Welcome to SHPN (Sandia Health Partner Network)

Welcome to the SHPN Network under your Sandia Total Health Plan (STH) administered by Blue Cross and Blue Shield of New Mexico (BCBSNM). As a BCBSNM Sandia member, you have the option of SHPN providers in Bernalillo, Sandoval, Valencia and Tarrant counties in New Mexico and you will have the least out of pocket if you use an SHPN provider under the STH Plan.

You also have access to BCBS PPO providers in New Mexico and nationally through our BlueCard® program and you will pay less out of your pocket if you choose a BCBS provider. What's more, you do not need a referral to see any physician in the SHPN or BCBS network. This means it is easy for you to find the health care providers you need when you need them.

When you use non-PPO hospitals and providers, your benefits are lower and your out-of-pocket costs will be higher.

The SHPN is a network of hospitals and physicians, customized for the Sandia population. Sandia selected the Lovelace Health System as the hospital system for the SHPN.

Presbyterian Healthcare Services (PHS) and Presbyterian Medical Group (PMG) are not contracted with Blue Cross and Blue Shield of New Mexico and are not contracted under the SHPN for the counties of Bernalillo, Sandoval, Tarrant, and Valencia.

Members may continue to see Albuquerque-area PHS and PMG providers at a reduced benefit level for most covered services although some benefits are available only from a contracted provider. Refer to your summary of benefits or Program Summary for information on non-contracted or out-of-network providers; or call customer service at the number on the back of your ID card.

Provider Network Changes Affecting Members Living Outside Bernalillo, Sandoval, Tarrant, or Valencia Counties

For members living outside the four counties, the PHS and PMG providers will continue to be considered in-network for specialty care services and will be covered under the BCBSNM benefit level not the SHPN.

Directory Updates

Providers may leave or join the SHPN and PPO network. You are urged to check with your providers before undergoing treatment to confirm their SHPN or BCBS anPPO status and hospital affiliation. You can also call the customer service department at the toll free telephone number listed on the back of your BCBSNM ID card.

You can locate a convenient SHPN provider via our Web site, www.bcbsnm.com/sandia.

Introduction – continued

BlueCard PPO Program

As a Blue Cross and Blue Shield Plan BlueCard PPO member, you enjoy the convenience of carrying your membership card—The BlueCard. If your ID card has the “PPO in a suitcase” logo, then you know that your health care benefits are with you wherever you go. If you are:

- a member (or covered dependent) living outside the service area of your Blue Cross and Blue Shield Plan or,
- a member (or covered dependent) traveling on business or pleasure,

You may use a Blue Cross and Blue Shield BlueCard PPO provider to receive the advantages of PPO benefits and savings.

When you are out of town and become ill, or if you or a family member is living in another area and need to find information about a Blue Cross and Blue Shield BlueCard doctor or hospital, just call BlueCard Access at 1-800-810-BLUE (2583) to locate the nearest BlueCard doctor or hospital.

Show your membership card to any Blue Cross and Blue Shield BlueCard PPO doctor or hospital across the USA. You have plenty to choose from—PPO providers include more than 80% of all hospitals and physicians across the United States. When you visit a PPO doctor or hospital, you have no claim forms to file and no billing hassles.

Remember you are responsible for obtaining precertification/prior authorization from your Blue Cross and Blue Shield Plan. As always, in case of emergency, you should seek immediate care from the closest health care provider.

Hospitals and Urgent Care Facilities

Facilities that provide inpatient and outpatient care such as hospitals, and urgent care facilities.

Medical/Surgical Providers

PPO Medical/Surgical providers are professional physicians who have either an MD or DO degree and are licensed to practice medicine. Included below are General Practitioners (doctors who are licensed, but do not have residency training), as well as physicians who have had residency training in these medical specialties: Family Practice, Internal Medicine, Pediatrics, and Obstetrician/Gynecologists. Also included are Specialists who have taken additional training and provide specialty care. Examples include: Surgery, Allergy & Immunology, Anesthesiology, Cardiology, Dermatology, Gastroenterology, Ear, Nose & Throat (ENT), Endocrinology, Neurology, Nephrology (kidneys), Obstetrics/Gynecology, Ophthalmology (eyes), Orthopedics, Pulmonology (lungs), and Urology.

Primary Care Providers

Primary Care Providers are non-physician health care professionals such as Certified Nurse Practitioners who have had additional advanced training in providing primary care. They focus on the "whole person" and can coordinate your health care, including referrals.

Behavioral Health Practitioners

To receive benefits for behavioral health and/or chemical dependency, care must be coordinated by our Behavioral Health Unit. Either the member or the provider must call 1-888-898-0070 to obtain preauthorization for behavioral health and/or chemical dependency services.

Failure to obtain preauthorization may result in a denial of benefits. The fact that a provider is listed here does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any benefits.
