HEALTH CARE FRAUD INFORMATION

Health care and insurance fraud results in cost increases for health care plans. You can help always:

- Be wary of offers to waive Copayments, Deductibles, or Coinsurance. These costs are passed on to you eventually.
- Be wary of mobile health testing labs. Ask what your health care insurance will be charged for the tests.
- Review the bills from your Providers and the *Explanation of Benefits* (EOB) you receive from BCBSNM. Verify that services for all charges were received. If there are any discrepancies, call a BCBSNM Customer Service Advocate.
- Be very cautious about giving information about your health care insurance over the phone. If you suspect fraud, Contact the BCBSNM Fraud Hotline at 1-888-841-7998.

SECTION 2: ENROLLMENT AND TERMINATION INFORMATION

WHO IS ELIGIBLE

Each person who becomes eligible for coverage can apply by submitting an application to NMRHCA within 31 days of becoming eligible. Eligibility conditions are mandated by the Retiree Health Care Act and are subject to periodic changes. You may call NMRHCA at 1-800-233-2576 or check the NMRHCA website at www.nmrhca.org for more information.

No eligibility rules or variations in premium will be imposed on you based on your specific health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status-related factor. You will not be discriminated against for coverage under this Plan on the basis of race, color, national origin, disability, or perceived disability, blindness, partial blindness, limb loss or absence, age, sex, gender identity or sexual orientation. Variations in the administration, processes, or benefits of this policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

COVERAGE TYPES

Your coverage is one of the following types:

- Retiree Only – Only the retiree (or his/her dependent) is covered.
- Retiree + Spouse/Domestic Partner – The retiree and one dependent (or any two dependents) are covered.
- Retiree + Spouse/Domestic Partner and each dependent – The retiree and his/her (or three or more dependents) are covered.

NOTE: Dependents are allowed to be covered under the non-Medicare NMRHCA Plan when the retiree (or surviving spouse) is covered under an NMRHCA Medicare program.

ELIGIBLE RETIREES

You are an eligible retiree (a retiree eligible to participate in NMRHCA) if:

- You receive a disability or normal retirement benefit from public service in New Mexico with an NMRHCA participating employer, and
- You did one of the following:
 - You retired with a pension before your employer's effective date with the NMRHCA program, or
 - You and/or your employer (on your behalf) made contributions to the NMRHCA fund from your employer's NMRHCA effective date until your date of retirement, or
 - You and/or your employer (on your behalf) made contributions to the NMRHCA fund for at least five years before your date of retirement.
 - You are a former legislator who served in the New Mexico State Legislature for at least two years.

ELIGIBLE FAMILY MEMBERS

Covered family member, covered spouse, covered child - An eligible spouse or Eligible Child (as defined below) who has applied for and been granted coverage under the Subscriber's policy based on his/her family relationship to the Subscriber.

Eligible Family Members - Family members of the Subscriber, limited to the following persons:

- the Subscriber's legal **spouse**
- the Subscriber's Eligible **Child** through the end of the month in which the child reaches **age 26** (Once a covered child reaches age 26, the child is automatically removed from coverage and rates adjusted accordingly - unless the child is an Eligible Family Member under this Plan due to a disability as described below.)
- the Subscriber's **unmarried** child age 26 or older who was enrolled as the Subscriber's covered child in this health plan at the time of reaching the age limit, and who is medically certified as **disabled**, chiefly dependent upon the Subscriber for support and maintenance, and incapable of self-sustaining employment by reason of his/her disability. Such condition must be certified by a Physician and BCBSNM. Also, a child may continue to be eligible for coverage age 26 or older only if the condition began before or during the month in which the child would lose coverage due to his/her age. BCBSNM must receive written notice of the disabling condition within 31 days of the child's attainment of the limiting age and subsequently, as may be required by BCBSNM, but not more frequently than annually after the two-year period following the child's attainment of the limiting age of 26.
- The Subscriber's **Domestic Partner**

Eligible Child - The following family members of the Subscriber through the end of the month during which the child turns age 26:

- natural or legally adopted child of the Subscriber
- child placed in the Subscriber's home for purposes of adoption (including a child for whom the Subscriber is a party in a suit in which the adoption of the child by the Subscriber is being sought)
- stepchild of the Subscriber (or otherwise Eligible Child of a Domestic Partner, if Domestic Partners are covered under your benefit plan)
- child for whom the Subscriber must provide coverage because of a court order or administrative order pursuant to state law

A child meeting the criteria above is an "Eligible Child" whether or not the Subscriber is the custodial or noncustodial parent, and whether or not the Eligible Child is claimed on income tax, employed, married, attending school or residing in the Subscriber's home, **except** that:

- once the Subscriber is no longer a legal guardian of a child or there is no longer a court order to provide coverage to a child, the child must be eligible as a natural child, legally adopted child, or stepchild of the Subscriber in order to retain eligibility as a family member under this health plan.

A **Domestic Partner** is a person of the same or opposite sex who meets all of the following criteria:

- shares your permanent residence and has resided with you for no less than one year;
- is not less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property; community ownership of a motor vehicle; a joint bank account or a joint credit account; designation as a beneficiary for life insurance or retirement benefits or under your partner's will; assignment of a durable power of attorney or health care power of attorney; or such other proof as is considered by BCBSNM to be sufficient to establish financial interdependency under the circumstances of your particular case;
- is not a blood relative any closer than would prohibit legal marriage; and
- has signed jointly with you, a notarized affidavit which can be made available to BCBSNM on request.

In addition, you and your Domestic Partner will meet the terms of this definition as long as neither of you nor your Domestic Partner:

- has signed a Domestic Partner affidavit or declaration with any other person within 12 months prior to designating each other as Domestic Partners here under;
- is currently legally married to another person; or
- has any other Domestic Partner, spouse, or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners if you reside in a state that provides for such registration. In any case, if NMRHCA allows coverage for Domestic Partners and their children, NMRHCA will require a notarized *Affidavit of Domestic Partnership* and at least three corroborating documents:

- joint lease/mortgage or ownership of property
- jointly owned motor vehicle, bank or credit account (only one qualifies)
- Domestic Partner named as beneficiary of the participant's life insurance and/or retirement benefits, and/or as primary beneficiary under participant's will
- Domestic Partner assigned as power of attorney or legal designee by the employee
- both names on a utility bill and/or on an investment account

The federal government does not recognize Domestic Partners as qualified Eligible Family Members and therefore, the premium paid for their coverage cannot be pre-tax. In addition, the retiree must pay tax on the portion of the premium paid by NMRHCA for the Domestic Partner and his/her covered children. Retirees wanting to change benefit elections involving a Domestic Partner must adhere to the same rules regarding qualifying events.

NMRHCA may require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage. Unless listed as an Eligible Family Member, no other family member, relative or person is eligible for coverage as a family member. Common-law spouses are **not** considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "Domestic Partner."

Information for Noncustodial Parents

When a child is covered by the Plan through the child's noncustodial parent, then NMRHCA will:

- provide such information to the custodial parent as may be necessary for the child to obtain benefits through the NMRHCA Plan;
- permit the custodial parent or the provider (with the custodial parent's approval) to submit claims for Covered Services with the approval of the noncustodial parent; and
- make payments on claims submitted in accordance with the above provision directly to the custodial parent, the provider, or the state Medicaid agency as applicable.

Dependents Who Are Not Eligible - Your spouse or children are not eligible while on active duty in the armed forces of any country or covered under NMRHCA as a retiree or a dependent of another retiree.

It is your responsibility to notify NMRHCA (who will then notify BCBSNM) of any change in your coverage status, including a name or address change or any additions or removals of a dependent (spouse or child). If you have any questions about a dependent's eligibility, contact NMRHCA at 1-800-233-2576 for details. Forms are posted on the NMRHCA website at www.nmrhca.org.

RIGHT TO SURVIVORSHIP

An eligible dependent of a deceased eligible retiree/vested-active employee may be covered under the health plan in the same terms and conditions as would apply if the retiree were still living. The surviving dependent is enrolled (or re-enrolled) under his/her own identification number and is assessed the appropriate dependent rate for medical plan premium contributions. This is called right of survivorship, and it will continue to be offered to the eligible spouse until his/her death or the eligible dependent until his/her death, marriage, or ineligibility. Eligible dependents of the surviving spouse or child

are not eligible for this program unless they are related to the deceased retiree as described under Eligible Dependents, in this section of the booklet. For example, if a surviving spouse remarries, his/her new spouse is not eligible for this program.

MEDICARE-ELIGIBLE MEMBERS

Within three months before you or your spouse become age 65, or if you or a covered dependent qualified for Medicare benefits for any other reason, contact the local Social Security office to establish Medicare eligibility. NMRHCA will send you information about your coverage options about two months before the month in which you turn age 65. Please refer to eligibility guidelines set forth by NMRHCA. If you are eligible for premium-free Medicare Part A and elect to decline or cancel a Medicare Part B benefit to which you are entitled, you will automatically be enrolled in the BCBSNM Medicare Supplement Plan, and you will be responsible for paying all charges normally payable by Medicare Part B.

If you did not contribute a minimum of 40 quarters to Social Security through an employer, you may not be entitled to premium-free Medicare Part A and NMRHCA will not penalize you for not enrolling in Part A. You will still be eligible for Part B benefits, whether you enroll in Medicare Part A or not. Therefore, if you are not entitled to premium-free Medicare Part A but take Part B benefits, you can enroll in any NMRHCA non-Medicare PPO Plan with BCBSNM.

You also have the option of purchasing Medicare Part A. (Contact your Benefits Office to find out how much purchasing Medicare Part A would cost you. The amount is determined by the number of quarters you paid into social Security over your lifetime.) If you wish to purchase Medicare part A, you must provide NMRHCA written notice from the Social Security Administration indicating why you are not eligible for premium-free Medicare Part A.

APPLYING FOR COVERAGE

An eligible person can apply for coverage, including for his/her Eligible Family Members, by submitting an enrollment/change form to NMRHCA **within 31 days** after becoming eligible according to the terms of the Contract Agreement. **Note:** NMRHCA cannot use genetic information or require genetic testing in order to determine, limit or deny coverage.

WHEN COVERAGE BEGINS

NMRHCA will determine your Effective Date of Coverage according to the provisions of the Contract Agreement.

This Plan does not cover any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Subscriber's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your effective date that are covered under the prior benefit plan.

CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by NMRHCA. Please contact NMRHCA to find out when you can change your coverage type or remove a person from your coverage.

ADDING A FAMILY MEMBER TO COVERAGE

You may apply for coverage of your eligible dependents, which may mean changing from Retiree Only to Retiree + Spouse/Domestic Partner or Retiree + Spouse/Domestic Partner and each dependent coverage. "(See "Late Applicants" in this section for more information.)"

For eligible dependents who are newly eligible due to an event such as marriage, newborn child, or adopted child, you need to apply for dependent coverage before or within 31 days of the event. If you do not apply within the 31 days, you will not be able to apply until the next open enrollment period designated by NMRHCA.

LATE APPLICANT

A Late Applicant may only enroll during the open enrollment period as designed by NMRHCA. Exception: When an eligible retiree, spouse, or dependent was receiving Group health coverage through a third party and involuntarily loses the coverage due to a change in eligibility status, the eligible retiree, spouse, or dependent may enroll in the NMRHCA Plan for which he/she is eligible. In such cases, if the loss of coverage was not caused by any neglect or wrong doing by the eligible retiree, spouse, or dependent, he/she may enroll within 31 days of the change of status without being considered a Late Applicant.

An Involuntary Loss of Coverage includes the following circumstances: loss of other coverage due to legal separation, divorce, death, reaching a dependent child age limit, moving out of a service area, termination of employment, reduction in hours, or termination of employer contributions (even if the affected member continues such coverage by paying the amount previously paid by the employer.) A loss of coverage may also occur if your employer ceased offering coverage to the particular class of workers or similarly situated individuals to which you belonged or terminated your benefit package option, and no substitute plan was offered. If the member is covered under a state or federal continuation policy due to prior employment, Involuntary Loss of Coverage includes exhaustion of the maximum continuation time period. Involuntary Loss of Coverage does not include a loss of coverage due to the failure of the individual or member to pay premiums on a timely basis or termination of coverage for cause. You are also considered to have experienced a loss in coverage if you reach a lifetime benefit maximum under another employer's health care plan.

Late Applicants may not enroll until the next open enrollment period.

QUALIFYING EVENT

Application for Qualifying Event must be made within 31 days of losing other coverage or experiencing a change in family status in order to qualify you and/or your Eligible Family Member for a Qualifying Event or switch enrollment right (switch enrollment may be available to members who are offered more than one benefit plan option). A Qualifying change in family status may occur when a retiree acquires a new dependent through marriage, birth, adoption, or placement for adoption. Please contact NMRHCA for details about Qualifying Event privileges that apply to you and your Eligible Family Members.

NOTIFICATION OF ELIGIBILITY AND ADDRESS CHANGES

The Subscriber must notify your benefits administrator **within 31 days** following any changes that may affect his/her or a family member's eligibility, including a change to a covered family member's name or address, by indicating such changes on an enrollment/change form and submitting it to your benefits administrator. (Members covered under federal continuation must submit enrollment/change forms directly to **NMRHCA**.)

REMOVING DEPENDENTS

When you lose a covered dependent through marriage, death, divorce, annulment, or legal separation, coverage ceases at the end of the month following the date of the event that caused the covered dependent to lose eligibility. If a covered dependent becomes ineligible because of age or recovery from mental or physical disability, coverage ceases at the end of the month.

The retiree is responsible for submitting an application to remove the dependent from coverage. Call NMRHCA at 1- 800-233-2576 for the necessary form or download a copy from the NMRHCA website at www.nmrhca.org.

COVERAGE TERMINATION

Coverage under a NMRHCA Plan terminates when:

- the retiree or covered dependent ceases to be eligible; or
- NMRHCA ceases to provide Health Care Benefits; or
- the retiree or surviving dependent fails to make any required premium payment for coverage when due; or
- there is a material failure by the retiree or covered dependent to abide by the rules and/or policies and procedures of **NMRHCA** and/or the Plan in which the member is enrolled; or
- a retiree requests cancellation of any or all plans (the effective date of cancellation will depend on the date **NMRHCA** received the written request); or

- the retiree dies (right of survivorship will continue to be offered to the retiree's eligible dependents spouse until his/her death, and to the retiree's eligible dependents until their death, marriage, or ineligibility).

A member is usually required to switch from a non-Medicare plan to a Medicare plan (i.e., BCBSNM Medicare Supplement Plan) when he/she becomes eligible for Medicare as primary coverage (a member may retain this non-Medicare plan coverage and be secondary under Medicare for a limited amount of time if he/she is eligible for Medicare due to having end-stage renal disease). Contact NMRHCA at 1-800-233-2576 for more information or check the NMRHCA website at www.nmrhca.org for more information.

HOW TO CONTINUE COVERAGE

If you lose coverage under this Plan, you may be able to continue coverage for a limited period of time. **Note:** There is no Qualifying Event under these provisions. You must enroll timely to qualify for continued coverage.

Continuation Coverage

Your Group may be subject to the provisions for continuation of plan coverage under federal law (COBRA or USERRA). If so, retirees and their covered family members excluding Domestic Partners who lose eligibility under this Group Health Care Plan may be able to continue as members for a limited period of time by purchasing the continuation coverage described below. You must pay premiums from the date of loss of Group coverage.

You are not eligible to enroll for continuation coverage if:

- the employer stops offering this coverage to its retirees, *or*
- you do not elect continuation coverage in a timely fashion.

Refer to *Appendix A: Continuation Coverage Rights under COBRA* or contact NMRHCA for details about enrolling in continuation coverage.

Continuation Benefits

Continuation coverage is identical to the coverage a similarly situated regular member has. If the coverage for regular members changes, your continuation coverage will reflect the same change. For example, if the Plan's Deductible or other cost-sharing amounts change for regular members, yours will change by the same amount.

Federal Continuation (COBRA)

Unless approved in writing by BCBSNM, the following persons may **not** enroll in this continued coverage option:

- one who **voluntarily** terminated coverage while still eligible (*Involuntary termination* includes loss of coverage under the following situations only: legal separation, divorce, loss of Eligible Child eligibility status, death of the Subscriber, termination of employment, reduction in hours, or termination of employer contributions. Any other reason is considered voluntary.)
- a covered family member who was removed from coverage by the Subscriber while the family member was still eligible
- any member whose BCBSNM health care coverage was terminated for Good Cause

Continuation coverage under federal law ends on the **earliest** of the following dates or any of the applicable dates listed under "Coverage Termination" earlier in this section:

- the first of the month when you become entitled to Medicare
- when the employer discontinues offering this Plan to retirees (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- when you become covered under another Group Health Care Plan
- when the continuation period expires (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under "Conversion to Individual Coverage.")

State Continuation

A Subscriber and his/her covered family members may continue Plan coverage for six months after losing coverage for any reason other than nonpayment of premium or termination of the entire group, if your group is eligible for such coverage. (See your Benefits Administrator for more information.) BCBSNM must receive the application for state continuation coverage within 31 days after group coverage is lost. (A health statement is not required.)

State continuation coverage ends on the earliest of the following dates or of the applicable dates listed under "Coverage Termination" earlier in this section:

- when the employer discontinues this Plan to employees (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- when the continuation period expires (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under "Conversion to Individual Coverage.")

If you are entitled to both Parts A and B of Medicare, your state continuation coverage option is limited to a Medicare Supplement Plan administered by BCBSNM. (The options for members under age 65 are limited.) Call a Customer Service Advocate for more information.

Premium Payments

Subscribers under federal COBRA continuation coverage must pay premiums to NMRHCA. Subscribers under state continuation coverage pay premiums to BCBSNM. Contact NMRHCA for an application for coverage and details.

CONVERSION TO INDIVIDUAL COVERAGE

Members of the Group insured have the right to continue coverage for a period of six months and thereafter through a conversion policy upon termination of membership or employment with the Group insured. Covered family members of an employee or Member of the Group insured have the right to continue coverage through a converted or separate policy upon the death of the Member or employee of the Group insured or upon divorce, annulment or dissolution of marriage or legal separation of the spouse from the Member or employee of the Group insured.

Where continuation of coverage or conversion is made in the name of the spouse of the named insured or the spouse of the Group insured or Member of the Group insured, such coverage may, at the option of the spouse, include coverage for the dependent children for whom the spouse has responsibility for care and support.

The right to a continuation of coverage or conversion shall not exist with respect to any Member or employee of the Group insured or any covered family member in the event the coverage terminates for nonpayment or premium, nonrenewal of the policy or the expiration of the term for which the policy is issued. With respect to any Member or employee of the Group insured or any covered family member who is eligible for Medicare or any other similar federal or state health insurance program, the right to a continuation coverage or conversion shall be limited to coverage under a Medicare supplement insurance policy as defined by the rules and regulations adopted by the superintendent.

Coverage continued through the issuance of a converted or separate policy shall be provided at a reasonable, nondiscriminatory rate to the insured and shall consist of a form of coverage then being offered by BCBSNM as a conversion policy in the jurisdiction where the person exercising the conversion right resides that most nearly approximates the coverage of the policy from which conversion is exercised. Continued and converted coverage shall contain renewal provisions of the policy from that are not less favorable to the insured than those contained in the policy from which the conversion is made, except that the person who exercises the right of conversion is entitled only to have included a right to coverage under a Medicare supplement insurance policy, as defined by the rules and regulations adopted by the superintendent, after the attainment of the age of eligibility for Medicare or any other similar federal or state health insurance program.

At the time of inception of coverage, BCBSNM shall furnish to each covered family member who is eighteen years of age or over and to each employee or Member of the Group insured a statement setting forth in summary form the continuation of coverage and conversion provisions of the policy.

BCBSNM shall notify in writing each employee or Member, upon that employee or Member's termination of employment or membership with the Group insured, or the continuation and conversion of the policy. The employer may give the written notice specified herein. The employer should notify BCBSNM of the employee's or Member's change of status

and last known address. Under no circumstances shall the employer have any civil liability under the conversion is available.

Coverage shall be provided through continuation or conversion without additional evidence of insurability and shall not impose any preexisting condition, limitations or other contractual time limitations other than those remaining unexpired under the policy or contract from which continuation or conversion is exercised; and, any probationary or waiting period set forth in the converted or separate policy is deemed to commence on the effective date of the applicant's coverage under the original policy.

USERRA Continuation Coverage

Retirees and their covered family members who lose Group coverage because the retiree is absent from work due to military service may be able to continue coverage for **up to 24 months** after the absence begins. Contact NMRHCA for details about the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

SECTION 3: HOW YOUR PLAN WORKS BENEFIT CHOICES

NMRHCA Advantage Value Plan is a health care plan that provides benefits under agreement with an exclusive network of Contracted Providers.

At a Glance

Contracted Provider Services	Noncontracted Provider Services
<ul style="list-style-type: none"> • You pay an annual Deductible and a lower percentage of Covered Charges (Coinsurance) after the Deductible is met (for exception, see last item, below). • You have a lower annual Out-of-Pocket Limit. • The provider files claims for you. • The provider will not bill you for amounts above the covered charge. * • Contracted Providers that contract directly with BCBSNM will obtain necessary Prior Authorizations for you. • Primary Preferred Provider (PPP) office visit charges are not subject to Deductible. You pay only a fixed-dollar copay (see “Cost-Sharing Features” for details). Other services of a PPP and services of a non-PPP Contracted Provider are subject to Deductible and Coinsurance. 	<ul style="list-style-type: none"> • Urgent Care and Emergency are the only services covered OON.

CONTRACTED PROVIDERS VERSUS NONCONTRACTED PROVIDERS

Contracted Providers are Health Care Professionals and facilities that have Contracted with BCBSNM, a BCBSNM contractor or subcontractor, or another BCBS Plan as “Preferred” Providers. These Providers have agreed to provide health care for Plan Members and accept the Plan’s payment for a Covered Service plus the Member’s share of the Covered Charge (i.e., Deductible(s), Coinsurance, and/or Copayment, if any) as payment in full.

Noncontracted Providers are Providers that have not Contracted with BCBSNM, either directly or indirectly, to be part of the “Preferred Provider” network. (These Providers may have “Participating Provider” agreements but are **not** considered Preferred Providers. See “Filing Claims” in *Section 8: Claim Payments and Appeals* for more information.) Unless listed as an exception under “Benefit Level Exceptions,” services of Out of Network or Nonpreferred Providers are not covered except for an Emergency or Urgent Care while traveling.

When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a Contracted Provider. (A Physician’s or Other Provider’s contract may be separate from the Facility’s contract.)

Unless listed under “Benefit Level Exceptions,” benefits are not available for nonemergency services received from a Noncontracted Provider.

Covered Charges

***For Covered Charges related to claims from providers that contract directly with BCBSNM, see “Covered Charges” in Section 8: Claims Payments and Appeals.**

***For Covered Charges related to claims from Out-of-Network Providers, see “Benefit Level Exceptions” later in this Section 3: How Your Plan Works.**

***For Covered Charges related to claims from providers outside New Mexico, see “BlueCard” in Section 8: Claims Payments and Appeals**

PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER®

When you need medical care, there are a variety of ways you can choose a Primary Preferred Provider (PPP) or other Contracted Provider in your area. You can also access Mental Disorder Providers (including those specializing in Chemical Dependency). **Note:** Only those Providers listed under Family Practice, General Practice, Oriental Medicine, Internal Medicine, Gynecology, Obstetrics/Gynecology and Pediatrics are considered Primary Preferred Providers (PPPs). See “Cost-Sharing Features,” later in this section for details.

Whichever method you choose, the Provider directory gives each Provider’s specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the Doctor’s name once you have found one you want to know more about.) The website directory also gives you a map to the Provider’s office.

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an Internet site was last updated, the network and/or a particular Provider’s status can change without notice. To verify a Provider’s current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider’s office staff directly to verify whether or not they belong to the NMRHCA Advantage Value Plan Provider network before making an appointment.

Web-Based BCBSNM Provider Finder

To find a Contracted Provider in New Mexico, please visit the *Provider Finder* section of the BCBSNM website for a list of Network Providers:

www.bcbsnm.com/nmrhca

The website is the most up-to-date resource for finding Providers and also has an Internet link to the national Blue Cross and Blue Shield Association website for services outside New Mexico. Website directories also include maps and directions to Provider locations.

Paper Provider Network Directory

If you want a paper copy of an *NMRHCA Advantage Value Plan Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge.

Providers Outside New Mexico

You are only covered for Emergency Care and Urgent Care outside of the state of New Mexico while traveling.

Benefit Level Exceptions

There are three instances in which the services of a Noncontracted Provider may be eligible for coverage:

Emergency Care

If you visit a Noncontracted Provider for Emergency Care Services, you will receive benefits for the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related Inpatient hospitalization. (Office/Urgent Care Facility services are not considered “Emergency Care” for purposes of this provision.) Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

For follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive no benefit for the services of a Noncontracted Provider, except as specified below. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

Ancillary Providers

Once you have obtained Prior Authorization for an Inpatient Admission to a Contracted Hospital or treatment Facility, your Contracted Physician or Hospital will make every effort to ensure that you receive ancillary services from other Contracted Providers. If you receive Covered Services from a Contracted Physician for Outpatient Surgery or Inpatient medical/surgical care in a Contracted Hospital or treatment Facility, services of a Noncontracted Provider radiologist, anesthesiologist, or pathologist will be paid at the Contracted Provider level and you will not be responsible for any amounts over the Covered Charge (these are the only three specialties covered under this provision).

If a **Noncontracted** surgeon provides your care or you are admitted to a Noncontracted Hospital or other treatment Facility, you **will** be responsible for any services received from other Noncontracted Providers during the Admission or procedure.

Transition of Care

This provision applies to both Continuity of Care and Transition of Care. If your Health Care Provider leaves the Advantage Value Plan network (for reasons other than medical competence or professional behavior), BCBSNM may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days. (If necessary and ordered by the treating Provider, BCBSNM may also authorize transitional care from other Out-of-Network Providers.) An ongoing course of treatment will include, but is not limited to: (1) Treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted; (2) Treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as Chemotherapy, Radiation Therapy or post-operative visits; (3) The second or third trimester of pregnancy, through the postpartum period; or (4) An ongoing course of treatment for a health condition for which a treating Physician or Health Care Provider attests that discontinuing care by that Physician or Health Care Provider would worsen the condition or interfere with anticipated outcomes. The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. Call the BCBSNM Customer Service department for details.

If Medically Necessary Covered Services are not available through Network Professional Providers, BCBSNM and the Network Professional Provider will refer you to an Out-of-Network Professional Provider. However, the payment for the Out-of-Network Provider will **not** exceed the payment that would have been made in the absence of any referral.

These are the only instances in which the services of a Noncontracted Provider will be covered.

CALENDAR YEAR

A Calendar Year is a period of one year which begins on January 1 and ends on December 31 of the same year. The initial Calendar Year is from a Member's Effective Date of Coverage through December 31 of the same year, which may be less than 12 months.

BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. However, certain services have separate benefit limits per Admission or per Calendar Year. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

COST-SHARING FEATURES

For some services, you will pay only a fixed-dollar amount Copayment for Covered Charges. In other cases, you will have to meet a Deductible and pay a percentage of the Covered Charge (Contracted Providers will not bill you for amounts in excess of the Covered Charge). When you receive a number of services during a single visit or procedure, you may have to pay both a Copayment and a Deductible (if applicable) plus a percentage of the Covered Charges that are not included in the Copayment. Refer to your Summary of Benefits for details.

YOUR DEDUCTIBLE

Your Deductible (if applicable) is the amount of Covered Charges that you must pay in a Calendar Year before this Plan begins to pay its share of the applicable (Preferred or Nonpreferred Provider) Covered Charges you incur during the same Calendar Year. If the Deductible amount remains the same during the Calendar Year, you pay it only once each Calendar Year.

Individual Deductible

Once your Deductible payment in a Calendar Year reaches the amount indicated on your Summary of Benefits, this Plan will pay its share of your Covered Charges for the rest of the Calendar Year. There is no family Deductible amount. Each member must meet his/her own Deductible.

What Is Not Subject to the Deductible

Some services that are subject to only a fixed-dollar Copayment (i.e., Emergency room visits, Preferred Provider office and Urgent Care Facility visits,) certain Preferred Provider laboratory and x-ray are not subject to a Deductible. Note: Prescription Drug plan Copayments are not subject to the annual medical/surgical Deductible. Call NMRHCA at 1-800-233-2576 for information about your Prescription Drug plan. Details about drug benefits are also on the NMRHCA website at www.nmrhca.org.

Admissions Spanning Two Calendar Years

If a Deductible has been met while you are an inpatient and the Admission continues into a new Calendar Year, no additional Deductible is applied to that Admission's Covered Services. However, all other services received during the new Calendar Year are subject to the Deductible for the new Calendar Year.

Timely Filing Reminder

Most benefits are payable only after BCBSNM's records show that the applicable Deductible has been met. Contracted Providers will file Claims for you and must submit them within a specified amount of time (usually 180 days).

COPAYMENTS

Copayments are the fixed-dollar amount of a Covered Charge that you pay for certain services as specified on the separately issued *Summary of Benefits*.

Office Visit Copayment

When you receive **office services** from a Contracted Provider, you pay only a fixed-dollar amount (or Copayment), for his/her covered **office visit charge**. The Copayments for “Primary Preferred Provider” (PPP) and Specialist office visits are listed on the Summary of Benefits. However, all other services received during the office visit (such as Physical Therapy or Chemotherapy) will be subject to regular Deductible and/or Coinsurance requirements and/or to an additional Copayment as listed on the Summary of Benefits.

Besides office visits, other services are also subject to a Copayment amount. See the Summary of Benefits.

Primary Preferred Provider (PPP) is a Preferred Provider in one of the following medical specialties only: Family Practice; General Practice; Oriental Medicine; Internal Medicine; Obstetrics/Gynecology; Gynecology; or Pediatrics. PPPs do not include Physicians specializing in any other fields such as Obstetrics only, Geriatrics, Pediatric Surgery or Pediatric Allergy.

Contracted Specialist is a Practitioner of the Healing Arts who is in the Blue Advantage Provider Network - but does not belong to one of the specialties defined above as being for a “Primary Preferred Provider” (or “PPP”). A Specialist does not include Hospitals or other treatment facilities, Urgent Care facilities, equipment suppliers, Ambulance companies, or similar ancillary Health Care Providers.

Urgent Care Facility Copayment

For all Urgent Care received in a preferred Urgent Care Facility, you are responsible for paying the applicable Copayment, including for Physician care and other services received during the visit (e.g., lab tests, x-rays).

Emergency Room/Observation Copayment

For all Emergency Care received in an Emergency room or an observation room (including in a nonpreferred Facility), you are responsible for paying the applicable Copayment only for Facility services. Physician and other Professional Provider care received during the visit is subject to Deductible and Coinsurance, in addition to the Copayment listed for the Facility services. If you are directly admitted as an Inpatient, the Emergency room/observation room Copayment is waived, and Hospital Inpatient benefits apply to covered Facility services.

COINSURANCE

For some Covered Services, you must pay a percentage of Covered Charges as “Coinsurance.” After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any.

OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductibles, Coinsurance, and Copayments that you pay for most Covered Services in a Calendar Year. After the Out-of-Pocket Limit is reached, this Plan pays 100 percent of most of your Covered Charges for the rest of the Calendar Year, not to exceed any benefit limits.

Individual Limits

Once your Coinsurance and Copayment amounts reach the individual amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your Covered Charges for the rest of the Calendar Year.

What Is Not Included in the Out-of-Pocket Limits

The following amounts are not applied to the Out-of-Pocket Limits and are not eligible for 100 percent payment under this provision:

- amounts in excess of Covered Charges
- noncovered expenses

See the *Summary of Benefits* for your *Deductible amounts, Copayments, Coinsurance percentages and Out-of-Pocket Limit amounts.*

CHANGES TO THE COST SHARING AMOUNTS

Copayments, Coinsurance percentage amounts, Deductibles, and Out-of-Pocket Limits may change during a Calendar Year. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a Calendar Year, the new amounts must be met during the same Calendar Year. For example, if you have met your Deductible and your Group changes to a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

NO COST SHARING FOR BEHAVIORAL HEALTH SERVICES

Cost sharing is eliminated for all professional and ancillary services for treatment, rehabilitation, prevention and identification of mental illnesses, substance abuse disorders and trauma spectrum disorders. This includes cost sharing for inpatient, detoxification, residential treatment and partial hospitalization, intensive outpatient therapy, outpatient and all medications, including brand-name pharmacy drugs when generics are unavailable.

Cost sharing means any copayment, coinsurance, deductible or any other form of financial obligation of an enrollee other than a premium or a share of the premium, or any combination of any of these financial obligations.

Note: Your Deductible must be met, before cost sharing will be eliminated for these behavioral health services.

SECTION 4: UTILIZATION MANAGEMENT

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on BCBSNM edical policy and site or level of care review criteria. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity Review. If requested, services normally subject to a Post-Service Medical Necessity Review may be review for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary/Medical Necessity in *Section 10: Definitions* in this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

PRIOR AUTHORIZATION

Prior Authorizations are a requirement that you, your Provider, or an authorized representative, must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits. Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

Please note:

Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and before you receive certain types of services.

Even when this Plan is not your primary coverage, these Prior Authorization procedures must be followed. Failure to do so may result in a denial of benefits.

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision within 5 days of receiving the request (within 24 hours for Urgent Care requests). If requested services are not approved, the notice will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial (see *Section 8: Claims Payments and Appeals*) and "If Your Prior Authorization Request is Denied" later in this section).

Retroactive approvals will not be given, except for Emergency and Maternity related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained before the service is received.

HOW THE PRIOR AUTHORIZATION PROCEDURE WORKS

When you or your Provider call, BCBSNM's Health Services representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider (usually at the time of the call) if Prior Authorization of benefits for the proposed hospitalization or other services is approved. If Prior Authorization is denied for the Admission or other services, you may appeal the decision as explained in *Section 8: Claims Payments and Appeals*.

SERVICES OF ADVANTAGE VALUE PLAN CONTRACTED PROVIDERS

If the attending Physician is an Advantage Value Plan Contracting Provider, obtaining Prior Authorization is not your responsibility — it is the Provider's. PCPs and other Advantage Value Plan Contracted Providers contracting with BCBSNM must obtain Prior Authorization from BCBSNM (or from the Behavioral Health Unit (BHU), when applicable) in the following circumstances:

- when recommending any non-Emergency Admission, re-Admission, or transfer
- when a covered newborn stays in the Hospital longer than the mother
- before providing or recommending a service listed under "Other Prior Authorizations," later in this section

NONCONTRACTING PROVIDERS OR PROVIDERS OUTSIDE THE NETWORK

Except in emergencies, a Prior Authorization must be obtained from BCBSNM for a visit to a Noncontracting Provider. If Prior Authorization is not obtained before a visit to a Noncontracting Provider, benefits will not be available for the services.

Care received from a Noncontracting Provider without a BCBSNM Prior Authorization is covered only if a delay in reaching an Advantage Value Plan Contracted Provider would result in death or disfigurement, jeopardize your health, or seriously impair the function of any bodily organ or part.

BCBSNM may deny a Prior Authorization request for a visit to a Noncontracting Provider. Any nonemergency services received from a Noncontracting Provider must be unavailable from an Advantage Value Plan Contracted Provider. If services are available within the BCBSNM Advantage Value Plan Contracting network, BCBSNM will deny Prior Authorization for a visit to a Noncontracting Provider. If an Advantage Value Plan Contracting Provider is available in another city, you may have to travel to that city to receive benefits for non-Emergency Care. Also, this Plan does not cover services received outside the United States, unless there is an Emergency.

Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called when receiving Out-of-Network services.

If a Noncontracting Provider or Provider Outside the Network Recommends Services

Under very special medical circumstances, Prior Authorization may be approved for a visit to a Noncontracting Provider. If a Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If Prior Authorization is not obtained before services are received, you will be entirely responsible for the charges.

INPATIENT PRIOR AUTHORIZATION

Prior Authorization is required for all Admissions before you are admitted to the Hospital or other Inpatient treatment Facility (e.g., Skilled Nursing Facility, Residential Treatment Center, physical rehabilitation Facility, long-term acute care (LTAC)). If you are receiving services at an Out-of-Network Facility (or from an in-network Facility outside New Mexico) and you do not obtain authorization within the time limits indicated in the table below, benefits for covered Facility services will be denied as explained under "*Not Obtaining Inpatient Prior Authorization*" below.

Type of Inpatient Admission, re-Admission, or transfer:	When to obtain Inpatient Admission Prior Authorization:
Non-Emergency	Before the patient is admitted.
Emergency, non-Maternity; or Emergency Room services to treat Mental Disorders or Chemical Dependency	Within 48 hours of the Admission. If the patient's condition makes it impossible to call within 48 hours, call as soon as possible.
Maternity-Related (including eligible newborns when the mother is not covered)	Before the mother's Maternity due date, soon after pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother's stay is greater than 48 hours for a routine delivery or greater than 96 hours for a C-section delivery.

NOT OBTAINING INPATIENT PRIOR AUTHORIZATION

If you or your Provider do not receive Prior Authorization for Inpatient benefits, but you choose to be hospitalized anyway, no benefits may be paid as indicated in the table below:

If, based on a review of the Claim:	Then:
The Admission was not for a Covered Service.	Benefits for the Facility and all related services will be denied. *
The Admission was for an item listed under "Other Prior Authorizations," (e.g., elective Admissions).	Benefits for the Facility and all related services may be denied. *
The Admission was for any other Covered Service, but hospitalization was not Medically Necessary.	Benefits may be denied for room, board, and other charges that are not Medically Necessary. *
The Admission was for a Medically Necessary Covered Service.	Benefits for the Facility's Covered Services may be reduced by \$300 *

* Noncovered and denied services are not applied to any Deductible or Out-of-Pocket Limit. You are responsible for paying this amount for Out-of-Network services.

Inpatient Prior Authorization requirements may affect the amounts that this Plan pays for Inpatient Services, but they do not deny your right to be admitted to any Facility and to choose your services.

OTHER PRIOR AUTHORIZATIONS

In addition to Prior Authorization review for all non-Emergency Inpatient Services, Prior Authorization is required for certain other services listed below. Most Prior Authorizations may be requested over the telephone. If a written request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. An Out-of-Network Provider, or an out-of-state Network Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called. Advantage Value Plan Providers that contract directly with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See "Inpatient Prior Authorization" (or similar heading) for further information regarding Inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and any related services, the service will be reviewed for Medical Necessity and subject to one of the following actions in the chart below:

No Prior Authorization Received:	Claim Disposition: Preferred	Claim Disposition: Nonpreferred
Service is Medically Necessary	Claim is paid based on Member's benefit plan	Claim is paid based on Member's benefit plan
Service is not Medically Necessary	Claim is denied; Member is held harmless	Claim is denied; Member is held harmless

For specific details about the Prior Authorization requirement for the above referenced Outpatient Services, please call Customer Service at the number on the back of your Identification Card. BCBSNM reserves the right to no longer require Prior Authorization during the Calendar Year. Updates to the list of services requiring Prior Authorization may be confirmed by calling Customer Service.

BCBSNM will send a letter to you, your Physician and the Hospital or Facility with a determination of your Prior Authorization review no later than seven (7) business days after BCBSNM receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria described in **Section 5: Covered Services**, “Medically Necessary Services,” and will not be covered, if excluded, for any reason. Some services requiring Prior Authorization may not be approved for payment (for example, due to being Experimental, Investigational or Unproven, or not Medically Necessary). Services requiring Prior Authorization are subject to review and change by BCBSNM.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. Gynecological or obstetrical ultrasounds do not require Prior Authorization. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

It is strongly recommended that you request a Recommended Clinical Review for benefits for high-cost services in order to reduce the likelihood of benefits being denied after charges are incurred. See “Recommended Clinical Review” later in this section for further information.

PRIOR AUTHORIZATION OF MENTAL DISORDER/CHEMICAL DEPENDENCY SERVICES

You must obtain Prior Authorization for all Inpatient Mental Disorder and Chemical Dependency services from the BCBSNM Behavioral Health Unit (BHU) at the phone number listed on the back of your ID Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Disorder and/or Chemical Dependency:

- psychological testing
- neuropsychological testing
- Intensive Outpatient Program (IOP) treatment
- electroconvulsive therapy (ECT)
- repetitive transcranial magnetic stimulation
- Applied Behavior Analysis (ABA) therapies

Prior Authorization is not required for Group, individual, or family therapy outpatient office visits to a Physician or other Professional Provider licensed to perform Covered Services under this health plan.

For services needing Prior Authorization, you or your Health Care Provider should call the BHU before you schedule treatment. **NOTE:** Your Provider may be asked to submit clinical information in order to obtain Prior Authorization for the services you are planning to receive. Services may be authorized or may be denied based on the clinical information received. (*Clinical information* is information based on actual observation and treatment of a particular patient.)

If you or your Provider do not call for Prior Authorization of non-Emergency Inpatient Services, benefits for covered, Medically Necessary Inpatient Facility care may be denied. If Inpatient Services received without Prior Authorization are determined to be not Medically Necessary or not eligible for coverage under your Plan for any other reason, the Admission and all related services will be denied. In such cases, you may be responsible for all charges.

If Prior Authorization is not obtained before you receive psychological testing, IOP treatment, neuropsychological testing, electroconvulsive therapy repetitive transcranial magnetic stimulation or Applied Behavior Analysis (ABA) therapies, your Claims may be denied if it is not Medically Necessary. In such cases, you may be responsible for all charges. Therefore, you should make sure that you (or your Provider) have obtained Prior Authorization for Outpatient Services before you start treatment.

IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED

BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved - pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests (“pre-service Claims”). For appeals involving post-service Claims payments or denials, see **Section 8: Claims Payment and Appeals**.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your Customer Service Advocate for assistance. Many complaints or problems can be handled informally by calling or writing BCBSNM Customer Service. If you make an oral complaint, a BCBSNM Customer Service Advocate will assist you.

Appeal Procedure for Pre-Service Denial

If your request for Prior Authorization has been denied in whole or in part, you may appeal the decision and have your request for service reviewed. Within **180 days** after you receive notice of the decision, call or write to BCBSNM Customer Service and explain your reasons for disagreeing with the Adverse Determination. You may also ask to see relevant documents and may submit written issues, comments, and additional medical information. Requests for review received more than 180 days following notification will not be considered unless you can satisfy BCBSNM that matters beyond your control prevented an earlier request for review.

For Urgent Care, BCBSNM follows the “Expedited Review” process. For all other services, BCBSNM follows the “Standard Review” process.

- **Standard Review:** After reviewing your initial Prior Authorization request and any additional information you provide in your appeal, BCBSNM will notify you of the decision within 30 days after receiving your appeal request.
- **Expedited Review:** For urgently needed services, you may request an “expedited review” of your appeal request either orally or in writing. After reviewing your initial Prior Authorization request and any additional information you provide in your appeal, BCBSNM will notify you of the decision within 72 hours after receiving your appeal request.

Length of stay/service review

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Benefit Booklet.

Upon completion of the preadmission or emergency Admission review, BCBSNM will send you a letter confirming that you or your representative called BCBSNM. A letter authorizing a length of service or length of stay will be sent to you, your Physician, Behavioral Health Practitioner and/or the Hospital or Facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the *Appeal Procedure* section under this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an ongoing course of treatment, the plan will make a determination on the request as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSNM will review the

request to determine if it meets approved BCBSNM medical policy and site or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsnm.com/find-care/where-you-go-matters/utilization-management for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

a) No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by BCBSNM. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Even if the service has been approved on a Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for a Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

a) No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Post-Service Medical Necessity Reviews do not guarantee payment of benefits by BCBSNM, for instance a Member may become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Post-Service Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

SECTION 5: COVERED SERVICES

This section describes the services and supplies covered by this Group Health Care Plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM.

Reminder: It is to your financial advantage to receive care from Primary Preferred Providers (PPPs) and other Contracted Providers.

MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by BCBSNM's medical director (in consultation with your provider) to meet all of the following conditions:

- it is medical in nature;
- it is recommended by the treating Physician;
- it is the most appropriate supply or level of service, taking into consideration:
 - potential benefits;
 - potential harms;
 - cost, when choosing between alternatives that are equally effective; and
 - cost effectiveness, when compared to the alternative services or supplies;
- it is known to be effective in improving health outcomes as determined by credible scientific evidence published in the peer-reviewed medical literature (for established services or supplies, professional standards and expert opinion may also be taken into account); and
- it is not for the convenience of the member, the treating Physician, the Hospital, or any other Health Care Provider.

All services must be eligible for benefits as described in this section, not listed as an exclusion and must meet all of the conditions of Medical Necessity as defined above in order to be covered.

AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency (e.g., cardiac arrest, stroke). When you cannot be safely transported by any other means in a nonemergency situation, this Plan also covers Medically Necessary Ambulance transportation to a Hospital with appropriate facilities, or from one Hospital to another.

Outside the Service Area

Ambulance services are covered only in an Emergency. See “Emergency and Urgent Care” for details on obtaining Emergency Care.

Air Ambulance

Ground Ambulance is usually the approved method of transportation. This Plan covers Air Ambulance only when terrain, distance, or your physical condition requires the use of Air Ambulance services or for high-risk Maternity and newborn transport to Tertiary Care Facilities. To be covered, nonemergency Air Ambulance services require **Prior Authorization** from BCBSNM.

BCBSNM determines on a case-by-case basis when Air Ambulance is covered. If BCBSNM determines that ground Ambulance services could have been used, benefits are limited to the cost of ground Ambulance services.

Exclusions

This Plan does **not** cover:

- commercial transport, private aviation, or air taxi services
- services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance
- services ordered only because other transportation was not available, or for your convenience

AUTISM SPECTRUM DISORDERS

This Plan covers the Habilitative and Rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA) with no age restrictions or age limits for the Member. Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the member's treating Physician in accordance with a treatment plan. Prior Authorization must be obtained from BCBSNM to determine that the services are to be performed in accordance with a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services will be denied.

Services not approved through Prior Authorization by BCBSNM must be performed in accordance with a treatment plan and must be Medically Necessary or benefits for such services will be denied. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a congenital, genetic or early acquired disorder. These services may include Physical Therapy and Occupational Therapy, speech language pathology, or other services for people with disabilities in a variety of inpatient and/or outpatient settings, with coverage as described in this booklet. Please review the **Short-Term Rehabilitation: Occupational, Physical, Speech Therapy** section of this Policy.

Services are subject to usual member cost-sharing features such as Deductible, Coinsurance, Copayments, and Out-of-Pocket Limits - based on place of treatment, type of service, except where prohibited by state or federal law. Applied Behavioral Analysis (ABA) therapies are not subject to Member cost-sharing, when received from a Network Provider and whether Prior Authorization was obtained from BCBSNM. All services are subject to the *General Limitations and Exclusions* except where explicitly mentioned as being an exception. This benefit is subject to the other general provisions of the health plan, including but not limited to: coordination of benefits, Contracted Provider agreements, restrictions on Health Care Services, including review of Medical Necessity, case management, and other managed care provisions.

Regardless of the type of therapy received, claims for services related to Autism Spectrum Disorder should be mailed to BCBSNM - **not** to the behavioral health services administrator.

Exclusions

This Plan does **not** cover:

- any experimental, long-term, or maintenance treatments unless listed above
- medically unnecessary or non-habilitative Services under any circumstance
- any services received under the federal Individuals with Disabilities Education Improvement Act of 2004 and related state laws that place responsibility on state and local school boards for providing specialized education and related services to children 3 to 22 years old who have Autism Spectrum Disorder
- services not in accordance with a treatment plan
- respite services or care
- Sensory Integration Therapy (SIT) or Auditory Integration Therapy (AIT)
- music therapy, vision therapy, or touch therapy
- floor time
- facilitated communication
- elimination diets; nutritional supplements; intravenous immune globulin infusion; secretin infusion
- chelation therapy
- hippotherapy, animal therapy, or art therapy

DENTAL-RELATED SERVICES AND ORAL SURGERY

The following services are the only dental-related services and oral surgery procedures covered under this Plan. When alternative procedures or devices are available, benefits are based upon the most Cost-Effective, medically appropriate procedure or device available.

Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face or Sound Natural Teeth are generally subject to the same limitations, exclusions and member cost-sharing provisions that would apply to similar services when not dental-related (e.g., x-rays, Medical Supplies, Surgical Services). This also includes service or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition.

To be covered, *initial* treatment for the Accidental Injury must be sought **within 72 hours** of the accident and any services required after the initial treatment must be associated with the initial accident in order to be covered. (For treatment of TMJ or CMJ injuries, see “TMJ/CMJ Services.”)

Facility Charges

This Plan covers Inpatient and Outpatient Hospital expenses for Dental-Related Services **only** if the patient is under age six or has a nondental, hazardous physical condition (e.g., heart disease or hemophilia) that makes hospitalization Medically Necessary. All Hospital services for dental-related and oral surgery services require a Prior Authorization from BCBSNM. **Note:** The Dentist's services for the procedure will not be covered unless listed as eligible for coverage in this section.

Reminder: If Hospital Covered Services are recommended by a Noncontracted (Out-of-Network) provider, you are responsible for assuring that your provider obtains Prior Authorization for outpatient Covered Services or benefits may be reduced or denied. (See Section 4: Utilization Management.)

Oral Surgery

This Plan covers the following oral surgical procedures only:

- Medically Necessary orthognathic surgery
- external or intraoral cutting and draining of cellulitis (not including treatment of dental-related abscesses)
- incision of accessory sinuses, salivary glands or ducts

- removal or biopsy of tumors or cysts of the jaws, cheeks, lips, tongue, roof or floor of mouth when pathological examination is required

TMJ/CMJ SERVICES

This Plan covers standard diagnostic, therapeutic, surgical and nonsurgical treatments of Temporomandibular Joint (TMJ) and Craniomandibular Joint (CMJ) disorders or Accidental Injuries. Treatment may include orthodontic Appliances and treatment, crowns, bridges, or dentures **only** if required because of an Accidental Injury to Sound Natural Teeth involving the Temporomandibular or Craniomandibular Joint.

Exclusions

This Plan does **not** cover oral or dental procedures not specifically listed as covered, such as, but not limited to:

- surgeon's or Dentist's charges for noncovered dental services
- hospitalization or general anesthesia for the patient's or provider's convenience
- any service related to a dental procedure that is not Medically Necessary
- any service related to a dental procedure that is excluded under this Plan for reasons other than being dental-related, even if hospitalization and/or general anesthesia is Medically Necessary for the procedure being received (e.g., cosmetic procedures, experimental procedures, services received after coverage termination, work-related injuries, etc.)
- nonstandard services (diagnostic, therapeutic, or surgical)

- removal of tori, exostoses, or impacted teeth
- procedures involving orthodontic care, the teeth, dental implants, periodontal disease, noncovered Services, or preparing the mouth for dentures
- duplicate or “spare” Appliances
- personalized restorations, cosmetic replacement of serviceable restorations, or materials (such as precious metals) that are more expensive than necessary to restore damaged teeth
- dental treatment or surgery, such as extraction of teeth or application or cost of devices or splints, unless required due to an Accidental Injury and covered under “Dental and Facial Accidents” or “TMJ/CMJ Services”
- dentures, artificial devices and/or bone grafts for denture wear, including implants

DIABETIC SERVICES

Diabetic persons are entitled to the same benefits for Medically Necessary Covered Services as are other members under the health care plan. For special coverage details, such as for insulin, glucose monitors and educational services, refer to the applicable provisions as noted below. **Note:** This Plan will also cover items not specifically listed as covered when new and improved equipment, Appliances and Prescription Drugs for the treatment and management of diabetes are approved by the U.S. Food and Drug Administration.

Diabetes Self-Management Education

This Plan covers diabetes self-management training including if you have elevated blood glucose levels induced by pregnancy. Training must be prescribed by a Health Care Provider and given by a certified, registered, or licensed Health Care Professional with recent education in diabetes management. Covered Services are limited to:

- Medically Necessary visits upon the diagnosis of diabetes
- visits following a Physician diagnosis that represents a significant change in your symptoms or condition that warrants changes in your self-management
- visits when re-education or refresher training is prescribed by a Health Care Provider with prescribing authority
- telephonic visits with a certified diabetes educator
- medical nutrition therapy related to diabetes management

Diabetic Supplies and Equipment

This Plan covers the following supplies and equipment for diabetic members and individuals with elevated glucose levels due to pregnancy (supplies are not to exceed a **30-day supply** purchased during any 30-day period):

- injection aids, including those adaptable to meet the needs of those with disabilities, including the legally blind
- insulin pumps and insulin pump supplies
- blood glucose monitors, including for those with disabilities, including the legally blind Medically Necessary Podiatric Appliances for prevention and treatment of foot complications associated with diabetes, including therapeutic molded or depth-inlay shoes, functional orthotics, custom molded inserts, replacement inserts, preventive devices, and shoe modifications

Note: The Plan will also cover items not specifically listed as covered when new and improved equipment, Appliances, and Prescription Drugs for the treatment and management of diabetes are approved by the U.S. Food and Drug Administration. This Plan will: 1) maintain an adequate formulary to provide these resources to individuals with diabetes; and 2) guarantee reimbursement or coverage for the equipment, Appliances, Prescription Drugs, insulin, or Medical Supplies described in this Benefit Booklet within the Limits of this Plan.

NOTE: Absent a change in diagnosis, management, or treatment of diabetes or its complications, only one prior authorization will be required for each covered diabetic supply or covered diabetic drug, per Plan Year, if prescribed as Medically Necessary by a health care Provider.

EMERGENCY CARE AND URGENT CARE

Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an Emergency room, trauma center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include, but are not limited to: heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning. Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

Emergency Room Services

Use of an Emergency center for non-Emergency Care is NOT covered. However, services will not be denied if you, in good faith and possessing average knowledge of health and medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be nonemergency.

Acute Emergency Care is available 24 hours per day, 7 days a week. If services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an Emergency room that do not meet the definition of Emergency Care may be reviewed for appropriateness and may be denied. If you disagree with the Claim Administrator's determination in processing your benefits as non-Emergency Care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review Section 8: Claims Payments and Appeals section of this Policy for specific information on your right to seek and obtain a full and fair review of your Claim.

If you visit a Noncontracted Provider for Emergency Care, the Contracted Provider benefit is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related Inpatient hospitalization. Once you are discharged, covered follow-up care from a Noncontracted Provider is paid at the Noncontracted Provider benefit level. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Services provided in an emergency room that are not Emergency Care may be excluded from emergency coverage, although these services may be covered under another benefit, if applicable. Emergency Care services – including non-Emergency services provided in an emergency room for Mental Disorders or Chemical Dependency – performed by a Nonpreferred Provider will be paid at the Preferred Provider level.

Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the Covered Services of a Noncontracted Provider, even if a contract provider is **not** available to perform the service.

Member Copayments

If you are directly admitted as an inpatient, the Copayment for Emergency room services is waived. The inpatient Hospital benefit will apply in such cases.

Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments,

or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered.

HEARING AIDS/RELATED SERVICES

This Plan covers the cost of hearing aids, the fitting and dispensing fees for hearing aids and ear molds, limited to one hearing aid per hearing-impaired ear with a maximum of \$2,200 every 36 months for members under 21 years old and \$500 every 36 months for members over age 21. This 36-month Benefit Period begins on the date the first covered hearing aid-related service is received and payable under this provision and ends 36 months later. The next Benefit Period begins 36 months after the first hearing aid-related service (e.g., fitting cost, ear mold, etc.) OR on the date the next hearing aid-related service, whichever length of time is greater.

Benefits for hearing aid-related services (for members under age 21) payable under this provision are not subject to any Coinsurance amount. Benefits for hearing aid-related services (for members under age 21) will be provided at **100 percent** of the Covered Charges. (Other Covered Services, such as hearing examinations and audiometric testing related to a hearing aid need for members under 21 years old are subject to the usual plan Coinsurance provisions for office services and diagnostic testing. Benefits for these additional services are not applied to the 36-month maximum benefit available for hearing aids).

HOME HEALTH CARE/HOME I.V. SERVICES

Conditions and Limitations of Coverage

This Plan covers directed donor or autologous blood storage fees only when the blood is used during a scheduled surgical procedure. This Plan does **not** cover blood replaced through donor credit.

Inpatient Services

For acute Inpatient medical or surgical care received during a covered Hospital Admission, this Plan covers semiprivate room and board or Special Care Unit (e.g., ICU, CCU) expenses and other Medically Necessary services provided by the Facility. If you have a private room for any reason other than isolation, covered room expenses are limited to the average semiprivate room rate, whether or not a semiprivate room is available. BCBSNM must give Prior Authorization for Medically Necessary private room charges to be covered. See *Section 4: Utilization Management* for more information about Prior Authorization requirements.

Medical Detoxification

This Plan also covers Medically Necessary services related to Medical Detoxification from the effects of alcohol or Drug Abuse. Detoxification is the treatment in an acute care Facility for withdrawal from the physiological

effects of alcohol or Drug Abuse, which usually takes about three days in an acute care Facility. Benefits for detoxification services are the same as for any other acute medical/surgical condition. Prior Authorization is required for all Inpatient hospitalizations. Note: All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria established by BCBSNM and will not be covered if excluded for any reason under this Plan. Gynecological or obstetrical ultrasounds do not require Prior Authorization. **Some services requiring Prior Authorization will not be approved for payment.**

Coronary Artery Calcification Tests

If benefits for contraceptive coverage are denied, you or your representative may contact Customer Service at the toll-free number on your ID card to request an expedited review.

Infertility-Related Services

This Plan covers the following infertility-related treatments. (**Note:** the following procedures only *secondarily* treat infertility):

- surgical treatments such as opening an obstructed fallopian tube, epididymis, or vas deferens when the obstruction is **not** the result of a surgical sterilization
- replacement of deficient, naturally occurring hormones **if** there is documented evidence of a deficiency of the hormone being replaced

The above services are the **only** infertility-related treatments that will be considered for benefit payment.

Diagnostic *testing*, is covered only to diagnose the cause of infertility. Once the cause has been established and the treatment determined to be noncovered, no further testing is covered. For example, this Plan will cover lab tests to monitor hormone levels following the hormone replacement treatment listed as covered above. If not notified, benefits for covered Facility services may be reduced by \$300.

A covered daughter also has coverage for Pregnancy-Related Services. However, if the parent of the newborn *is* a covered child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

- routine or complicated delivery, including prenatal and postnatal medical care of an

Obstetrician, certified nurse-midwife or Licensed Midwife (Expenses for prenatal and postnatal care are included in the total Covered Charge for the actual delivery or completion of pregnancy.) **Note:** Home births are not covered unless the provider has a contract with his/her local BCBS Plan and is credentialed to provide the service.

- pregnancy-related diagnostic tests, including genetic testing or counseling (Services must be sought due to a family history of a gender-linked genetic disorder or to diagnose a possible congenital defect caused by a present, external factor that increases risk, such as advanced maternal age or Alcohol Abuse. For example, tests such as amniocentesis or ultrasound to determine the gender of an unborn child are **not** covered.)

Newborn Care

If you do not have coverage for your newborn on the date of birth, **you must add coverage within 31 days of birth** in order for any newborn charges, routine or otherwise, to be covered beyond the first 48 hours of birth (or 96 hours in the case of a C-section).

Newborn Eligibility

If you do not elect to add coverage for your newborn within 31 days, and wish to add the child to coverage later, the child is considered a Late Applicant unless eligible for a Qualifying Event. **Note:** If the parent of the newborn is a covered child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), services for the newborn are **not** covered except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

Routine Newborn Care

If both the mother's charges and the baby's charges are eligible for coverage under this Plan, no additional Deductible for the newborn is required for the Facility's initial routine nursery care if the covered newborn is discharged on the same day as the mother.

Extended Stay Newborn Care

A newborn who is enrolled for coverage within the time limits specified in *Section 2: Enrollment and Termination Information* is also covered if he/she stays in the Hospital longer than the mother. The baby's services will be subject to a separate Deductible, Coinsurance and out-of-pocket limit.

Note: If you are in a Noncontracted Facility, you must ensure that BCBSNM is called **before** the mother is discharged from the Hospital. If you do not, benefits for the newborn's covered Facility services will be reduced by \$300. The baby's services will be subject to a separate Deductible, Coinsurance and out-of-pocket limit.

PHYSICIAN VISITS/MEDICAL CARE

Services covered under this provision include allergy care, therapeutic injections, office visits, consultations (including second or third surgical opinions) and examinations, and other nonroutine office medical procedures— when not related to Hospice Care or payable as part of a surgical procedure. Injections and Injectable Drugs

This Plan covers most FDA-approved therapeutic injections administered in a provider's office. However, this Plan covers some injectable drugs only when **Prior Authorization** is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your drug plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a member. The services listed under this provision are not limited as to the number of times you may receive the service in any given period or as to the age of the patient (except when a service is inappropriate for the patient's age Group, such as providing a pediatric immunization to an adult). You and your Physician are encouraged to determine how often and at what time you should receive preventive tests and examinations and you will receive coverage according to the benefits and limitations of your health care plan. Coverage for a recommended Preventive Service that is otherwise considered Medically Necessary for an individual will be provided regardless of an individual's sex assigned at birth, gender identity or gender that BCBSNM has recorded.

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

For Psychotherapy (Mental Disorder and Chemical Dependency) Medical Necessity determinations, the applicable generally accepted principles and practices of good medical care and practices guidelines developed by the American Psychiatric Association are contained in the latest version of the *Diagnostic and Statistical Manual*.

Prior Authorization Requirements

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM before

- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

Medical Necessity and Nondiscrimination Standards for Coverage and Orthotics

This plan provides coverage for initial and secondary prosthetic devices and custom orthotics in a non-discriminatory manner, and without restriction based on predetermined utilization limits, at the same level and cost-sharing as the coverage provided for medical and surgical benefits. Coverage includes:

- Clinical care
- All supplies, materials, and devices determined by the physician to be medically necessary and most appropriate to maximize upper and lower limb function, maintain activities of daily living or essential job-related activities, and meet the medical needs for physical activities such but not limited to running, biking, swimming, strength training.
- All services, including design, fabrication, and repair
- Replacement of a device, any part of such devices, without regard to useful lifetime restrictions, if an ordering health care provider determines that a replacement device, or a replacement part is necessary because of any of the following: (1) a change in your physiological condition; an irreparable change in the condition of the device or in a part of the device; or (3) the condition of the device, or the part of the device, requires repairs and the cost of such repairs would be more than sixty percent of the cost of a replacement device or of the part being replaced.

- Access to prosthetic and custom orthotic devices from at least two distinct device providers in your network

Utilization management decisions related to coverage for prosthetic or custom orthotic devices will be applied in a non-discriminatory manner using the most recent version of evidence-based treatment and fit criteria as recognized by relevant clinical specialists or their organizations. Prosthetic and custom orthotic benefits will not be denied for an individual with limb loss or absence that would otherwise be covered for a non-disabled person seeking medical or surgical intervention to restore or maintain the ability to perform the same daily functions and physical activity. However, coverage for prosthetic devices and custom orthotics will not be provided when required solely for comfort or convenience.

To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The device, drug, or medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the device, drug, or medicine is furnished.
- Reliable evidence shows that the treatment, device, drug, or medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, device, drug, or medicine is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.

The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

Reliable evidence means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or Investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

Standard medical practice means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or other Facility provider in which they were performed; and
- the Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

(A screening does *not* include a hearing test to determine the amount and kind of correction needed.) (For surgically implanted devices, see “Surgery and Related Services” in *Section 5: Covered Services*.)

— **Home Health, Home I.V. and Hospice Services**

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Home Health Care/Home I.V. Services” or “Hospice Care” in *Section 5: Covered Services* for additional exclusions.

(Contracted Providers contracting directly with BCBSNM and providers that have a “participating” agreement with BCBSNM will file Claims for you and must submit them within a specified period of time, usually 180 days.) If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change. See “Filing Claims” in *Section 8: Claim Payments and Appeals* for details.

Therapies are considered long-term if measurable improvement is not possible **within two months** of beginning active therapy. Long-term therapy includes treatment for chronic or incurable conditions for which rehabilitation produces minimal or temporary change or relief. Treatment of chronic conditions is not covered. (Chronic conditions include, but are not limited to, muscular dystrophy, Down's syndrome, and cerebral palsy.) **Note:** This exclusion does not apply to benefits for medication or medication management or to certain services covered for children with Autism Spectrum Disorders.

This Plan does not cover maintenance therapy or care or any treatment that does not significantly improve your function or productivity, or care provided after you have reached your rehabilitative potential (unless therapy is covered during an approved Hospice Benefit Period). In a dispute about whether your rehabilitative potential has been reached, you are responsible for furnishing documentation from your Physician supporting his/her opinion. **Note:** Even if your rehabilitative potential has not yet been reached, **this Plan does not cover** services that exceed maximum benefit limits.

BCBSNM, in consultation with the provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a covered service, even if it is not specifically listed as an exclusion. (BCBSNM, at its sole discretion, determines Medical Necessity based on the criteria given in *Section 5: Covered Services*.)

This Plan covers other nutritional products only under specific conditions set forth under your pharmacy benefits.

— War-Related Conditions

This Plan does not cover any service required as the result of any act of war or related to an illness or Accidental Injury sustained during combat or active military service.

This Plan does not cover services resulting from work-related illness or injury, or charges resulting from occupational accidents or sickness covered under:

- occupational disease laws
- employer's liability
- municipal, state, or federal law (except Medicaid)
- Workers' Compensation Act

To recover benefits for a work-related illness or injury, you must pursue your rights under the Workers' Compensation Act or any of the above provisions that apply, including filing an appeal. (BCBSNM may pay claims during the appeal process on the condition that you sign a reimbursement agreement.)

This Plan does not cover a work-related illness or injury, **even if:**

- You fail to file a Claim within the filing period allowed by the applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations.
- You obtain care not authorized by Workers' Compensation insurance.
- Your employer fails to carry the required Workers' Compensation insurance. (The employer may be liable for an employee's work-related illness or injury expenses.)
- You fail to comply with any other provisions of the law.

Note: This “Work-Related Conditions” exclusion does not apply to an executive employee or sole proprietor of a professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers' Compensation Act. You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

For a work-related injury or condition, see the “Work-Related Conditions” exclusion in Section 6: General Limitations and Exclusions.

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100 percent of BCBSNM's Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or health care plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

If you are also covered by Medicare, special COB rules may apply. Contact a Customer Service Advocate for more information. If you are enrolled in federal continuation coverage, coverage ends at the beginning of the month when you become entitled to Medicare or when you become insured under any Other Valid Coverage.

When this Plan is secondary, all provisions (such as obtaining Prior Authorization) must be followed or benefits may be denied.

IF YOU HAVE OTHER VALID COVERAGE

In accordance with the Retiree Health Care Act, the coverage provided by this PPO health care plan is secondary to all other benefit coverages to which NMRHCA participant is entitled, including Medicare and other Medicare complementary or supplemental policies, both group and non group, to the extent permitted by the federal law. When you have any other coverage (including an NMRHCA dental or vision plan), you need to file your Claim to other coverage first. After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under “Where to Send Claim Forms,” later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

Responsibility For Timely Notice

BCBSNM is not responsible for coordination of benefits if timely information is not provided.

Facility of Payment

Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will fully satisfy its liability under this provision.

Overpayments - Right of Recovery

Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

REIMBURSEMENT

If you or one of your covered family members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- NMRHCA has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which NMRHCA has provided benefits to you or your covered family members.
- NMRHCA is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits NMRHCA provided for that sickness or injury.

NMRHCA shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which NMRHCA has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that BCBSNM and/or NMRHCA may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

SECTION 8: CLAIMS PAYMENTS AND APPEALS

IMPORTANT NOTE ABOUT FILING CLAIMS

This section addresses the procedures for filing claims and appeals. The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be reduced or denied as explained in *Section 4: Utilization Management*. Covered Services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

CLAIM FORMS AND PROOF OF LOSS

Written proof of loss must be furnished to BCBSNM in accordance with the Claim procedures specified in this Section 8: *Claims Payments and Appeals*. Proof may be submitted either electronically or on paper. Written notice of Claim must be given to BCBSNM within 365 days after the occurrence or start of the loss on which the Claim is based. If notice is not given in that time, the Claim will not be invalidated or denied if it is shown that written notice was given as soon as was reasonably possible. When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Plan if the claimant submits written proof of loss within 365 days after the date of the first service, except in the absence of legal capacity.

IF YOU HAVE OTHER VALID COVERAGE

In accordance with the Retiree Health Care Act, the coverage provided by this PPO Health Care Plan is secondary to all other benefit coverages to which NMRHCA participant is entitled, including Medicare and other Medicare complementary or supplemental policies, both Group and non-Group, to the extent permitted by federal law. When you have any other coverage (including a NMRHCA dental or vision plan), you need to file your Claim to the other coverage first. After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under "Where to Send Claim Forms," later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Noncontracted Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

CONTRACTED PROVIDERS

Contracted Providers have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The providers' contract language lets them know that they may not bill NMRHCA or any member for a service if the provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations.

NONCONTRACTED PROVIDERS

A Noncontracted Provider is one that has neither a Preferred or a Participating Provider agreement. If your Noncontracted Provider does not file a Claim for you, submit a separate Claim form for each family member as the services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form*. (Forms can be printed from the BCBSNM website at www.bcbsnm.com/nmrhca or requested from a Customer Service Advocate.) Complete the claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under "Where to Send Claim Forms" later in this section.) **This Plan does not cover** services received from a Noncontracted Advantage Value Plan provider except for Emergency or Urgent Care while traveling.

ITEMIZED BILLS

Claims for covered service must be itemized on the provider's billing forms or letterhead stationery and must show:

- member's identification number
- member's and Subscriber's name and address member's date of birth and relationship to the Subscriber
- name, address, National Provider Identification number (NPI), and tax ID or social security number of the provider
- date of service or purchase, diagnosis, type of service or treatment, procedure, and amount charged for each service (each service must be listed separately)
- accident or surgery date (when applicable)
- amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment

Correctly itemized bills are necessary for your Claim to be processed. The only acceptable bills are those from Health Care providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See “Where to Send Claim Forms” below, for special instructions regarding out-of-country Claims.)

WHERE TO SEND CLAIM FORMS

If your noncontracting provider does not file a Claim for you, you (not the provider) are responsible for filing the Claim. **Remember:** Contracted Providers will file Claims for you; these procedures are used only when you must file your own Claim.

Services in United States, Canada, Jamaica, U.S. Virgin Islands, and Puerto Rico

If a noncontracting provider will not file a Claim for you, ask for an itemized bill and complete a claim form the same way that you would for services received from any other noncontracting provider. Mail the claim forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

**Blue Cross and Blue Shield of New Mexico
P.O. Box 660058 Dallas,
TX75266-0058**

Mental Disorder/Chemical Dependency Claims

Claims for covered Mental Disorder and Chemical Dependency services received in New Mexico should be submitted to:

**BCBSNM, BH Unit
P.O. Box 660058 Dallas,
TX75266-0058**

Drug Plan Claims

NMRHCA has Contracted with a pharmacy benefit manager (PBM) for claims administration of your outpatient Prescription Drug benefits. (This program is not affiliated with BCBSNM.) For more information about your Prescription Drug coverage, please review the summary of Prescription Drug benefits (drug rider), call NMRHCA at 1-800-233-2576 or call the PBM directly at 1-800-501-0987 (TTY/TDD phone number is 1-800-716-3231.) Details about the drug benefits are also on the NMRHCA website at www.nmrhca.org. You can visit the PBM's website at www.express-scripts.com.

Emergency Care Services

This Plan covers only limited Health Care Services received outside of the United States. As used in this section, "Out-of-Area Covered Services" include Emergency services and Urgent Care obtained outside of the United States. Follow-up care following an Emergency is also available provided the services are approved through Prior Authorization by BCBSNM. Any other services will not be eligible for Benefits unless Prior Authorization is received from BCBSNM.

Inpatient Services

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient Services, except for your cost-share amounts (Deductibles, Coinsurance, etc.). In such cases, the Hospital will submit your Claims to the service center to begin Claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. You must contact BCBSNM to obtain Prior Authorization for non-Emergency Inpatient Services.

Outpatient Services

Outpatient Services are available for Emergency Care treatment and Urgent Care centers. Providers located outside of the BlueCard Service Area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for Covered Services outside the BlueCard Service Area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your Claim. The claim form is available from BCBSNM, the service center or online at Blue Cross Blue Shield Global Core www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, 7 days a week.

Services Outside the United States, U.S. Virgin Islands, Jamaica, or Puerto Rico

Non-Emergency Care received outside the United States is not covered. For covered Emergency Inpatient Hospital services received outside the United States (including Puerto Rico, Jamaica, and the U.S. Virgin Islands), show your Plan ID Card issued by BCBSNM. BCBSNM participates in a Claim payment program with the Blue Cross and Blue Shield Association. If the Hospital has an agreement with the Association, the Hospital files the Claim for you to the appropriate Blue Cross Plan. Payment is made to the Hospital by that Plan, and then BCBSNM reimburses the other Plan. **Note:** Services received outside the United States (including Puerto Rico, Jamaica, and the U.S. Virgin Islands) and Canada **will be covered only if they are for Emergency treatment.**

You will need to pay up front for care received from a **Doctor, a Participating Outpatient Hospital, and/or a nonparticipating Hospital.** Then, complete an *International Claim Form* and send it with the bill(s) to the service center (the address is on the form). The *International Claim Form* is available from BCBSNM, the service center, or online at:

www.bcbsglobalcore.com

The Blue Cross Blue Shield Global Core *International Claim Form* is to be used to submit institutional and professional Claims for benefits for covered Emergency services received outside the United States, Puerto Rico, Jamaica and the U.S. Virgin Islands. For filing instructions for other Claim types (e.g., dental, Prescription Drugs, etc.) contact your Blue

Cross and Blue Shield Plan. The *International Claim Form* must be completed for each patient in full, and accompanied by fully itemized bills. It is not necessary for you to provide an English translation or convert currency.

Since the Claim cannot be returned, please be sure to keep photocopies of all bills and supporting documentation for your personal records. The Member should submit an *International Claim Form* (available at www.bcbs.com), attach itemized bills, and mail to Blue Cross Blue Shield Global Core at the address below. Blue Cross Blue Shield Global Core will then translate the information, if necessary, and convert the charges to United States dollars. They also will contact BCBSNM for benefit information in order to process the Claim. Once the Claim is finalized, the *Explanation of Benefits* will be mailed to the Subscriber and payment, if applicable, will be made to the Subscriber via wire transfer or check. Mail international Claims to:

**Service Center
P.O. Box 72017
Richmond, VA 23255-2017**

CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Subscriber will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **Note:** If a Qualified Child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the member is an Eligible Child of divorced parents, and the Subscriber under this Plan is the noncustodial parent, the custodial parent may receive the payment and the EOB.

If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial. (See "Grievance Procedures," later in this section.) **You also have 180 days in which to appeal a decision.**

Covered Charge

Provider payments are based upon Contracted Provider agreements and Covered Charges as determined by BCBSNM. For Emergency services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses. For Covered Services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

Contracted Providers

Payments for Covered Services usually are sent directly to Network Providers. The EOB you receive explains the payment.

Noncontracted Providers

If Covered Services are received from a Noncontracted Provider, payments are usually made to the Subscriber (or to the applicable alternate payee when a Qualified Child Medical Support Order, or QCMSO, is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses.

Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or treatment Facility may place a lien upon a compromise, settlement, or judgment obtained by you when the Facility has not been paid its total billed charges from all other sources.

Assignment of Benefits

BCBSNM specifically reserves the right to pay the Subscriber directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Subscriber instead of anyone else.

Medicaid

Payment of benefits for members eligible for Medicaid is made to the appropriate state agency or to the provider when required by law.

Medicare

If you are 65 years of age or older, BCBSNM will suspend your Claims until it receives (a) an *Explanation of Medicare Benefits (EOMB)* for each Claim (if you are entitled to Medicare), or (b) Social Security Administration documentation showing that you are not entitled to Medicare.

Overpayments

If your Group's benefit plan or the Claim Administrator pays benefits for Covered Charges incurred by you or your Eligible Family Members and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your Group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Nonparticipating Providers.

If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield of New Mexico (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this Benefit Booklet, whether for the same or a different Member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured Group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield plan or policy.

Pricing of Non-Contracted Provider Claims

Except for certain categories of Claims described below, the BCBSNM Covered Charge for Covered Services received from Noncontracted Providers is the lesser of the provider's billed charges or the BCBSNM "Noncontracting Allowable Amount." The BCBSNM Noncontracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS). The Medicare Allowable is determined for a service covered under your BCBSNM health plan using information on each specific Claim and, based on place of treatment and date of service, is multiplied by an "Adjustment Factor"

to calculate the BCBSNM Noncontracting Allowable Amount. The Adjustment Factor for nonemergency services are:

- 100% of the base Medicare Allowable for inpatient Facility Claims
- 300% of the base Medicare Allowable for outpatient Facility Claims
- 200% of the base Medicare Allowable for freestanding Ambulatory Surgical Center Claims
- 100% of the base Medicare Allowable for Physician, other Professional Provider Claims, and other ancillary providers of covered Health Care Services and supplies

Certain categories of Claims for **Covered Services** from Noncontracted Providers are excluded from this Noncontracted Provider pricing method. These include:

- services for which a Medicare Allowable cannot be determined based on the information submitted on the Claim (in such cases, the Covered Charge is 50 percent of the billed charge)
- home health claims (the Covered Charge is 50 percent of the billed charge)
- services administered and priced by any subcontractor of BCBSNM or by the Blue Cross and Blue Shield Association
- Claims paid by Medicare as primary coverage and submitted to your health plan for secondary payment
- New Mexico ground Ambulance claims (for which the state's Office of Superintendent of Insurance sets fares)
- covered Claims priced by a non-New Mexico BCBS Plan through BlueCard using local pricing methods
- the categories of Claims for Covered Services from Non-Contracted Providers discussed in more detail below

Benefits for Emergency Care

If you receive treatment from a Nonparticipating Provider for Emergency Care, BCBSNM will review and process payment consistent with the In Network benefit for the Covered Services provided. For services to be Covered Services, the services must be consistent with the definition for Emergency Care. Non-Emergency Care provided in an Emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services. As for air Ambulance Emergency Care, you may be responsible for charges from the Nonparticipating Provider above any amount that BCBSNM pays that corresponds to the In-Network benefit level.

Pricing for the following categories of Claims for **Covered Services** from Noncontracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the provider, whichever is less:

- for PPO health plans, services from Noncontracted Providers that satisfy at least one of the two conditions below and, as a result, are eligible for the Contracted Provider benefit level of coverage
- Covered Services from Noncontracted Providers within the United States that are classified as “unsolicited” as explained earlier in *Section 3: How Your Plan Works* and as determined by the member's Host Plan while outside the service area of BCBSNM
- **Prior Authorization of** transition of care services received from Noncontracted Providers

Pricing for the following categories of Claims for Covered Services from Noncontracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the Provider, whichever is less:

- Covered Services required during an Emergency and received in a Hospital, trauma center, or Ambulance
- for PPO health plans, services from Non-Contracted Providers that satisfy at least one of the three conditions below and, as a result, are eligible for the Preferred Provider benefit level of coverage
 - Covered Services from Non-Contracted Providers within the United States that are classified as “Unsolicited” as explained earlier in *Section 3: How Your Plan Works* and as determined by the Members Host Plan while outside the service area of BCBSNM

- **Prior Authorization** of transition of care services received from Non-Contracted Providers
- Covered Services received from a Non-Contracted anesthesiologist, pathologist, or radiologist while you are a patient at a **Contracted** Facility receiving Covered Services or procedures that have been approved, if needed

BCBSNM will use essentially the same Claims processing rules and/or edits for Noncontracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any claim edits or rules for a particular covered service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

Provider Payment Example

The two examples below demonstrate the difference between your liability for services from a Noncontracted Provider (when such services are **approved through Prior Authorization** and **not** eligible for 100 percent coverage of billed charges) versus a Contracted Provider. Both examples are for a plan that pays 80 percent of Covered Charges with the remaining 20 percent of Covered Charges paid by the member.

Example 1. Contracted Provider Claim Payment (Plan pays 80 percent; Deductible is met):

Provider's billed charge	\$10,000
Covered Charges (maximum amount that can be considered for benefit)	\$8,000
BCBSNM payment to provider (80% of \$8,000)	\$6,400
Member Coinsurance (20% of \$8,000) applied to the Out-of-Pocket Limit	\$1,600
Amount over the Covered Charges - the Contracted Provider writes off the difference between billed amount and Covered Charge	\$0
Total amount due from member (Coinsurance only):	\$1,600

Example 2. Noncontracted Provider Claim Payment (Plan pays 80 percent; Deductible is met):

Provider's billed charge	\$10,000
Covered Charges (maximum amount that can be considered for benefit)	\$8,000
BCBSNM payment to provider (80% of \$8,000)	\$6,400
Member Coinsurance (20% of \$8,000) applied to the Out-of-Pocket Limit	\$1,600
Amount over the Covered Charges - the member is responsible for all costs incurred over the Covered Charges and these amounts do not apply to your	\$2,000
Total amount due from member (Coinsurance only):	\$3,600

MEMBER DATA SHARE

You may, under certain circumstances as specified below, apply for and obtain, subject to any applicable terms and conditions, replacement coverage. The replacement coverage will be that which is offered by BCBSNM, a division of Health Care Service Corporation, or, if you do not reside in the BCBSNM service area, by the Host Blue whose service area covers the geographic area in which you reside. The circumstances mentioned above may arise in various ways, such as from involuntary termination of your health coverage sponsored by the Subscriber. As part of the overall plan of benefits that BCBSNM offers to you if you do not reside in the BCBSNM service area, BCBSNM may facilitate your right to apply for and obtain such replacement coverage, subject to applicable eligibility requirements, from the Host Blue in which you reside. To do this, BCBSNM may (1) communicate directly with you and/or (2) provide the Host Blues whose service area covers the geographic area in which you reside with your personal information and may also provide other general information relating to your coverage under the Plan the Subscriber has with BCBSNM to the extent reasonably necessary to enable the relevant Host Blues to offer you coverage continuity through replacement coverage.

COMPLAINTS (GRIEVANCES) AND APPEALS: SUMMARY OF PROCEDURES

If you want to make an oral complaint or file a written appeal about a Claims payment or denial, a Prior Authorization denial, the termination of your coverage (other than due to nonpayment of premium), or any other issue, a BCBSNM Customer Service Advocate is available to assist you. You will not be subject to retaliatory action by BCBSNM for making a complaint, filing an appeal, or requesting a reconsideration.

IMPORTANT: Within 180 days after you receive notice of a BCBSNM decision on, for example, a claim, a Prior Authorization request, the quality of care you receive, or the termination of your coverage, call or write BCBSNM Customer Service and explain your reasons for disagreeing with the decision. If you do not submit the request for internal review within the 180-day period, you waive your right to internal review as described in this section, unless you can satisfy BCBSNM that matters beyond your control prevented you from timely filing the request.

Many complaints or problems can be handled informally by calling, writing, or emailing BCBSNM Customer Service. If you are not satisfied with the initial response, you can also request internal and external review as described in the detailed *Summary of Health Insurance Grievance Procedures for NMRHCA* included in the back of your booklet.

SECTION 9: GENERAL PROVISIONS

ADVANCE DIRECTIVES

Advance directives are written documents (such as a Living Will, Health Care Treatment Directives, and Durable Power of Attorney) that designate a person with the responsibility for making your health care decisions if you are incapable of expressing your own wishes. They also describe the kind of treatment you do and do not want. Members over age 18 have the right to refuse or accept medical care or surgical treatments and to execute advance directives. BCBSNM, providers, and staff do not discriminate care based on whether you have signed any type of advance directive. If you have questions or concerns about advance directives, contact your PCP or personal Physician to discuss these issues.

AVAILABILITY OF PROVIDER SERVICES

BCBSNM does not guarantee that a certain type of room or service will be available at any Hospital or other Facility within the BCBSNM network, nor that the services of a particular Hospital, Physician, or Other Provider will be available.

CATASTROPHIC EVENTS

In case of fire, flood, war, civil disturbance, court order, strike, or other cause beyond BCBSNM's control, BCBSNM may be unable to process Claims or provide Prior Authorization for services on a timely basis. If due to circumstances not within the control of BCBSNM or a Network Provider (such as partial or complete destruction of facilities, war, riot, disability of a Network Provider, or similar case), BCBSNM and the provider will have no liability or obligation if medical services are delayed or not provided. BCBSNM and its Network Providers will, however, make a good-faith effort to provide services.

CHANGES TO THE BENEFIT BOOKLET

No employee of BCBSNM may change this Benefit Booklet by giving incomplete or incorrect information, or by contradicting the terms of this Benefit Booklet. Any such situation will not prevent BCBSNM from administering this Benefit Booklet in strict accordance with its terms. See the inside back cover for further information.

DISCLAIMER OF LIABILITY

BCBSNM has no control over any diagnosis, treatment, care, or other service provided to you by any Facility or Professional Provider, whether Contracted or not. BCBSNM is not liable for any loss or injury caused by any Health Care Provider by reason of negligence or otherwise.

Nothing in this Benefit Booklet is intended to limit, restrict, or waive any member rights under the law and all such rights are reserved to the individual.

DISCLOSURE AND RELEASE OF INFORMATION

BCBSNM will only disclose information as permitted or required under state and federal law.

EXECUTION OF PAPERS

On behalf of yourself and your Eligible Family Members you must, upon request, execute and deliver to BCBSNM any documents and papers necessary to carry out the provisions of this Plan.

BCBSNM will not be liable for any Claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any Network Provider.

The relationship between BCBSNM and the Group is that of independent contractors; the NMRHCA is not an agent or

employee of BCBSNM, and BCBSNM and its employees are not employees or agents of the Group.

REFUSAL TO FOLLOW RECOMMENDED TREATMENT

If you refuse treatment that has been recommended by a participating provider, the provider may decide that your refusal compromises the provider-patient relationship and obstructs the provision of proper medical care. Providers will try to render all necessary and appropriate professional services according to your wishes when they are consistent with the provider's judgment. If you refuse to follow the recommended treatment or procedure, you are entitled to see another provider of the same specialty for a second opinion. You can also pursue the appeal process.

RESEARCH FEES

BCBSNM reserves the right to charge you an administrative fee when extensive research is necessary to reconstruct information that has already been provided to you in explanations of benefits, letters, or other forms.

SENDING NOTICES

All notices to you are considered to be sent to and received by you when deposited in the United States mail with first-class postage prepaid and addressed to the Subscriber at the latest address on BCBSNM membership records or to NMRHCA.

TRANSFER OF BENEFITS

All documents described in this booklet are personal to the member. Neither these benefits nor health care plan payments may be transferred or given to any person, corporation, or entity. Any attempted transfer will be void. Use of benefits by anyone other than a member will be considered fraud or material misrepresentation in the use of services or facilities, which may result in cancellation of coverage for the member and appropriate legal action by BCBSNM and/or NMRHCA.

APPENDIX A: CONTINUATION COVERAGE RIGHTS UNDER COBRA

This notice contains important information about your possible right to COBRA continuation coverage, which is a temporary extension of coverage under this Group Health Care Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), for certain larger Group employers. COBRA continuation coverage may be available to you and to other members of your family who are covered under the health care plan when you would otherwise lose your Group health coverage. Contact NMRHCA to determine if you or your Group are eligible for COBRA continuation coverage.

This notice generally explains:

- COBRA continuation coverage;
- when it may become available to you and your family if your Group is subject to the provisions of COBRA; and
- what you need to do to protect your right to receive it.

This notice gives only a summary of COBRA continuation coverage rights. For more information about the rights and obligations under the Plan and under federal law, contact the Plan administrator or see *Section 2: Enrollment and Termination Information* of this Benefit Booklet.

The Plan administrator of the Plan is named by NMRHCA or by the Group health plan. Either the Plan administrator or a third party named by the Plan administrator is responsible for administering COBRA continuation coverage. Contact your Plan administrator for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

COBRA CONTINUATION COVERAGE

COBRA continuation coverage is a continuation of health care plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the health care plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and Eligible Children of employees may be qualified beneficiaries. Under the Plan, generally most qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Contact the NMRHCA and/or COBRA administrator for specific information for your Plan.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- your hours of employment are reduced; or
- your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- your spouse dies;
- your spouse’s hours of employment are reduced;
- your spouse’s employment ends for any reason other than his or her gross misconduct;
- your spouse becomes enrolled in Medicare (Part A, Part B or both); or
- you become divorced or legally separated from your spouse.

Your Eligible Children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens and if your Group is subject to the provisions of COBRA:

- the parent-employee dies;

- the parent-employee's hours of employment are reduced;
- the parent-employee's employment ends for any reason other than his or her gross misconduct;
- the parent-employee becomes enrolled in Medicare (Part A, Part B or both);
- the parents become divorced or legally separated; or
- the child stops being eligible for coverage under the Plan as an "Eligible Child".

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retiree covered under the Plan, the retiree is a qualified beneficiary with respect to the bankruptcy. The retiree's spouse, surviving spouse and Eligible Children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan administrator has been notified that a qualifying event has occurred.

The employer must notify the Plan administrator **within 31 days** when the qualifying event is:

- the end of employment;
- the reduction of hours of employment;
- the death of the employee;
- with respect to a retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer; or
- the enrollment of the employee in Medicare (Part A, Part B or both).

For the other qualifying events (divorce or legal separation of the employee and spouse or an Eligible Child losing eligibility for coverage as an Eligible Child), you must notify the Plan administrator. The Plan requires you to notify the Plan administrator **within 60 days** after the qualifying event occurs. Contact your NMRHCA and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Once the Plan administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost.

COBRA continuation coverage is a temporary continuation of coverage. COBRA continuation coverage may last for up to 36 months when the qualifying event is:

- the death of the employee;
- the enrollment of the employee in Medicare (Part A, Part B or both);
- your divorce or legal separation; or
- an Eligible Child losing eligibility as an Eligible Child.

When the qualifying event is the end of employment or reduction in hours of employment, COBRA continuation coverage lasts for **up to 18 months**. There are two ways in which this 18-month period of COBRA continuation can be extended:

Disability Extension of 18-month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during **the first 60 days** of COBRA continuation coverage and you notify the Plan administrator in a timely fashion, you and your entire family can receive **up to an additional 11 months** of COBRA continuation coverage, **for a total maximum of 29 months**. You must make sure that your Plan administrator is notified of the Social Security Administration's determination **within 60 days** of the date of the determination and before the end of the 18-month period of

COBRA continuation coverage. Contact NMRHCA and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and Eligible Children in your family can get additional months of COBRA continuation coverage, **up to a maximum of 36 months**. This extension is available to the spouse and Eligible Children if the former employee dies, enrolls in Medicare (Part A, Part B or both), or gets divorced or legally separated. The extension is also available to an Eligible Child when that Child stops being eligible under the Plan as an Eligible Child.

In all of these cases, you must make sure that the Plan administrator is notified of the second qualifying event within **60 days** of the second qualifying event. Contact NMRHCA and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

IF YOU HAVE QUESTIONS

If you have questions about COBRA continuation coverage, contact the Plan administrator or the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Website at www.dol.gov/ebsa.

In order to protect your family's rights, you should keep the Plan administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to your Plan administrator.

PLAN CONTACT INFORMATION

Contact NMRHCA for the name, address and telephone number of the party responsible for administering your COBRA continuation coverage.

SUMMARY OF HEALTH INSURANCE GRIEVANCE PROCEDURES

This is a summary of the process you must follow when you request a review of a decision by BCBSNM. You will be provided with detailed information and complaint forms by BCBSNM at each step. In addition, you can review the complete New Mexico regulations that control the process under the **Managed Health Care Bureau** page found under the **Departments** tab on the Office of Superintendent of Insurance (OSI) website, located at www.osi.state.nm.us. You may also request a copy from BCBSNM at:

NMRHCA Designated Service Unit, Grievance Coordinator
Mailing Address: P.O. Box 660058
Dallas, TX 75266-0058
Telephone: 1-888-966-7742
Email: nmpstadsu@bcbsnm.com Fax: (505) 837-8509
or from OSI by calling 1-505 827-4601 or toll free at 1-855-427-5674.

What types of decisions can be reviewed?

You may request a review of two different types of decisions:

Adverse Determination: You may request a review if BCBSNM has denied pre-authorization (certification) for a proposed procedure, has denied full or partial payment for a procedure you have already received, or is denying or reducing further payment for an ongoing procedure that you are already receiving and that has been previously covered. (BCBSNM must notify you *before* terminating or reducing coverage for an ongoing course of treatment and must continue to cover the treatment during the appeal process.) This type of denial may also include a refusal to cover a service for which benefits might otherwise be provided because the service is determined to be Experimental, Investigational, or not Medically Necessary or appropriate. It may also include a denial by BCBSNM of a participant's or beneficiary's eligibility to participate in a plan. These types of denials are collectively called "**Adverse Determinations**."

Administrative decision: You may also request a review if you object to how BCBSNM handles other matters, such as its administrative practices that affect the availability, delivery, or quality of Health Care Services; Claims payment, handling or reimbursement for Health Care Services; or if your coverage has been terminated.

Review of an Adverse Determination How does pre-authorization for a Health Care Service work?

When BCBSNM receives a request to pre-authorize (certify) payment for a healthcare service (service) or a request to reimburse your healthcare provider (provider) for a service that you have already had, it follows a two-step process.

Coverage: First, BCBSNM determines whether the requested service is covered under the terms of your health benefits plan (policy). For example, if your policy excludes payment for adult hearing aids, then BCBSNM will not agree to pay for you to have them even if you have a clear need for them.

Medical Necessity: Next, if BCBSNM finds that the requested service is covered by the policy, BCBSNM determines, in consultation with a Physician, whether a requested service is Medically Necessary. The consulting Physician determines Medical Necessity either after consultation with Specialists who are experts in the area or after application of uniform standards used by BCBSNM. For example, if you have a crippling hand injury that could be corrected by plastic surgery and you are also requesting that BCBSNM pay for cosmetic plastic surgery to give you a more attractive nose, BCBSNM might certify the first request to repair your hand and deny the second, because it is not Medically Necessary.

Depending on terms of your policy, BCBSNM might also deny certification if the service you are requesting is outside the scope of your policy. For example, if your policy does not pay for experimental procedures, and the service you are requesting is classified as experimental, BCBSNM may deny certification. BCBSNM might also deny certification if a procedure that your provider has requested is not recognized as a standard treatment for the condition being treated.

IMPORTANT: If BCBSNM determines that it will not certify your request for services, you may still go forward with the treatment or procedure. **However,** you will be responsible for paying the provider yourself for the services.

How long does initial certification take?

Standard decision: BCBSNM must make an initial decision within 5 working days. However, BCBSNM may extend the review period for a maximum of 10 calendar days if it: (1) can demonstrate reasonable cause beyond its control for the delay; (2) can demonstrate that the delay will not result in increased medical risk to you; and (3) provides a written progress report and explanation for the delay to you and your provider within the original 5 working day review period.

What if I need services in a hurry?

Urgent Care situation: An **Urgent Care situation** is a situation in which a decision from BCBSNM is needed quickly because: (1) delay would jeopardize your life or health; (2) delay would jeopardize your ability to regain maximum function; (3) the Physician with knowledge of your medical condition reasonably requests an expedited decision; (4) the Physician with knowledge of your medical condition, believes that delay would subject you to severe pain that cannot be adequately managed without the requested care or treatment; or (5) the medical demands of your case require an expedited decision.

If you are facing an Urgent Care situation **or** BCBSNM has notified you that payment for an ongoing course of treatment that you are already receiving is being reduced or discontinued, you or your provider may request an expedited review and BCBSNM must either certify or deny the initial request quickly. BCBSNM must make its initial decision in accordance with the medical demands of the case, but within 24 hours after receiving the request for an **expedited** decision.

If you are dissatisfied with BCBSNM's initial expedited decision in an Urgent Care situation, you may then request an **expedited review** of the decision by both BCBSNM and an external reviewer called an Independent Review Organization (IRO). When an **expedited** review is requested, BCBSNM must review its prior decision and respond to your request within 72 hours. If you request that an IRO perform an expedited review simultaneously with BCBSNM's review and your request is eligible for an IRO review, the IRO must also provide its expedited decision within 72 hours after receiving the necessary release of information and related records. If you are still dissatisfied after the IRO completes its review, you may request that the Superintendent review your request. This review will be completed within 72 hours after your request is complete.

The internal review, the IRO review, and the review by the Superintendent are described in greater detail in the following sections.

IMPORTANT: If you are facing an emergency, you should seek medical care immediately and then notify BCBSNM as soon as possible. BCBSNM will guide you through the claims process once the emergency has passed.

When will I be notified that my initial request has been either certified or denied?

If the initial request is approved, BCBSNM must notify you and your provider within 1 working day after the decision, unless an urgent matter requires a quicker notice. If BCBSNM denies certification, BCBSNM must notify you and the provider within 24 hours after the decision.

If my initial request is denied, how can I appeal this decision?

If your initial request for services is denied or you are dissatisfied with the way BCBSNM handles an administrative matter, you will receive a detailed written description of the grievance procedures from BCBSNM as well as forms and detailed instructions for requesting a review. You may submit the request for review either orally or in writing depending on the terms of your policy. BCBSNM provides representatives who have been trained to assist you with the process of requesting a review. This person can help you to complete the necessary forms and with gathering information that you need to submit your request. For assistance, contact BCBSNM's as follows:

FAX #:(505) 827-6341, Attn: MHCB

Who can request a review?

A review may be requested by you as the patient, your provider, or someone that you select to act on your behalf. The patient may be the actual Subscriber or a dependent who receives coverage through the Subscriber. The person requesting the review is called the “grievant.”

Appealing an Adverse Determination – first level review

If you are dissatisfied with the initial decision by BCBSNM, you have the right to request that the decision be reviewed by its medical director. The medical director may make a decision based on the terms of your policy, may choose to contact a Specialist or the provider who has requested the service on your behalf, or may rely on BCBSNM's standards or generally recognized standards.

How much time do I have to decide whether to request a review?

You must notify BCBSNM that you wish to request an internal review within **180 days** after the date you are notified that the initial request has been denied.

What do I need to provide? What else can I provide?

If you request that BCBSNM review its decision, BCBSNM will provide you with a list of the documents you need to provide and will provide to you all of your records and other information the medical director will consider when reviewing your case. You may also provide additional information that you would like to have the medical director consider, such as a statement or recommendation from your doctor, a written statement from you, or published clinical studies that support your request.

How long does a first level internal review take?

Expedited review. If a review request involves an Urgent Care situation, BCBSNM must complete an expedited internal review as required by the medical demands of the case, but in no case later than 72 hours from the time the internal review request was received.

Standard review. BCBSNM must complete both the medical director's review and (if you then request it) BCBSNM's internal panel review within 30 days after receipt of your pre-service request for review or within 60 days if you have already received the service. The medical director's review generally takes only a few days.

The medical director denied my request - now what?

If you remain dissatisfied after the medical director's review, you may either request a review by a panel that is selected by BCBSNM or you may skip this step and ask that your request be reviewed by an IRO that is appointed by the Superintendent.

- If you ask to have your request reviewed by BCBSNM's panel, then you have the right to appear before the panel in person or by telephone or have someone, (including your attorney), appear with you or on your behalf. You may submit information that you want the panel to consider, and ask questions of the panel members. Your health provider may also address the panel or send a written statement.
- If you decide to skip the panel review, you will have the opportunity to submit your information for review by the IRO, but you will not be able to appear in person or by telephone. OSI can assist you in getting your information to the IRO.

IMPORTANT: If you are covered under the NM State Healthcare Purchasing Act, you may NOT request an IRO review if you skip the panel review.

How long do I have to make my decision?

If you wish to have your request reviewed by BCBSNM's panel, you must inform BCBSNM within **5 days** after you receive the medical director's decision. If you wish to skip panel review and have your matter go directly to the IRO, you must inform OSI of your decision within **4 months** after you receive the medical director's decision.

What happens during a panel review?

If you request that BCBSNM provide a panel to review its decision, BCBSNM will schedule a hearing with a Group of medical and other professionals to review the request. If your request was denied because BCBSNM felt the requested services were not Medically Necessary, were Experimental or were Investigational, then the panel will include at least one Specialist with specific training or experience with the requested services.

BCBSNM will contact you with information about the panel's hearing date so that you may arrange to attend in person or by telephone, or arrange to have someone attend with you or on your behalf. You may review all of the information that BCBSNM will provide to the panel and submit additional information that you want the panel to consider. If you attend the hearing in person or by telephone, you may ask questions of the panel members. Your medical provider may also attend in person or by telephone, may address the panel, or send a written statement.

BCBSNM's internal panel must complete its review within 30 days following your original request for an internal review of a request for pre-certification or within 60 days following your original request if you have already received the services. You will be notified within 1 day after the panel decision. If you fail to provide records or other information that BCBSNM needs to complete the review, you will be given an opportunity to provide the missing items, *but the review process may take much longer, and you will be forced to wait for a decision.*

Hint: If you need extra time to prepare for the panel's review, then you may request that the panel be delayed for a maximum of 30 days.

NMRHCA Grievance Review Procedures

If you are not satisfied with BCBSNM's internal review decision, you may file a complaint with New Mexico Retiree Health Care Authority within 30 days after BCBSNM's internal review decision. (Note: You may contact NMRHCA at any time during the internal review process.) Upon receipt of your complaint, the New Mexico Retiree Health Care Authority will review the case and respond to the parties involved within 30 days. If your situation requires expedited review, a response will be provided within 48 hours of receipt by New Mexico Retiree Health Care Authority of the complaint. Your complaint should be submitted to:

Executive Director, NMRHCA

6300 Jefferson St. NE, Suite 150

Albuquerque, New Mexico 87109

1-800-233-2576

Fax: 505-884-8611

If I choose to have my request reviewed by the BCBSNM's panel, can I still request the IRO review?

Yes. If your request has been reviewed by the BCBSNM's panel and you are still dissatisfied with the decision, you will have **4 months** to request a review by an IRO.

What's an IRO and what does it do?

An IRO is a certified organization appointed by OSI to review requests that have been denied by an insurer. The IRO employs various medical and other professionals from around the country to perform reviews. Once OSI selects and appoints an IRO, the IRO will assign one or more professionals who have specific credentials that qualify them to understand and evaluate the issues that are particular to a request. Depending on the type of issue, the IRO may assign a single reviewer to consider your request, or it may assign a panel of reviewers. The IRO must assign reviewers who have no prior knowledge of the case and who have no close association with BCBSNM or with you. The reviewer will consider all of the information that is provided by BCBSNM and by you. (OSI can assist you in getting your information to the IRO.) In making a decision, the reviewer may also rely on other published materials, such as clinical studies.

The IRO will report the final decision to you, your provider, BCBSNM, and to OSI. BCBSNM must comply with the decision of the IRO. If the IRO finds that the requested services should be provided, then BCBSNM must provide them.

The IRO's fees are billed directly to BCBSNM – there is no charge to you for this service.

How long does an IRO review take?

The IRO must complete the review and report back within 20 days after it receives the information necessary for the review. (However, if the IRO has been asked to provide an expedited review regarding an Urgent Care matter, the IRO must report back within 72 hours after receiving all of the information it needs to review the matter.) Review by the Superintendent of Insurance

If you remain dissatisfied after the IRO's review, you may still be able to have the matter reviewed by the Superintendent. You may submit your request directly to OSI, and if your case meets certain requirements, a hearing will be scheduled. You will then have the right to submit additional information to support your request and you may choose to attend the hearing and speak. You may also ask other persons to testify at the hearing. The Superintendent may appoint independent co-hearing officers to hear the matter and to provide a recommendation.

The co-hearing officers will provide a recommendation to the Superintendent within 30 days after the hearing is complete. The Superintendent will then issue a final order.

There is no charge to you for a review by the Superintendent of Insurance and any fees for the hearing officers are billed directly to BCBSNM. However, if you arrange to be represented by an attorney or your witnesses require a fee, you will need to pay those fees.

REVIEW OF AN ADMINISTRATIVE DECISION

How long do I have to decide if I want to appeal and how do I start the process?

If you are dissatisfied with an initial administrative decision made by BCBSNM, you have a right to request an internal review within **180 days** after the date you are notified of the decision. BCBSNM will notify you within 3 days after receiving your request for a review and will review the matter promptly. You may submit relevant information to be considered by the reviewer.

How long does an internal review of an Administrative Decision take?

BCBSNM will mail a decision to you within 30 days after receiving your request for a review of an administrative decision.

Can I appeal the decision from the internal reviewer?

Yes. You have **20 days** to request that BCBSNM form a committee to reconsider its administrative decision.

What does the reconsideration committee do? How long does it take?

When BCBSNM receives your request, it will appoint two or more members to form a committee to review the administrative decision. The committee members must be representatives of the company who were not involved in either the initial decision or the internal review. The committee will meet to review the decision within 15 days after BCBSNM receives your request. You will be notified at least 5 days prior to the committee meeting so that you may provide information, and/or attend the hearing in person or by telephone.

If you are unable to prepare for the committee hearing within the time set by BCBSNM, you may request that the committee hearing be postponed for up to 30 days.

The reconsideration committee will mail its decision to you within 7 days after the hearing.

NMRHCA Grievance Review Procedures

If you are not satisfied with BCBSNM's internal review decision, you may file a complaint with New Mexico Retiree Health Care Authority within 30 days after BCBSNM's internal review decision. (Note: You may contact NMRHCA at any time during the internal review process.) Upon receipt of your complaint, the New Mexico Retiree Health Care Authority will review the case and respond to the parties involved within 30 days. If your situation requires expedited review, a response will be provided within 48 hours of receipt by New Mexico Retiree Health Care Authority of the complaint. Your complaint should be submitted to:

**Executive Director, NMRHCA
6300 Jefferson St. NE, Suite 150
Albuquerque, New Mexico 87107
1-800-233-2576
FAX (505) 884-8611**

How can I request an external review? If you are dissatisfied with the reconsideration committee's decision, you may ask the Superintendent to review the matter within **20 days** after you receive the written decision from BCBSNM or the Executive Director. You may submit the request to OSI using forms that are provided by BCBSNM. Forms are also available on the OSI website located at www.osi.state.nm.us. You may also call OSI to request the forms at (505) 827-4601 or toll free at 1-(855)-427-5674.

How does the external review work?

Upon receipt of your request, the Superintendent will request that both you and BCBSNM submit information for consideration. BCBSNM has 5 days to provide its information to the Superintendent, with a copy to you. You may also submit additional information including documents and reports for review by the Superintendent. The Superintendent will review all of the

information received from both you and BCBSNM and issue a final decision within 45 days. If you need extra time to gather information, you may request an extension of up to 90 days. Any extension will cause the review process and decision to take more time.

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the Benefit Booklet to which this Amendment is attached and becomes a part of the Benefit Booklet. Unless otherwise required by Federal or New Mexico law, in the event of a conflict between the terms on this Amendment and the terms of the Benefit Booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The Benefit Booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the Benefit Booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery.

You have the right to appeal any decision made for a request for Benefits under this

provision, as explained in the Benefit Booklet.

2. Federal No Surprises Act Surprise Billing Protections

- a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.
 - Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
 - Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
 - Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. **Cost-Sharing**

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or Out-of-Pocket Limit, if any.

3. **Prohibition of Balance Billing**

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balance billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.
