

Clinical Quality Validation (CQV) is a web-based application in the Availity Portal that allows providers to quickly comply with Healthcare Effectiveness Data and Information Set (HEDIS) measures. Providers can electronically document their patient’s care and assessment to close quality HEDIS care gaps for Blue Cross and Blue Shield of New Mexico (BCBSNM) members using this application.

Mailing and faxing medical records remain options for providers when responding to these requests. Providers who are not Availity users will continue to receive these requests by mail, fax or in-person visits. If you are not a registered Availity user, you may complete the guided online registration process at availity.com – at no charge.

1. Receiving and Accessing CQV Requests

New CQV requests from BCBSNM will display in the **Notification Center** on the Availity Portal home page.

- ▶ To access CQV, select **Payer Spaces** from the top menu on the Availity home page
- ▶ Choose **Blue Cross and Blue Shield of New Mexico**
- ▶ On the BCBSNM Payer Spaces page, select the **Applications** tab
- ▶ Choose **Clinical Quality Validation**

Note: Contact your Availity Administrator if **Clinical Quality Validation** is not listed under the Applications tab in BCBSNM Payer Spaces. Availity Administrators must assign the **Medical Staff** and **Office Staff** roles to users for CQV access.

2. Navigating CQV Work Queue

Select your **Organization** from the drop-down listing.

Note: The **Organization** field will default to your assigned organization if there is only one assigned.

Use one or more fields at the top of the page to filter and locate specific requests:

- ▶ **Status** – filter by new, pending or submitted forms
- ▶ **Provider**
- ▶ **Patient Last Name**
- ▶ **Patient First Name**
- ▶ **Product**
- ▶ **Measure**

After filters are selected, select **Apply**.

Note: Select **Reset** to clear the filters.

Quick Tip:

→ All filter options allow users to select multiple options, **except** the **Patient Last Name** and **Patient First Name** fields.

2. Navigating CQV Work Queue – continued

The **Work Queue** list will display patient cards in the middle of the CQV page with the following color-coded status:

- ▶ **Green – New:** request has not been submitted
- ▶ **Yellow – Pending:** request was started and save, but not submitted to BCBSNM
- ▶ **Gray – Submitted:** request has been completed and submitted to BCBSNM

Expand **Show Patient Measures** within the patient card to view the additional information requested from BCBSNM.

▶ Diabetes Screening

▶ Colorectal Screening

Quick Tip:

→ Some quality measures and sub-measures have specific date requirements. If you enter a date that does not meet the requirements, an error message will display. Refer to the Availity **Help & Training** section, then **Find Help** to view a listing of quality measures and sub-measures that have specific date requirements.

File attachments should relate to the **Patient Measure** sections completed on the form.

To add an attachment, select **Add File Attachment** in the **File Attachments** section.

For each attachment, select the correlating quality measure from the **Attachment Supports** drop-down listing.

▼ File Attachments (Up to 5)
File attachments should relate to the sections completed on this form. You can add up to five file attachments. Each file must be a PDF, TIF, or JPG file.
