HEALTH CARE FRAUD INFORMATION

Health care and insurance fraud results in cost increases for health care plans. You can help; always:

- Be wary of offers to waive Copayments, Deductibles, or Coinsurance. These costs are passed on to you eventually.
- Be wary of mobile health testing labs. Ask what your health care insurance will be charged for the tests.
- Review the bills from your Providers and the *Explanation of Benefits* (EOB) you receive from BCBSNM. Verify that services for all charges were received. If there are any discrepancies, call a BCBSNM Customer Service Advocate.
- Be very cautious about giving information about your health care insurance over the phone.

If you suspect fraud, contact the BCBSNM Fraud Hotline at 1-888-841-7998.

SECTION 2: ENROLLMENT AND TERMINATION INFORMATION

WHO IS ELIGIBLE

Unless otherwise specified in the Professional Services Agreement, all active employees (who have completed the Employee Probationary Period) and who are regularly working the minimum number of hours specified in the Professional Services Agreement and their Eligible Family Members are eligible for coverage. To find out the number of hours you must work per week and to learn of any other eligibility criteria specified by your Group refer to the SONM Administrative Guide or contact your benefits administrator or your Human Resources office

BCBSNM may request proof that a valid employer-employee relationship exists, if applicable, and/or that the applicant meets the eligibility requirements stated in the Professional Service Agreement and the Members application.

No eligibility rules or variations in premium will be imposed on you based on your specific health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status-related factor. You will not be discriminated against for coverage under this Plan on the basis of race, color, national origin, disability, or perceived disability, blindness, partial blindness, limb loss or absence, age, sex, gender identity or sexual orientation. Variations in the administration, processes, or benefits of this policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

An eligible employee includes anyone hired as classified, Governor-exempt, probationary, temporary, term or hourly, if the employee works an average of at least 20 hours per week over the course of a pay period and whose length of employment, when hired, is for at least six months. Elected Officials, if part of the SONM or a participating LPB, are considered eligible and do not need to meet the work schedule of at least 20 hours per week. Independent contractors are not eligible under the SONM benefit plan.

Note: Annualized salary is based upon a 40 hour work week and should be calculated on base pay (do not include multiple components of pay). This must be used to determine insurance premiums for those hired as temporary, term, or hourly even if they are scheduled to work less than 40 hours per week.

Temporary employees whose original term of employment was to be less than six months, but is later determined will be longer than six months, may be eligible for coverage if they are scheduled to work at least 20 hours per week. Employees will be eligible for benefits, as long as the employee has met the required eligibility waiting period, upon the offer of extended employment (the two pay period wait is not required for SONM employees.)

ELIGIBLE FAMILY MEMBERS

Covered family member, covered spouse, covered child - An eligible spouse or Eligible Child (as defined below) who has applied for and been granted coverage under the Subscriber's policy based on his/her family relationship to the Subscriber.

Dual coverage is not allowed. If both an employee and their Spouse/Domestic Partner are eligible employees, they cannot enroll each other as a Spouse/Domestic Partner, nor can they both cover their children.

Eligible Family Members - Family members of the Subscriber, limited to the following persons:

- the Subscriber's legal **spouse**
- the Subscriber's **Eligible Child** through the end of the month in which they turn 26. Once a covered child reaches age 26, the child is automatically removed from coverage and rates adjusted accordingly - unless the child is an Eligible Family Member under this Plan due to a disability as described below.
- the Subscriber's **unmarried child** age 26 or older who was enrolled as the Subscriber's covered child in this health plan at the time of reaching the age limit, and who is medically certified as **disabled**, chiefly dependent upon the Subscriber for support and maintenance, and incapable of self-sustaining employment by reason of his/her disability. Such condition must be certified by a Physician and BCBSNM. Also, a child may continue to be eligible for coverage age 26 or older only if the condition

began before or during the month in which the child would lose coverage due to his/her age. BCBSNM must receive written notice of the disabling condition within 31 days of the child's attainment of the limiting age and subsequently, as may be required by BCBSNM, but not more frequently than annually after the two-year period following the child's attainment of the limiting age of 26.

- the Subscriber's **Domestic Partner** (NOTE: Not all governing bodies of the entities have approved allowing an employee's Domestic Partner and his/her children to be eligible for insurance coverage. Check with your benefits administrator for more information.)

Eligible Child - The following family members of the Subscriber through the end of the month during which the child turns age 26:

- An eligible employee's child(ren) and legal dependent(s), under the age of 26, regardless of dependents marital status, residence, student status or tax filing, may be enrolled as dependents upon submission of a birth certificate, legal documentation of adoption/placement, and/or legal guardianship order.
- Disabled legal dependents that are incapable of self support are eligible beyond age 26. Evidence of legal guardianship and disability is required upon enrollment. Medical enrollment is allowed if the disabled dependent is over age 26 years of age. To apply for continued coverage, disabled dependents must complete and file required forms and documentation. See the SONM benefits department for further assistance.
- A court order directing that an employee and/or employee's dependent provide insurance for someone else does not require the State to grant eligibility. Individual coverage may need to be purchased separately. Note: A Power of Attorney is not considered a court order to establish State Plan eligibility or otherwise extend coverage under the State Plan.

Note: If an employee's spouse has step-children from a previous marriage, and neither the employee nor spouse has adopted them or obtained legal guardianship, the step-children are not eligible for coverage.

A **Domestic Partner** is a person of the same or opposite sex who meets all of the following criteria:

- in an exclusive and committed relationship for the benefit of each other, and our relationship is the same as, or similar to, a marriage relationship in the State of New Mexico
- share and have shared together for 12 or more consecutive months a common, primary residence
- jointly responsible for each other's common welfare and share financial obligations
- neither are married or a member of another domestic partnership; nor have either been so during the past 12 months
- both at least 18 years of age
- both legally competent to sign an Affidavit of Domestic Partnership
- not related by blood to a degree of closeness that would prevent them from being married to each other

The federal government does not recognize Domestic Partners as qualified Eligible Family Members and therefore, the premium paid for their coverage cannot be pre-tax. In addition, the employee must pay tax on the portion of the premium paid by the employer for the Domestic Partner and his/her covered children.

Within 31 days of hire, you must submit all required forms to your benefits administrator. Once you have made an election during your initial enrollment period of 31 days from your date of hire, you are locked into that decision until the next annual open enrollment period.

BCBSNM may require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage. Unless listed as an Eligible Family Member, no other family member, relative or person is eligible for coverage as a family member. Common-law spouses are **not** considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "Domestic Partner."

Information for Noncustodial Parents

When a child is covered by the Plan through the child's noncustodial parent, then **State of New Mexico** will:

- provide such information to the custodial parent as may be necessary for the child to obtain benefits through the **State of New Mexico** Plan;
- permit the custodial parent or the Provider (with the custodial parent's approval) to submit Claims for Covered Services with the approval of the noncustodial parent; and
- make payments on Claims submitted in accordance with the above provision directly to the custodial parent, the Provider, or the state Medicaid agency as applicable.

MEDICARE-ELIGIBLE MEMBERS

Shortly before you turn age 65 or qualify for Medicare benefits for other reasons, you are responsible for contacting the local Social Security office to establish Medicare eligibility. You should then contact your benefits administrator to discuss coverage options.

If an active employee qualifies under the provisions of federal law for the working aged (TEFRA), then the working employee age 65 or older and/or his/her eligible spouse age 65 or older who is covered by Medicare may continue this Plan coverage as primary over Medicare until the eligible employee retires or coverage terminates.

A Member under age 65 receiving Medicare benefits due to disability or End-Stage Renal Disease (ESRD) also has primary benefits under this Plan coverage, but for only a limited period of time. (For ESRD patients, this Plan coverage is primary only during the CMS-defined ESRD coordination time period - usually 30 months after the start of Dialysis. Medicare becomes primary when the Medicare ESRD coordination time period expires.)

In any case, if you are a Medicare beneficiary and you actively *select* Medicare as your primary coverage, this Plan is **not** available to you, and your employer may not offer you any other employer-sponsored health care plan.

Refer to a Medicare Handbook or contact the Social Security Administration for more information and eligibility guidelines that apply to you.

APPLYING FOR COVERAGE

An eligible person can apply for coverage, including for his/her Eligible Family Members, by submitting an enrollment/change form to your benefits administrator **within 31 days** after meeting the employers required wait period. **Note:** Your benefits administrator cannot use genetic information or require genetic testing in order to determine if a condition to be limited or deny coverage.

WHEN COVERAGE BEGINS

Your benefits administrator will determine the **State of New Mexico** employee's Effective Date of Coverage according to the provisions of the Professional Services Agreement and the SONM's Administrative Guide. If you work for a Local Public Body, the Human Resources Department will advise.

This Plan does not cover any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Subscriber's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your Effective Date that are covered under the prior benefit plan.

CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family Coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by your employer. Please contact your employer to find out when you can change your coverage type or remove a person from your coverage.

ADDING A FAMILY MEMBER TO COVERAGE

A Subscriber may apply for coverage of an Eligible Family Member (such as a new spouse or a newborn child). **Within 31 days** of acquiring the newly Eligible Family Member, the Subscriber must:

- request that the employer notify BCBSNM of the change,
- complete and submit all necessary enrollment/change forms and legal documentation of proof of dependency, and
- pay any additional premium or other employee contribution for coverage, which may mean changing, for example, from Individual to Family coverage.

Adding a Spouse or a Domestic Partner

If a Subscriber adds coverage for a spouse **within 31 days** of marriage, the effective date of the new Eligible Family Members coverage will be the date of the event. If the Subscriber does not submit a completed and signed enrollment/change application form to his/her benefits administrator (or to the COBRA administrator), along with necessary documentation and, if required, change from Individual (or Employee + Child(ren) coverage, if applicable) to Family coverage **within 31 days** of marriage, the spouse may not be added to coverage until the next open enrollment period (or as specified under “Special Enrollment” later in this section). You may also have the option of applying for a Two-Person (Employee + Spouse) coverage type. Ask your employer which coverage types are available to you. For example, if you are applying for coverage for a new spouse and his/her Eligible Child(ren), you will have to change to Family coverage. See “Adding an Eligible Child,” below.

Adding an Eligible Child

If you do not submit an application for an Eligible Child or add additional coverage, if required, within the time frames below, the child can not be added until the next open enrollment period.

Newborn Children

You should submit an application to add the newborn as an eligible Child as soon as possible after birth. If Family coverage (or Employee/Children coverage, if available) is in effect, a newborn, natural child is covered from birth. If, for example, Family coverage is not in effect, you must add coverage for the newborn **within 31 days** of the birth in order for newborn care to be covered beyond day 31, (e.g., If an Employee + Child(ren) coverage type is not available to your Group, you would need to switch to Family coverage.). If the application is not received **within 31 days** the newborn can not be added until the next open enrollment period.

Note: If the parent of the newborn is an Eligible Child of the Subscriber (i.e., the newborn is the Subscriber’s grandchild), benefits are **not** available for the newborn.

Adopted Children

A child placed in the Subscriber’s home for the purposes of adoption may be added to coverage as soon as the child is placed in the home. However, application for coverage can be made as late as **31 days** following legal adoption without being considered late. (Although a child over the age of 18 is not eligible for adoption, an adopted child is covered as any other child, subject to the same Eligible Child age limitations and restrictions.)

Legal Guardianship

Application for coverage must be made for a child for whom the Subscriber or the Subscriber’s spouse becomes the legal guardian **within 31 days** of the court or administrative order granting guardianship.

Stepchild

Application for coverage must be made for a stepchild **within 31 days** of the marriage to the stepchild’s biological parent.

Court Ordered Coverage for Children

When an employee or employer is required by a court or administrative order to provide coverage for an Eligible Child, the Eligible Child may be enrolled in the Subscriber’s Family Coverage, or Employee/Children

coverage, if available and within 31 days to enroll. (If the Subscriber has Individual or Two-Person coverage, he/she may be required to pay additional premium in order for the Eligible Child to be added.) If not specified in the court or administrative order, the Eligible Child's Effective Date of Coverage will be the date the order has been filed as public record with the State or the effective date of Family Coverage, or Employee/Children coverage, if available, whichever is later. **State of New Mexico** must receive a copy of the court or administrative order.

OPEN/SWITCH ENROLLMENT

Open/switch enrollment is the period established by the Plan Administrator prior to the group's anniversary date (ask your employer when your Group's open enrollment period is held). During the annual open/switch enrollment period, any eligible employee and his/her Eligible Family Members may enroll or switch to a different medical carrier as members under this Plan. There is no penalty, benefit reduction, or pre-existing conditions waiting period for taking this action.

During an Open Enrollment Period

During an open enrollment period, the Subscriber and his/her Eligible Family Members may change coverage to one of the other health care plans for which the Subscriber meets eligibility requirements. This is the only period of time during which a Member may "voluntarily" change from one health care plan to another for which he/she is eligible.

Outside the Open Enrollment Period

If you or your covered family member must change to another health care plan being offered by the employer because of a change in the Subscriber's residency or family status (i.e., a qualifying event), an enrollment/change form must be submitted to **State of New Mexico** as soon as possible (or, for continuation Members, the COBRA administrator). Your effective date under the new health plan will be the first of the month following your change in eligibility status. If you are switching to another health plan due to a qualifying event, the effective date of change is explained below.

QUALIFYING EVENTS FOR ACTIVE EMPLOYEES AND THEIR COVERED FAMILY MEMBERS

There are instances ("qualifying events") in which an eligible person can make changes to coverage as needed. You have a limited amount of time during which you may request a qualifying event change. If you do not request changes during a qualifying event **within the time period specified of 31 days**, you will have to wait for the next open enrollment.

Qualifying Events

The instances of a qualifying event are:

- Change in job status of Spouse/Domestic Partner resulting in loss of group coverage or gain of other coverage for new employment.
- Change in job status of employee (such as reduction in hours due to FMLA, leave without pay and disability).
- Marriage or a change in marital status, such as divorce or legal separation, resulting in a loss of coverage. This includes satisfying requirements for Domestic Partnership eligibility.
- Death of the employee.
- Death of a spouse or eligible dependent, resulting in a loss of group coverage.
- Birth of a child, a court approved adoption or legal guardianship.
- Any other circumstance where the individual had other coverage and loses it due to circumstances beyond their control must be evaluated by the **State of New Mexico** for eligibility.

NOTIFICATION OF ELIGIBILITY AND ADDRESS CHANGES

The Subscriber must notify your benefits administrator **within 31 days** following any changes that may affect his/her or a family members eligibility, including a change to a covered family members name or address, by indicating such changes on an enrollment/change form and submitting it to your benefits administrator. You can obtain this form from your human resources department. (Members covered under federal continuation must submit enrollment/change forms directly to the COBRA administrator.)

Employees and Their Eligible Family Members

Employees covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to your employer.

State Continuation Coverage

Employee covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to BCBSNM.

COBRA Continuation Policy Members

If you are covered under a COBRA continuation policy, you must contact the COBRA administrator. The name, address, and phone number of the administrator will be provided to you should you elect COBRA coverage.

COVERAGE TERMINATION

Unless stated otherwise, if you do not elect or do not qualify for continuation coverage (see “How to Continue Coverage”), coverage ends at the end of the month following the earliest of the date:

- The employee **terminates employment** or **otherwise loses eligibility** according to the terms of the Professional Services Agreement. If the Group or Subscriber fails to notify SONM **within 30 days** to remove an ineligible person from coverage, SONM may recover any payment made on the ineligible person’s behalf.
- When the **premium payment** or other employee contribution for coverage is not received on time. (Coverage will be suspended if premium is not paid when it is due. If premium is not received **within 30 days** after its due date, the Group or affected Member(s) will be terminated at the end of the last-paid billing period. Any Claims for Medically Necessary services received during the 30-day grace period will be covered.)
- When the Member begins a **leave of absence** or enters the **armed forces** for **more than 30 days** or as provided by law. (See “Leave of Absence or Military Service.”)
- When the **Member materially fails to abide by the rules**, policies, or procedures of this Plan or fraudulently provides or materially misrepresents information affecting coverage. If a Member knowingly gave false material information in connection with the eligibility or enrollment of the Subscriber or any of his/her Eligible Family Members, **State of New Mexico** may terminate the coverage of the Subscriber and his/her Eligible Family Members retroactively to the date of initial enrollment. The Subscriber is liable for any benefit payments made as a result of such improper actions.
- When the Subscriber **dies**. (Surviving Eligible Family Members remain covered through the last-paid billing period.)
- If this Plan is primary over **Medicare** due to federal laws and regulations, when the Medicare-eligible Member *chooses* Medicare as his/her primary coverage. (See “Medicare-Eligible Members” for information on coverage options for Members who are entitled to Medicare.)
- When the Member acts in a **disruptive** manner that prevents the orderly business operation of any Network Provider or dishonestly attempts to gain a financial or material advantage.
- When **Group coverage is discontinued** for the entire Group or for the employee’s enrollment classification.
- When **State of New Mexico** gives BCBSNM or BCBSNM gives **State of New Mexico** a minimum **30 days’ advance written notice**.

Additional Family Member Termination Reasons

In addition, coverage will end for any family member on the date of the event listed above or the date of the event listed below:

- at the end of the **last-paid billing period** for Coverage;
- at the end of the month when a child **no longer qualifies as an Eligible Child** under the Plan (e.g., a child is removed from placement in the home or reaches the Eligible Child age limit);
- at the end of the month following the date of a final **divorce** decree or **legal separation** for a spouse;
- at the end of the month when the Subscriber gives a minimum **30 days' advance notice** in writing to end coverage for a covered family member(s), according to the rules of your Plan as established by your employer.
- at the end of the month following the dissolution of a domestic partnership.

If a family member is being removed from coverage because of losing his/her eligibility under the Plan (for reasons other than reaching the Eligible Child age limit), the enrollment/change form must be received by SONM **within 31 days** following the effective date of the change. In these cases, the Member will be removed from coverage as of the end of the month following the change in his/her eligibility status and payroll deductions will be properly adjusted, if necessary. SONM and the Providers of care may recover benefits erroneously paid on behalf of the removed Member.

Voluntary Termination of Coverage

To remove a family member from coverage before loss of eligibility or to voluntarily terminate his/her own coverage, the Subscriber must submit a completed enrollment/change form to his/her benefits administrator. If voluntary termination is allowed under your Plan outside the annual renewal period, the coverage termination date will be provided by the SONM benefits department following receipt of the enrollment/change form. Also, these Members are **not** eligible for any extension of benefits or federal or state continuation or conversion coverage. Voluntarily terminated Members may apply for individual coverage offered by BCBSNM; a health statement will be required and the application may be denied.

Termination and Continuation of Coverage

See "How to Continue Coverage" for more information.

Leave of Absence or Military Service

Coverage will end for the Subscriber and his/her Eligible Family Members at the end of the month during which the leave began. During a leave of absence covered by the Family and Medical Leave Act (FMLA) or the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), coverage will continue as provided by law. Contact your benefits administrator for information.

If you have any questions or circumstances not listed above, contact the SONM's benefit department for further information, instructions, and needed actions.

HOW TO CONTINUE COVERAGE

If you lose coverage under this Plan, you may be able to continue coverage for a limited period of time. **Note:** There is no qualifying event under these provisions. You must enroll timely to qualify for continued coverage.

Continuation Coverage

Your Group may be subject to the provisions for continuation of plan coverage under federal law (COBRA or USERRA) or state law (six-month continuation). If so, employees and their covered family members including Domestic Partners who lose eligibility under this Group Health Care Plan may be able to continue as Members, without a health statement, for a limited period of time by purchasing the continuation coverage described below. You must pay premiums from the date of loss of Group coverage.

You are not eligible to enroll for continuation coverage if:

- the employer stops offering this coverage to its employees, *or*
- you do not elect continuation coverage in a timely fashion.

In addition, if you elect state continuation coverage, you may not later enroll in federal continuation coverage. Refer to *Appendix A: Continuation Coverage Rights under COBRA* or contact your benefits administrator for details about enrolling in continuation coverage.

Continuation Benefits

Continuation coverage is identical to the coverage a similarly situated regular Member has. If the coverage for regular Members changes, your continuation coverage will reflect the same change. For example, if the Plan's Deductible or other cost-sharing amounts change for regular Members, yours will change by the same amount.

Unless approved in writing by SONM, the following persons may **not** enroll in this continued coverage option:

- *Involuntary termination* includes loss of coverage under the following situations only: legal separation, divorce, loss of Eligible Child eligibility status, death of the Subscriber, termination of employment, reduction in hours, or termination of employer contributions. Any other reason is considered voluntary.
- a covered family member who was removed from coverage by the Subscriber while the family member was still eligible
- any Member whose BCBSNM health care coverage was terminated for Good Cause

Continuation coverage under federal law ends on the **earliest** of the following dates or any of the applicable dates listed under "Coverage Termination" earlier in this section:

- the first of the month when you become entitled to Medicare
- when the employer discontinues offering this Plan to employees (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- when you become covered under another Group Health Care Plan
- when the continuation period expires (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under "Conversion to Individual Coverage.")

State Continuation Coverage

A Subscriber and his/her covered family members may continue Plan coverage for six months after losing coverage for any reason other than nonpayment of premium or termination of the entire group, if your group is eligible for such coverage. (See your Benefits Administrator for more information.) BCBSNM must receive the application for state continuation coverage within 31 days after group coverage is lost. (A health statement is not required.)

State continuation coverage ends on the earliest of the following dates or of the applicable dates listed under "Coverage Termination" earlier in this section:

- when the employer discontinues offering this Plan to employees (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- when the continuation period expires (If this employer's Plan is still being administered by BCBSNM, you will have the option of changing to the conversion coverage provided by BCBSNM and described under "Conversion to Individual Coverage.")

If you are entitled to both Parts A and B of Medicare, your state continuation coverage option is limited to a Medicare Supplement Plan administered by BCBSNM. (The options for members under age 65 are limited.) Call a Customer Service Advocate for more information.

Premium Payments

Subscribers under COBRA continuation coverage must pay premiums to the COBRA administrator for SONM. Subscribers under state continuation coverage pay premiums to BCBSNM. Contact your benefits administrator for an application for coverage and details.

USERRA Continuation Coverage

Active duty benefit coverage with the SONM is waived and reinstated upon return. Contact the SONM benefits department for details about the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

CONVERSION TO INDIVIDUAL COVERAGE

Members of the Group insured have the right to continue coverage for a period of six months and thereafter through a conversion policy upon termination of membership or employment with the Group insured. Covered family members of an employee or Member of the Group insured have the right to continue coverage through a converted or separate policy upon the death of the Member or employee of the Group insured or upon divorce, annulment or dissolution of marriage or legal separation of the spouse from the Member or employee of the Group insured.

Where continuation of coverage or conversion is made in the name of the spouse of the named insured or the spouse of the Group insured or Member of the Group insured, such coverage may, at the option of the spouse, include coverage for dependent children for whom the spouse has responsibility for care and support.

The right to a continuation of coverage or conversion shall not exist with respect to any Member or employee of the Group insured or any covered family member in the event the coverage terminates for nonpayment of premium, non-renewal of the policy or the expiration of the term for which the policy is issued. With respect to any Member or employee of the Group insured or any covered family member who is eligible for Medicare or any other similar federal or state health insurance program, the right to a continuation of coverage or conversion shall be limited to coverage under a Medicare supplement insurance policy as defined by the rules and regulations adopted by the superintendent.

Coverage continued through the issuance of a converted or separate policy shall be provided at a reasonable, nondiscriminatory rate to the insured and shall consist of a form of coverage then being offered by BCBSNM as a conversion policy in the jurisdiction where the person exercising the conversion right resides that most nearly approximates the coverage of the policy from which conversion is exercised. Continued and converted coverages shall contain renewal provisions that are not less favorable to the insured than those contained in the policy from which the conversion is made, except that the person who exercises the right of conversion is entitled only to have included a right to coverage under a Medicare supplement insurance policy, as defined by the rules and regulations adopted by the superintendent, after the attainment of the age of eligibility for Medicare or any other similar federal or state health insurance program.

At the time of inception of coverage, BCBSNM shall furnish to each covered family member who is eighteen years of age or over and to each employee or Member of the Group insured a statement setting forth in summary form the continuation of coverage and conversion provisions of the policy.

BCBSNM shall notify in writing each employee or Member, upon that employee's or Member's termination of employment or membership with the Group insured, or the continuation and conversion provisions of the policy. The employer may give the written notice specified herein. The employer should notify BCBSNM of the employee's or Member's change of status and last known address. Under no circumstances shall the employer have any civil liability under the conversion provisions of New Mexico law.

The eligible employee or Member of the Group insured or covered family member exercising the continuation or conversion right shall notify the employer or BCBSNM and make payment of the applicable premium within thirty days following the date of the notification given BCBSNM. There shall be no lapse of coverage during the period in which conversion is available;

Coverage shall be provided through continuation or conversion without additional evidence of insurability and shall not impose any preexisting condition, limitations or other contractual time limitations other than those remaining unexpired under the policy or contract from which continuation or conversion is exercised;

Benefits otherwise payable under a converted or separate policy may be reduced so they are not, during the first policy year of the converted or separate policy, in excess of those that would have been payable under the policy from which conversion is exercised. Benefits, if any otherwise payable under a converted or separate policy are not payable for a loss claimed under the policy from which conversion is exercised; and

Any probationary or waiting period set forth in the converted or separate policy is deemed to commence on the effective date of the applicant's coverage under the original policy.

SECTION 3: HOW YOUR PLAN WORKS

BENEFIT CHOICES

This health care plan is a Preferred Provider Option (PPO) health care plan that gives you the opportunity to save money, while providing you choice and flexibility when you need medical/surgical care and Preventive Services. When you need health care, you have the choice of obtaining benefits from either a Preferred Provider or a Nonpreferred Provider. It's important to understand the differences between them. When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a BCBSNM Preferred Provider. (A Physician's or Other Provider's contract may be separate from the Facility's contract.) Your choice can make a difference in the amount you pay and the benefits available to you.

Your Choices

Preferred Provider Services	Nonpreferred Provider Services
<ul style="list-style-type: none">•You pay an annual Deductible and a lower percentage of Covered Charges (Coinsurance) after the Deductible is met (for exception, see last item, below).•You have a lower annual Out-of-Pocket Limit.•The Provider files Claims for you.•The Provider will not bill you for amounts above the Covered Charge.*•Preferred Providers that contract directly with BCBSNM will obtain necessary Prior Authorizations for you.•Primary Preferred Provider (PPP) office visit charges are not subject to Deductible. You pay only a fixed-dollar copay (see "Cost-Sharing Features" for details). Other services of a PPP and services of a non-PPP Preferred Provider are subject to Deductible and Coinsurance.	<ul style="list-style-type: none">•You pay a higher annual Deductible and a higher Coinsurance percentage.•You have a higher annual Out-of-Pocket Limit to meet for Nonpreferred Provider benefit level.•You may need to file Claims.•You may have to pay amounts above the Covered Charge.*•You are responsible for Admission review and other Prior Authorizations.•Some benefits are not available unless services are received from a Preferred Provider. See your <i>Summary of Benefits</i> for those services not covered at the Nonpreferred Provider benefit level.•Nonpreferred Provider services are not eligible for the PPP office visit Copayment - even if required due to an Emergency.

***Note:** The "Covered Charge" is the amount that BCBSNM determines is a fair and reasonable allowance for a particular Covered Service. After your share of a Covered Charge (e.g., Deductible, Coinsurance) has been calculated, BCBSNM pays the remaining amount of the Covered Charge, up to maximum benefit limits, if any. **The Covered Charge may be less than the billed charge.** Your choice of Provider will determine if you will also have to pay the difference between the Covered Charge and the billed charge.

Although you can go to the Hospital or Physician of your choice, benefits under the PPO program will be greater when you use the services of a Preferred Provider.

PREFERRED PROVIDERS VERSUS NONPREFERRED PROVIDERS

Preferred Providers are Health Care Professionals and facilities that have Contracted with BCBSNM, a BCBSNM contractor or subcontractor, or another BCBS Plan as "Preferred" or "PPO" Providers. These Providers have agreed to provide health care for PPO Plan Members and accept the Plan's payment for a Covered Service plus the Members share of the Covered Charge (i.e., Deductible, Coinsurance, and/or Copayment) as payment in full.

Nonpreferred Providers are Providers that have not Contracted with BCBSNM, either directly or indirectly, to be part of the "Preferred" or "PPO" Provider network. (These Providers may have "Participating" Provider agreements, but are **not** considered Preferred. See *Section 8: Claims Payments and Appeals* for more information.)

When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a Preferred Provider. (A Physician's or Other Provider's contract may be separate from the Facility's contract.)

Covered Charges
*For Covered Charges related to Claims from Providers that contract directly with BCBSNM, see "Covered Charges" in <i>Section 8: Claims Payments and Appeals</i> .
*For Covered Charges related to Claims from Out-of-Network Providers, see "Benefit Level Exceptions" later in this <i>Section 3: How Your Plan Works</i> .
*For Covered Charges related to Claims from Providers outside New Mexico, see "BlueCard" in <i>Section 8: Claims Payments and Appeals</i> .

PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER[®]

When you need medical care, there are a variety of ways you can choose a Primary Preferred Provider (PPP) or other Preferred Provider in your area. You can also access Mental Disorder Providers (including those specializing in Chemical Dependency) and Participating Pharmacies. **Note:** Only those Providers listed under Family Practice, General Practice, Internal Medicine, Gynecology, Obstetrics/Gynecology and Pediatrics are considered Primary Preferred Providers (PPPs). See "Cost-Sharing Features," later in this section for details.

Whichever method you choose, the Provider directory gives each Provider's specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the Doctor's name once you have found one you want to know more about.) The website directory also gives you a map to the Provider's office.

Note: Providers who are listed in the directory as having a "Participating" contract are **not** "Preferred" Providers (unless they are also listed as having a "Preferred" Provider contract). **You will not receive the "Preferred Provider" benefit level when receiving services from a "Participating" Network Provider.** You must use Providers in the "Preferred" Provider network in order to obtain the highest level of benefit under this Plan for non-Emergency Care. However, if you live in or travel to a state that does not offer Preferred Provider contracts, you can receive the "Preferred Provider" benefit level by visiting "Participating" Providers in that state. **If you are in an Emergency situation, call 911 if necessary or go directly to the nearest Emergency room.**

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an Internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS Preferred Provider network before making an appointment.

If you want a paper copy of a *BCBSNM Preferred Provider Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge. You may also call BCBSNM and request a paper copy of a BCBS Provider directory from another state.

Providers Outside New Mexico

Out-of-state Providers that contract with their local Blue Cross and/or Blue Shield Plan and international Providers that contract with the Blue Cross and Blue Shield Association as **Preferred Providers** are also eligible for the “Preferred Provider” level of benefits for Covered Services, including fixed-dollar Copayment amounts listed on the *Summary of Benefits*. **Note:** Providers who have a “Participating-only” contract are **not** Preferred Providers and you will not receive the Preferred Provider benefit level when receiving services from Participating-only Providers. You must use **Preferred Providers** in order to obtain the higher benefit (unless listed under “**Benefit Level Exceptions**,” later in this section).

You have a number of ways to locate a Preferred Provider in the United States or around the world:

CALENDAR YEAR

A Calendar Year is a period of one year which begins on January 1 and ends on December 31 of the same year. The initial Calendar Year is from a Members Effective Date of Coverage through December 31 of the same year, which may be less than 12 months.

BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. However, certain services have separate benefit limits per Admission or per Calendar Year. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of

Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

COST-SHARING FEATURES

For some services, you will pay only a fixed-dollar amount Copayment for Covered Charges. In other cases, you will have to meet a Deductible and pay a percentage of the Covered Charge (Preferred Providers will not bill you for amounts in excess of the Covered Charge). When you receive a number of services during a single visit or procedure, you may have to pay both a Copayment and a Deductible (if applicable) plus a percentage of the Covered Charges that are not included in the Copayment. Refer to your *Summary of Benefits* for details.

YOUR DEDUCTIBLE

Your Deductible is the amount of Covered Charges that you must pay in a Calendar Year before this Plan begins to pay its share of the applicable (Preferred or Nonpreferred Provider) Covered Charges you incur during the same Calendar Year. If the Deductible amount remains the same during the Calendar Year, you pay it only once each Calendar Year, and it applies to all Preferred or Nonpreferred Provider Covered Services you receive during that Calendar Year.

Individual Deductible

There are **two** individual Deductible amounts indicated on your *Summary of Benefits*. Once a Members Deductible payments for Preferred Provider services reach the individual Preferred Provider Deductible amount, this Plan will begin paying its share of that Members covered Preferred Provider charges. The Member must meet the higher Nonpreferred Provider Deductible before this Plan begins to pay its share of his/her Covered Charges from Nonpreferred Providers.

Covered Charges for Preferred Provider services are **not** applied to the Nonpreferred Provider Deductible and Covered Charges for Nonpreferred Providers are **not** applied to the Preferred Provider Deductible.

Family Deductible

An entire family meets the applicable annual Deductible when the total Deductible amount for all family members reaches the amount specified on your separately issued *Summary of Benefits*. **Note:** If a Members Individual Deductible is met, no more charges incurred by that Member may be used to satisfy the applicable Family Deductible.

What Is Not Subject to the Deductible

The following are **not applied** to the annual Deductible:

- preventive services when received from Preferred Providers
- CAC Test
- hearing aids and ear molds

Admissions Spanning Two Calendar Years

If a Deductible has been met while you are an inpatient and the Admission continues into a new Calendar Year, no additional Deductible is applied to that Admissions Covered Services. However, all other services received during the new Calendar Year are subject to the Deductibles for the new Calendar Year.

Timely Filing Reminder

Most benefits are payable only after BCBSNM's records show that the applicable Deductible has been met. Preferred Providers and Providers that have "Participating-only" Provider agreements with BCBSNM will file Claims for you and must submit them within a specified amount of time (usually 180 days). If you file your own Claims for Covered Services from Nonparticipating Providers, you must file them **within 12 months** of the date

of service. If a Claim is returned for further information, resubmit it **within 45 days**. See *Section 8: Claims Payments and Appeals* for details.

COPAYMENTS

When you visit a Preferred Provider in his/her office, the office visit charge is subject to the PPP office visit Copayment described below. Other services received during the visit, services of other Preferred Providers, and the services of Nonpreferred Providers are subject to the Deductible, Coinsurance, and Out-of-Pocket Limit provisions described below.

Office Visit Copayment

When you receive **office services** from a Preferred Provider, you pay only a fixed-dollar amount (or Copayment), for his/her covered **office visit charge**. The Copayments for “Primary Preferred Provider” (PPP) and PPO Specialist office visits are listed on the *Summary of Benefits*. However, all other services received during the office visit (such as Physical Therapy or Chemotherapy) will be subject to regular Deductible and/or Coinsurance requirements and/or to an additional Copayment as listed on the *Summary of Benefits*.

Primary Preferred Provider (PPP) is a Preferred Provider in one of the following medical specialties **only**: Family Practice; General Practice; Oriental Medicine; Internal Medicine; Obstetrics/Gynecology; Gynecology; or Pediatrics. PPPs do **not** include Physicians specializing in any other fields such as Obstetrics only, Geriatrics, Pediatric Surgery or Pediatric Allergy.

Preferred (PPO) Specialist is a practitioner of the healing arts who is in the Preferred Provider Network - but does not belong to one of the specialties defined above as being for a “Primary Preferred Provider” (or “PPP”). A PPO Specialist does not include Hospitals or other treatment facilities, Urgent Care facilities, pharmacies, equipment suppliers, Ambulance companies, or similar ancillary Health Care Providers.

COINSURANCE

For some Covered Services, you must pay a percentage of Covered Charges (Coinsurance) after you have met your annual Deductible. After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any. You pay a lower percentage of Covered Charges when you visit a Preferred Provider.

Nonpreferred Providers may charge you the difference between the billed charge for a Covered Service and the Covered Charge allowed by BCBSNM – in addition to your Coinsurance and Deductible amount.

Remember: The Covered Charge may be less than the billed charge for a Covered Service. Preferred Providers may not bill you more than the Covered Charge. **Note:** If you receive Covered Services from an “unsolicited” Provider, as defined in this section, you will be responsible for amounts over the Covered Charge.

Preferred Providers

When you receive Covered Services from a Preferred Provider, you pay an annual Deductible and, after meeting the Deductible, you pay a percentage of Covered Charges (Coinsurance). Preferred Provider office visit charges are not subject to the Coinsurance or Deductible unless listed as otherwise on your summary. Other services of a Preferred Provider and services of a Nonpreferred Provider **are** subject to Deductible and Coinsurance.

Nonpreferred Providers

When you receive Covered Services from a Nonpreferred Provider, you have a higher Deductible amount to meet each year and you must pay a higher percentage of Covered Charges for Nonpreferred Provider services. If the Covered Charge is less than the billed charge, you will also be responsible for paying the difference when you receive services from a Nonpreferred Provider.

OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductible, Coinsurance, and Copayments that you pay for most Covered Services in a Calendar Year. There are separate Out-of-Pocket Limits for Preferred Providers and Nonpreferred Providers. After the Out-of-Pocket Limit is reached, this Plan pays 100 percent of most of your

Preferred Provider or Nonpreferred Provider Covered Charges for the rest of the Calendar Year, not to exceed any benefit limits.

The Out-of-Pocket amounts for Preferred Provider services are **not** applied to the Nonpreferred Provider Out-of-Pocket Limit. In addition, the Out-of-Pocket amounts for Nonpreferred Provider services are **not** applied to the Preferred Provider Out-of-Pocket Limit.

Individual Limits

Once your Coinsurance amounts for Preferred Provider services in a Calendar Year reaches the individual Preferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your covered Preferred Provider charges for the rest of the Calendar Year.

Once your Coinsurance amounts for Nonpreferred Provider services in a Calendar Year reaches the higher individual Nonpreferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your covered Nonpreferred Provider charges for the rest of the Calendar Year.

Family Limits

An entire family meets the Out-of-Pocket Limit during a Calendar Year when the total Deductible, Coinsurance and Copayments for all family members reaches the amount specified in the *Summary of Benefits*. (When a Member meets the Individual Out-of-Pocket Limit, no more charges incurred by that Member may be used to satisfy the applicable Family Out-of-Pocket Limit.) The Deductible, Coinsurance and Copayments for the **remaining** family members are combined to satisfy the family Out-of-Pocket.

What Is Not Included in the Out-of-Pocket Limits

The following amounts are **not** applied to the Out-of-Pocket Limits and are **not** eligible for 100 percent payment under this provision:

- penalty amounts
- non-Covered expenses
- amounts in excess of Covered Charges

See the Summary of Benefits for your Deductible amounts, Coinsurance percentages and Out-of-Pocket Limit amounts.

CHANGES TO THE COST-SHARING AMOUNTS

Copayments, Coinsurance percentage amounts, Deductibles, and Out-of-Pocket Limits may change during a Calendar Year. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a Calendar Year, the new amounts must be met during the same Calendar Year. For example, if you have met your Deductible and your Group changes to a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

NO COST SHARING FOR BEHAVIORAL HEALTH SERVICES

Cost sharing is eliminated for all professional and ancillary services for treatment, rehabilitation, prevention and identification of mental illnesses, substance abuse disorders and trauma spectrum disorders. This includes cost sharing for inpatient, detoxification, residential treatment and partial hospitalization, intensive outpatient therapy, outpatient and all medications, including brand-name pharmacy drugs when generics are unavailable.

Cost sharing means any copayment, coinsurance, deductible or any other form of financial obligation of an enrollee other than a premium or a share of the premium, or any combination of any of these financial obligations.

Note: Your Deductible must be met, before cost sharing will be eliminated for these behavioral health services.

BENEFIT LEVEL EXCEPTIONS

Benefits will be provided as indicated on the *Summary of Benefits*, except as listed below.

Emergency Care

If you visit a Nonpreferred Provider for Emergency Care services, the Preferred Provider Deductible, Copayment and Coinsurance is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. (Office/Urgent Care Facility services are not considered “Emergency Care” for purposes of this provision.) Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

For follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the services of a Nonpreferred Provider, even if a Preferred Provider is not available to perform the service, except as specified below. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

Transition of Care

This provision applies to both Continuity of Care and Transition of Care. If your Health Care Provider leaves the BCBSNM Provider network (for reasons other than medical competence or professional behavior) or if you are a new Member and your Provider is not in the Provider network when you enroll, BCBSNM may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days. (If necessary and ordered by the treating Provider, BCBSNM may also authorize transitional care from other Out-of-Network Providers.) An ongoing course of treatment will include, but is not limited to: (1) Treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted; (2) Treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as Chemotherapy, Radiation Therapy or post-operative visits; (3) The second or third trimester of pregnancy, through the postpartum period; or (4) An ongoing course of treatment for a health condition for which a treating Physician or Health Care Provider attests that discontinuing care by that Physician or Health Care Provider would worsen the condition or interfere with anticipated outcomes. The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. Call the BCBSNM Customer Service department for details.

Members who extend coverage under an extension of benefits due to disability are not eligible to request Transition of Care benefits for services of an Out-of-Network Provider. Services of an Out-of-Network Provider are **not** covered at the in-network level (if any) in such instances of extended coverage.

Unsolicited Providers

In some states, the local BCBS Plan does not offer Preferred Provider contracts to certain types of Providers (e.g., Home Health Care Agencies, Chiropractors, Ambulance Providers). These Provider types are referred to as “unsolicited Providers.” Unsolicited Providers vary from state to state. If you receive Covered Services from an “unsolicited Provider” outside New Mexico, you will receive the Preferred Provider benefit level for those services. However, the unsolicited Provider may still bill you for amounts that are in excess of Covered Charges. You will be responsible for these amounts, in addition to your Deductible and Coinsurance.

Ancillary Provider

Once you have obtained Prior Authorization for an inpatient Admission to a Preferred Hospital or treatment Facility, your Preferred Physician or Hospital will make every effort to ensure that you receive ancillary services from other Preferred Providers. If you receive Covered Services from a **Preferred** Physician for Outpatient Surgery or inpatient medical/surgical care in a Preferred Hospital or treatment Facility, services of a Nonpreferred radiologist, anesthesiologist, or pathologist will be paid at the Preferred Provider level and you will not be

responsible for any amounts over the Covered Charge (these are the only three specialties covered under this provision).

If a **Nonpreferred** surgeon provides your care or you are admitted to a Nonpreferred Hospital or other treatment Facility, you **will** be responsible for amounts over the Covered Charge for any services received from Nonpreferred Providers during the Admission or procedure.

Note: Except as described above, the Preferred Provider benefit level will not apply to non-Emergency services when received from a Nonpreferred Provider.

SECTION 4: UTILIZATION MANAGEMENT

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on BCBSNM medical policy and site or level of care review criteria. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity Review. If requested, services normally subject to a Post-Service Medical Necessity Review may be review for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary/Medical Necessity in **Section 10: Definitions** in this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

PRIOR AUTHORIZATION

Prior Authorizations are a requirement that you, your Provider, or an authorized representative, must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits. Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this plan, and services that are not Medically Necessary will be denied.

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

Please note:

Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and before you receive certain types of services.

Even when this plan is not your primary coverage, these Prior Authorization procedures must be followed. Failure to do so may result in a denial of benefits.

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision within 15 days of receiving the request (within 24 hours for Urgent Care requests). If requested services are not approved, the notice will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial (see **Section 8: Claims Payments and Appeals**) and "If Your Prior Authorization Request is Denied" later in this section).

Retroactive approvals will not be given, except for Emergency and Maternity-related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained before the service is received.

HOW THE PRIOR AUTHORIZATION PROCEDURE WORKS

When you or your Provider call, BCBSNM's Health Services representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider (usually at the time of the call) if Prior Authorization of benefits for the proposed hospitalization or other services is approved. If Prior Authorization is denied for the Admission or other services, you may appeal the decision as explained in **Section 8: Claims Payments and Appeals**.

BCBSNM PREFERRED PROVIDERS

If the attending Physician is a Preferred Provider that contracts directly with BCBSNM, obtaining Prior Authorization is not your responsibility — it is the Provider's. Preferred Providers must obtain Prior Authorization from BCBSNM (or from the Behavioral Health Unit (BHU), when applicable) in the following circumstances:

- when recommending any non-Emergency Admission, re-Admission, or transfer
- when a covered newborn stays in the Hospital longer than the mother
- before providing or recommending a service listed under "Other Prior Authorizations," later in this section

Note: Providers that contract with other Blue Cross and Blue Shield plans are not familiar with the Prior Authorization requirements of BCBSNM. Unless a Provider contracts directly with BCBSNM as a Preferred Provider, the Provider is not responsible for being aware of this plan's Prior Authorization requirements.

NONPREFERRED PROVIDERS OR PROVIDERS OUTSIDE NEW MEXICO

If any Provider outside New Mexico (except for those contracting as Preferred Providers directly with BCBSNM) or any Nonpreferred Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If authorization is not obtained before services are received, your benefits for Covered Services may be denied for some services or you may be entirely responsible for the charges. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called.

INPATIENT PRIOR AUTHORIZATION

Prior Authorization is required for all Admissions before you are admitted to the Hospital or other inpatient treatment Facility (e.g., Skilled Nursing Facility, Residential Treatment Center, physical rehabilitation Facility, long-term acute care (LTAC)). If you are receiving services at an Out-of-Network Facility (or from an In-Network Facility outside New Mexico) and you do not obtain authorization within the time limits indicated in the table below, benefits for covered Facility services will be denied as explained under "Not Obtaining Inpatient Prior Authorization" below.

Type of inpatient Admission, re-Admission, or transfer:	When to obtain inpatient Admission Prior Authorization:
Non-Emergency	Before the patient is admitted.
Emergency, non-Maternity; or Emergency Room services to treat Mental Disorders or Chemical Dependency	Within 48 hours of the Admission. If the patient's condition makes it impossible to call within 48 hours, call as soon as possible.
Maternity-related (including eligible newborns when the mother is not covered)	Before the mother's Maternity due date, soon after pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother's stay is greater than 48 hours for a routine delivery or greater than 96 hours for a C-section delivery.
Extended stay, newborn (an eligible newborn stays in the Hospital longer than the mother)	Before the newborn's mother is discharged.

NOT OBTAINING INPATIENT PRIOR AUTHORIZATION

If you or your Provider do not receive Prior Authorization for inpatient benefits, but you choose to be hospitalized anyway, no benefits may be paid as indicated in the table below:

If, based on a review of the Claim:	Then:
The Admission was not for a Covered Service.	Benefits for the Facility and all related services will be denied.*
The Admission was for an item listed under "Other Prior Authorizations," (e.g., elective Admissions).	Benefits for the Facility and all related services may be denied.*
The Admission was for any other Covered Service but hospitalization was not Medically Necessary.	Benefits may be denied for room, board, and other charges that are not Medically Necessary.*
The Admission was for a Medically Necessary Covered Service.	Benefits for the Facility's Covered Services may be denied.*

*Noncovered and denied services are not applied to any Deductible or Out-of-Pocket Limit. You are responsible for paying this amount for Out-of-Network services.

Inpatient Prior Authorization requirements may affect the amounts that this plan pays for Inpatient Services, but they do not deny your right to be admitted to any Facility and to choose your services.

OTHER PRIOR AUTHORIZATIONS

In addition to Prior Authorization review for all non-Emergency Inpatient Services, Prior Authorization is required for certain other services listed below. Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. An Out-of-Network Provider, or an out-of-state Network Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called. Preferred Providers that contract directly with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See "*Inpatient Prior Authorization*" (or similar heading) for further information regarding inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and any related services, the service will be reviewed for Medical Necessity and subject to one of the following actions in the chart below:

No Prior Authorization Received:	Claim Disposition: Preferred	Claim Disposition: Nonpreferred
Service is Medically Necessary	Claim is paid based on Members benefit plan	Claim is paid based on Members benefit plan
Service is not Medically Necessary	Claim is denied; Member is held harmless	Claim is denied; Member is held harmless

Services that require Prior Authorization:

- Non-Emergency Air Ambulance transportation
- All inpatient Hospital Admissions
- The following Outpatient Services and procedures:
 - Home Health Care
 - Home infusion therapy (HIT), excluding antibiotics
 - Home Hospice
 - Non-Emergency Air Ambulance
 - Outpatient Surgery performed at a Hospital or Ambulatory Surgical Facility for Out-of-Network services only

 - Surgical Deactivation of Headache Trigger Sites
- **Wound Care:**
 - Hyperbaric Oxygen (HBO2) Therapy-Systemic

For specific details about the Prior Authorization requirement for the above referenced Outpatient Services, please call Customer Service at the number on the back of your Identification Card. BCBSNM reserves the right to no longer require Prior Authorization during the Calendar Year. Updates to the list of services requiring Prior Authorization may be confirmed by calling Customer Service.

BCBSNM will send a letter to you, your Physician and the Hospital or Facility with a determination of your Prior Authorization review no later than seven (7) business days after BCBSNM receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria described in **Section 5: Covered Services**, “Medically Necessary Services,” and will not be covered, if excluded, for any reason. Some services requiring Prior Authorization may not be approved for payment (for example, due to being Experimental, Investigational or Unproven, or not Medically Necessary). Services requiring Prior Authorization are subject to review and change by BCBSNM.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. Gynecological or obstetrical ultrasounds do not require Prior Authorization. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

It is strongly recommended that you request a Recommended Clinical Review for benefits for high-cost services in order to reduce the likelihood of benefits being denied after charges are incurred. See “Recommended Clinical Review” later in this section for further information.

PRIOR AUTHORIZATION OF MENTAL DISORDER/CHEMICAL DEPENDENCY SERVICES

You must obtain Prior Authorization for all inpatient Mental Disorders and Chemical Dependency services from the BCBSNM Behavioral Health Unit (BHU) at the phone number listed on the back of your ID Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Disorder and/or Chemical Dependency:

- psychological testing
- neuropsychological testing
- Intensive Outpatient Program (IOP) treatment
- electroconvulsive therapy (ECT)
- repetitive transcranial magnetic stimulation
- Applied Behavior Analysis (ABA) therapies

Prior Authorization is not required for Group, individual, or family therapy outpatient office visits to a Physician or other Professional Provider licensed to perform Covered Services under this health plan.

For services needing Prior Authorization, you or your Health Care Provider should call the BHU before you schedule treatment. **NOTE:** Your Provider may be asked to submit clinical information in order to obtain Prior Authorization for the services you are planning to receive. Services may be authorized or may be denied based on the clinical information received. (*Clinical information* is information based on actual observation and treatment of a particular patient.)

If you or your Provider do not call for Prior Authorization of non-Emergency Inpatient Services, benefits for covered, Medically Necessary inpatient Facility care may be denied. If Inpatient Services received without Prior Authorization are determined to be not Medically Necessary or not eligible for coverage under your plan for any other reason, the Admission and all related services will be denied. In such cases, you may be responsible for all charges.

If Prior Authorization is not obtained before you receive psychological testing, IOP treatment, neuropsychological testing, electroconvulsive therapy repetitive transcranial magnetic stimulation or Applied Behavior Analysis (ABA) therapies, your Claims may be denied if it is not Medically Necessary. In such cases, you may be responsible for all charges. Therefore, you should make sure that you (or your Provider) have obtained Prior Authorization for Outpatient Services before you start treatment.

IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED

BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved - pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests ("Pre-Service Claims"). For appeals involving Post-Service Claims payments or denials, see ***Section 8: Claims Payments and Appeals***.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your Customer Service Advocate for assistance. Many complaints or problems can be handled informally by calling or writing BCBSNM Customer Service. If you make an oral complaint, a BCBSNM Customer Service Advocate will assist you.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Benefit Booklet.

Upon completion of the preadmission or emergency Admission review, BCBSNM will send you a letter confirming that you or your representative called BCBSNM. A letter authorizing a length of service or length of stay will be sent to you, your Physician, Behavioral Health Practitioner and/or the Hospital or Facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the *Appeal Procedure* section under this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an ongoing course of treatment, the plan will make a determination on the request as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSNM will review the request to determine if it meets approved BCBSNM medical policy and site or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsnm.com/find-care/where-you-go-matters/utilization-management.com for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review

General Provisions Applicable to All Recommended Clinical Reviews

a) No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by BCBSNM. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Even if the service has been approved on a Recommended Clinical Review, coverage or payment

can be affected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for a Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

a) No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Post-Service Medical Necessity Reviews do not guarantee payment of benefits by BCBSNM, for instance a Member may become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Post-Service Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

SECTION 5: COVERED SERVICES

This Section describes the services and supplies covered by this Group Health Care Plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM.

Reminder: It is to your financial advantage to receive care from Primary Preferred Providers (PPPs) and other Preferred Providers.

MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by BCBSNM's medical director (in consultation with your Provider) to meet the following definition:

Medically Necessary is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, Mental Disorder or Chemical Dependency condition, illness, injury, or disease.

All services must be eligible for benefits as described in this section, not listed as an exclusion and/or meet all of the conditions of Medical Necessity as defined above in order to be covered.

Note: Because a Health Care Provider prescribes, orders, recommends, or approves a service does not make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. BCBSNM at its sole discretion will determine Medical Necessity based on the criteria above.

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services not Medically Necessary will be denied.

AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency (e.g., cardiac arrest, stroke). When you cannot be safely transported by any other means in a non-Emergency situation, this Plan also covers Medically Necessary Ambulance transportation to a Hospital with appropriate facilities, or from one Hospital to another.

Air Ambulance

Ground Ambulance is usually the approved method of transportation. This Plan covers Air Ambulance only when terrain, distance, or your physical condition requires the use of Air Ambulance services or for high-risk Maternity and newborn transport to Tertiary Care Facilities. To be covered, non-Emergency Air Ambulance services require **Prior Authorization** from BCBSNM.

BCBSNM determines on a case-by-case basis when Air Ambulance is covered. If BCBSNM determines that ground Ambulance services could have been used, benefits are limited to the cost of ground Ambulance services.

Exclusions

This Plan does **not** cover:

- commercial transport, private aviation, or air taxi services
- services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance
- services ordered only because other transportation was not available, or for your convenience

AUTISM SPECTRUM DISORDERS

This Plan covers the Habilitative and Rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA) with no age restrictions or age limits for the Member. Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the Members treating Physician in accordance with a treatment plan. The **treatment plan** must obtain Prior Authorization from BCBSNM to determine that the services are to be performed in accordance with such a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services will be denied.

Services not approved through Prior Authorization by BCBSNM must be performed in accordance with a treatment plan and must be Medically Necessary or benefits for such services will be denied. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a Congenital, Genetic or Early Acquired disorder. These services also may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this Policy. Please review the **Short-Term Rehabilitation: Occupational, Physical, Speech Therapy** section of this Policy.

Services are subject to usual Member cost-sharing features such as Deductible, Coinsurance, Copayments, and Out-of-Pocket Limits - based on place of treatment and type of service, except where prohibited by state or federal law. Note: Applied Behavioral Analysis (ABA) therapies are not subject to Member cost-sharing, when received from a Network Provider. All services are subject to the *General Limitations and Exclusions* except where explicitly mentioned as being an exception. This benefit is subject to the other general provisions of the Plan, including but not limited to: coordination of benefits, Participating Provider agreements, restrictions on Health Care Services, including review of Medical Necessity, case management, and other Managed Care provisions.

DENTAL-RELATED SERVICES AND ORAL SURGERY

The following services are the only Dental-Related Services and oral surgery procedures covered under this Plan. When alternative procedures or devices are available, benefits are based upon the most Cost-Effective, medically appropriate procedure or device available.

Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face or Sound Natural Teeth are generally subject to the same limitations, exclusions and Member cost-sharing provisions that would apply to similar services when not dental-related (e.g., x-rays, Medical Supplies, Surgical Services). This also includes services or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition.

To be covered, *initial* treatment for the Accidental Injury should be sought as soon as possible after an accident to minimize any adverse effects that may occur due to lack of appropriate medical attention. Any services required after the initial treatment must be associated with the initial accident in order to be covered. (For treatment of TMJ or CMJ injuries, see “TMJ/CMJ Services.”)

Facility Charges

This Plan covers inpatient or outpatient Hospital expenses for Dental-Related Services **only** if the patient is under age six or has a non-dental, hazardous physical condition (e.g., heart disease or hemophilia) that makes hospitalization Medically Necessary. All Hospital Services for dental-related and oral surgery services must obtain Prior Authorization from BCBSNM. **Note:** The Dentist’s services for the procedure will not be covered unless listed as eligible for coverage in this section.

Reminder: If Hospital Covered Services are recommended by a Nonpreferred (Out-of-Network) Provider, you are responsible for assuring that your Provider obtains Prior Authorization for outpatient Covered Services or benefits may be denied. (See Section 4: Utilization Management.)

Oral Surgery

This Plan covers the following oral surgical procedures only:

- Medically Necessary orthognathic surgery
- external or intraoral cutting and draining of cellulitis (not including treatment of dental-related abscesses)

TMJ/CMJ Services

This Plan covers standard diagnostic, therapeutic, surgical and nonsurgical treatments of Temporomandibular Joint (TMJ) and Craniomandibular Joint (CMJ) disorders or Accidental Injuries. Treatment may include orthodontic Appliances and treatment, crowns, bridges, or dentures **only if** required because of an Accidental Injury to Sound Natural Teeth involving the Temporomandibular or Craniomandibular Joint.

Exclusions

This Plan does **not** cover oral or dental procedures not specifically listed as covered, such as, but not limited to:

- surgeon's or Dentist's charges for non-Covered dental services
- hospitalization or general anesthesia for the patient's or Provider's convenience
- any service related to a dental procedure that is not Medically Necessary
- any service related to a dental procedure that is excluded under this Plan for reasons other than being dental-related, even if hospitalization and/or general anesthesia is Medically Necessary for the procedure being received (e.g., Cosmetic procedures, Experimental procedures, services received after coverage termination, work-related injuries, etc.)
- nonstandard services (diagnostic, therapeutic, or surgical)
- removal of tori, exostoses, or impacted teeth
- procedures involving orthodontic care, the teeth, dental implants, periodontal disease, non-Covered Services, or preparing the mouth for dentures

- dentures, artificial devices and/or bone grafts for denture wear, including implants

DIABETIC SERVICES

Diabetic persons are entitled to the same benefits for Medically Necessary Covered Services as are other Members under this Plan. For special coverage details, such as for insulin, glucose monitors and educational services, refer to the applicable provisions as noted below. **Note:** This Plan will also cover items not specifically listed as covered when new and improved equipment, Appliances and Prescription Drugs for the treatment and management of diabetes are approved by the U.S. Food and Drug Administration.

Diabetes Self-Management Education

This Plan covers diabetes self-management training including if you have elevated blood glucose levels induced by pregnancy. Training must be prescribed by a Health Care Provider and given by a certified, registered, or licensed Health Care Professional with recent education in diabetes management. Covered Services are limited to:

- visits following a Physician diagnosis that represents a significant change in your symptoms or condition that warrants changes in your self-management
- visits when re-education or refresher training is prescribed by a Health Care Provider with prescribing authority
- telephonic visits with a certified diabetes educator
- medical nutrition therapy related to diabetes management

Diabetic Supplies and Equipment

This Plan covers the following supplies and equipment for diabetic Members and individuals with elevated glucose levels (supplies are not to exceed a 30-day supply purchased during any 30-day period):

EMERGENCY CARE AND URGENT CARE

Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an Emergency room, trauma center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include, but are not limited to: heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning. Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

Emergency Room Services

Use of an Emergency center for non-Emergency Care is NOT covered. However, services will not be denied if you, in good faith and possessing average knowledge of health and medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be non-Emergency.

Acute Emergency Care is available 24 hours per day, 7 days a week. If services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an Emergency room that do not meet the definition of Emergency Care may be reviewed for appropriateness and may be denied. If you disagree with the Claim Administrator's determination in processing your benefits as non-Emergency Care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review *Section 8: Claims Payments and Appeals* section of this Policy for specific information on your right to seek and obtain a full and fair review of your Claim.

If you visit a Nonpreferred Provider for Emergency Care, the Preferred Provider benefit is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. Once you are discharged, covered follow-up care from a Nonpreferred Provider is **paid at the Nonpreferred Provider benefit level**. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Services provided in an emergency room that are not Emergency Care may be excluded from emergency coverage, although these services may be covered under another benefit, if applicable. Emergency Care services – including non-Emergency services provided in an emergency room for Mental Disorders or Chemical Dependency – performed by a Nonpreferred Provider will be paid at the Preferred Provider level.

Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the Covered Services of a Nonpreferred Provider, even if a Preferred Provider is **not** available to perform the service.

Member Copayments

If you are directly admitted as an inpatient, the Copayment for Emergency room services is waived. The inpatient Hospital benefit will apply in such cases.

Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments, or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered.

HEARING AIDS/RELATED SERVICES

This Plan covers the cost of hearing aids, the fitting and dispensing fees for hearing aids and ear molds, **limited to a maximum amount of \$2,500 one hearing aid per hearing impaired ear every 36 months** for Members age 22 years old and older. This 36-month benefit period begins on the date the first covered hearing aid-related service is received and payable under this provision and ends 36 months later. The next benefit period begins 36 months after the first hearing aid-related service (e.g., fitting cost, ear mold, etc.) OR on the date the next hearing aid-related service, whichever length of time is greater.

Benefits for hearing aid-related services payable under this provision are not subject to any Coinsurance amount. Benefits for hearing aid-related services will be provided at **100 percent** of the Covered Charges. (Other Covered Services, such as hearing examinations and audiometric testing are subject to the usual plan Coinsurance provisions for office services and diagnostic testing. Benefits for these additional services are not applied to the 36-month maximum benefit available for hearing aids.)

HOME HEALTH CARE/HOME I.V. SERVICES

Conditions and Limitations of Coverage

If you are homebound (unable to receive medical care on an outpatient basis), this Plan covers Home Health Care Services and home I.V. services provided under the direction of a Physician. Nursing management must be through a Home Health Care Agency approved by BCBSNM. A *visit* is one period of home health service of up to four hours.

Before you receive home I.V. therapy, your Physician or Home Health Care Agency must obtain **Prior Authorization** from BCBSNM. **This Plan does not cover home I.V. services without Prior Authorization.**

This Plan covers inpatient and home Hospice services for a Terminally Ill Member received during a Hospice Benefit Period when provided by a Hospice program **and Prior Authorization is obtained from BCBSNM**. If you need an extension of the Hospice Benefit Period, the Hospice agency must provide a new treatment plan and the attending Physician must recertify your condition to BCBSNM. (See definition of a Hospice Benefit Period in *Section 10* for more information.)

- nutritional guidance and support, such as intravenous feeding and hyperalimentation
- respite care for a period **not to exceed five continuous days** for **every 60 days** of Hospice Care and **no more than two respite care periods** during each Hospice Benefit Period (*Respite care* provides a brief break from total care-giving by the family.)

Cost Sharing

Your Copayment or Coinsurance and Deductible will be the same amount as shown on your *Summary of Benefits* under primary care visits for Covered Services aimed at maximizing level of function, returning to a prior level of function, or maintaining or slowing the decline of function when these services are provided by a licensed or certified Physical Therapist, Occupational Therapist or Speech Therapist. Other Covered Services are subject to usual Member cost-sharing features such as Copayment or Coinsurance or Deductible based on the type of Provider, service or supply.

If you do not follow the inpatient Prior Authorization procedures, benefits for covered Facility services will be **denied** as explained in *Section 4: Utilization Management*.

Covered Services

For acute inpatient medical or surgical care received during a covered Hospital Admission, this Plan covers room and board and other Medically Necessary services provided by the Facility.

Medical Detoxification

This Plan also covers Medically Necessary services related to Medical Detoxification from the effects of Alcohol or Drug Abuse. Detoxification is the treatment in an acute care Facility for withdrawal from the physiological effects of Alcohol or Drug Abuse, which usually takes about three days in an acute care Facility. Benefits for detoxification services are the same as for any other acute medical/surgical condition. Prior Authorization is required for all inpatient hospitalizations. See “Psychotherapy (Mental Disorder and Chemical

Dependency)” for information about benefits for Chemical Dependency rehabilitation. See *Section 4: Utilization Management* for more information about Prior Authorization requirements.

- Admissions related to non-Covered Services or procedures
- Custodial Care Facility Admissions

Outpatient or Observation Services

Coverage for outpatient or observation services and related Physician or other Professional Provider services for the treatment of illness or Accidental Injury depends on the type of service received (for example, see “Lab, X-Ray, Other Diagnostic Services” or “Emergency and Urgent Care”).

INJECTIONS AND INJECTABLE DRUGS

This plan covers most FDA-approved therapeutic injections administered in a Provider’s office. However, this plan covers some injectable drugs only when Prior Authorization is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your drug plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a Member. Proposed new uses for injectable drugs previously approved by the FDA will be evaluated on a medication-by-medication basis. Call a BCBSNM customer Service Advocate if you have any questions about this policy.

Exclusions

This Plan does **not** cover:

- This plan does **not** cover any self-administered drugs dispensed or administered by a Physician in his/her office.

This Plan also covers scanning at five-year intervals for such Members who have previously received a CT scan measuring a CAC score of zero.

Note: All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria established by BCBSNM and will not be covered if excluded for any reason under this Plan. Gynecological or obstetrical ultrasounds do not require Prior Authorization. **Some services requiring Prior Authorization will not be approved for payment.**

Diagnostic and Supplemental Breast Examinations

Benefits for Medically Necessary Diagnostic and Supplemental Breast Examinations will be provided without cost sharing when obtained from a Participating Provider, after you Deductible has been met.

Biomarker Testing

This Plan provides benefits for Medically Necessary Biomarker Testing for the purposes of diagnosis, treatment, appropriate management or ongoing monitoring of a disease or condition.

- surgical treatments such as opening an obstructed fallopian tube, epididymis, or vas deferens when the obstruction is **not** the result of a surgical sterilization
- replacement of deficient, naturally occurring hormones **if** there is documented evidence of a deficiency of the hormone being replaced

The above services are the **only** infertility-related treatments that will be considered for benefit payment.

Diagnostic *testing* is covered only to diagnose the cause of infertility. Once the cause has been established and the treatment determined to be non-Covered, no further testing is covered. For example, this Plan will cover lab tests to monitor hormone levels following the hormone replacement treatment listed as covered above. However, daily ultrasounds to monitor ova maturation are **not** covered since the testing is being used to monitor a non-Covered infertility treatment.

Exclusions

In addition to services not listed as covered above, this Plan does **not** cover:

Pregnancy-Related/Maternity Services

If you are pregnant, you should call BCBSNM before your Maternity due date, soon after your pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother's stay is greater than **48 hours** for a routine delivery or greater than **96 hours** for a C-section delivery.

A covered daughter also has coverage for Pregnancy-Related Services. However, if the parent of the newborn is a covered child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

Covered Services

Covered Pregnancy-Related Services include:

- Hospital or other Facility charges for room and board and ancillary services, including the use of

labor, delivery, and recovery rooms (This Plan covers all Medically Necessary hospitalization, including at least 48 hours of inpatient care following a vaginal delivery and 96 hours following a C-section delivery. **Note:** Newborns who are not eligible for coverage under this Plan will not be covered beyond the 48 or 96 hours required under federal law.)

- routine or complicated delivery, including prenatal and postnatal medical care of an Obstetrician, Certified Nurse-Midwife or Licensed Midwife (Expenses for prenatal and postnatal care are included in the total Covered Charge for the actual delivery or completion of pregnancy.) **Note:** Home births are not covered unless the Provider has a Preferred Provider contract with his/her local BCBS Plan and is credentialed to provide the service.
- pregnancy-related diagnostic tests, including genetic testing or counseling (Services must be sought due to a family history of a gender-linked genetic disorder or to diagnose a possible congenital defect caused by a present, external factor that increases risk, such as advanced maternal age or Alcohol Abuse. For example, tests such as amniocentesis or ultrasound to determine the gender of an unborn child are **not** covered.)
- necessary anesthesia services by a Provider qualified to perform such services, including Acupuncture used as an anesthetic during a covered surgical procedure and administered by a Physician, a licensed Doctor of Oriental Medicine, or other practitioner as required by law

Newborn Care

If you do not have coverage for your newborn on the date of birth, **you must add coverage within 31 days of birth** in order for any newborn charges, routine or otherwise, to be covered beyond the first 48 hours of birth (or 96 hours in the case of a C-section).

Newborn Eligibility

If you do not elect to add coverage for your newborn within 31 days, and wish to add the child to coverage later, the child is considered a Late Applicant unless eligible for a Special Enrollment. **Note:** If the parent of the newborn is a covered child of the Subscriber (i.e., the newborn is the Subscriber’s grandchild), services for the newborn are **not** covered except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

Routine Newborn Care

If both the mother’s charges and the baby’s charges are eligible for coverage under this Plan, no additional Deductible for the newborn is required for the Facility’s initial routine nursery care if the covered newborn is discharged on the same day as the mother.

Covered Services for initial Routine Newborn Care include:

Extended Stay Newborn Care

A newborn who is enrolled for coverage within the time limits specified in *Section 2: Enrollment and Termination Information* is also covered if he/she stays in the Hospital longer than the mother. The baby's services will be subject to a separate Deductible, Coinsurance and Out-of-Pocket Limit.

If you are in a Nonpreferred Facility, you must ensure that BCBSNM is called **before** the mother is discharged from the Hospital. If you do not, benefits for the newborn's covered Facility services will be paid at the Nonpreferred Provider benefit level. The baby's services will be subject to a separate Deductible, Coinsurance and Out-of-Pocket Limit.

PHYSICIAN VISITS/MEDICAL CARE

This section describes benefits for therapeutic injections, allergy care and testing, and other nonsurgical, nonroutine medical visits to a Health Care Provider for evaluating your condition and planning a course of treatment. See specific topics referenced in this section for more information regarding a particular type of service (e.g., "Preventive Services," "Transplant Services," etc.).

This Plan covers Medically Necessary care provided by a Physician or other Professional Provider for an illness or Accidental Injury. **Your choice of Provider can make a difference in the amount you pay.** (See *Section 3: How Your Plan Works*.)

Office Visits and Consultations

Benefits for services received in a Physician's office are based on the type of service received while in the office. Services covered under this provision include allergy care, therapeutic injections, office visits, consultations (including second or third surgical opinions) and examinations, and other nonroutine office medical procedures — when not related to Hospice Care or payable as part of a surgical procedure. (See "Hospice Care" or "Surgery and Related Services" if the medical visits are related to either of these services.)

Allergy Care

This Plan covers direct skin (percutaneous and intradermal) and patch allergy tests, radioallergosorbent testing (RAST), allergy serum, and appropriate FDA-approved allergy injections administered in a Provider's office or in a Facility.

Breastfeeding Support and Services

This Plan covers counseling and support services rendered by a lactation consultant such as a Certified Nurse Practitioner, Certified Nurse Midwife or midwife, not subject to Coinsurance, Deductible, Copayment, or benefit maximums when received from a Provider in the Preferred or Participating Provider network (if your plan has Out-of-Network benefits for non-Emergency services, Out-of-Network services are subject to the usual Out-of-Network Deductible, Coinsurance, and Out-of-Pocket).

Genetic Inborn Errors of Metabolism

This Plan covers Medically Necessary expenses related to the diagnosis, monitoring and control of Genetic Inborn Errors of Metabolism as defined in *Section 10: Definitions*. Covered Services include medical assessment, including clinical services, biochemical analysis, Medical Supplies, Prescription Drugs (contact CVS Caremark), corrective lenses for conditions related to the Genetic Inborn Error of Metabolism, nutritional management and **approved** Special Medical Foods. In order to be covered, services cannot be excluded under any other provision of this Benefit Booklet and are paid according to the provisions of the Plan that apply to that particular type of service (e.g., Special Medical Foods are covered under CVS Caremark, medical assessments under "Physician Visits/Medical Care" and corrective lenses under "Supplies, Equipment and Prosthetics").

To be covered, the Member must be receiving medical treatment provided by licensed Health Care Professionals, including Physicians, dietitians and nutritionists, who have specific training in managing patients diagnosed with Genetic Inborn Errors of Metabolism.

Injections and Injectable Drugs

This Plan covers most FDA-approved therapeutic injections administered in a Provider's office. However, this Plan covers some injectable drugs only when **Prior Authorization** is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your drug plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a Member. Proposed new uses for injectable drugs previously approved by the FDA will be evaluated on a medication-by-medication basis. Call a BCBSNM Customer Service Advocate if you have any questions about this policy.

Mental Disorder Evaluation Services

This Plan covers medication checks and intake evaluations for Mental Disorders, Alcohol, and Drug Abuse. See "Psychotherapy (Mental Disorder and Chemical Dependency)" for psychotherapy and other therapeutic service benefits.

Inpatient Medical Visits

With the exception of Dental-Related Services, this Plan covers the following services when received on a covered inpatient Hospital day:

- visits for a condition requiring **only** medical care, unless related to Hospice Care

PREVENTIVE SERVICES

The services listed under this provision are not limited as to the number of times you may receive the service in any given period or as to the age of the patient (except when a service is inappropriate for the patient's age group, such as providing a pediatric immunization to an adult). You and your Physician are encouraged to determine how often and at what time you should receive preventive tests and examinations and you will receive coverage according to the benefits and limitations of your health care plan. Coverage for a recommended Preventive Service that is otherwise considered Medically Necessary for an individual will be provided regardless of an individual's sex assigned at birth, gender identity or gender that BCBSNM has recorded.

This Plan covers the following Preventive Services not subject to Coinsurance, Deductible, Copayment, or benefit maximums (to be implemented in the quantities and within the time period allowed under applicable law) when received from an In-Network Provider. Out-of-Network services are subject to the usual Out-of-Network Deductible, Coinsurance and Out-of-Pocket Limit.

- a. evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force ("USPSTF");
- b. Immunizations for routine use that have in effect a recommendation by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention ("CDC") with respect to the individual involved;
- c. evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration ("HRSA") for infants, children, and adolescents;
- d. with respect to women, to the extent not described in item "a" above, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the HRSA.

The services listed below may include requirements pursuant to state regulatory mandates and are to be covered at no cost to the member.

For purposes of item “a” above, the current recommendations of the USPSTF regarding breast cancer screening mammography and prevention issued in or around November 2009 are not considered to be current.

The Preventive Services described in items “a” through “d” above may change as USPSTF, CDC, and HRSA guidelines are modified. For more information, you may visit the BCBSNM website at www.bcbsnm.com or contact Customer Service at the toll-free number on your BCBSNM health plan Identification Card.

Drugs (including both prescription and over the counter) that fall within a category of the current “A” or “B” recommendations of the United States Preventive Services Task Force and that are listed on the ACA Preventive Services Drug List (to be implemented in the quantities and within the time period allowed under applicable law) will be covered and will not be subject to any Copayment Amount, Coinsurance Amount, Deductible or dollar maximum when obtained from a Participating Pharmacy. Drugs on the Preventive Services Drug List that are obtained from a non-Participating Pharmacy, may be subject to Copayment Amount, Coinsurance Amount, Deductibles, or dollar maximums, if applicable.

Covered Preventive Services **not** described in items “a” through “d” above may be subject to Deductible, Coinsurance, Copayments, and/or dollar maximums. Allergy injections are **not** considered immunizations under the “Preventive Services” benefit. If a recommendation or guideline for a particular preventive health service does not specify the frequency, method, treatment, or setting in which it must be provided, BCBSNM may use reasonable medical management techniques to apply coverage including but not limited to review by a medical director for determination of appropriate action.

The list below is subject to change. A current list is available to you and your Physician on the USPSTF website at: www.uspreventiveservicestaskforce.org/Page/Name/recommendations, or you can contact customer service at 1-800-432-0750. Examples of Covered Services include, but are not limited to:

PSYCHOTHERAPY (MENTAL DISORDER AND CHEMICAL DEPENDENCY)

Note: You do not receive a separate Mental Disorder/Chemical Dependency ID Card; use your BCBSNM ID Card to receive all medical/surgical and Mental Disorder/Chemical Dependency services covered under this Plan.

Medical Necessity

In order to be covered, treatment must be Medically Necessary and not Experimental, Investigational or Unproven. Therapy must meet the following definition and conditions:

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

For Psychotherapy (Mental Disorder and Chemical Dependency) Medical Necessity determinations, the applicable generally accepted principles and practices of good medical care and practices guidelines developed by the American Psychiatric Association are contained in the latest version of the *Diagnostic and Statistical Manual*.

Prior Authorization Requirements

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM *before* you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

Services Requiring Prior Authorization

Prior Authorization for all inpatient Mental Disorder and Chemical Dependency services (e.g., partial hospitalization, Residential Treatment Centers) must be approved by the Behavioral Health Unit at the phone

number listed on the back of your ID Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Illness and/or Chemical Dependency:

- outpatient psychological testing
- neuropsychological testing
- Intensive Outpatient Program (IOP) treatment
- electroconvulsive therapy (ECT)
- repetitive transcranial magnetic stimulation
- Applied Behavior Analysis (ABA) therapies

You or your Physician should call the Behavioral Health Unit **before** you schedule treatment. If you do not call before receiving non-Emergency services, **benefits for Covered Services may be denied** as explained in the *Utilization Management* section, earlier. In such cases, you may be responsible for all charges, so please ensure that you or your Provider have received Prior Authorization for any services you plan to receive. The BHU Call Center is open 24/7 to assist Members and Providers with Emergency Admission inquiries and to respond to crisis calls.

If you are admitted for a medical condition and later transferred to another unit in the same or different Facility for Drug Abuse rehabilitation (or vice versa), **both Admissions must receive Prior Authorization.**

Prior Authorization is **not** required for group, individual, or family therapy office visits to a Physician or other Professional Provider licensed to perform Covered Services under this Plan, or for the following mental health or substance use disorder services.

- Acute or immediately necessary care
- Acute episodes of chronic mental health or substance use disorder conditions; or
- Initial in-network inpatient or outpatient substance use treatment services

Mental Disorders that respond to and require long-term treatment with medications and/or therapeutic treatment including schizophrenia, bi-polar disorder, and chronic depression are also covered.

Residential Treatment Centers

Residential Treatment Centers are covered by this Plan. A Residential Treatment Center is a Facility offering a defined course of therapeutic intervention and special programming in a controlled environment which also offers a degree of security, supervision, and structure and is licensed by the appropriate state and local authority to provide such service. It does not include half-way houses, supervised living, group homes, boarding houses, or other facilities that provide primarily a supportive environment and address long-term social needs, even if counseling is provided in such facilities. Patients in Residential Treatment Centers are medically monitored with 24-hour medical availability and 24-hour on-site nursing service for patients with Mental Illness and/or Chemical Dependency disorders.

BCBSNM requires that any Mental Disorder Residential Treatment Center must be appropriately licensed in the state where it is located or accredited by a national organization that is recognized by BCBSNM as set forth in its current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

In addition to the general provisions of this “Transplant Services” section, the following benefits, limitations, and exclusions apply to the above-listed Transplants for **one year** following the date of the actual Transplant or retransplant. A standard per diem benefit (**\$50**) will be allocated for lodging expenses for the recipient and one additional adult traveling with the Transplant recipient. If the Transplant recipient is an Eligible Child under the age of 18, benefits for travel and per diem expenses for **two adults** to accompany the child are available.

Travel expenses and standard per diem allowances are limited to a total maximum benefit of **\$10,000** per Transplant. Your case manager may approve travel and per diem lodging allowances based upon the total number of days of temporary relocation, up to the **\$10,000** benefit maximum.

Travel expenses are **not** covered and per diem allowances are **not** paid if you *choose* to travel to receive a Transplant for which travel is not considered Medically Necessary by the case manager or if the travel occurs **more than five days** before or **more than one year** following the Transplant or retransplant date.

SECTION 6: GENERAL LIMITATIONS AND EXCLUSIONS

These general limitations and exclusions apply to **all** services listed in this Benefit Booklet.

This Plan does not cover any service or supply not specifically listed as a Covered Service in this Benefit Booklet. If a service is not covered, then all services performed in conjunction with it are not covered.

This Plan will not cover any of the following services, supplies, situations, or related expenses:

— Before Effective Date of Coverage

This Plan does not cover any service received, item purchased, prescription filled, or health care expense incurred before your Effective Date of Coverage. If you are an inpatient when coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

— Biofeedback

This Plan does not cover services related to Biofeedback except when administered by a licensed Doctor of Medicine (M.D.) or Osteopathy (D.O.) or a Board Certified Biofeedback Therapist. In order to be covered, diagnosis must be chronic pain. Preauthorization is required or benefits will be denied.

— Blood Services

This Plan does not cover directed donor or autologous blood storage fees when the blood is used during a non-scheduled surgical procedure. **This Plan does not cover** blood replaced through donor credit.

— Complications of non-Covered Services

This Plan does not cover any services, treatments, or procedures required as the result of complications of a non-Covered Service, treatment, or procedure (e.g., due to cosmetic surgery, transplant, or experimental procedure).

— Convalescent Care or Rest Cures

This Plan does not cover convalescent care or rest cures.

— Cosmetic Services

Cosmetic surgery is beautification or aesthetic surgery to improve an individual's appearance by surgical alteration of a physical characteristic. **This Plan does not cover** Cosmetic Surgery, Services, or procedures for psychiatric or psychological reasons, or to change family characteristics or conditions caused by aging. **This Plan does not cover** services related to or required as a result of a Cosmetic service, procedure, surgery, or subsequent procedures to correct unsatisfactory Cosmetic results attained during an initial surgery.

Examples of Cosmetic procedures are: dermabrasion; revision of surgically induced scars; breast augmentation; rhinoplasty; surgical alteration of the eye; correction of prognathism or micrognathism; excision or reformation of sagging skin on any part of the body including, but not limited to, eyelids, face, neck, abdomen, arms, legs, or buttock; services performed in connection with the enlargement, reduction, implantation, or change in appearance of a portion of the body including, but not limited to, breast, face, lips, jaw, chin, nose, ears, or genitals; **or any procedures that BCBSNM determines are not required to materially improve the physiological function of an organ or body part unless Medically Necessary.**

The cosmetic coverage exclusion does not apply to Medically Necessary primary gender reassignment chest and/or genital surgeries nor to pharmaceutical gender reassignment services, all of which require prior authorization from BCBSNM.

Exception: Breast/nipple surgery performed as reconstructive procedures following a covered mastectomy may be covered. However, **Prior Authorization**, requested in writing, must be obtained from BCBSNM for such services. Also, Reconstructive Surgery, which may have a coincidental cosmetic effect, may be covered when required as the result of Accidental Injury, illness, or congenital defect.

— **Custodial Care**

This Plan does not cover Custodial Care. Custodial Care is any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care includes those services which do not require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel assisting with routine medical needs (e.g., simple care and dressings, administration of routine medications, etc.), and/or assisting with activities of daily living (e.g., bathing, eating, dressing, etc.).

— **Dental-Related Services and Oral Surgery**

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Dental-Related Services and Oral Surgery” in *Section 5: Covered Services* for additional exclusions.

— **Domiciliary Care**

This Plan does not cover domiciliary care or care provided in a residential institution, treatment center, halfway house, or school because your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

— **Duplicate (Double) Coverage**

This Plan does not cover amounts already paid by Other Valid Coverage or that would have been paid by Medicare as the primary carrier if you were entitled to Medicare, had applied for Medicare, and had claimed Medicare benefits. See *Section 7: Coordination of Benefits and Reimbursement* for more information. Also, if your prior coverage has an extension of benefits provision, **this Plan will not cover** charges incurred after your Effective Date of Coverage under this Plan that are covered under the prior plan’s extension of benefits provision.

— **Duplicate Testing**

This Plan does not cover duplicative diagnostic testing or overreads of laboratory, pathology, or radiology tests.

— **Experimental, Investigational, or Unproven Services**

This Plan does not cover any treatment, procedure, Facility, equipment, drug, device, or supply not accepted as *standard medical practice* (as defined) or those considered Experimental, Investigational, or Unproven, unless for Acupuncture rendered by a licensed Doctor of Oriental Medicine or unless specifically listed as covered under “Autism Spectrum Disorders” or under “Cancer Clinical Trials” in *Section 5: Covered Services*. In addition, if federal or other government agency approval is required for use of any items and such approval was not granted when services were administered, the service is Experimental and will not be covered. To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The device, drug, or medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the device, drug, or medicine is furnished.
- Reliable evidence shows that the treatment, device, drug, or medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, device, drug, or medicine is that further studies or clinical trials are necessary to determine

its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.

The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

Reliable evidence means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or Investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

Standard medical practice means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or other Facility Provider in which they were performed; and
- the Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

— Food or Lodging Expenses

This Plan does not cover food or lodging expenses, except for those lodging expenses that are eligible for a per diem allowance under “Transplant Services” in *Section 5: Covered Services*, and not excluded by any other provision in this section.

(A screening does *not* include a hearing test to determine the amount and kind of correction needed.) (For surgically implanted devices, see “Surgery and Related Services” in *Section 5: Covered Services*.)

— Home Health, Home I.V. and Hospice Services

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Home Health Care/Home I.V. Services” or “Hospice Care” in *Section 5: Covered Services* for additional exclusions.

— Hypnotherapy

This Plan does not cover hypnosis or services related to hypnosis, whether for medical or anesthetic purposes.

— Infertility Services/Artificial Conception

This Plan does not cover services related to, but not limited to, procedures such as: artificial conception or insemination, fertilization and/or growth of a fetus outside the mother’s body in an artificial environment, such as in-vivo or in-vitro (“test tube”) fertilization, Gamete Intrafallopian Transfer (GIFT), Zygote Intrafallopian

Transfer (ZIFT), embryo transfer, drugs for induced ovulation, or other artificial methods of conception. **This Plan does not cover** the cost of donor sperm, costs associated with the collection, preparation, or storage of sperm for artificial insemination, or donor fees.

This Plan does not cover infertility testing, treatments, or related services, such as hormonal manipulation and excess hormones to increase the production of mature ova for fertilization.

This Plan does not cover reversal of a prior sterilization procedure. (Certain treatments of medical conditions that sometimes result in restored fertility may be covered; see “Maternity/Reproductive Services and Newborn Care” in *Section 5: Covered Services*.)

— Late Claim Filing

This Plan does not cover services of a Nonparticipating Provider if the Claim for such services is received by BCBSNM **more than 12 months** after the date of service. (Preferred Providers contracting directly with BCBSNM and Providers that have a “Participating” Provider agreement with BCBSNM will file Claims for you and must submit them within a specified period of time, usually 180 days.) If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change. See *Section 8: Claims Payments and Appeals* for details.

— Learning Deficiencies/Behavioral Problems

This Plan does not cover special education, counseling, therapy, diagnostic testing, treatment, or any other service for learning deficiencies or chronic behavioral problems, whether or not associated with a manifest Mental Disorder, retardation, or other disturbance. See “Autism Spectrum Disorders” in *Section 5: Covered Services* for details about mandated coverage for children with these diagnoses.

— Limited Services/Covered Charges

This Plan does not cover amounts in excess of Covered Charges or services that exceed any maximum benefit limits listed in this Benefit Booklet, or any amendments, riders, addenda, or endorsements.

— Local Anesthesia

This Plan does not cover local anesthesia. (Coverage for surgical, Maternity, diagnostic, and other procedures includes an allowance for local anesthesia because it is considered a routine part of the procedure.)

— Long-Term and Maintenance Therapy

This Plan does not cover long-term therapy whether for physical or for mental conditions, even if Medically Necessary and even if any applicable benefit maximum has not yet been reached, except that medication management for chronic conditions is covered. Therapies are considered long-term if measurable improvement is not possible **within two months** of beginning active therapy. Long-term therapy includes treatment for chronic or incurable conditions for which rehabilitation produces minimal or temporary change or relief. Treatment of chronic conditions is not covered. (Chronic conditions include, but are not limited to, muscular dystrophy, Down’s syndrome, and cerebral palsy.) **Note:** This exclusion does **not** apply to benefits for medication or medication management or to certain services for children with Autism Spectrum Disorders.

This Plan does not cover maintenance therapy or care or any treatment that does not significantly improve your function or productivity, or care provided after you have reached your rehabilitative potential (unless therapy is covered during an approved Hospice Benefit Period). In a dispute about whether your rehabilitative potential has been reached, you are responsible for furnishing documentation (e.g., medical records, Physician’s letters, progress notes) from your Physician supporting his/her opinion.

— Medical Necessity Guidelines Determinations

Any technologies, procedures, or services for which Medical Necessity Guidelines have been developed by BCBSNM are either limited or excluded as defined in the Medical Necessity Guidelines.

—Medical Tourism

This Plan does not cover any services and/or supplies provided to a Member outside the United States if the Member traveled to the location for the purposes of receiving medical services, supplies, or drugs.

—Medically Unnecessary Services

This Plan does not cover services that are not Medically Necessary as defined in *Section 5: Covered Services* unless such services are specifically listed as covered (e.g., see “Preventive Services” or “Autism Spectrum Disorders” in *Section 5: Covered Services*).

BCBSNM, in consultation with the Provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a Provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. (BCBSNM, at its sole discretion, determines Medical Necessity based on the criteria given in *Section 5: Covered Services*.)

—No Legal Payment Obligation

This Plan does not cover services for which you have no legal obligation to pay or that are free, including:

- charges made only because benefits are available under this Plan
- services for which you have received a professional or courtesy discount
- volunteer services
- services provided by you for yourself or a covered family member, by a person ordinarily residing in your household, or by a family member

This Plan does not cover the following services when received from a Nonpreferred Provider: Acupuncture, Spinal Manipulation, outpatient cardiac and pulmonary rehabilitation, inpatient or outpatient Physical Therapy, speech therapy, occupational therapy, skilled nursing Facility services, and transplants.

This Plan does not cover Transplants when received from a Nonpreferred Provider.

This Plan does not cover non-Emergency services provided by a Nonpreferred Provider unless **Prior Authorization** for such services is received from BCBSNM. You will be financially responsible for the services of a Nonpreferred Provider if you did not receive, in advance, a valid approval from BCBSNM. **Note:** When Prior Authorization is requested, BCBSNM may require that you travel to another city to receive services from a Preferred Provider.

Except in emergencies, BCBSNM will generally NOT authorize services of a Nonpreferred Provider if the services could be obtained from a Preferred Provider. Authorizations (Prior Authorization) for such services are

given only under very special circumstances related to **Medical Necessity** and **lack of Provider availability in the BCBSNM Preferred Provider network**. BCBSNM will NOT approve an authorization request based on non-medical issues such as whether or not you or your doctor prefer the Out-of-Network Provider or find the Provider more convenient. Regardless of Medical Necessity or non-medical issues, Nonpreferred Providers' services are NOT covered under this Plan, except during an Emergency, if you do not first obtain Prior Authorization.

— **Nutritional Supplements**

— **Post-Termination Services**

This Plan does not cover services resulting from work-related illness or injury, or charges resulting from occupational accidents or sickness covered under:

- occupational disease laws
- employer's liability
- municipal, state, or federal law (except Medicaid)
- Workers' Compensation Act

To recover benefits for a work-related illness or injury, you must pursue your rights under the Workers' Compensation Act or any of the above provisions that apply, including filing an appeal. (BCBSNM may pay Claims during the appeal process on the condition that you sign a reimbursement agreement.)

This Plan does not cover a work-related illness or injury, **even if:**

- You fail to file a Claim within the filing period allowed by the applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations.
- You obtain care not authorized by Workers' Compensation insurance.
- Your employer fails to carry the required Workers' Compensation insurance. (The employer may be liable for an employee's work-related illness or injury expenses.)
- You fail to comply with any other provisions of the law.

Note: This "Work-Related Conditions" exclusion does not apply to an executive employee or sole proprietor of a professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers' Compensation Act. You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

For a work-related injury or condition, see the “Work-Related Conditions” exclusion in Section 6: General Limitations and Exclusions.

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100 percent of BCBSNM’s Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or health care plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

If you are also covered by Medicare, special COB rules may apply. Contact a Customer Service Advocate for more information. If you are enrolled in federal continuation coverage, coverage ends at the beginning of the month when you become entitled to Medicare or when you become insured under any Other Valid Coverage.

When this Plan is secondary, all provisions (such as obtaining Prior Authorization) must be followed or benefits may be denied.

The following rules determine which coverage pays first:

No COB Provision — If the Other Valid Coverage does not include a COB provision, that coverage pays first.

Medicare — If the Other Valid Coverage is Medicare and Medicare is not secondary according to federal law, Medicare pays first.

Child/Spouse — If a covered child under this health plan is covered as a spouse under another health plan, the covered child’s spouse’s health plan is primary over this health plan.

Subscriber/Family Member — If the Member who received care is covered as an employee, retiree, or other policy holder (i.e., as the Subscriber) under one health plan and as a spouse, child, or other family member under another, the health plan that designates the Member as the employee, retiree, or other policy holder (i.e., as the Subscriber) pays first.

If you have Other Valid Coverage *and* Medicare, contact the other carrier’s customer service department to find out if the other coverage is primary to Medicare. There are many federal regulations regarding Medicare Secondary Payer provisions, and other coverage may not be subject to those provisions.

Child — For a child whose parents are not separated or divorced, the coverage of the parent whose birthday falls earlier in the Calendar Year pays first. If the Other Valid Coverage does not follow this rule, the father’s coverage pays first.

Child, Parents Separated or Divorced — For a child of divorced or separated parents, benefits are coordinated in the following order:

- *Court-Decreed Obligations.* Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the child’s health care expenses, the coverage of that parent pays first.
- *Custodial/Noncustodial.* The plan of the custodial parent pays first. The plan of the spouse of the custodial parent pays second. The plan of the noncustodial parent pays last.
- *Joint Custody.* If the parents share joint custody, and the court decree does not state which parent is responsible for the health care expenses of the child, the plans follow the rules that apply to children whose parents are not separated or divorced.

Active/Inactive Employee — If a Member is covered as an active employee under one coverage and as an inactive employee under another, the coverage through active employment pays first. (Even if a Member is covered as a family member under both coverages, the coverage through active employment pays first.) If the other plan does not have this rule and the plans do not agree on the order of benefits, the next rule applies.

Longer/Shorter Length of Coverage — When none of the above applies, the plan in effect for the longest continuous period of time pays first. (The start of a new plan does not include a change in the amount or scope of benefits, a change in the entity that pays, provides, or administers the benefits, or a change from one type of plan to another.)

Responsibility For Timely Notice

BCBSNM is not responsible for coordination of benefits if timely information is not provided.

Facility of Payment

Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will fully satisfy its liability under this provision.

Overpayments - Right of Recovery

Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

REIMBURSEMENT

If you or one of your covered family members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- **State of New Mexico** has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you and your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which **State of New Mexico** has provided benefits to you or your covered family members.
- **State of New Mexico** is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits **State of New Mexico** provided for that sickness or injury.

State of New Mexico shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which **State of New Mexico** has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that BCBSNM and/or **State of New Mexico** may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

SECTION 8: CLAIMS PAYMENTS AND APPEALS

IMPORTANT NOTE ABOUT FILING CLAIMS

This section addresses the procedures for filing Claims Payments and Appeals. The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All Claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be denied as explained in *Section 4: Utilization Management*. Covered Services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

CLAIM FORMS AND PROOF OF LOSS

Written proof of loss must be furnished to BCBSNM in accordance with the Claim procedures specified in this *Section 8: Claims Payments and Appeals*. Proof may be submitted either electronically or on paper. Written notice of Claim must be given to BCBSNM within 365 days after the occurrence or start of the loss on which the Claim is based. If notice is not given in that time, the Claim will not be invalidated or denied if it is shown that written notice was given as soon as was reasonably possible. When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Plan if the claimant submits written proof of loss within 365 days after the date of the first service, except in the absence of legal capacity.

IF YOU HAVE OTHER VALID COVERAGE

When you have Other Valid Coverage that is “primary” over this Plan, you need to file your Claim with the other coverage first. (See *Section 7: Coordination of Benefits (COB) and Reimbursement*.) After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile, or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under “Where to Send Claim Forms” later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

PARTICIPATING AND PREFERRED PROVIDERS

Your “Preferred” Provider may have two agreements with the local BCBS Plan — a Preferred Provider contract and another Participating Provider contract. Some Providers have **only** the Participating Provider contract and are **not** considered Preferred Providers. However, all Participating and Preferred Providers file Claims with their local BCBS Plan and payment is made directly to them. Be sure that these Providers know you have health care coverage administered by BCBSNM. Do **not** file Claims for these services yourself.

Preferred Providers (and Participating Providers contracting directly with BCBSNM) also have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The Providers' contract language lets them know that they may not bill the employer or any Member for a service if the Provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations.

NONPARTICIPATING PROVIDERS

A Nonparticipating Provider is one that has neither a Preferred or a Participating Provider agreement. If your Nonparticipating Provider does not file a Claim for you, submit a separate Claim form for each family member as the services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form*. (Forms can be printed from the BCBSNM website at www.bcbsnm.com or requested from

a Customer Service Advocate.) Complete the Claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under “Where to Send Claim Forms” later in this section.)

Payment normally is made to the Provider. However, if you have already paid the Provider for the services being claimed, your Claim must include evidence that the charges were paid in full. Upon approval of the Claim, BCBSNM will reimburse you for Covered Services, based on Covered Charges, less any required Member Copayment. You will be responsible for charges not covered by the Plan.

Please contact the Nonparticipating Provider for any balance billing issues. If you need additional assistance you may also contact the Managed Health Care Bureau (MHCB) at OSI.

ITEMIZED BILLS

Claims for Covered Service must be itemized on the Provider’s billing forms or letterhead stationery and must show:

- Members identification number
- Members and Subscriber’s name and address
- Members date of birth and relationship to the Subscriber
- name, address, National Provider Identification number (NPI), and tax ID or social security number of the Provider
- date of service or purchase, diagnosis, type of service or treatment, procedure, and amount charged for each service (each service must be listed separately)
- accident or surgery date (when applicable)
- amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment

Correctly itemized bills are necessary for your Claim to be processed. The only acceptable bills are those from Health Care Providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the Provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See “Where to Send Claim Forms” below, for special instructions regarding out-of-country Claims.)

WHERE TO SEND CLAIM FORMS

If your Nonparticipating Provider does not file a Claim for you, you (not the Provider) are responsible for filing the Claim. **Remember:** Participating and Preferred Providers will file Claims for you; these procedures are used only when you must file your own Claim.

Services in United States, Canada, Jamaica, U.S. Virgin Islands, and Puerto Rico

If a Nonparticipating Provider will not file a Claim for you, ask for an itemized bill and complete a Claim form the same way that you would for services received from any other Nonparticipating Provider. Mail the Claim

forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

Blue Cross and Blue Shield of New Mexico

Mental Disorder/Chemical Dependency Claims

Claims for covered Mental Disorder and Chemical Dependency services received in New Mexico should be submitted to:

BCBSNM, BH Unit
P.O. Box 27630
Albuquerque, New Mexico 87125-7630

Services Outside the United States, U.S. Virgin Islands, Jamaica, and Puerto Rico

For covered inpatient Hospital services received outside the United States (including Puerto Rico, Jamaica, and the U.S. Virgin Islands), show your Plan ID Card issued by BCBSNM. BCBSNM participates in a Claim payment program with the Blue Cross and Blue Shield Association. If the Hospital has an agreement with the Association, the Hospital files the Claim for you to the appropriate Blue Cross Plan. Payment is made to the Hospital by that Plan, and then BCBSNM reimburses the other Plan.

You will need to pay up front for care received from a **Doctor, a Participating Outpatient Hospital, and/or a Nonparticipating Hospital**. Then, complete an *International Claim Form* and send it with the bill(s) to the service center (the address is on the form). The *International Claim Form* is available from BCBSNM, the service center, or on-line at:

www.bcbs.com/already-a-member/coverage-home-and-away.html

The Blue Cross Blue Shield Global Core *International Claim Form* is to be used to submit institutional and professional Claims for benefits for covered Emergency services received outside the United States, Puerto Rico, Jamaica and the U.S. Virgin Islands. For filing instructions for other Claim types (e.g., dental, Prescription Drugs, etc.) contact your Blue Cross and Blue Shield Plan. The *International Claim Form* must be completed for each patient in full, and accompanied by fully itemized bills. It is not necessary for you to provide an English translation or convert currency.

Since the Claim cannot be returned, please be sure to keep photocopies of all bills and supporting documentation for your personal records. The Member should submit an *International Claim Form* (available at www.bcbs.com), attach itemized bills, and mail to Blue Cross Blue Shield Global Core at the address below. Blue Cross Blue Shield Global Core will then translate the information, if necessary, and convert the charges to United States dollars. They also will contact BCBSNM for benefit information in order to process the Claim. Once the Claim is finalized, the *Explanation of Benefits* will be mailed to the Subscriber and payment, if applicable, will be made to the Subscriber via wire transfer or check. Mail international Claims to:

Service Center
P.O. Box 2048
Southeastern, PA 19399

CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the Provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Subscriber will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **Note:** If a Qualified Child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the Member is an Eligible Child

of divorced parents, and the Subscriber under this Plan is the noncustodial parent, the custodial parent may receive the payment and the EOB.

If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial. **You also have 180 days in which to appeal a decision.**

Covered Charge

Provider payments are based upon Preferred Provider and Participating Provider agreements and Covered Charges as determined by BCBSNM. For services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state Providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, and non-Covered expenses. For Covered Services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

Participating and Preferred Providers

Payments for Covered Services usually are sent directly to network (Preferred or Participating) Providers. The EOB you receive explains the payment.

Nonparticipating Providers

If Covered Services are received from a Nonparticipating Provider, payments are usually made to the Subscriber (or to the applicable alternate payee when a QCMSO is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the Provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, and non-Covered expenses.

Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or treatment Facility may place a lien upon a compromise, settlement, or judgment obtained by you when the Facility has not been paid its total billed charges from all other sources.

Assignment of Benefits

BCBSNM specifically reserves the right to pay the Subscriber directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Subscriber instead of anyone else.

Medicaid

Payment of benefits for Members eligible for Medicaid is made to the appropriate state agency or to the Provider when required by law.

Medicare

If you are 65 years of age or older, BCBSNM will suspend your Claims until it receives (a) an *Explanation of Medicare Benefits (EOMB)* for each Claim (if you are entitled to Medicare), or (b) Social Security Administration documentation showing that you are not entitled to Medicare.

Overpayments

If your Group's benefit plan or the Claim Administrator pays benefits for Covered Charges incurred by you or your Eligible Family Members and it is found that the payment was more than it should have been, or it was made

in error (“Overpayment”), your Group’s benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Nonparticipating Providers.

If no refund is received, your Group’s benefit plan and/or Blue Cross and Blue Shield of New Mexico (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this Benefit Booklet, whether for the same or a different Member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured Group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan’s payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield’s plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield plan or policy.

Pricing of Non-Contracted Provider Claims

Except for certain categories of Claims described below, the BCBSNM Covered Charge for Covered Services received from Non-Contracted Providers is the lesser of the Provider’s billed charges or the BCBSNM “Non-Contracting Allowable Amount.” The BCBSNM Non-Contracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS). The Medicare Allowable is determined for a service covered under your BCBSNM health plan using information on each specific Claim and, based on place of treatment and date of service, is multiplied by an “Adjustment Factor” to calculate the BCBSNM Non-Contracting Allowable Amount. The Adjustment Factor for non-Emergency services are:

- 100% of the base Medicare Allowable for inpatient Facility Claims
- 300% of the base Medicare Allowable for outpatient Facility Claims
- 200% of the base Medicare Allowable for freestanding Ambulatory Surgical Center Claims
- 100% of the base Medicare Allowable for Physician, other Professional Provider Claims, and other ancillary Providers of covered Health Care Services and supplies

Certain categories of Claims for Covered Services from Non-Contracted Providers are excluded from this Non-Contracted Provider pricing method. These include:

- services for which a Medicare Allowable cannot be determined based on the information submitted on the Claim (in such cases, the Covered Charge is 50 percent of the billed charge)
- home health Claims (the Covered Charge is 50 percent of the billed charge)
- services administered and priced by any subcontractor of BCBSNM or by the Blue Cross and Blue Shield Association
- Claims paid by Medicare as primary coverage and submitted to your health plan for secondary payment
- New Mexico ground Ambulance Claims (for which the state’s New Mexico Public Regulation Commission sets fares)
- covered Claims priced by a non-New Mexico BCBS Plan through BlueCard using local pricing methods
- the categories of Claims for Covered Services from Non-Contracted Providers is discussed in more detail below.

Benefits for Emergency Care

If you receive treatment from a Nonparticipating Provider for Emergency Care, BCBSNM will review and process payment consistent with the In-Network benefit for the Covered Services provided. For services to be Covered Services, the services must be consistent with the definition of Emergency Care. Non-Emergency Care provided in an Emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services. As for air Ambulance Emergency Care, you may be responsible for charges from the Nonparticipating Provider above any amount that BCBSNM pays that corresponds to the In-Network benefit level.

Pricing for the following categories of Claims for Covered Services from Non-Contracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the Provider, or other amount allowed by law, whichever is less:

- for PPO health plans, services from Non-Contracted Providers that satisfy at least one of the two conditions below and, as a result, are eligible for the Preferred Provider benefit level of coverage
 - Covered Services from Non-Contracted Providers within the United States that are classified as “Unsolicited” as explained earlier in *Section 3: How Your Plan Works* and as determined by the Members Host Plan while outside the service area of BCBSNM
 - **Prior Authorization of** transition of care services received from Non-Contracted Providers

Pricing for the following categories of Claims for Covered Services from Non-Contracted Providers will be priced at either the sixtieth percentile of the allowed commercial reimbursement rate for the particular Covered Service based on Claims paid in 2017, or at 150% of the 2017 Medicare Allowable for the Covered Service, whichever is greater. Unlike the pricing methods above, you will not be responsible for paying to the Non-Contracted Provider the difference between the BCBSNM Covered Charge and the Non-Contracted Provider’s billed charge for a Covered Service.

- Covered Services required during an Emergency, excluding Covered Services received in an Ambulance; and
- Non-emergent Covered Services that have been preauthorized, if needed, and are rendered at a Contracted Facility where:
 - a Contracted Provider is unavailable
 - a Non-Contracted Provider renders unforeseen Covered Services; or
 - a Non-Contracted Provider renders Covered Services for which you did not give specific consent to the Non-Contracted Provider to render.

BCBSNM will use essentially the same Claims processing rules and/or edits for Non-Contracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any Claim edits or rules for a particular Covered Service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

INTER-PLAN ARRANGEMENTS

Blue Cross and Blue Shield of New Mexico (BCBSNM) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association (“Association”). Whenever you obtain Health Care Services outside of the BCBSNM Service Area, the Claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

Inter-Plan Arrangements link the BCBSNM Provider network with other individual Blue Cross Blue Shield networks across the country to provide you broad access to Contracted Providers. When you receive care outside of the BCBSNM Service Area, you will receive it from one of two types of Providers. Most Providers have a contractual

agreement (i.e., are “Contracted Providers”) with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“Non-Contracted Providers”) don’t contract with the Host Blue. BCBSNM explains below how BCBSNM pays both kinds of Providers.

You always have the choice to receive services from Contracted or Non-Contracted Providers in New Mexico or outside New Mexico, but the difference in the amount you pay may be substantial. When services are received by you outside the State of New Mexico from either Contracted or Non-Contracted Providers, the Host Blue will provide BCBSNM with a Covered Charge based on what it uses for its own local Members for services received from either Contracted or Non-Contracted Providers in the state where the Host Blue is located.

For purposes of the Inter-Plan Arrangements described in this section, “Covered Charge” means the amount that BCBSNM determines is fair and reasonable for a particular covered and Medically Necessary service, as provided to BCBSNM by a Host Blue. After the Members share of the Covered Charge is calculated, BCBSNM will pay the remaining amount of the Covered Charge up to the maximum benefit limitation, if any.

BLUECARD[®] PROGRAM

Services Received from Contracted Providers Outside of New Mexico

Under the BlueCard Program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSNM will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Contracted Providers.

For inpatient Facility services received in a Hospital, the Host Blue’s Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Host Blue’s contractual agreement with the Provider, and the Member will be held harmless for the Provider sanction.

Whenever you access Covered Services outside the BCBSNM service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is based on the lower of:

- The billed charges for your Covered Services; or
- The negotiated price or “allowable amount” that the Host Blue makes available to BCBSNM.

If the services are provided by a Contracted Provider of the Host Blue, the Provider will submit your Claims directly to the Host Blue to determine the allowable amount. BCBSNM will use the allowable amount to determine the Covered Charge so that your Claim can be processed timely. The Covered Charge will be an amount up to but not in excess of the allowable amount the Host Blue has passed on to BCBSNM. Because the services were provided by a Contracted Provider, you will receive the benefit of the payment/rate negotiated by the Host Blue with the Provider. As always, you will be responsible for any applicable Deductible, Copay and/or Coinsurance amounts (“Member Share”). The amount that BCBSNM pays together with your Member Share is the total amount the Contracted Provider has contractually agreed to accept as payment in full for the services you have received.

Often, this “allowable amount” will be a simple discount that reflects an actual price that the Host Blue pays to your Health Care Provider. Sometimes, it is an estimated price that takes into account special arrangements with your Health Care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of Health Care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of past pricing of Claims as noted above. However, such adjustments will not affect the price we use for your Claim because they will not be applied after a Claim has already been paid.

In some cases, BCBSNM may, but is not required to, in its sole discretion, negotiate a payment with a Non-Contracting Health Care Provider on an exception basis.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your liability calculation.

Services Received from a Non-Contracted Provider Outside of New Mexico

If services are provided by a Non-Contracted Provider, the Provider may, but is not required to, submit Claims on your behalf. A Non-Contracted Provider has not negotiated its payments/rates with either the Host Blue or BCBSNM. If the Non-Contracted Provider does not submit Claims on your behalf, you will be required to submit the Claims directly to the Host Blue. You will be subject to balance billing when you receive services from a Non-Contracted Provider. This amount may be significant. “Balance Billing” means that the Non-Contracted Provider may require you to pay any amount that the Provider bills that exceeds the sum of what BCBSNM pays toward the Covered Charge and your Member Share of the Covered Charge.

Member Liability Calculation

- **In General**

Under Inter-Plan Arrangements, when services are received outside the State of New Mexico from a Non-Contracted Provider, the Covered Charge will be determined by the Host Blue servicing area or by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations will be passed on to BCBSNM. BCBSNM will use the Host Blue’s Covered Charge as its Covered Charge so that your Claim can be processed timely. BCBSNM’s Covered Charge will be an amount up to but not in excess of the Covered Charge the Host Blue has passed on to BCBSNM. In addition to being responsible to pay your Member Share, you may be subject to Balance Billing by the Non-Contracted Provider who provided services to you. Before you receive services from a Non-Contracted Provider, you should ask for a written breakdown of all amounts that you will have to pay, including Member Share and Balance Billing amounts for the services you receive. Federal or state law, as applicable, will govern payments for Out-of-Network Emergency services.

- **Exceptions**

In certain situations, BCBSNM may use other payment bases, to determine the amount BCBSNM will pay for services rendered by Non-Contracted Health Care Providers, such as (i) billed charges for Covered Services, (ii) the payment we would make if the Health Care Services had been obtained within our Service Area, (iii) a special negotiated payment, as permitted under the Inter-Plan Arrangements or (iv) for Professional Providers, make a payment based on publicly available data and historic reimbursement to Providers for the same or similar professional services, adjusted for geographical differences where applicable; or (v) for Hospital or Facility Providers, make a payment based on publicly available data reflecting the costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or Facility. In these situations, the Member may be responsible for the difference between the amount that the Non-Contracted Provider bills and the payment BCBSNM will make for the Covered Services as set forth in this paragraph.

INTER-PLAN ARRANGEMENTS: FEDERAL/STATE TAXES/SURCHARGES/FEES

Federal or state laws or regulations may impose a surcharge, tax, or other fee. If applicable, BCBSNM will include any such surcharge, tax or other fee as part of the Claim charge passed on to you.

SPECIAL CASES: VALUE-BASED PROGRAMS

If you received Covered Services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or care coordinator feed that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSNM through average pricing or fee schedule adjustments. Additional information available upon request.

BLUE CROSS BLUE SHIELD GLOBAL CORE

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard Service Area”), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard Service Area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient, and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard Service Area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a Doctor or Hospital) outside the BlueCard Service Area, you should call the service center at 1-800-810-BLUE (2583), or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

For services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine the Covered Charge.

Emergency Care Services

This Plan covers only limited Health Care Services received outside of the United States. As used in this section, “Out-of-Area Covered Services” include Emergency services and Urgent Care obtained outside of the United States. Follow-up care following an Emergency is also available provided the services are approved through Prior Authorization by BCBSNM. Any other services will not be eligible for Benefits unless Prior Authorization is received from BCBSNM.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient Services, except for your cost-share amounts (Deductibles, Coinsurance, etc.). In such cases, the Hospital will submit our Claims to the service center to begin Claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. You must contact BCBSNM to obtain Prior Authorization for non-Emergency Inpatient Services.

- **Outpatient Services**

Outpatient services are available for Emergency Care treatment. Physicians, Urgent Care centers and other outpatient Providers located outside the BlueCard Service Area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard Service Area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International Claim form and send the Claim form with the Provider’s itemized bill(s) to the service center (the address is on the form) to initiate Claim processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from BCBSNM, the service center, or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, 7 days a week.

MEMBER DATA SHARE

You may, under certain circumstances as specified below, apply for and obtain, subject to any applicable terms and conditions, replacement coverage. The replacement coverage will be that which is offered by BCBSNM, a division of Health Care Service Corporation, or, if you do not reside in the BCBSNM service area, by the Host Blue whose service area covers the geographic area in which you reside. The circumstances mentioned above may arise in various ways, such as from involuntary termination of your health coverage sponsored by the Subscriber. As part of the overall plan of benefits that BCBSNM offers to you if you do not reside in the BCBSNM service area, BCBSNM

may facilitate your right to apply for and obtain such replacement coverage, subject to applicable eligibility requirements, from the Host Blue in which you reside. To do this, BCBSNM may (1) communicate directly with you and/or (2) provide the Host Blues whose service area covers the geographic area in which you reside with your personal information and may also provide other general information relating to your coverage under the Plan the Subscriber has with BCBSNM to the extent reasonably necessary to enable the relevant Host Blues to offer you coverage continuity through replacement coverage.

COMPLAINTS AND APPEALS; SUMMARY OF PROCEDURES

If you want to make an oral complaint or file a written appeal about a Claims payment or denial, a Prior Authorization denial, the termination of your coverage (other than due to nonpayment of premium), or any other issue, a BCBSNM Customer Service Advocate is available to assist you. You will not be subject to retaliatory action by BCBSNM for making a complaint or filing an appeal.

IMPORTANT: Within **180 days** after you receive notice of a BCBSNM decision on, for example, a Claim, a Prior Authorization request, the quality of care you receive, or the termination of your coverage, call or write BCBSNM Customer Service and explain your reasons for disagreeing with the decision. **If you do not submit the request for internal review within the 180-day period, you waive your right to internal review as described in this section,** unless you can satisfy BCBSNM that matters beyond your control prevented you from timely filing request.

Many complaints or problems can be handled informally by calling, writing, or e-mailing BCBSNM Customer Service. If you are not satisfied with the initial response, you can request internal review as described in the detailed *Appendix B: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans* notice applicable to your health plan you should have received in your enrollment packet (or included in the back of your booklet).

BCBSNM Contacts for Appeals

SECTION 9: GENERAL PROVISIONS

AVAILABILITY OF PROVIDER SERVICES

BCBSNM does not guarantee that a certain type of room or service will be available at any Hospital or other Facility within the BCBSNM network, nor that the services of a particular Hospital, Physician, or Other Provider will be available.

CATASTROPHIC EVENTS

In case of fire, flood, war, civil disturbance, court order, strike, or other cause beyond BCBSNM's control, BCBSNM may be unable to process Claims or provide Prior Authorization for services on a timely basis. If due to circumstances not within the control of BCBSNM or a Network Provider (such as partial or complete destruction of facilities, war, riot, disability of a Network Provider, or similar case), BCBSNM and the Provider will have no liability or obligation if medical services are delayed or not provided. BCBSNM and its Network Providers will, however, make a good-faith effort to provide services.

CHANGES TO THE BENEFIT BOOKLET

No employee of BCBSNM may change this Benefit Booklet by giving incomplete or incorrect information, or by contradicting the terms of this Benefit Booklet. Any such situation will not prevent BCBSNM from administering this Benefit Booklet in strict accordance with its terms. See the inside back cover for further information.

DISCLAIMER OF LIABILITY

Managed Health Care Plans — A "Managed Health Care Plan" is a health plan that requires a Member to use, or encourages a Member to use, a "Network" Provider (your Provider network is determined by the type of health plan you have). Your health plan may require you to use Network Providers in order to receive benefits. Your health plan may provide a higher level of benefit for In-Network services. Therefore, your choice of Provider under a Managed Health Care Plan determines the amount and kind of **benefits** you receive under your health care plan. **Your BCBSNM health plan does not prevent you from choosing to receive services from a Provider outside the network.** The choice of Provider is still up to you - but the health plan is not obligated to provide benefits for every service you seek to receive. You may receive no benefits for services received outside the network. Check *Section 3: How Your Plan Works* and your *Summary of Benefits* to find out what your benefits are In-Network and Out-of-Network.

Maternity/Pregnancy-Related — Any condition that is related to pregnancy. APPENDIX A: CONTINUATION COVERAGE RIGHTS UNDER COBRA

This notice contains important information about your possible right to COBRA continuation coverage, which is a temporary extension of coverage under this Group Health Care Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), for certain larger Group employers. COBRA continuation coverage may be available to you and to other Members of your family who are covered under the health care plan when you would otherwise lose your Group health coverage. Contact your employer to determine if you or your Group are eligible for COBRA continuation coverage.

This notice generally explains:

- COBRA continuation coverage;
- when it may become available to you and your family if your Group is subject to the provisions of COBRA; and
- what you need to do to protect your right to receive it.

This notice gives only a summary of COBRA continuation coverage rights. For more information about the rights and obligations under the Plan and under federal law, contact the Plan Administrator or see *Section 2: Enrollment and Termination Information* of this Benefit Booklet.

The Plan Administrator of the Plan is named by the employer or by the Group health plan. Either the Plan Administrator or a third party named by the Plan Administrator is responsible for administering COBRA continuation coverage. Contact your Plan Administrator for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

COBRA CONTINUATION COVERAGE

COBRA continuation coverage is a continuation of health care plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the health care plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and Eligible Children of employees may be qualified beneficiaries. Under the Plan, generally most qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Contact the employer and/or COBRA administrator for specific information for your Plan.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- your hours of employment are reduced; or
- your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- your spouse dies;
- your spouse’s hours of employment are reduced;
- your spouse’s employment ends for any reason other than his or her gross misconduct;
- your spouse becomes enrolled in Medicare (Part A, Part B or both); or
- you become divorced or legally separated from your spouse.

Your Eligible Children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens and if your Group is subject to the provisions of COBRA:

- the parent-employee dies;
- the parent-employee’s hours of employment are reduced;
- the parent-employee’s employment ends for any reason other than his or her gross misconduct;

- the parent-employee becomes enrolled in Medicare (Part A, Part B or both);
- the parents become divorced or legally separated; or
- the child stops being eligible for coverage under the Plan as an “Eligible Child”.

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retiree covered under the Plan, the retiree is a qualified beneficiary with respect to the bankruptcy. The retiree’s spouse, surviving spouse and Eligible Children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred.

The employer must notify the Plan Administrator **within 30 days** when the qualifying event is:

- the end of employment;
- the reduction of hours of employment;
- the death of the employee;
- with respect to a retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer; or
- the enrollment of the employee in Medicare (Part A, Part B or both).

For the other qualifying events (divorce or legal separation of the employee and spouse or an Eligible Child losing eligibility for coverage as an Eligible Child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator **within 60 days** after the qualifying event occurs. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost.

COBRA continuation coverage is a temporary continuation of coverage. COBRA continuation coverage may last for up to 36 months when the qualifying event is:

- the death of the employee;
- the enrollment of the employee in Medicare (Part A, Part B or both);
- your divorce or legal separation; or
- an Eligible Child losing eligibility as an Eligible Child.

When the qualifying event is the end of employment or reduction in hours of employment, COBRA continuation coverage lasts for **up to 18 months**. There are two ways in which this 18-month period of COBRA continuation can be extended:

Disability Extension of 18-month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during **the first 60 days** of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive **up to an additional 11 months** of COBRA continuation coverage, **for a total maximum of 29 months**. You must make sure that your Plan Administrator is notified of the Social Security Administration’s determination **within 60 days** of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and Eligible Children in your family can get additional months of COBRA continuation coverage, **up to a maximum of 36-months**. This extension is available to the spouse and Eligible Children if the former employee dies, enrolls in Medicare (Part A, Part B or both), or gets divorced or legally separated. The extension is also available to an Eligible Child when that child stops being eligible under the Plan as an Eligible Child.

In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event **within 60 days** of the second qualifying event. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

IF YOU HAVE QUESTIONS

If you have questions about COBRA continuation coverage, contact the Plan Administrator or the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site at www.dol.gov/ebsa.

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to your Plan Administrator.

PLAN CONTACT INFORMATION

Contact your employer for the name, address and telephone number of the party responsible for administering your COBRA continuation coverage.

Summary of Health Insurance Grievance Procedures

This is a summary of the process you must follow when you request a review of a decision by BCBSNM. You will be provided with detailed information and complaint forms by BCBSNM at each step. In addition, you can review the complete New Mexico regulations that control the process under the **Managed Health Care Bureau** page found under the **Departments** tab on the Office of Superintendent of Insurance (OSI) website, located at www.osi.state.nm.us. You may also request a copy from BCBSNM at:

State of New Mexico DSU, Grievance Coordinator

Mailing Address: P.O. Box 27630

Albuquerque, New Mexico 87125-7630

Telephone (toll-free): (877) 994-2583

Email: sonmcorr@bcbnsnm.com

Fax: (505) 889-2601

or from OSI by calling 1-505 827-4601 or toll free at 1-855-427-5674.

What types of decisions can be reviewed?

You may request a review of two different types of decisions:

Adverse determination: You may request a review if BCBSNM has denied Pre-authorization (certification) for a proposed procedure, has denied full or partial payment for a procedure you have already received, or is denying or reducing further payment for an ongoing procedure that you are already receiving and that has been previously covered. (BCBSNM must notify you *before* terminating or reducing coverage for an ongoing course of treatment, and must continue to cover the treatment during the appeal process.) This type of denial may also include a refusal to cover a service for which benefits might otherwise be provided because the service is determined to be experimental, investigational, or not Medically Necessary or appropriate. It may also include a denial by BCBSNM of a participant's or beneficiary's eligibility to participate in a plan. These types of denials are collectively called "**adverse determinations.**"

Administrative decision: You may also request a review if you object to how BCBSNM handles other matters, such as its administrative practices that affect the availability, delivery, or quality of health care services; claims payment, handling or reimbursement for health care services; or if your coverage has been terminated.

Review of an Adverse Determination

How does pre-authorization for a health care service work?

When BCBSNM receives a request to pre-authorize (certify) payment for a healthcare service (service) or a request to reimburse your healthcare Provider (provider) for a service that you have already had, it follows a two-step process.

Coverage: First, BCBSNM determines whether the requested service is covered under the terms of your health benefits plan (policy). For example, if your policy excludes payment for adult hearing aids, then BCBSNM will not agree to pay for you to have them even if you have a clear need for them.

Medical Necessity: Next, if BCBSNM finds that the requested service is covered by the policy, BCBSNM determines, in consultation with a physician, whether a requested service is Medically Necessary. The consulting physician determines Medical Necessity either after consultation with specialists who are experts in the area or after application of uniform standards used by BCBSNM. For example, if you have a crippling hand injury that could be corrected by plastic surgery and you are also requesting that BCBSNM pay for cosmetic plastic surgery to give you a more attractive nose, BCBSNM might certify the first request to repair your hand and deny the second, because it is not Medically Necessary.

Depending on terms of your policy, BCBSNM might also deny certification if the service you are requesting is outside the scope of your policy. For example, if your policy does not pay for experimental procedures, and the service you are requesting is classified as experimental, BCBSNM may deny certification. BCBSNM might also deny

certification if a procedure that your provider has requested is not recognized as a standard treatment for the condition being treated.

IMPORTANT: If BCBSNM determines that it will not certify your request for services, you may still go forward with the treatment or procedure. **However**, you will be responsible for paying the Provider yourself for the services.

How long does initial certification take?

Standard decision: BCBSNM must make an initial decision within 5 working days. However, BCBSNM may extend the review period for a maximum of 10 Calendar days if it: (1) can demonstrate reasonable cause beyond its control for the delay; (2) can demonstrate that the delay will not result in increased medical risk to you; and (3) provides a written progress report and explanation for the delay to you and your provider within the original 5 working day review period.

What if I need services in a hurry?

Urgent Care Situation: An **urgent care situation** is a situation in which a decision from BCBSNM is needed quickly because: **(1)** delay would jeopardize your life or health; **(2)** delay would jeopardize your ability to regain maximum function; **(3)** the physician with knowledge of your medical condition reasonably requests an expedited decision; **(4)** the physician with knowledge of your medical condition, believes that delay would subject you to severe pain that cannot be adequately managed without the requested care or treatment; or **(5)** the medical demands of your case require an expedited decision.

If you are facing an urgent care situation **or** BCBSNM has notified you that payment for an ongoing course of treatment that you are already receiving is being reduced or discontinued, you or your provider may request an expedited review and BCBSNM must either certify or deny the initial request quickly. BCBSNM must make its initial decision in accordance with the medical demands of the case, but within 24 hours after receiving the request for an **expedited** decision.

If you are dissatisfied with BCBSNM's initial expedited decision in an urgent care situation, you may then request an **expedited review** of the decision by both BCBSNM and an external reviewer called an Independent Review Organization (IRO). When an **expedited** review is requested, BCBSNM must review its prior decision and respond to your request within 72 hours. If you request that an IRO perform an expedited review simultaneously with BCBSNM's review and your request is eligible for an IRO review, the IRO must also provide its expedited decision within 72 hours after receiving the necessary release of information and related records. If you are still dissatisfied after the IRO completes its review, you may request that the Superintendent review your request. This review will be completed within 72 hours after your request is complete.

The internal review, the IRO review, and the review by the Superintendent are described in greater detail in the following sections.

IMPORTANT: If you are facing an Emergency, you should seek medical care immediately and then notify BCBSNM as soon as possible. BCBSNM will guide you through the Claims process once the emergency has passed.

When will I be notified that my initial request has been either certified or denied?

If the initial request is approved, BCBSNM must notify you and your Provider within 1 working day after the decision, unless an urgent matter requires a quicker notice. If BCBSNM denies certification, BCBSNM must notify you and the provider within 24 hours after the decision.

If my initial request is denied, how can I appeal this decision?

If your initial request for services is denied or you are dissatisfied with the way BCBSNM handles an administrative matter, you will receive a detailed written description of the grievance procedures from BCBSNM as well as forms and detailed instructions for requesting a review. You may submit the request for review either orally or in writing depending on the terms of your policy. BCBSNM provides representatives who have been trained to

assist you with the process of requesting a review. This person can help you to complete the necessary forms and with gathering information that you need to submit your request. For assistance, contact BCBSNM's as follows:

Who can request a review?

A review may be requested by you as the patient, your provider, or someone that you select to act on your behalf. The patient may be the actual subscriber or a dependent who receives coverage through the subscriber. The person requesting the review is called the “**grievant**.”

Appealing an adverse determination – first level review

If you are dissatisfied with the initial decision by BCBSNM, you have the right to request that the decision be reviewed by its medical director. The medical director may make a decision based on the terms of your policy, may choose to contact a specialist or the provider who has requested the service on your behalf, or may rely on BCBSNM's standards or generally recognized standards.

How much time do I have to decide whether to request a review?

You must notify BCBSNM that you wish to request an internal review within **180 days** after the date you are notified that the initial request has been denied.

What do I need to provide? What else can I provide?

If you request that BCBSNM review its decision, BCBSNM will provide you with a list of the documents you need to provide and will provide to you all of your records and other information the medical director will consider when reviewing your case. You may also provide additional information that you would like to have the medical director consider, such as a statement or recommendation from your doctor, a written statement from you, or published clinical studies that support your request.

How long does a first level internal review take?

Expedited review. If a review request involves an Urgent Care situation, BCBSNM must complete an expedited internal review as required by the medical demands of the case, but in no case later than 72 hours from the time the internal review request was received.

Standard review. BCBSNM must complete both the medical director's review and (if you then request it) BCBSNM's internal panel review within 30 days after receipt of your pre-service request for review or within 60 days if you have already received the service. The medical director's review generally takes only a few days.

The medical director denied my request - now what?

If you remain dissatisfied after the medical director's review, you may either request a review by a panel that is selected by BCBSNM or you may skip this step and ask that your request be reviewed by an IRO that is appointed by the Superintendent.

- If you ask to have your request reviewed by BCBSNM's panel, then you have the right to appear before the panel in person or by telephone or have someone, (including your attorney), appear with you or on your behalf. You may submit information that you want the panel to consider, and ask questions of the panel members. Your health provider may also address the panel or send a written statement.
- If you decide to skip the panel review, you will have the opportunity to submit your information for review by the IRO, but you will not be able to appear in person or by telephone. OSI can assist you in getting your information to the IRO.

IMPORTANT: If you are covered under the NM State Healthcare Purchasing Act, you may NOT request an IRO review if you skip the panel review.

How long do I have to make my decision?

If you wish to have your request reviewed by BCBSNM's panel, you must inform BCBSNM within **5 days** after you receive the medical director's decision. If you wish to skip panel review and have your matter go directly to the IRO, you must inform OSI of your decision within **4 months** after you receive the medical director's decision.

What happens during a panel review?

If you request that BCBSNM provide a panel to review its decision, BCBSNM will schedule a hearing with a group of medical and other professionals to review the request. If your request was denied because BCBSNM felt the requested services were not Medically Necessary, were experimental or were investigational, then the panel will include at least one specialist with specific training or experience with the requested services.

BCBSNM will contact you with information about the panel's hearing date so that you may arrange to attend in person or by telephone, or arrange to have someone attend with you or on your behalf. You may review all of the information that BCBSNM will Provide to the panel and submit additional information that you want the panel to consider. If you attend the hearing in person or by telephone, you may ask questions of the panel members. Your medical Provider may also attend in person or by telephone, may address the panel, or send a written statement.

BCBSNM's internal panel must complete its review within 30 days following your original request for an internal review of a request for pre-certification or within 60 days following your original request if you have already received the services. You will be notified within 1 day after the panel decision. If you fail to provide records or other information that BCBSNM needs to complete the review, you will be given an opportunity to provide the missing items, *but the review process may take much longer and you will be forced to wait for a decision.*

Hint: If you need extra time to prepare for the panel's review, then you may request that the panel be delayed for a maximum of 30 days.

(Note: You may contact **State of New Mexico** at any time during the internal review process.) Upon receipt of your complaint, the **State of New Mexico** will review the case and respond to the parties involved within 30 days. If your situation requires expedited review, a response will be provided within 48 hours of receipt by **State of New Mexico** of the complaint. Your complaint should be submitted to:

General Services Department, Risk Management Division, Employee Benefits Bureau
1100 St. Francis, Room 2073
P.O. Box 6850
Santa Fe, New Mexico 87502
Phone number: (505) 827-2036
Fax: (505) 827-2843

If I choose to have my request reviewed by the BCBSNM's panel, can I still request the IRO review?

Yes. If your request has been reviewed by the BCBSNM's panel and you are still dissatisfied with the decision, you will have **4 months** to request a review by an IRO.

What's an IRO and what does it do?

An IRO is a certified organization appointed by OSI to review requests that have been denied by an insurer. The IRO employs various medical and other professionals from around the country to perform reviews. Once OSI selects and appoints an IRO, the IRO will assign one or more professionals who have specific credentials that qualify them to understand and evaluate the issues that are particular to a request. Depending on the type of issue, the IRO may assign a single reviewer to consider your request, or it may assign a panel of reviewers. The IRO must assign reviewers who have no prior knowledge of the case and who have no close association with BCBSNM or with you. The reviewer will consider all of the information that is provided by BCBSNM and by you. (OSI can assist you in getting your information to the IRO.) In making a decision, the reviewer may also rely on other published materials, such as clinical studies.

The IRO will report the final decision to you, your Provider, BCBSNM, and to OSI. BCBSNM must comply with the decision of the IRO. If the IRO finds that the requested services should be provided, then BCBSNM must provide them.

The IRO's fees are billed directly to BCBSNM – there is no charge to you for this service.

How long does an IRO review take?

The IRO must complete the review and report back within 20 days after it receives the information necessary for the review. (However, if the IRO has been asked to provide an expedited review regarding an urgent care matter, the IRO must report back within 72 hours after receiving all of the information it needs to review the matter.)

Review by the Superintendent of Insurance

If you remain dissatisfied after the IRO's review, you may still be able to have the matter reviewed by the Superintendent. You may submit your request directly to OSI, and if your case meets certain requirements, a hearing will be scheduled. You will then have the right to submit additional information to support your request and you may choose to attend the hearing and speak. You may also ask other persons to testify at the hearing. The Superintendent may appoint independent co-hearing officers to hear the matter and to provide a recommendation.

The co-hearing officers will provide a recommendation to the Superintendent within 30 days after the hearing is complete. The Superintendent will then issue a final order.

There is no charge to you for a review by the Superintendent of Insurance and any fees for the hearing officers are billed directly to BCBSNM. However, if you arrange to be represented by an attorney or your witnesses require a fee, you will need to pay those fees.

Review of an Administrative Decision

How long do I have to decide if I want to appeal and how do I start the process?

If you are dissatisfied with an initial administrative decision made by BCBSNM, you have a right to request an internal review within **180 days** after the date you are notified of the decision. BCBSNM will notify you within 3 days after receiving your request for a review and will review the matter promptly. You may submit relevant information to be considered by the reviewer.

How long does an internal review of an Administrative Decision take?

BCBSNM will mail a decision to you within 30 days after receiving your request for a review of an administrative decision.

Can I appeal the decision from the internal reviewer?

Yes. You have **20 days** to request that BCBSNM form a committee to reconsider its administrative decision.

What does the reconsideration committee do? How long does it take?

When BCBSNM receives your request, it will appoint two or more members to form a committee to review the administrative decision. The committee members must be representatives of the company who were not involved in either the initial decision or the internal review. The committee will meet to review the decision within 15 days after BCBSNM receives your request. You will be notified at least 5 days prior to the committee meeting so that you may provide information, and/or attend the hearing in person or by telephone.

If you are unable to prepare for the committee hearing within the time set by BCBSNM, you may request that the committee hearing be postponed for up to 30 days.

The reconsideration committee will mail its decision to you within 7 days after the hearing.

State of New Mexico Grievance Review Procedures

If you are not satisfied with BCBSNM's internal review decision, you may file a complaint with **State of New Mexico** within 30 days after BCBSNM's internal review decision. (Note: You may contact **State of New Mexico** at any time during the internal review process.) Upon receipt of your complaint, the **State of New Mexico** will review the case and respond to the parties involved within 30 days. If your situation requires expedited review, a response will be provided within 48 hours of receipt by **State of New Mexico** of the complaint. Your complaint should be submitted to:

General Services Department, Risk Management Division, Employee Benefits Bureau
1100 St. Francis, Room 2073
P.O. Box 6850
Santa Fe, New Mexico 87502
Phone number: (505) 827-2036
Fax: (505) 827-2843

How can I request an external review?

If you are dissatisfied with the reconsideration committee's decision, you may ask the Superintendent to review the matter within **20 days** after you receive the written decision from BCBSNM or the Executive Director. You may submit the request to OSI using forms that are provided by BCBSNM. Forms are also available on the OSI website located at www.osi.state.nm.us. You may also call OSI to request the forms at (505) 827-4601 or toll free at 1-(855)-427-5674.

How does the external review work?

Upon receipt of your request, the Superintendent will request that both you and BCBSNM submit information for consideration. BCBSNM has 5 days to provide its information to the Superintendent, with a copy to you. You may also submit additional information including documents and reports for review by the Superintendent. The Superintendent will review all of the information received from both you and BCBSNM and issue a final decision within 45 days. If you need extra time to gather information, you may request an extension of up to 90 days. Any extension will cause the review process and decision to take more time.

AMENDMENTS

BENEFIT BOOKLET

NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the Benefit Booklet to which this Amendment is attached and becomes a part of the Benefit Booklet. Unless otherwise required by Federal or New Mexico law, in the event of a conflict between the terms on this Amendment and the terms of the Benefit Booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The Benefit Booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the Benefit Booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the Benefit Booklet.

II. Federal No Surprises Act

1. Definitions

The definitions below apply only to this No Surprises Act Amendment. To the extent the same terms are defined in both the Benefit Booklet and this Amendment, those terms will apply only to their use in the Benefit Booklet or this Amendment, respectively.

“Air Ambulance Services” means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

“Emergency Medical Condition” means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

“Emergency Services” means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:
 1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
 2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
 3. You have provided informed consent.

“Non-Participating Provider” means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with Blue Cross and Blue Shield of New Mexico (BCBSNM) for furnishing such item or service under the Plan to which this Amendment is attached.

“Non-Participating Emergency Facility” means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan to which this Amendment is attached.

“Participating Provider” means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a

preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Participating Facility” means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. 2. Federal No Surprises Act Surprise Billing Protections

a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or Out-of-Pocket Limit, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.
