

Procedure Code List for Preauthorization for  
Blue Cross and Blue Shield of New Mexico  
Medicare Advantage Members Only

Beginning Jan.1, 2018, providers will be required to obtain preauthorization through Blue Cross and Blue Shield of New Mexico (BCBSNM), DaVita Medical Group (DMG) or eviCore for certain procedures for Blue Cross Medicare Advantage members as noted below.

Services performed without benefit preauthorization may be denied for payment and in whole or in part, you may not seek reimbursement from members.

Member eligibility and benefits should be checked prior to every scheduled appointment. Eligibility and benefit quotes include membership status, coverage status and other important information, such as applicable copayment, coinsurance and deductible amounts. It is strongly recommended that providers **ask to see the member's ID card for current information** and a photo ID to guard against medical identity theft. When services may not be covered, members should be notified that they may be billed directly.

A referral to an out-of-plan or out-of-network provider which is necessary due to network inadequacy or continuity of care must be reviewed by the BCBSNM Utilization Management or DMG (if the member is attributed to DMG this information will be reflected on the ID card) prior to a BCBSNM patient receiving care.

To obtain benefit preauthorization through BCBSNM for the procedures noted below, you may continue to use iExchange®. This online tool is accessible to physicians, professional providers and facilities contracted with BCBSNM. For more information or to set up a new account, refer to the iExchange page in the Provider Tools section of our Provider website.

Procedure codes highlighted in green denote preauthorization through eviCore.

Our goal is to provide our members with access to quality, cost-effective health care. If you have any questions, please contact your [Network Management Consultant](#) .
