOTE**: At least sixty (60) days' advance written notice will be provided when one of the following changes will be made to the Drug List:

- Reclassification of a drug to a higher tier.
- Reclassification of a drug from Preferred to Non-preferred, unless that drug moves to a lower tier.
- An increase in cost-sharing, copayment, deductible, or coinsurance for a drug.
- Removal of a drug from the Drug List.
- Addition of a Prior Authorization requirement.
- Imposition or modification of a quantity limit for a drug.

You will be notified of adverse changes, and the Drug List and any modifications will also be made available to you. You will be able to determine the Drug List that applies to you and whether a particular drug is on the Drug List by calling the customer service toll-free number on your identification card or accessing the BCBSNM website at:

myprime.com/content/dam/prime/memberportal/WebDocs/2025/Formularies/HIM/2025_NM_6T_HIE.pdf.

All drugs listed on the Drug List are covered unless specifically excluded. For example, if your health plan excludes weight management or obesity treatment, drugs for the treatment of obesity are also excluded. Prescription Drugs will not be excluded only because the drug has not been approved by the FDA for the treatment of your particular condition. Such a drug may be covered if it is recognized as safe and effective for the treatment of your condition in at least one standard medical reference compendium, including the "AMA Drug Evaluation," the "American Hospital Formulary Service Drug Information," and "Drug Information for the Healthcare provider," or is being provided during a covered cancer clinical trial as required under NM state law. The drug will not be covered, however, if it is excluded for another reason (such as being for weight loss, cosmetic, etc.).

The pharmacies that are participating in the BCBSNM Preferred Network may change from time to time. You should check with your Pharmacy before obtaining drugs or supplies to make certain of its participation status.

**You must present your BCBSNM ID card to the pharmacist at the time of purchase to receive this benefit.** (You do not receive a separate Prescription Drug plan ID card; use your BCBSNM health care plan ID card to receive all medical/surgical and Prescription Drug services covered under your plan, including this rider. Your Deductible and drug plan Coinsurance amounts are listed on your *Summary of Benefits and Coverage* (SBC).You are responsible for paying the Deductible and any such Copayment amounts noted in this rider for certain covered items, any pricing differences when applicable, and limited or noncovered services. No claim forms are required when you purchase your prescriptions at a Preferred Participating Pharmacy or Participating Pharmacy.

**NOTE: In order to receive maximum benefits, Specialty Drugs should be purchased from an in-network Specialty Pharmacy.**

You can use your ID card to purchase covered items only for yourself and covered family members. When coverage for you or a family member ends under the medical portion of your health care benefits plan, the ID card may not be used to purchase drugs or other items for the terminated member(s). If you do not have your ID card with you or if you purchase your drug or other item from an out-of-network retail Pharmacy you must pay for the purchase in full and then submit a claim directly to the BCBSNM Pharmacy Benefit Manager, Prime Therapeutics, at the address below (do not send to BCBSNM). If not included in your enrollment materials, you can obtain the necessary claim forms from a customer service advocate or on the BCBSNM website.

In such cases, you will be responsible for 50% of the Covered Charge (i.e., the BCBSNM-contracted rate) applicable had you purchased these covered items at a Participating Pharmacy, plus the tiered Copayment amount corresponding to these covered items under your particular drug plan.

Drug plan benefits will be paid for the difference between the foregoing amounts that are your responsibility and any remaining covered charges up to the amount originally billed for these covered items by the out-of-network retail Pharmacy plan.

**Send Retail Pharmacy claims to:**

(Extended supplies or vacation overrides are not available through the Mail Order Service but may be approved through the Preferred Pharmacy Network only. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Preferred Pharmacy Network.) Only up to one 90-day supply override may be allowed each calendar year.

## MedsYourWay ™

MedsYourWay™ ("MedsYourWay") is a program that automatically compares participating drug discount card prices and prices under your benefit plan for select Covered Drugs and establishes your out-of-pocket cost to the lower price available at select in network retail pharmacies.

Not all in-network retail pharmacies participate in drug discount card programs and not all drug discount card programs are participating under MedsYourWay. Arrangements between participating in-network retail pharmacies and the participating drug discount card programs control the selection of available drug discounts, which are subject to change.

At the time you submit or pick up your Prescription, present your BCBSNM Identification Card to the pharmacist. This will identify you as a participant in MedsYourWay and allow you the lower price available.

If the discount available through the participating drug discount card program is lower than the amount you would pay under your benefit plan, your out-of-pocket cost will reflect the full discount available through the drug discount card program. The full amount you paid for the prescription will be applied to your Deductible and out-of-pocket maximum, if applicable. You may experience a different out-of-pocket amount for select Covered Drugs depending upon which retail pharmacy is utilized.

Participation in MedsYourWay is not mandatory and you may choose not to participate in the program at any time by contacting your Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

For additional information regarding MedsYourWay, please contact a Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

**Mail Order Service** — All items that are covered under the mail order service are subject to the same limitations and exclusions as the Preferred Pharmacy Network. To use the mail order service, follow the instructions outlined in the materials provided to you in your enrollment packet. (If you do not have this information, call a customer service advocate.) **NOTE:** Prescription Drugs and other items may **not** be mailed outside the United States.

**IMPORTANT: Specialty Drugs are not covered through the mail order service. You must use a specialty Pharmacy provider designated by BCBSNM in order to receive benefits for Specialty Drugs.**

**Member Deductible and Copayments** — For covered Prescription Drugs, insulin, diabetic supplies, and nutritional products, you pay the applicable tiered Copayment (see below), not to exceed the actual retail price, for each prescription filled or item purchased (not to exceed supply limitations described below).

**NOTE:** The amount you may pay per 30-day supply of a covered insulin drug, or a medically necessary alternative, shall not exceed $25, when obtained from a Preferred Participating or Participating Pharmacy.

**See your *SBC* for your Copayment amounts.**

Each calendar year, the Copayments, amounts, and any pricing differences between the cost of Brand-Name Drugs and their generic equivalents that you pay under this drug plan portion of your health care benefits plan are applied to you or your family's applicable annual out-of-pocket limit in combination with your medical and behavioral health for that calendar year under the medical portion of your health care benefits plan *(*see your SBC*)*. After you have met this out-of-pocket limit for Participating or Preferred Participating Pharmacies in combination with your medical and behavioral health under the medical portion of your health care benefits plan during a single calendar year, BCBSNM pays 100% of your covered Prescription Drugs, insulin, diabetic supplies, and nutritional products under this drug plan for the remainder of that calendar year. Noncovered charges may not be used to meet the out-of-pocket limit in combination with your medical and behavioral health under the medical portion of your health care benefits plan.

Your drug plan offers several benefit design Copayment options for when you purchase drugs or supplies from a Preferred Participating Pharmacy, a Participating Pharmacy a BCBSNM-designated Specialty Pharmacy provider, or BCBSNM-designated Mail Order Service vendor (see below for an example of a 6-Tier Copayment Drug Plan and how it works). When you need a prescription order filled, you should use a Preferred Participating Pharmacy or a Participating Pharmacy. Each prescription or refill is subject to the Copayment shown on the SBC. Any Deductible shown in the SBC will also apply.

When you go to a Preferred Participating Pharmacy or a Participating Pharmacy, you must pay any Copayment, and any applicable pricing differences. Pursuant to New Mexico law, the calculation of your cost-sharing obligation for covered prescription drugs will be credited for the full value of any discounts provided or payments made by third parties at the time of the claim. Your cost-sharing obligation at the time of the claim includes any applicable copayment, coinsurance, deductible, out-of-pocket maximum, or combination thereof. If the covered drug is subject to a manufacturer rebate, the amount you will pay at the point of sale will be reduced by the value of the rebate from the manufacturer to Prime. If the value of the prescription drug rebate exceeds the applicable copayment/coinsurance, the remainder of the rebate from that transaction will be credited to BCBSNM. The value of prescription drug rebates do not apply to your out-of-pocket maximum.

**NOTE:** If you participate in a High Deductible Health Plan, you must satisfy your plan's deductible before discounts and rebate credits will be applied at the point of sale. You may be required to pay for limited or noncovered services. No claim forms are required. If you are unsure whether a Pharmacy is a Preferred Participating Pharmacy or a Participating Pharmacy, you may access the website at: www.bcbsnm.com/rx-

drugs/pharmacy/find-a-pharmacy or contact customer service at the toll-free number on your ID card.

**In-network** — Pharmacy claims apply to in network Copayment amounts paid at an in-network Pharmacy would only apply to your in-network out-of-pocket limit.

**Out-of-network** — Pharmacy claims from an out-of-network Pharmacy apply to out-of-network Copayment amounts paid at an out-of-network Pharmacy would only apply to your out of network out-of-pocket limit. Any additional charge for using an out-of-network Pharmacy will not apply to your out-of-pocket amounts.

**How Member Payment is Determined** — Prescription Drug products are separated into tiers. Generally, each drug is placed into one of six drug tiers:

- **Tier 1** includes mostly Preferred Generic Drugs and may contain some Brand Name Drugs.
- **Tier 2** includes mostly Nonpreferred Generic Drugs and may contain some Brand Name Drugs.
- **Tier 3** includes mostly Preferred Brand Name Drugs and may contain some Generic Drugs.
- **Tier 4** includes mostly Nonpreferred Brand Name Drugs and may contain some Generic Drugs.
- **Tier 5** includes mostly Preferred Specialty Drugs and may contain some Generic Drugs.
- **Tier 6** includes mostly Nonpreferred Specialty Drugs and may contain some Generic Drugs.

You may not be required to pay the difference in cost between the allowable amount of the Brand-Name Drug and the allowable amount of the Generic Drug if there is a medical reason (e.g., adverse event) you need to take the Brand-Name Drug and certain criteria are met. Your provider can submit a request to waive the difference in cost between the allowable amount of the Brand-Name Drug and allowable amount of the Generic Drug. In order for this request to be reviewed, your provider must send in a MedWatch form to the Food and Drug Administration (FDA) to let them know the issues you experienced with the generic equivalent. Your physician must provide a copy of this form when requesting the waiver. The FDA MedWatch form is used document adverse events, therapeutic inequivalence/failure, product quality problems, and product use/medication error. This form is available on the FDA website. If the waiver is granted, applicable Copayment and/or Coinsurance amounts after your deductible will still apply. For additional information, contact the customer service number on the back of your identification card or visit www.bcbsnm.com.

To verify your payment amount for a drug, visit www.bcbsnm.com and log into Blue Access for Members or call the number on the back of your ID card. Benefits will be provided as shown on the *Summary of Benefits and Coverage (SBC)* of this policy.

For additional information, please refer to your Prescription Drug Section as shown on the *Summary of Benefits and Coverage* (SBC) of this policy.

**See your *Summary of Benefits* for the drug plan Copayment option that corresponds to the health benefits plan you have chosen.**

Except as may be specified elsewhere in this rider, drugs and supplies must be purchased from a Preferred Participating Pharmacy, Participating Pharmacy or a BCBSNM designated specialty Pharmacy provider, or BCBSNM designated mail order service vendor in order to be covered under your drug plan.

Under this drug plan, drugs are available at "tiered" Copayment levels. The benefits you receive and the amount you pay will differ depending upon the type of drugs, or diabetic supplies, or insulin and insulin syringes**,** or nutritional products obtained and whether they are obtained from a Preferred Participating Pharmacy, Participating Pharmacy, Nonparticipating Pharmacy or a BCBSNM-designated specialty Pharmacy provider**,** or BCBSNM designated mail order service vendor.

The amount you may pay per 30-day supply of a covered insulin drug, or a medically necessary alternative, shall not exceed $25, when obtained from a Preferred Participating or Participating Pharmacy.

Certain covered drugs may be available at no cost through a Participating Pharmacy for the following categories of medication: severe allergic reactions, hypoglycemia, opioid overdoses, and nitrates. For further information, call the number on the back of your identification card.

When the Copayment amount for an item purchased under the drug plan is **greater** than the covered charge for the supply being purchased from a Participating Pharmacy, you pay the **least** of:

- Your Copayment.
- The Pharmacy's retail price.
- The covered charge (i.e., the BCBSNM-contracted rate). For claims submitted to the Pharmacy Benefit Manager for reimbursement, you are paid the **lesser** of:
  - The sum of the drug ingredient cost, the dispensing fee that would be payable to a Participating Pharmacy, and any sales tax minus the applicable member share.
  - The Pharmacy's retail price minus the applicable member share.

**Supply Limitations —** For each Copayment listed for your drug plan, you can obtain the following supply of a single Prescription Drug or other item covered under this rider (unless otherwise specified):

| Program Type | Supply Maximum | Copayment Requirements |
|---|---|---|

| | | |
|---|---|---|
| Nonprescription Nutritional Products | **30-day supply** during any 30-day period. | **Coinsurance of 50% of Covered Charges (includes prescriptions for Enteral Nutritional Products and Special Medical Foods as described under "Covered Drugs and Other Items").** |
| Participating Retail Pharmacy and Specialty Pharmacy Provider | During each one-month period, a **30-day supply**. | **Copayment for a 30-day supply.** |
| Preferred Participating Retail Pharmacy | During each three-month period, up to a **90-day supply** when purchased from a Preferred Participating Pharmacy enrolled in BCBSNM's extended retail Prescription Drug supply program. | **Copayments for a 90-day supply.** Cost share will be based on day supply (1-30 day supply, 31-60 day supply, 61-90 day supply) dispensed. |
| Mail Order Service (Tiers 1, 2, 3, and 4 only) | During each three-month period, up to a **90-day supply**. | **Copayments for a 90-day supply.** Cost share will be based on day supply (1-30 day supply, 31-60 day supply, 61-90 day supply) dispensed. |

**Dispensing Limits** — In addition to the supply limits stated above and regardless of the quantity of a covered drug prescribed by a physician, BCBSNM has the right to establish dispensing limits on covered drugs. These limits, which are based upon FDA dosing recommendations and nationally recognized clinical guidelines, identify gender or age restrictions, and/or the maximum quantity of a drug (or member of a drug class) that can be dispensed to you over a specific period of time. Such limits are in place to encourage appropriate drug use and patient safety, and to reduce waste and stockpiling of drugs. Benefits for a covered drug may also be denied if the drug is dispensed or delivered in a manner intended to avoid the BCBSNM-established dispensing limit. If you need a drug quantity that exceeds the dispensing limit, ask your doctor to submit a request for review to BCBSNM on your behalf. The prior authorization request will be approved or denied after the clinical information submitted by the prescribing doctor has been evaluated by BCBSNM.

**Controlled Substances** — If it is determined that a member may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, any coverage for additional drugs may be subject to review to assess whether medically necessary or appropriate and restrictions may include but not be limited to a certain Provider and/or Pharmacy and/or quantities and/or days' supply for the prescribing and dispensing of the controlled substance medication. Additional Copayment may apply.

If an exception request is granted, the plan will provide coverage of the drug for the duration of the prescription,

If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination.

If your Provider determines that a non-covered contraceptive is Medically Necessary, your Provider may ask us to cover that contraceptive without cost-sharing.

## BCBSNM'S SEPARATE FINANCIAL ARRANGEMENTS WITH PRESCRIPTION DRUG PROVIDERS

All amounts payable to BCBSNM by employer for claim payments provided by BCBSNM under the Pharmacy benefit and applicable service charges pursuant to the terms of the agreement and all required, Deductible and Coinsurance amounts under the agreement shall be calculated on the basis of the Prescription Drug Program eligible charge or the agreed upon cost between the Participating Prescription Drug provider, and BCBSNM, whichever is less, except as otherwise mutually agreed to by the parties.

Blue Cross and Blue Shield of New Mexico (BCBSNM) hereby informs you that it has contracts, either directly or indirectly, with participating Prescription Drug providers for the provision of, and payment for, Prescription Drug services to all persons entitled to Prescription Drug benefits under group health insurance policies and contracts to which BCBSNM is a party, including this contract. Pursuant to BCBSNM's contracts with participating Prescription Drug providers, under certain circumstances described therein, BCBSNM may receive discounts for Prescription Drugs dispensed to you. Actual discounts used to calculate your share of the cost of Prescription Drugs will vary. Some rates are currently based on benchmark prices including, but not limited to, Wholesale Acquisition Cost ("WAC"), Average Sales Price ("ASP"), and Average Wholesale Price ("AWP"), which are determined by third parties and are subject to change.

BCBSNM may receive such discounts, although you are not entitled to receive any portion of any such discounts. The drug fees and/or discounts that BCBSNM has negotiated with Prime Therapeutics LLC (Prime) through the Pharmacy Benefit Management (PBM) Agreement will be passed through to you for both retail and mail/Specialty Drugs, except as otherwise mutually agreed to. Except for mail/Specialty Drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with pharmacies (or other suppliers) are passed through to BCBSNM (and ultimately to Employer as described above).

To help you understand how BCBSNM's separate financial arrangements with participating Prescription Drug providers work, please consider the following example:

Assume you have a prescription dispensed and the undiscounted amount of the Prescription Drug is $100. How is the $100 bill paid?

- You will have to pay the Coinsurance amount set out in this contract.
- For purposes of calculating your Coinsurance amount, the full amount of the Prescription Drug would be reduced by the discount. In our example, if the applicable discount were 20%, the $100 Prescription Drug bill would be reduced by 20% to $80 for purposes of calculating your Coinsurance amount.
- In our example, if your Coinsurance obligation is 5%, you will have to pay 5% of $80, or $4. You should note that your 5% Coinsurance amount is based upon the discounted amount of the prescription and not the full $100 bill.

The mail and specialty Pharmacy program is operated through a third party which may be an affiliate of or partially owned by Prime. Prime, for the administrative services that it provides as part of the mail-order and specialty pharmacy program, may keep as its fee a portion of the discounts and/or other allowances that it has negotiated with the mail-order and/or specialty pharmacy. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, claims processing, customer service response, and mail order processing.

BCBSNM pays Prime a Program Management Fee ("PMF") on a per weighted claim basis. The amounts received

by Prime from BCBSNM, pharmacies, manufacturers, or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to BCBSNM, administrative fees charged by Prime to pharmacies, and administrative fees charged by Prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this contract. The maximum that Prime has disclosed to BCBSNM that it will receive from any pharmaceutical manufacturer for manufacturer administrative fees is five and a half percent (5.5%) of the Wholesale Acquisition Cost ("WAC") for all products of such manufacturer dispensed during any given calendar year to members of BCBSNM and other Blue Plan operating divisions or for which Claims are submitted to Prime at BCBSNM's request; provided, however, that BCBSNM will advise if such maximum has changed.

## BCBSNM'S SEPARATE FINANCIAL ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS

BCBSNM hereby informs you that it owns a significant portion of the equity of Prime and that BCBSNM has entered into one or more agreements with Prime or other entities (collectively referred to as "Pharmacy Benefit Managers," or "PBMs"), for the provision of, and payment for, Prescription Drug benefits to all persons entitled to Prescription Drug benefits under group health insurance policies and contracts to which BCBSNM is a party, including this contract. PBMs have agreements with pharmaceutical manufacturers to receive rebates for using their products.

The Pharmacy Benefit Manager(s) ("PBM") negotiates rebate contracts with pharmaceutical manufacturers and has agreed to provide rebates made available pursuant to such contracts to the BCBSNM under the PBM's agreement with BCBSNM. This negotiation is conducted by the PBM for the benefit of BCBSNM and not for the benefit of the employer or covered persons. The PBM collects the rebates from the pharmaceutical manufacturers, for drugs covered under both the Prescription Drug program and medical benefit, and forwards the entire amount collected to BCBSNM (other than any interest or late fees earned on rebates received from manufacturers, which the PBM retains). Each year, BCBSNM will calculate a projection of the amount of rebates it expects to receive from the PBM. Such projections are referred to as the "Expected Rebates." Expected Rebates are calculated based on a number of factors and projections for the Fee Schedule Period, such as employer specific demographics, retail, mail order and specialty Pharmacy utilization, cost of Prescription Drugs, the Plan's benefit design, and rebate arrangements entered into by the PBM, none of which BCBSNM directly controls. Additional information about rebates, the PBM and the Rebate Credit will be available upon request. The Rebate Credit provided at the point of sale will be provided from BCBSNM's own assets and may or may not equal the entire amount of rebates provided to BCBSNM by the PBM.

The maximum that a Pharmacy Benefit Manager will receive from any pharmaceutical manufacturer for manufacturer administrative fees will be five and one half percent (5.5%) of the total Wholesale Acquisition Cost ("WAC") for all products of such manufacturer dispensed during any given calendar year to members of BCBSNM and to members of the other Blue Cross and/or Blue Shield operating divisions of Health Care Service Corporation or for which claims are submitted to Pharmacy Benefit Manager at BCBSNM's request.

Any drugs which are not approved by the FDA for a particular diagnosis or indication, or when used for an indication other than the indication for which the FDA approval is given, except when:

- Recognized as safe and effective for the treatment of that indication in one or more of the standard medical reference compendia, including the "AMA drug evaluations," the "American hospital formulary service drug information," and "drug information for the healthcare provider."
- When provided for cancer clinical trials, pursuant to Section 59A-22-43 NMSA.

### SCHEDULE OF BENEFITS

A ***Schedule of Benefits*** is included with your member materials that shows the Benefit Period Maximum amount, Deductible requirements, and the percentage of the Allowable Charge that the Dental Plan will pay for a Covered Service. Members will receive a new ***Schedule of Benefits*** if changes are made to this Dental Plan.

### LOOKING UP INFORMATION

This Pediatric Dental Rider is designed to make it easy for Members to determine their Benefits. For example, if you need to know the Benefit for an x-ray, turn to ***Covered Services***. The ***Diagnostic Radiographs*** subsection defines the Benefits for an x-ray. The subsection also lists the most important limitations and exclusions to that particular service. ***Limitations and Exclusions*** lists other limitations and exclusions which **apply to all services, whether or not these items are listed separately within any subsection of the *Covered Services* section.**

### CURRENT DENTAL TERMINOLOGY (CDT)

When classifying a certain dental service, BCBSNM Pediatric Dental Rider language reflects the most recent edition of a manual published by the American Dental Association entitled ***Current Dental Terminology and Procedure Codes***. The Allowable Charge for a Covered Service will be based on the most inclusive code, determined by BCBSNM, in ***Current Dental Terminology and Procedure Codes***. The Allowable Charge for a Covered Service will be based on the most recent edition of a manual published by the American Dental Association entitled ***Current Dental Terminology and Procedure Codes***. (No Benefits will be provided for procedures which are components of a more inclusive code.) BCBSNM's dental processing procedures will be automatically updated as new codes are implemented by the American Dental Association.

### PROOF OF LOSS

When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Plan if the claimant submits written proof of loss along with the character and the extent of the loss for which claim is made within 365 days after the date of the first service, except in the absence of legal capacity due to a serious health condition and unable to perform regular daily activities.

# HOW THIS DENTAL PLAN WORKS

## BENEFIT PAYMENT FOR DENTAL SERVICES

This Dental Plan offers its Members freedom of choice and comprehensive coverage from BCBSNM. The services that a Dentist may perform depend upon what the Dentist is licensed or certified to do, and whether this Dental Plan recognizes the Dentist as eligible for payments.

**Participating Dentist Network** - BCBSNM Subscribers have access to thousands of Participating Dentists nationwide. Here's how using a Participating Dentist can benefit you:

- A Participating Dentist will file your Claims for you.
- Payment for Covered Services you receive will be sent directly to the Participating Dentist.
- You pay only the Deductible and/or Coinsurance amount (if any) that apply to your Covered Services. **If your Participating Dentist charges more than the Allowable Charge for Covered Services, you are not responsible for the difference.**

## HOW YOUR DENTAL COVERAGE WORKS

This dental coverage is designed to give Subscribers some control over the cost of their own dental care. Subscribers continue to have complete freedom of choice as to the Dentist they wish to use. However, your coverage offers considerable financial advantages to Subscribers whenever they use a Participating Dentist.

This coverage operates around a group of Dentists who have agreed to charge no more than a reasonable, predetermined fee for their services. When Subscribers use these Participating Dentists, they will have less out-of-pocket expense. **In contrast, when care is received from an Out-of-Network Dentist, your coverage may be subject to a lower Benefit level.**

## SELECTING A DENTIST

To locate a Participating Dentist, please call Customer Service at the number shown on your Identification Card. Before choosing a Dentist, you may want to check your Dental Network Provider Directory or visit the BCBSNM website at www.bcbsnm.com. If you do not have a current directory and would like a hard copy, contact BCBSNM Dental Customer Service for a list of Participating Dentists.

**Although a directory is current as of the date published, it is subject to change without notice. To verify a Dentist's current status with your Dental Plan, contact a BCBSNM Dental Customer Advocate. Your Dentist choice - Participating or Out-of-Network - may make a difference in the amount you pay.**

## ALLOWABLE CHARGE

To take full advantage of the negotiated pricing arrangements in effect between BCBSNM and our network of Participating Dentists, you should use Participating Dentists whenever possible. Using a Participating Dentist offers the following advantages:

Participating Dentists have agreed to hold the line on dental care costs by providing special prices for our Subscribers. A Participating Dentist will accept this negotiated price (called the **"Allowable Charge"**) as payment for Covered Service. This means that, if a Participating Dentist bills you more than the Allowable Charge for Covered Services, ***you are not responsible for the difference.***

BCBSNM will calculate your Benefits based on this "Allowable Charge." We will deduct any charges for services which aren't eligible under your coverage, then subtract your Deductible or Coinsurance amounts which may be applicable to your Covered Dental Services. We will then determine your Benefits under this Contract and direct any payment to your Participating Dentist.

If you use an Out-of-Network Dentist, you will be responsible for the following:

- Charges for any services which are not covered under this Dental Plan.
- Any Deductible and/or Coinsurance amounts which are applicable to your coverage.
- The difference, if any, between the Dentist's "billed charges" and the Allowable Charge for Covered Services.

Your coverage may include a higher Deductible and/or Coinsurance percentage for services you receive from an Out-of-Network Provider (check the ***Schedule of Benefits*** issued with this Dental Plan).

## BENEFIT PERIOD/POLICY YEAR

Some Benefits are limited to a specific dollar amount or number of services or visits allowed during a Benefit Period.

Your Benefit Period is a Calendar Year, which begins on your Effective Date. The initial Benefit Period is from your Effective Date of Coverage.

## BENEFIT PERIOD MAXIMUM

The Benefit Period Maximum is the maximum dollar amount BCBSNM will pay for all Covered Services for each Subscriber during a Benefit Period according to the terms of this Benefit Booklet and the coverage outlined in the ***Schedule of Benefits***. Each Subscriber's Benefit Period Maximum amount is given on the ***Schedule of Benefits***.

## DEDUCTIBLE REQUIREMENTS

The Deductible amounts for each Subscriber are shown on the ***Schedule of Benefits***. The Deductible is the amount that each Subscriber must pay for Covered Services received during a Benefit Period before this Dental Plan begins paying its percentage of the Allowable Charge for Covered Services. The amount applied to the Deductible for a Covered Service cannot exceed the Allowable Charge for the Covered Service.

## COINSURANCE PERCENTAGE

The Coinsurance percentage is the percentage of a covered charge that is your responsibility to pay for Covered Services. For Covered Services that are subject to Coinsurance, you pay the percentage (indicated on your ***Schedule of Benefits***) of BCBSNM's covered charge after the Deductible, if required, has been met.

For each Covered Service, and after the Subscriber has met the Deductible (if applicable), this Dental Plan covers a certain percentage (specified on the Subscriber's ***Schedule of Benefits***) of the Allowable Charge for the Covered Service. When a Covered Service is received from a Participating Provider, the Subscriber pays only the Deductible and/or Coinsurance amount applicable to that service. When a Covered Service is received from an Out-of-Network Provider, the Subscriber also is responsible for the amount charged by the Out-of-Network Provider that exceeds the Allowable Charge for the Covered Service.

## OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum amounts for Subscribers are shown on the ***Schedule of Benefits***. An Out-of-Pocket Maximum amount is the maximum amount of Deductible and Coinsurance that a Subscriber(s) pays for Covered Services received from a Participating Dentist during a Benefit Period. Once an Out-of-Pocket Maximum is paid, this Dental Plan will begin paying 100 percent of any Covered Charges received by such Subscriber(s) from a Participating Dentist for the rest of that Benefit Period, not to exceed any applicable benefit maximums.

## CARE BY MORE THAN ONE DENTIST

Benefits will be provided to only one Dentist for any given Course of Treatment. There will be no duplication of Benefits due to a change of Dentists in the middle of a Course of Treatment.

## PRETREATMENT ESTIMATE OF BENEFITS AND TREATMENT PLANS

A Pretreatment Estimate is a determination by BCBSNM before you receive certain specified services. It does not determine medical necessity, or guarantee coverage, instead Pretreatment Estimates identify this Dental Plan's

**estimated** financial liability **before** treatment is started. Such estimates are subject to change, according to the terms of your coverage, and may include an allowance for alternate Benefits (see "Alternate Benefits'' later in this section).

If your Dentist recommends a Course of Treatment that will cost more than $300, your Dentist should prepare a Claim form describing the Course of Treatment, copies of necessary x-rays, photographs and models, and an estimate of the charges prior to your beginning the Course of Treatment. BCBSNM will review the report and materials, taking into consideration alternative adequate Courses of Treatment, and will notify you and your Dentist of the estimated Benefits that will be provided (i.e. a "Pretreatment Estimate of Benefits"). This is **not** a guarantee of payment, but an estimate of the Benefits available for the proposed services to be rendered. BCBSNM's Pretreatment Estimates of Benefits are valid for 180 days, provided all eligibility and Contract requirements are met. If the approved procedure is not done within that time period, or if the patient's condition changes, you are responsible for asking the Dentist to submit another request and Course of Treatment, along with the required current documentation. A new Pretreatment Estimate of Benefits must then be issued by BCBSNM.

Responses to requests for Pretreatment Estimates will be delivered within five (5) business days.

Mail the Pretreatment Estimate of Benefits requests and Course of Treatment forms to:

**Blue Cross and Blue Shield of New Mexico**
**Dental Administrative Offices**
**P.O. Box 23090**
**Belleville, IL 62223-0090**

## ALTERNATE BENEFITS

If more than one Covered Service will treat a dental condition, payment is limited to the least costly service provided it is a professionally accepted, necessary and appropriate treatment, as determined by BCBSNM. If you or your Dentist requests or you accept a more costly Covered Service, you are responsible for expenses that exceed the amount covered for the least costly service.

When two or more services are submitted and the services are considered part of the same service, the Plan will pay the most comprehensive service as determined by the Plan.

When two or more services are submitted on the same day and the services are considered mutually exclusive (one service contradicts the need for the other service), the Plan will pay for the service that represents the final treatment as determined by the Plan.

## BENEFIT PAYMENT FOR DENTAL SERVICES

The Benefits provided by BCBSNM and the expenses that are your responsibility for your Covered Services will depend on whether you receive services from a Participating or Out-of-Network Dentist.

Participating Dentists are Dentists who have signed an agreement with Blue Cross and Blue Shield of New Mexico to accept the Allowable Charge as payment in full. Such Participating Dentists have agreed not to bill you for Covered Service amounts in excess of the Allowable Charge. Therefore, you will be responsible only for any Coinsurance and/or Deductible amounts applicable to your Covered Services.

Out-of-Network Dentists are Dentists who have not signed an agreement with BCBSNM to accept the Allowable Charge as payment in full. Therefore, you are responsible to these Dentists for the difference between BCBSNM's Benefit and such Dentist's charge to you, in addition to any Coinsurance and/or Deductible amounts applicable to your services.

If you need to know the Allowable Charge for a particular procedure or whether a particular Dentist is a Participating Dentist, contact the Dentist or BCBSNM at the number listed on your Identification Card.

- Occupational disease laws.
- Employer's liability.
- Municipal, state, or federal law (except Medicaid).
- Workers' Compensation Act.

To recover Benefits for a work-related illness or injury, you must pursue your rights under the Workers' Compensation Act or any of the above provisions that apply, including filing an appeal. (BCBSNM may pay Claims during the appeal process on the condition that you sign a reimbursement agreement.)

**This Plan does not cover** charges for services resulting from a work-related illness or injury, **even if**:

- You fail to file a Claim within the filing period allowed by the applicable law.
- You obtain care not authorized by Workers' Compensation insurance.
- Your employer fails to carry the required Workers' Compensation insurance. (The employer may be liable for an employee's work-related illness or injury expenses.)

**NOTE:** This "Work-Related Conditions" exclusion does not apply to an executive employee or sole proprietor of professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers' Compensation Act. You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

# CLAIM FILING PROCEDURES

## PARTICIPATING DENTISTS

Participating Dentists have agreed to submit Claims directly to BCBSNM for you. When you receive Covered Services from a network Dentist, simply show your Identification Card, and Claims submission will be handled for you. If you must see an Out-of-Network Dentist who is not a member of BCBSNM's Participating Dentist Network, you may have to file a Claim yourself. If so, you should follow the guidelines below.

## FILING DENTAL CLAIMS

In order to obtain your dental Benefits under this Dental Plan, it is necessary for a Claim to be filed with the Dental Plan. Usually all you have to do is show your BCBSNM Identification Card to your Dentist. They will file your Claim for you. Remember, however, it is your responsibility to ensure that the necessary Claim information has been provided to the Dental Plan.

If you use an Out-of-Network Dentist and have to file a Claim yourself, you may call Customer Service at the number on your Identification Card for a Claim form. As soon as treatment has ended, ask your Dentist to complete and sign the ***Attending Dentist's Statement***. Once you complete the Claim form and attach the ***Attending Dentist's Statement***, you may send the Claim to:

**Blue Cross and Blue Shield of New Mexico**
**C/O Dental Network of America, Inc.**
**P.O. Box 23090**
**Belleville, IL 62223-0090**

If a Dentist will not complete the Attending Dentist's Statement or does not bill BCBSNM directly, it is the Member's responsibility to attach itemized bills that include all necessary information to the Claim form and submit it to BCBSNM. Balance due statements, cash register receipts, and canceled checks are **not** acceptable.

## TIMELY FILING LIMITS

Participating Dentists must file all Claims **within 180 days** after the date of service. Any Claims filed after this time limit may be denied, unless BCBSNM is satisfied that there is a valid reason why the Participating Dentist could not submit his/her Claim within this time limit. Members shall have **365** days (one year) after the date of service to file Member submitted Claims.

If a Claim must be returned to the Subscriber for additional information, the Claim must be resubmitted to BCBSNM **within 45 days** of the date the Claim was returned to the Subscriber.

If a Member's coverage under this Dental Plan ends, Claims for Covered Services incurred during the Member's final Benefit Period must be filed **within 180 days** after the date of the coverage termination. Failure to file a Claim **within the 180 days** will result in loss of Benefits otherwise provided by this Dental Plan if, as a result of such failure by the Member, BCBSNM is unable to perform adequate Claims review.

## IF YOU HAVE OTHER VALID COVERAGE

If this Dental Plan is secondary to another plan, you need to file your Claim with the other carrier first.

If a Dentist normally files Claims to BCBSNM and the other carrier does not pay the Dentist directly, the Dentist will need, from you, a copy of the other carrier's explanation of Benefits to include with the Claim sent to BCBSNM.

If an Out-of-Network Dentist does not file Claims for you, attach a copy of the Out-of-Network Dentist's explanation of Benefits to the Claim that you send to BCBSNM.

## CLAIM FORMS AND ITEMIZED BILLS

All information on the Claim form and itemized statements must be readable. If information is missing on the Claim form or it is not readable, then BCBSNM will return it to the Subscriber or to the Dentist. **Handwritten entries added to a typed or computerized Claim form that change or add procedure codes are considered fraudulent and will require the Subscriber's and the Dentist's signatures acknowledging approval of such information.**

The information on the itemized bills is used to determine Benefits, so it must support information reported on the submitted Claim form. All Claims must include:

- Subscriber's Dental Plan ID number.
- Subscriber's name and address.
- Member's name.
- Member's age and relationship to the Subscriber.
- Other dental coverage in effect.
- Date of service.
- Type of treatment.
- Itemization of charges.
- Accident or surgery date (when applicable).
- Name and address of Dentist.
- Dentist's tax ID number or social security number.
- Member's signature.
- Dentist's signature.

If an itemized bill from the Dentist is not attached to a Claim form, the Dentist must complete the "Dentist Information Section" and the "Examination and Treatment Record" of the Attending Dentist's Statement and **must** sign the Claim form.

Benefits cannot be determined if documentation is missing or radiographs submitted are not of sufficient diagnostic quality to determine Benefits.

**Separate Claim Forms Required** – A separate Claim form is required for each Dentist for which you are requesting reimbursement. A separate Claim form is also required for each Member when charges for more than one family member are being submitted.

## DENTAL CLAIM REVIEW PROCEDURES

If your Claim had been denied in whole or in part, you may ask for a review. The Dental Plan will review its decision in accordance with the procedure below.

If your Claim has been denied in whole or in part for lack of Medical Necessity, you may appeal the Dental Plan's decision.

You have 180 days following the notification of an adverse benefit determination in which to appeal a decision to BCBSNM, however, you may exceed the 180- day limit when appealing to the Consumers Assistance Bureau of the Office of Superintendent of Insurance.

For an appeal to BCBSNM, send your request to:

**Blue Cross and Blue Shield of New Mexico**
**Dental Administrative Office**
**P.O. Box 23100**
**Belleville, IL 62223-0100**

For an appeal to the Consumers Assistance Bureau of the Office of Superintendent of Insurance, send your request to:

**Office of Superintendent of Insurance**
**Consumers Assistance Bureau**
**P.O. Box 1689**
**Santa Fe, NM 87504-1689**
**Tel: 1-855-4ASK-OSI**
**1- 855-427-5674**

You may also designate a representative to act for you in the review procedure. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. While BCBSNM will honor telephone requests for information, such inquiries will not constitute a request for review.

You and your authorized representative may ask to see relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of a denial or partial denial. BCBSNM will give you a written decision within 60 days after it receives your request for review.

If you have any questions about the Claim procedures or the review procedure, you may call Customer Service at the number listed on your Identification Card. Or you can write:

**Blue Cross and Blue Shield of New Mexico**
**Dental Administrative Office**
**P.O. Box 23060**
**Belleville, IL 62223-0060**

If you have a Claim for Benefits which is denied, in whole or in part, you may file suit in a state or federal court.

## DENIALS

### Denial of Services

A dental benefit may be denied if the dental service is determined to not be medically necessary based on a Dentist's opinion and a formal review process. Any determination must be consistent with medical necessity standards and appropriate clinical guidelines.

This Dental Plan will not deny any claim for services included, unless one of the following circumstances apply:

- Documentation for the claim provided by the person submitting the claim clearly fails to support medical necessity of the billed services.
- Another payer is responsible for the payment.
- Another payer has already paid the claim.
- The Claim was submitted fraudulently or was based on whole or material part on erroneous information provided to the plan by the provider, covered person or other person not related to the carrier.
- The person receiving care was not eligible for covered benefits on the date of service and the carrier did not know nor could have known of the person's eligibility status with the exercise of reasonable care.

### Notice of Denial

If this Dental Plan denies a request, a written explanation of the basis for the denial must be delivered to the Member within 24 hours of the determination for emergency care and within 10 calendar days for all other care.

The fact that a Dentist or Physician may prescribe, order, recommend or approve a procedure does not make such a procedure Medically Necessary. To be Medically Necessary, the procedure or supply must also conform to approved and generally accepted standards of accepted dental practice prevailing in the state when and where the procedure or supply is ordered. Such procedures or supplies are also subject to review and analysis by dental consultants retained by BCBSNM. # Pediatric Vision Care Rider

BlueCross BlueShield of New Mexico

This *Pediatric Vision Care Rider* is made part of and is in addition to any information you may have in your Blue Cross and Blue Shield of New Mexico (BCBSNM) member benefit booklet. BCBSNM underwrites this *Pediatric Vision Care Rider* and has partnered with EyeMed Vision Care, LLC ("EyeMed"), also referred to as the "Vision Care Plan Administrator." EyeMed provides customer service and claims administration services to members enrolled in the pediatric vision care plan. The relationship between BCBSNM and EyeMed is that of independent contractors. Through our arrangement with EyeMed, you will have access to EyeMed's network of vision care Providers.

This *Pediatric Vision Care Rider* provides information about coverage for the routine vision care services outlined below, which are specifically excluded under your medical/surgical health care plan. **(Services that are covered under your medical/surgical plan are not covered under this *Pediatric Vision Care Rider*.) All provisions in the medical plan booklet apply to this *Pediatric Vision Care Rider* unless specifically indicated otherwise below.**

BY:

Janice Torrez, President
Blue Cross and Blue Shield of NM

This BCBSNM vision care plan allows members to select the Provider of their choice, in or out of the network. BCBSNM has designed benefit plans to deliver quality care, matched with comprehensive benefits, at the most affordable cost, through in-network services. You also have the flexibility to visit an out-of-network Provider, with a reduction in benefits.

## Definitions:

**Benefit Period —** For purposes of this *Pediatric Vision Care Rider,* a period of time that begins on the later of: 1) the member's effective date of coverage under this *Pediatric Vision Care Rider,* or 2) the last date a Vision Examination was performed on the member or that Vision Materials were provided to the member, whichever is applicable. (A Benefit Period does not coincide with a calendar year and may differ for each covered member of a group or family.)

**Medically Necessary Contact Lenses —** Contact lenses may provide superior visual and physical results to spectacles in individuals with certain eye conditions. For purposes of this *Pediatric Vision Care Rider,* those conditions are limited to the following: keratoconus when the patient is not correctable to 20/30 in either or both eyes using standard spectacle lenses; high ametropia exceeding 12 D or +9 D in spherical equivalent; anisometropia of 3 D or more; patients whose vision can be corrected two lines of improvement on the visual acuity chart when compared to best corrected standard spectacle lenses.

**Proof of Loss —** A formal statement or Claim regarding a loss which provides sufficient information to allow BCBSNM to determine its liability for Covered Services. This includes a completed Claim form; the ophthalmologist's or optometrist's itemized statement of services rendered, and related charges; and medical records, when requested by BCBSNM, as provided under the utilization review procedures of this Vision Plan.

**Provider —** For purposes of this *Pediatric Vision Care Rider,* a licensed ophthalmologist or optometrist operating within the scope of his or her license or a dispensing optician. An "in-network" Provider is a Provider who has contracted with the vision care plan administrator, EyeMed. An "out-of-network" Provider has not contracted with EyeMed (even if such Provider is contracted with BCBSNM to render covered services under your medical/surgical health care plan).

**Vision Examination —** A vision testing exam, including a determination as to the need for correction of visual acuity and prescribing lenses, if needed, that is performed by a licensed physician or optometrist who is operating within the scope of his/her license. A Vision Examination (including dilation, if necessary) includes but is not limited to the following:

- One eye exam every 12 months.
- One pair of standard eyeglass lenses or contact lenses every 12 months.
- One frame every 12 months.
- Minor repairs to eyeglasses.
- Lens tinting if certain conditions are present.
- Lenses to prevent double vision.
- Case history, including chief complaint and/or reason for visit, patient medical/eye health history, and record of current medications; record of visual acuities with/without present correction, if applicable.
- Pupil responses, external exam findings, internal exam findings, screening of visual fields perception.
- Diagnosis/prognosis and/or specific recommendations.

**Vision Materials —** Corrective lenses and/or frames or contact lenses.

## Eligibility:

Children who are covered under a BCBSNM medical/surgical plan, up to age 19, are eligible for coverage under this *Pediatric Vision Care Rider.*

**NOTE:** Once coverage is lost under the medical/surgical plan, all benefits cease under this *Pediatric Vision Care Rider.* Extension of benefits due to disability, state or federal continuation coverage, and conversion option

privileges are **not** available under this *Pediatric Vision Care Rider.*

## Limitations and Exclusions:

In addition to the general limitations and exclusions listed in your medical/surgical plan benefit booklet, this *Pediatric Vision Care Rider,* does not cover services or materials connected with or charges arising from:

- Orthoptic or vision training, subnormal vision aids, and any associated supplemental testing.
- Aniseikonic lenses.
- Medical and/or surgical treatment of the eye, eyes, or supporting structures.
- Any eye or Vision Examination, or any corrective eye wear required by an employer as a condition of employment, and safety eyewear.
- Services provided as a result of any Workers' Compensation law, or similar legislation, or required by any governmental agency or program whether federal, state or subdivisions thereof.
- Plano nonprescription lenses or nonprescription sunglasses and/or contact lenses.
- 2 pairs of glasses in lieu of bifocals.
- Services rendered after the date an Insured Person ceases to be covered under the Policy, except when Vision Materials ordered before coverage ended are delivered, and the services rendered to the insured person are within 31 days from the date of such order.
- Services or materials provided by any other group benefit plan providing vision care; services covered under your medical/surgical plan.
- Replacement of lost, stolen, damaged, or broken materials, except in the next Benefit Frequency when Vision Materials would next become available, unless otherwise covered through warranty.
- Services of unlicensed personnel.

## How the Vision Care Plan Works:

Under the vision care plan option, you may visit any covered Provider and receive benefits for a Vision Examination. In order to maximize benefits for most covered Vision Materials, however, you must purchase them from an in-network Provider. (An "in-network" Provider is one who contracts with the vision care plan administrator, EyeMed, to provide services covered under this *Pediatric Vision Care Rider* to enrolled members. Providers who contract with BCBSNM are not considered "in-network" for purposes of this *Pediatric Vision Care Rider,* unless he/she also contracts with EyeMed.)

Before you go to an in-network vision care plan Provider for an eye examination, eyeglasses, or contact lenses, please call ahead for an appointment. When you arrive, show the receptionist your BCBSNM health care plan or your vision plan identification card (the ID numbers should be the same). If you forget to take your card, be sure to say that you are a member of the BCBSNM vision care plan so that your eligibility can be verified.

To locate an in-network vision care Provider, visit EyeMed's Web site at www.eyemed.com and use the Find a Provider link (choose the Select network for your search), or call 1-844-684-2257.

After you choose and order your eyeglasses or contacts from an in-network Provider, your eyewear will be dispensed by the Provider – generally within two to five business days from the date of the order. More delivery time may be needed for out-of-stock frames, ARC (anti-reflective coating), specialized prescriptions, or when an in-network Provider's frame that is not offered under EyeMed is selected. If you obtain glasses or contacts from an out-of-network Provider, you must pay the Provider in full and submit a claim to EyeMed for reimbursement (see "Claims Filing" for more information).

You may receive your eye examination and eyeglasses/contacts on different dates or through different Provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one Provider. Continuity of care will best be maintained when all available services are obtained at one time from one in-network Provider and

there may be additional professional charges if you seek contact lenses from a Provider other than the one who performed your eye examination.

Fees charged for services other than a covered Vision Examination or covered Vision Materials and amounts in excess of those payable under this *Pediatric Vision Care Rider,* must be paid in full by you to the Provider, whether or not the Provider participates in the vision care plan network. Benefits under this *Pediatric Vision Care Rider* may not be combined with any discount, promotional offering, or other group benefit plans. Allowances are one-time use benefits; no remaining balances are carried over to be used later.

## Pretreatment Estimate

A Pretreatment Estimate is not required for this Vision plan.

## Claims Filing and Appeal Procedures:

### In-Network Vision Services

When you receive vision services at an in-network vision plan Provider location, you will not have to file a claim form. At the time services are rendered, you will have to pay the cost of any services or eyewear that exceeds any allowances, and any applicable copayments. You will also owe state tax, if applicable, and the cost of noncovered expenses (for example, vision perception training).

### Claims for Out-of-Network Vision Services

When you receive covered vision services outside of the vision plan Provider network, you will need to file a claim form. You can obtain a claim form from an EyeMed Member Services Representative or by accessing the website at www.eyemed.com. Be sure to fill out the claim form completely. You must submit your claim form no more than **90 calendar days** after the services were provided. If you choose to go to an out-of-network Provider, please complete the following steps before submitting your claim form to EyeMed.

1. You are responsible for payment of vision care services at the time of service. BCBSNM (through the vision care plan administrator, EyeMed) will reimburse **you** for covered services. Please see the "Summary of Pediatric Vision Benefits," on the last page of this *Pediatric Vision Care Rider* for the list of qualified services and their reimbursement amounts.
2. Complete the Patient Information portion of your claim form.
3. Complete the Member/Employee Information Portion of your claim form. This information can be found on your ID card or by contacting your human resources or employee benefits department.
4. Complete the Provider Information portion of the form.
5. Sign the claim form. If the patient is a minor, the parent or legal guardian must sign the claim form.
6. Attach itemized receipts from your Provider to the claim form. (Facsimiles and photocopies of bills cannot be accepted; please keep copies for your records. Bills will not be returned.) Please include the following breakdown of costs for each itemized bill:
   - Exam.
   - Frames.
   - Lenses (specific prescription and type of lenses).
   - Contact lenses (specific prescription and type of lenses).
7. Mail the claim form to the following address:

**First American Administrators**
**Attn: OON Claims**
**P.O. Box 8504**
**Mason, OH 45040-7111**

## Proof of Loss

When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Vision Plan if the claimant submits written proof of loss along with the character and the extent of the loss for which claim is made within 180 days after the date of the first service, except in the absence of legal capacity due to a serious health condition and unable to perform regular daily activities.

## Customer Service:

Questions about services covered under the vision care plan, in-network vision plan Providers, or about benefits provided or denied under the plan can be directed to EyeMed seven days a week, Monday through Saturday 5:30 A.M. to 9:00 P.M., and Sunday 9:00 A.M. to 6:00 P.M. (Mountain Time) at 1-844-684-2257. An Interactive Voice Response unit is also available outside normal business operating hours. (Please direct member enrollment, termination, and other subscriber or dependent eligibility questions to BCBSNM—not to EyeMed.) Members using a TTY (Teletypewriter) because of a hearing or speech disability may access TTY services through calling or using a TTY machine to engage an operator at 711 and asking the operator to call EyeMed at 1-844-230-6498.

**If a claim for benefits is denied (in whole or in part), EyeMed will notify you in writing of the specific reasons for the denial, and of the process for requesting a review of the denial.**

## Denials

### Denial of Services

This Vision Plan will not deny any claim for services included, unless one of the following circumstances apply:

- Documentation for the claim provided by the person submitting the claim clearly fails to support medical necessity.
- Another payer is responsible for the payment.
- Another payer has already paid the claim.
- The Claim was submitted fraudulently or was based on whole or material part on erroneous information provided to the plan by the provider, covered person or other person not related to the carrier.
- The person receiving care was not eligible for covered benefits on the date of service and the carrier did not know nor could have known of the person's eligibility status with the exercise of reasonable care.

### Notice of Denial

If this Vision Plan denies a claim, a written explanation of the basis for the denial will be sent to the Member within five (5) business days of the receipt of the claim.

## Member Complaint Procedure

If you are dissatisfied with an EyeMed Provider's quality of care, services, materials or facility, or with EyeMed's Plan administration, you should first call EyeMed Customer Care Center at 1-844-684-2257 to request resolution. The EyeMed Customer Care Center will make every effort to resolve your matter informally.

If you are not satisfied with the resolution from the Customer Care Center service representative, you may file a formal complaint with EyeMed's Quality Assurance Department at the address noted below. You may also include written comments or supporting documentation.

The EyeMed Quality Assurance Department will resolve your complaint within thirty (30) days after receipt, unless special circumstances require an extension of time. In that case, resolution shall be achieved as soon as possible, but no later than one hundred twenty (120) days after EyeMed's receipt of your complaint. Upon final resolution, EyeMed will notify you in writing of its decision.

## Appealing Denied Claims:

If your claim is denied, in whole or in part, you may file an appeal. The appeal must be in writing and received by First American Administrators (FAA), a wholly-owned subsidiary of EyeMed, within 180 days of your notice of the denial. If you do not receive an EOB within 30 days of submission of your claim, you may submit an appeal within 180 days after this 30-day period has expired. Your written letter of appeal should include the following:

- The applicable claim number or a copy of the written denial or a copy of the EOB, if applicable.
- The item of your vision coverage that the member feels was misinterpreted or inaccurately applied.
- Additional information from the member's eye care Provider that will assist FAA in completing its review of the member's appeal, such as documents, records, questions, or comments.

**FAA/EyeMed Vision Care, LLC**
Attn: Quality Assurance Dept.
4000 Luxottica Place
