

Preventive Care Services: Contraception

Preventive Care Coverage at No Cost to You

Effective Jan. 1, 2025

Your health plan may provide certain contraceptive coverage as a benefit of membership, at no cost to you when you use a pharmacy or doctor in your health plan's network. There is no copay, deductible or coinsurance, even if your deductible or out-of-pocket maximum has not been met. Some examples of contraceptive drugs and products that may be covered under your plan are on this list. They will be reviewed from time-to-time and are subject to change. Coverage for contraceptives can vary depending on the type of plan you are enrolled in, as well as your prescription drug list. If you are using a contraceptive not listed under the Contraceptive Product Coverage, then copays, coinsurance or deductible may apply. Check your drug list or call the number listed on your member ID card to find out what products are covered at no cost share under your plan.

CONTRACEPTION*

The following contraceptive items and services may be covered under the medical or pharmacy benefit without cost-sharing when provided by a pharmacy or doctor in your health plan's network. This list is not all inclusive. Additional products may be covered at no additional cost.

- All of the prescribed products within each of the categories approved by the FDA for use as a method of contraception, other than those that have at least one therapeutic equivalent.
- FDA-approved contraceptives available over the counter (i.e. foam, sponge, birth control pill, female and male condoms), when prescribed and dispensed via network pharmacy
- The morning after pill
- Injections such as DEPO-PROVERA and DEPO-SUBQ PROVERA 104 may be covered under the medical or pharmacy benefit
- Medical devices such as diaphragms, cervical caps and contraceptive implants may be covered under the pharmacy or medical benefit
- Female sterilization, including tubal ligation and tubal implant

† = Covered under medical benefit

* Members may have additional reproductive health benefits per New Mexico law not represented within this list.

* Some of these products may be covered under your medical benefit if provided by a doctor in your health plan's network. Most generic drugs listed are followed by a reference brand drug in (parentheses). The brand name drug in parentheses is listed for reference and may not be covered under your benefit. This list is not all inclusive. Additional products may be covered at no additional cost.

* Prescription coverage for contraception may vary according to the terms and conditions of the plan and prescription drug list. A prescription may be required for coverage without cost-sharing under the pharmacy benefits for non-grandfathered plans. If your contraception product is not listed, check your prescription drug list or ask your doctor about therapeutic alternatives. Your doctor can submit a copay waiver or coverage exception from BCBSNM (unless you have a benefit exclusion) for contraceptive products not covered on your prescription drug list. Copay waiver and coverage exception forms for your doctor to fill out are available at bcbsnm.com/provider or myprime.com. Your doctor can also call the number on your member ID card to ask for a review. If you meet the conditions as outlined under the Affordable Care Act, you may have \$0 member cost-sharing (no deductible, copay or coinsurance). BCBSNM will let you, and your doctor, know the coverage decision after receiving your request. If the request is denied, BCBSNM will let you and your doctor know why it was denied and offer you a covered alternative drug (if applicable).

* Certain group health plans established or maintained by organizations that qualify as religious employers may be exempt. These services may be covered under a plan's Pharmacy benefits.

This information is for informational purposes only, does not constitute legal or other advice and should not be relied upon to determine coverage. Affordable Care Act regulations provide for an exemption from the requirement to cover contraceptive services for certain group health plans established or maintained by organizations that qualify as religious employers. Also, federal regulatory agencies have established an accommodation for religious affiliated eligible organizations, in which case separate payment may be available for certain contraceptive services. For more information about the religious employer exemption or eligible organization accommodation, please contact us at the phone number on your member ID card.
