The above is a listing of common services available through your network of Participating Dentists.

The Member's share of the cost is determined by whether care is received from a Participating or Non-Participating Dentist.

\*For services rendered by a Non-Participating Dentist (out of network), the Allowable Charge is the Provider's usual charge, not to exceed the amount that the Plan would reimburse a Participating Dentist rendering the same services. The Member will be responsible for the full amount by which the Non-Participating Dentist's actual charges exceed the Allowable Charge.

This plan includes BlueCare Dental Enhanced Benefit<sup>SM</sup>. The Enhanced Benefit provides additional dental benefits, such as an extra cleaning and 100% coverage for periodontal cleanings to members with specific health issues at no additional cost. Please refer to your Dental Benefit Booklet for additional benefit information.
