1 Benefits reduced when out-of-network providers are used. This is a summary of benefit highlights only.  
 2 The standard per person deductible and out-of-pocket maximum for this plan are shown. You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Deductibles do not apply to services for which only copays are charged. Based on your income and family status you may qualify for one of three lower deductible levels. You will be able to see if you qualify and what your premium, deductible and out-of-pocket costs will be before you make a decision to enroll.  
 3 Members may have lower out-of-pocket costs for some services provided by non-emergency freestanding outpatient facilities than the out-of-pocket costs for services provided in a hospital setting. See your Summary of Benefits and Coverage for additional details.

 5 Prescription benefit coverage starts after annual medical deductible has been met, not counting copays. Retail stores in the Preferred Pharmacy Network offer members prescriptions with a lower possible copay amount.  
 6 Prescription drug payment level tiers: Preferred Generic / Non-Preferred Generic / Preferred Brand / Non-Preferred Brand / Preferred Specialty / Non-Preferred Specialty. Specialty drug coinsurance is not subject to deductible.  
 7 Home delivery is not available for Preferred and Non-Preferred Specialty tier drugs. Drugs in these tiers are limited to a 30-day supply. Coverage limitations may apply to certain medications.
