**FOOTNOTES:**

[1] Each member's initial covered charges (for most services that are subject to a percentage "coinsurance" amount unless stated otherwise) are applied to the deductible. The deductible must be met before benefit payments are made for such services. **Note:** A deductible is not required for covered services that are subject to a fixed-dollar copayment.

[2] After a member (or family) reaches the out-of-pocket limit during a single calendar year, BCBSNM pays 100 percent of that member's (or family's) covered charges for the remainder of the calendar year.

[3] Certain services are not covered if preauthorization is not obtained from BCBSNM. See a benefit booklet for details.

[4] Preauthorization is required for inpatient admissions. You pay a $400 penalty for covered facility services if preauthorization is not obtained. Some services, such as transplants, require additional preauthorization. If you do not receive preauthorization for these individually identified procedures and services, benefits for any related admissions will be denied.

[5] Rental benefits for medical equipment and other items will not exceed the purchase price of a new unit.

**Important Note:** You must use a BCBSNM preferred provider, unless in an emergency. Deductibles, copayments, and coinsurance percentages are applied to BCBSNM's covered charges, which may be less than billed charges. Covered services received from preferred providers that contract with their local BCBS Plan are also eligible for coverage under this plan.
