Behavioral Health Practitioners

To receive benefits for behavioral health and/or chemical dependency, care must be coordinated by our Behavioral Health Unit. Either the member or the provider must call 1-888-898-0070 to obtain preauthorization for behavioral health and/or chemical dependency services.

Failure to obtain preauthorization may result in a denial of benefits. The fact that a provider is listed here does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any benefits.
