Signing Up for Health Care Coverage

Here are a few things to know when you choose your BCBSNM health care coverage.

When do you sign up?

You can enroll or change plans during the Open Enrollment period.

- The Open Enrollment period is from November 1, 2022 -January 15, 2023 on the New Mexico Health Insurance Exchange (beWellnm).
- Or visit bcbsnm.com between November 1 and December 15, 2022.

What if you need to change outside that time period?

If you have a major life event (got married or divorced, added to your family, lost your group coverage, and so forth), you may qualify for Special Enrollment. Visit **bcbsnm.com/sep** to learn more.

Health care coverage may be more affordable than you think.³

Based on your income, family size and the type of plan you choose, you may be able to get financial help when you buy through the New Mexico Health Insurance Exchange.

3 If you are Native American, the cost-sharing amounts and income levels may be different. Please call 866-445-1396 or contact a BCBSNM broker for details.

What are Essential Health Benefits?

Our health care plans cover basic services that are considered essential to good health when you use a network doctor or hospital. These include:

- Ambulatory patient services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorder services, including behavioral health treatment
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Laboratory services
- Preventive services and chronic disease management
- Pediatric services, including oral and vision care

Blue Community HMOSM

An HMO, also known as a health maintenance organization, is a health plan that may provide individuals with more affordable options to access care.

- An HMO may mean lower out-of-pocket costs than other types of health care coverage.
- With an HMO, you choose a primary care physician (PCP) who will be your main contact for all your health care needs. Whether you are making an appointment for an annual exam or need a referral, your PCP is the person to call.
- **HMOs do not typically cover out-of-network expenses other than emergencies.** It is important that you make sure your doctor, hospital or other health care provider is in the network so you can avoid unnecessary charges.
- Visit bcbsnm.com/insurance-basics for details.
- 4 Emergency care benefits are available out of network for HMO plans. Medically Necessary covered services not available in network may be referred to an out-of-network provider and be reimbursed at the in-network rate. After you enroll, you will get a Benefit Book with more information about Medically Necessary covered services.

Health Plans to Fit Every Budget

We have three levels of health care plans available — bronze, silver and gold. Each plan has different benefits and costs, so be sure to choose the one that fits your needs best. All plans include the same essential health benefits.

Please visit beWellnm.com to see your options and learn if you qualify for an advance premium tax credit based on things like your family size and income. If you qualify, you may be eligible for a lower or no monthly cost on a plan purchased through beWellnm.com.

Bronze plans are not available on the New Mexico Health Insurance Exchange .

The percentages shown reflect the average total cost for members, including all deductibles, copays and coinsurance. Your actual costs and ratios may vary based on your specific plan and how you use your benefits. Please refer to your plan's Summary of Benefits and Coverage for more information.

Prescription Drug Coverage is Included in All Our Plans

Your health plan's prescription drug list has many levels of coverage, called payment level tiers.

Our plans have up to six payment level tiers. Most often, the lower the tier, the lower your out-of-pocket costs will be for the drug.

BCBSNM also offers ways for you to save time and money on your prescriptions. Learn more by visiting **BluePharmacyNM.com**.

Cost savings: You may pay less when you choose generic medicines from our drug list. You also may save when you get up to a 30-day supply of a covered prescription drug from an in-network pharmacy. Talk to your doctor about what is right for you.

Time savings: Maintenance medications are those drugs you take on a regular basis. You can have up to a 90-day supply of these medications delivered directly to you through the mail order program or at a retail preferred pharmacy participating in the Preferred Pharmacy Network.⁵

Online resources: You can search the drug list, find a pharmacy, see your claims, order home delivery, and get an estimate of your costs for a medication 24/7 by logging in to Blue Access for MembersSM (BAMSM) at **bcbsnm.com/member**.

5 The Preferred Pharmacy Network does not apply to 100% cost-sharing plans.

Is a Health Savings Account (HSA) Right for You?8

An HSA is a special savings account that you may use to cover a wide range of qualified medical expenses. An HSA helps you take charge of your health and be responsible for how you spend your health care dollars. For many people, using an HSA is an effective way to help manage the costs of health care.

Not all plans are HSA compatible. Visit **bcbsnm.com** or speak with a BCBSNM broker to learn more.

Notice: If you get cost-sharing reductions under your health plan that have the effect of reducing the deductible below the federal government's minimum deductible, you may not be eligible to contribute to a Health Savings Account.

8 As a reminder, a Health Savings Account (HSA) has tax and legal ramifications. Blue Cross and Blue Shield of New Mexico does not provide legal or tax advice and nothing herein should be construed as legal or tax advice. These materials, and any tax-related statements in them, are not intended or written to be used, and cannot be used or relied on for the purpose of avoiding tax penalties.
