Additional CLIA-Waived Codes

Effective April 1, 2018, the codes below have been added to the list of Clinical Laboratory Improvement Amendments (CLIA)-waived tests. These tests are determined to be “simple laboratory examinations and procedures that have an insignificant risk of an erroneous result.” For more information about CLIA-waived tests and how to receive a CLIA Certificate of Waiver to perform these tests, please see the [How to Obtain a CLIA Certificate of Waiver](#) publication from the Centers for Medicare & Medicaid Services.
