## SECTION 1: HOW TO USE THIS BENEFIT BOOKLET

This Benefit Booklet describes the medical/surgical, Prescription Drug, and Mental Disorder/Chemical Dependency coverage available to Members of this Health Care Plan and the Plan's benefit limitations and exclusions, in addition to providing information about how to enroll and add Eligible Family Members to coverage, what happens when Plan coverage terminates, how to file a Claim or an appeal, and what to do if you have other health care coverage. Please read this booklet carefully.

- Always carry your current Plan Identification Card issued by BCBSNM. When you arrive at the Provider's office or at the Hospital, show the receptionist your Plan Identification Card.
- To find Doctors and Hospitals nearby, you may use the Internet, make a phone call, or request a hard copy of a directory from BCBSNM. See details in *Section 3: How Your Plan Works*.
- Call BCBSNM (or the Behavioral Health Unit) for Prior Authorization, if necessary. The phone numbers are on your Plan Identification Card. See *Section 4: Utilization Management* for details about the Prior Authorization process.
- Please read this Benefit Booklet and familiarize yourself with the details of your Plan *before* you need services. Doing so could save you time and money.
- **In an Emergency, call 911 or go directly to the nearest Hospital.**

## DEFINITIONS

Throughout this Benefit Booklet, many words are used that have a specific meaning when applied to your health care coverage. When you come across these terms while reading this Benefit Booklet, please refer to *Section 10: Definitions*, for an explanation of the limitations or special conditions that may apply to your benefits.

## SUMMARY OF BENEFITS AND COVERAGE (SBC)

The Summary of Benefits and Coverage is referred to as the *Summary of Benefits* throughout this Benefit Booklet. The *Summary of Benefits* shows specific Member cost-sharing amounts and coverage limitations of your Plan. If you do not have a *Summary of Benefits*, please contact a BCBSNM Customer Service Advocate (the phone number is at the bottom of each page of this Benefit Booklet). You will receive a new *Summary of Benefits* if changes are made to your Health Care Plan.

## IDENTIFICATION (ID) CARD

You will receive a BCBSNM Identification (ID) Card. The Identification Card contains your "Group" number and your identification number (including an alpha prefix) and tells Providers that you are entitled to benefits under this Health Care Plan with BCBSNM. The Identification Card provides the information needed when you require Health Care Services, including Mental Disorder/Chemical Dependency services and Prescription Drugs, or when contacting a Customer Service Advocate.

Carry it with you. Have your Identification Card handy when you call for an appointment and show it to the receptionist when you sign in for an appointment. (If you are covered by Medicare, have both your Medicare Identification Card and your UNMH Plan Identification Card handy when you call.) The card will show the most common Copayments under the Plan (such as for office visits, Emergency room services, and your Drug Plan Copayments.) Do not let anyone who is not named in your coverage use your card to receive benefits. If you need an additional card or need to replace a lost card, contact a BCBSNM Customer Service Advocate.

## PROVIDER NETWORK DIRECTORY

In order to receive benefits for non-Emergency services, you need to use Providers who are in the BCBSNM HMO-Participating Provider network. (You have coverage for Nonparticipating Provider services only during an Emergency, when referred to a Nonparticipating provider by BCBSNM, because it has been determined that medically necessary covered services are not reasonably available, or otherwise when Prior Authorization has been obtained due to Medical Necessity.)

The Provider network directory is available through the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com). It lists all Providers and their qualifications in the Preferred Provider Network and Participating Pharmacies.

Since it is your responsibility to determine if a Provider is a **UNMH** Preferred Provider network or not, BCBSNM has made every effort to assist you with finding a Preferred Provider. The entire Provider network is available through the Internet or you can request a paper copy of the Preferred Provider directory from a Customer Service Advocate; it will be mailed to you free of charge. There are also toll-free phone numbers to call if you are out of the country and need Covered Services. The Provider network directory lists all Providers in the Standard Network and Participating Pharmacies. **Note:** Although Provider directories are current as of the date shown at the bottom of each page, they can change without notice. To verify a Provider's status or if you have any questions about the directory, contact a Customer Service Advocate or visit [www.bcbsnm.com](http://www.bcbsnm.com).

Always use a Preferred Provider to make sure you receive the highest level of benefits. If you are receiving services from a Nonpreferred Provider or from a Preferred Provider that contracts with a BCBS Plan outside New Mexico, you must ensure that you receive Prior Authorization for certain services (see Section 4 for a list of services needing Prior Authorization). The phone number to call is also on your BCBSNM Plan ID Card.

## **DRUG PLAN BENEFITS**

BCBSNM has contracted with a separate Pharmacy Benefit Manager to administer your outpatient Drug Plan Benefits. In addition to your Benefit Booklet, you will be sent important information about your Drug Plan Benefits.

## **BLUECARD® PROGRAM**

As a Member of a HMO health plan administered by BCBSNM, you take your health plan benefits with you for Urgent Care Services across the country and around the world. You do not need to see a BlueCard® Participating Provider to obtain Out-of-Network Emergency Care Services. The BlueCard® Program gives you access to Preferred Providers almost everywhere you travel or live. Almost 90 percent of Physicians in the United States contract with Blue Cross and Blue Shield (BCBS) Plans. You and your Eligible Family Members can receive the Preferred Provider level of benefits – even when traveling or living outside New Mexico – by using Health Care Providers that contract as Preferred Providers with their local BCBS Plan. Instructions for locating a Preferred Provider outside New Mexico can be found on the BCBSNM website.

## **LIMITATIONS AND EXCLUSIONS**

Each provision in *Section 5: Covered Services* not only describes what is covered, but may list some limitations and exclusions that specifically relate to a particular type of service. *Section 6: General Limitations and Exclusions* lists limitations and exclusions that apply to *all* services.

## **PRIOR AUTHORIZATION**

### **Prior Authorization Requirement**

Certain types of care require Prior Authorization by us. This means that you or your Provider must ask us to approve the care before you receive it.

A complete and current list of the services and prescription drugs that are subject to a Prior Authorization requirement can be found in your Plan Benefit Booklet or by contacting Custom Services at the number on the back of your ID card.

We may decline payment for unauthorized care. If your Provider is in-network, and you did not agree to receive unauthorized care, your Provider cannot bill you for the care. If you received unauthorized care from a Provider who is not in-network, you may be fully responsible for the resulting bills.

*We do not require Prior Authorization for:*

- Emergency services
- Contraception services that are not subject to any cost-sharing; or
- An obstetrical or gynecological ultrasound

*However*, we require authorization for continued in-patient care if you are admitted to a hospital for emergency treatment, but your condition is stabilized. You or your Provider must notify us within 48 hours from when you begin receiving emergency in-patient treatment. If your condition makes it impossible to call within 48 hours, call as soon as possible after the emergency ends and your condition stabilizes.

## **Prior Authorization Process**

Your in-network Provider is responsible for knowing what care requires Prior Authorization, and for submitting a Prior Authorization request to us.

We will give any Provider access to all necessary forms and instructions for making the request. An out-of-network Provider is not required to submit a Prior Authorization request for you. If you visit one of these Providers, and that Provider will not submit a Prior Authorization request, you may submit a Prior Authorization request on your behalf, or on behalf of a dependent. We will help you obtain required documents and show you the guidelines that apply to the request. However, because your Provider should be able to gather required information and submit it sooner, we encourage you to have your Provider request Prior Authorization whenever possible.

## **Prior Authorization Review Timelines**

If you do not deny a complete Prior Authorization request within these time frames the request is automatically approved:

- **Urgent Care or Prescription Drugs** – If you require urgent medical care, behavioral health care or a prescription drug, we will resolve the request within 24 hours.
- **Non-Urgent Medicine** – if you do not have an urgent need for a prescription drug, we will resolve the request within three business days if your Provider:
  - Uses the Prior Authorization request form approved by the New Mexico Office of Superintendent of Insurance.
  - Requests an exception from an established step therapy process; or
  - Requests to prescribe a drug that we do not usually cover.
- **Other Requests** – We will resolve all requests within seven (7) business days.

Meeting these time frames depends on our receipt of sufficient information to evaluate the request. Our utilization management staff can answer questions your Provider might have concerning required information or any aspect of the request submission process. If we require additional information to evaluate a request, we will request it from your Provider. Your Provider will have at least 4 hours to provide requested information in connection with an urgent Prior Authorization request, and at least two calendar days for any other type of request.

## **Why We Review**

Our review of a Prior Authorization request will determine if the proposed care involved a covered service, is Medically Necessary and whether an alternative type of care should be persuaded instead of, or before, the requested care. Our decisions concerning medical necessity and care alternatives will be guided by current clinical care standard and will be made by the appropriate medical professional.

Prior Authorization does not guarantee payment. We are not required to pay for an authorized service if your coverage ends before you receive the service.

## **After Care Review**

If you received care without a required Prior Authorization, we may allow your Provider to request authorization retrospectively. Our utilization management team will assist your Provider in the submission of a retrospective authorization request. However, we do not routinely authorize care retrospectively. To avoid uncertainty, it is always best to request Prior Authorization.

## **Behavioral Health Care**

Requests for behavioral health care and prescriptions are subject to the same prior and retroactive authorization processes and timelines as requests for medical care and prescriptions.

## Authorized Denial

We will inform you in writing if we deny a prior or retroactive authorization request. Our notice to you will explain why we denied the request and will provide you with instructions for disputing our decision if you disagree. A summary of the dispute resolution process can be found in the Claims Payments and Appeals section of your Plan Benefit Booklet. You have a right to request information about the guidance we followed to deny your request, even if you do not dispute our decision.

## IN-NETWORK BENEFIT ONLY

Some services are eligible for benefits **only** when received from Preferred Providers. Refer to your *Summary of Benefits* for specific details.

## PRIOR AUTHORIZATION REQUIRED

To receive full benefits for some non-Emergency Admissions and certain medical/surgical Services, you or your Provider must call the BCBSNM Health Services department at 505-291-3585 or toll-free at 1-800-325-8334 **before** you receive treatment. Prior Authorization for non-emergent services performed in an emergency room may be obtained within 48 hours of Admission or, if the patient's condition makes it impossible to call within 48 hours, as soon as possible. **If you do not call and receive Prior Authorization before receiving non-Emergency services, benefits for services may be denied.** Call Monday through Friday, 8 A.M. to 5 P.M., Mountain Standard Time. See *Section 4: Utilization Management* for details. **Note:** Call Customer Service if you need Prior Authorization assistance after 5 P.M.

### Emergency/Maternity Admission Notification

To receive full benefits for Emergency Hospital Admissions, you (or your Provider) should notify BCBSNM **within 48 hours** of Admission, or as soon as reasonably possible following Admission. Call BCBSNM's Health Services department, at 505-291-3585 or toll-free at 1-800-325-8334, Monday through Friday, 8 A.M. to 5 P.M., Mountain Standard Time. Also, if you have a routine delivery and stay in the Hospital **more than 48 hours**, or if you have a C-section delivery and stay in the Hospital **more than 96 hours**, you must call BCBSNM for Prior Authorization before you are discharged.

### Written Request Required

For services subject to Prior Authorization you or your Provider should send the request, along with appropriate documentation, to:

**Blue Cross and Blue Shield of New Mexico**  
**Attn: Health Services Department**  
**P.O. Box 27630**  
**Albuquerque, NM 87125-7630**

Please ask your Health Care Provider to submit your request early enough to ensure that there is time to process the request before the date you are planning to receive services.

## PRIOR AUTHORIZATION OF BEHAVIORAL HEALTH CARE

To receive full benefits for some non-Emergency Inpatient and specified outpatient Mental Disorder and Chemical Dependency services you or your Provider must call the Behavioral Health Unit (BHU) at the phone number below (also listed on the back of your Identification Card) before you receive treatment. Services performed in an Emergency room may be approved through Prior Authorization within 48 hours of Admission or, if the patient's condition makes it impossible to call within 48 hours, as soon as possible. The BHU will coordinate Covered Services with an In-Network Provider near you. **If you do not call and receive Prior Authorization before receiving non-Emergency services, benefits for services may be denied.** Call 7 days a week, 24 hours a day:

**Toll-Free Phone Number: 1-888-898-0070**

For Standards and Requirements surrounding Prior Authorizations obtained by BHU, please visit:

[BCBSNM.com/provider/standards-requirements/standards/provider-reference-manual](http://BCBSNM.com/provider/standards-requirements/standards/provider-reference-manual)

## **PRIOR AUTHORIZATION AND COMPLAINT/Appeal PROCEDURES**

## **HEALTH AND WELLNESS MAINTENANCE AND IMPROVEMENT PROGRAMS**

BCBSNM and your employer have the right to offer programs for the purposes of medical management programs, quality improvement programs, and health behavior wellness, maintenance or improvement over and above the standard benefits provided by this plan. These programs may allow for a reward, a contribution, a disincentive, a differential in premiums or a differential in medical, Prescription Drug or equipment, Copayment, Coinsurance, Deductibles or costs, or a combination of incentives and/or disincentives for participating in any program offered or administered by BCBSNM or any retailer, Provider, or manufacturer chosen by BCBSNM to administer such program. Discounted programs for various health behavior wellness or insurance-related items and services may also be available from time to time. For details of current discounts or other programs available, please contact a customer services representative by calling the phone number on the back of your Identification Card. Such programs may be discontinued with or without notice. Contact your employer for additional information regarding any value-based programs offered by your employer.

For individuals in wellness programs who are unable to participate in these incentives or disincentives due to an adverse health factor shall not be penalized based upon an adverse status and unless otherwise permitted by law. Blue Cross Blue Shield will allow a reasonable alternative to any individual for whom it is unreasonably difficult, due to a medical condition, to satisfy otherwise applicable wellness program standards.

Contact Blue Cross Blue Shield for additional information regarding any value-based programs offered by Blue Cross Blue Shield.

We encourage you to enroll in BAM and check the online features available to you - and check back in as frequently as you like. BCBSNM is always looking for ways to add value to your Health Care Plan and hope you will find the website helpful.

## **HEALTHCARE FRAUD INFORMATION**

Health care and insurance fraud results in cost increases for Health Care Plans. You can help; always:

- Be wary of offers to waive Copayments, Deductibles, or Coinsurance. These costs are passed on to you eventually.
- Be wary of mobile health testing labs. Ask what your health care insurance will be charged for the tests.
- Review the bills from your Providers and the *Explanation of Benefits* (EOB) you receive from BCBSNM. Verify that services for all charges were received. If there are any discrepancies, call a BCBSNM Customer Service Advocate.
- Be very cautious about giving information about your health care insurance over the phone.

If you suspect fraud, contact the BCBSNM Fraud Hotline at 1-888-841-7998.

## SECTION 2: ENROLLMENT AND TERMINATION INFORMATION

### WHO IS ELIGIBLE

All active employees and their Eligible Family Members meeting the eligibility criteria specified by **UNM Hospitals** are eligible for coverage under either network. To find out eligibility criteria specified by **UNMH**, contact the **UNMH** Benefits Department.

#### NON-BENEFIT EMPLOYEES - ENROLLMENT FOLLOWING BENEFIT MEASUREMENT PERIOD

Employees who were determined to be part-time or full-time during the 12-month look-back measurement period as applicable to the work position and their eligible Dependents may enroll in the Plan the first day of the first full calendar month of the applicable stability period that follows the benefit measurement period. To the extent previously satisfied, the employment Waiting Period will be considered satisfied.

Unless otherwise specified in the Administrative Services Agreement, all active employees who have completed the Employee Probationary Period and who are regularly working the minimum number of hours specified in the Administrative Services Agreement and their Eligible Family Members are eligible for coverage. (No such Probationary Period may exceed 90 days unless permitted by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations. If BCBSNM records show that your Group has a Probationary Period that exceeds the time period permitted by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations, then BCBSNM reserves the right to begin your coverage on a date that BCBSNM believes is within the required period. Regardless of whether BCBSNM exercises that right, your Group is responsible for your Probationary Period. If you have questions about your Probationary Period or the number of hours you must work per week or to learn of any other eligibility criteria specified by your Group, contact your Benefits Administrator.)

BCBSNM may request proof that a valid employer-employee relationship exists, if applicable, and/or that the applicant meets the eligibility requirements stated in the Administrative Services Agreement and the Member's application.

No eligibility rules or variations in premium will be imposed on you based on your specific health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status-related factor. You will not be discriminated against for coverage under this Plan on the basis of race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes, or benefits of this policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

See "Re-Enrollment" in this section for important information if you or an Eligible Family Member were previously enrolled in a Health Care Plan administered by BCBSNM.

- the Subscriber's **unmarried** child age 26 or older who was enrolled as the Subscriber's covered child in this Health Plan at the time of reaching the age limit, and who is medically certified as **disabled**, chiefly dependent upon the Subscriber for support and maintenance, and incapable of self-sustaining employment by reason of his/her disability. Such condition must be certified by a Physician and BCBSNM. Also, a

child may continue to be eligible for coverage age 26 or older only if the condition began before or during the month in which the child would lose coverage due to his/her age. BCBSNM must receive written notice of the disabling condition within 31 days of the child's attainment of the limiting age and subsequently, as may be required by BCBSNM, but not more frequently than annually after the two-year period following the child's attainment of the limiting age of 26.

If your family member is residing outside the Service Area, he/she may be eligible to enroll in a Guest Membership. Enrolling in an affiliated HMO Plan would make your family member eligible for In-Network benefits other than Emergency and Urgent Care. See "Guest Membership", later in this section for details.

**Eligible Child** - The following family members of the Subscriber through the end of the month during which the child turns age 26:

- natural or legally adopted child of the Subscriber
- child placed in the Subscriber's home for purposes of adoption (including a child for whom the Subscriber is a party in a suit in which the adoption of the child by the Subscriber is being sought)
- stepchild of the Subscriber (or otherwise Eligible Child of a Domestic Partner, if Domestic Partners are covered under your benefit plan)
- child for whom the Subscriber must provide coverage because of a court order or administrative order pursuant to state law

A child meeting the criteria above is an "Eligible Child" whether or not the Subscriber is the custodial or noncustodial parent, and whether or not the Eligible Child is claimed on income tax, employed, married, attending school or residing in the Subscriber's home, **except** once the Subscriber is no longer a legal guardian of a Child or there is no longer a court order to provide coverage to a Child, the Child must be eligible as a natural Child, legally adopted Child, or stepchild of the Subscriber in order to retain eligibility as a family member under this health plan.

A **Domestic Partner** is a person of the same or opposite sex who meets all of the following criteria:

- shares your permanent residence and has resided with you for no less than one year;
- is not less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property; community ownership of a motor vehicle; a joint bank account or a joint credit account; designation as a beneficiary for life insurance or retirement benefits or under your partner's will; assignment of a durable power of attorney or health care power of attorney; or such other proof as is considered by BCBSNM to be sufficient to establish financial interdependency under the circumstances of your particular case;
- is not a blood relative any closer than would prohibit legal marriage; and
- has signed jointly with you, a notarized affidavit which can be made available to BCBSNM on request.

In addition, you and your Domestic Partner will meet the terms of this definition as long as neither of you nor your Domestic Partner:

- has signed a Domestic Partner affidavit or declaration with any other person within 12 months prior to designating each other as Domestic Partners hereunder;
- is currently legally married to another person; or
- has any other Domestic Partner, spouse, or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners if you reside in a state that provides for such registration. In any case, if your employer allows coverage for Domestic Partners and their children, BCBSNM will require a notarized *Affidavit of Domestic Partnership* and at least three corroborating documents:

- joint lease/mortgage or ownership of property
- jointly owned motor vehicle, bank or credit account (only one qualifies)

- Domestic Partner named as beneficiary of the employee's life insurance and/or retirement benefits, and/or as primary beneficiary under employees will
- Domestic Partner assigned as power of attorney or legal designee by the employee
- both names on a utility bill and/or on an investment account

The federal government does not recognize Domestic Partners as qualified Eligible Family Members and therefore, the premium paid for their coverage cannot be pre-tax. In addition, the employee must pay tax on the portion of the premium paid by the employer for the Domestic Partner and his/her covered children. Employees wanting to change benefit elections involving a Domestic Partner must adhere to the same rules regarding qualifying events.

Within 31 days of hire, you must submit all required forms to your benefits administrator. Once you have made an election during your initial enrollment period of 31 days from your date of hire, you are locked into that decision until the next annual Open Enrollment period.

**BCBSNM** may require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage. Unless listed as an Eligible Family Member, no other family member, relative or person is eligible for coverage as a family member. Common-law spouses are **not** considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "Domestic Partner."

### Information for Noncustodial Parents

When a child is covered by the Plan through the child's noncustodial parent, then **UNMH** will:

- provide such information to the custodial parent as may be necessary for the child to obtain benefits through the **UNMH** Plan;
- permit the custodial parent or the Provider (with the custodial parent's approval) to submit Claims for Covered Services with the approval of the noncustodial parent; and
- make payments on Claims submitted in accordance with the above provision directly to the custodial parent, the Provider, or the state Medicaid agency as applicable.

### Family Members Who Are Not Eligible

A Subscriber's spouse or child is not an Eligible Family Member while:

- on active duty in the armed forces of any country (unless eligible for continued coverage for a limited period of time under federal law); or
- covered under this Plan as a Subscriber or family member of another Subscriber of this or any other **UNMH** sponsored Health Plan.

### MEDICARE-ELIGIBLE MEMBERS

Shortly before you turn age 65 or qualify for Medicare benefits for other reasons, you are responsible for contacting the local Social Security office to establish Medicare eligibility. You should then contact your Benefits Administrator to discuss coverage options.

If an active employee qualifies under the provisions of federal law for the working aged (TEFRA), then the working employee age 65 or older and/or his/her eligible spouse age 65 or older who is covered by Medicare may continue this Plan coverage as primary over Medicare until the eligible employee retires.

A Member under age 65 receiving Medicare benefits due to disability or end-stage renal disease (ESRD) also has primary benefits under this Plan coverage, but for only a limited period of time. (For ESRD patients, this Plan coverage is primary only during the CMS-defined ESRD coordination time period - usually 30 months after the start of Dialysis. Medicare becomes primary when the Medicare ESRD coordination time period expires.)

In any case, if you are a Medicare beneficiary and you actively *select* Medicare as your primary coverage, this Plan is **not** available to you, and your employer may not offer you any other employer-sponsored Health Care Plan.

Refer to a Medicare Handbook or contact the Social Security Administration for more information and eligibility guidelines that apply to you.

## If Medicare is Primary

Special rules apply if a Member is receiving benefits from Medicare due to a disability or end-stage renal disease. In such cases, Medicare may be primary over this plan and benefits will be coordinated with Medicare as set forth in *Section 7*. Contact your Benefits Administrator for more information and for eligibility guidelines that apply to you.

## APPLYING FOR COVERAGE

An eligible person can apply for coverage, including for his/her Eligible Family Members, by submitting an enrollment/change form to **UNMH within 31 days** after becoming eligible according to the terms of the Administrative Services Agreement. **Note:** **UNMH** cannot use genetic information or require genetic testing in order to determine or to limit or deny coverage.

**Employee Contributions - UNM Hospitals** is solely responsible for determining payroll deductions and for collecting employee contributions for coverage. Please contact the **UNMH** Benefits Department for information about contributions required.

**Waiving Coverage** - If you (the employee) decline to enroll in this Group Health Plan when initially eligible to do so, you must sign a "Waiver of Coverage" form and submit it to the **UNMH** Benefits Department within 31 days of becoming eligible for coverage under this Plan. It is very important that you indicate the reason for declining coverage. If you decline coverage due to having other health care coverage and later involuntarily lose the other coverage, you may be eligible to enroll in Plan coverage as a special enrollee. If you later lose the other coverage and wish to enroll in this Plan as a result, you will also need to submit proof that you had the required Creditable Coverage.

If you do not enroll an Eligible Family Member when he/she is initially eligible, you do not need to sign a "Waiver of Coverage." However, if the affected family member later loses the other coverage and wishes to enroll in this Plan as a result, you will need to submit proof that the family member had the required Creditable Coverage.

## WHEN COVERAGE BEGINS

**UNMH** will determine your Effective Date of Coverage according to the provisions of the Administrative Services Agreement. Contact the **UNMH** Benefits Department to determine your Effective Date of Coverage.

**This Plan does not cover** any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Subscriber's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your effective date that are covered under the prior benefit plan.

## CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family Coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by **UNMH**. Please contact **UNMH** Benefits Department to find out when you can change your coverage type or remove a person from your coverage.

## ADDING A FAMILY MEMBER TO COVERAGE

A Subscriber may apply for coverage of an Eligible Family Member (such as a new spouse or a newborn child) **within 31 days** of acquiring the newly Eligible Family Member the Subscriber must:

- contact **UNMH** Benefits Department;
- complete and submit all necessary enrollment/change forms and provide legal documentation of proof of dependency to the **UNMH** Benefits Department, and
- pay any additional premium or other employee contribution for coverage, which may mean changing, for example, from Individual to Family Coverage.

If the Subscriber does not submit a completed and signed enrollment/change form to the **UNMH** Benefits Department (or the COBRA administrator), along with necessary documentation within 31 days of acquiring a new family

member, the family member may not be added to coverage until the next annual Open Enrollment (except as specified under the “Special Enrollment for Active Employees and Their Family members,” later in this section).

### **Adding a Spouse or a Domestic Partner**

If a Subscriber adds coverage for a spouse **within 31 days** of marriage, the effective date of the new Eligible Family Member's coverage will be no later than the first of the month following the date your benefits administrator received the completed and signed enrollment/change application form. If the Subscriber does not submit a completed and signed enrollment/change application form to **UNMH** Benefits Department (or to the COBRA administrator), along with necessary documentation and, if required, change from Individual (or Employee + Child(ren) coverage, if applicable) to Family Coverage **within 31 days** of marriage, the spouse may not be added to coverage except as a Late Applicant (or as specified under “Special Enrollment” later in this section). You may also have the option of applying for a Two-Person (Employee + Spouse) coverage type. Ask the **UNMH** Benefits Department which coverage types are available to you. For example, if you are applying for coverage for a new spouse and his/her Eligible Child(ren), you will have to change to Family Coverage. See “Adding an Eligible Child,” below.

If the enrollment/change form is received before the first of the month following the date of marriage, the spouse's effective date will be the first of the month following the marriage date. If the form is received within 31 days, but after the first of the month following marriage, the spouse will not be covered until the first of the month following the receipt date. If order to obtain coverage for your spouse on the earliest possible date, you must submit the enrollment/change form to the **UNMH** Benefits Department before the date you are getting married. Documentation may be submitted after the marriage date.

*Adding a Domestic Partner* - To add a new Domestic Partner, you must first provide the **UNMH** Benefits Department with the required form and documentation that established the Domestic Partnership according to the criteria, policies, and procedures of **UNM Hospitals**. (Contact the **UNMH** Benefits Department for details on establishing a Domestic Partnership through **UNM Hospitals**.) Once the partnership has been established by **UNMH** Benefits Department, you must submit a completed and signed enrollment/change form to the **UNMH** Benefits Department, along with a copy of any other required documentation, **within 31 days** of establishing the partnership. Domestic Partners do not become effective until all documentation is approved by **UNMH** Benefits Department staff and you have been advised of the approval. If you do **not** submit the completed and signed enrollment/change form requesting that the Domestic Partner be added to your coverage within 31 days, the Domestic Partner will be considered a Late Applicant. You may not add coverage for Late Applicant until the next annual Open Enrollment period.

### **Adding an Eligible Child**

If you do not submit an application for an Eligible Child or add additional coverage, if required, within the time frames below, the child will be considered a **Late Applicant**, except as specified under “Special Enrollment.”

#### **Newborn Children**

You must add coverage by submitting a signed and completed enrollment/change form to the **UNMH** Benefits Department within 31 days of birth in order for any newborn charges, routine or otherwise, to be covered beyond the first 48 hours of birth (or 96 hours in the case of C-section).

**Note:** If the parent of the newborn is an Eligible Child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn.

#### **Adopted Children**

A child placed in the Subscriber's home for the purposes of adoption may be added to coverage as soon as the child is placed in the home. However, application for coverage can be made as late as **31 days** following legal adoption without being considered late. (Although a child over the age of 18 is not eligible for adoption, an adopted child is covered as any other child, subject to the same Eligible Child age limitations and restrictions.) **Note:** An adopted child who is not enrolled within 31 days of adoption or placement in the home will be considered a Late Applicant unless the child was previously enrolled in a Group Health Plan or other Creditable Coverage within 30 days of his/her adoption or placement for adoption and has had prior Creditable Coverage since that date with no significant lapse (i.e., 63 or more days).

## Legal Guardianship

Application for coverage must be made for a child for whom the Subscriber or the Subscriber's spouse becomes the legal guardian **within 31 days** of the court or administrative order granting guardianship. If not specified in the court order, the child's Effective Date of Coverage will be the date the order has been filed as public record with the State, or the effective date of Family Coverage, whichever is later.

## Stepchild

Application for coverage must be made for a stepchild **within 31 days** of the marriage to the stepchild's biological parent.

## Court Ordered Coverage for Children

When an employee or employer is required by a court or administrative order to provide coverage for an Eligible Child, the Eligible Child may be enrolled in the Subscriber's Family Coverage, or Employee/Children coverage, if available and will **not** be considered a Late Applicant. (If the Subscriber has Individual or Two-Person coverage, he/she may be required to pay additional premium in order for the Eligible Child to be added.) If not specified in the court or administrative order, the Eligible Child's Effective Date of Coverage will be the date the order has been filed as public record with the State or the effective date of Family Coverage, or Employee/Children coverage, if available, whichever is later. **UNMH** Benefits Department must receive a copy of the court or administrative order.

## LATE APPLICANT

Unless eligible for a Special Enrollment, applications from the following enrollees will be considered late:

- anyone not enrolled **within 31 days** of becoming eligible for coverage under this Plan (e.g., a newborn child added to coverage more than 31 days after birth when, for example, Family Coverage (or Employee/Children coverage, if available) is not already in effect, a child added more than 31 days after legal adoption, or a new spouse or stepchild added more than 31 days after marriage)
- anyone enrolling on the Group's initial BCBSNM enrollment date who was not covered under the Group's prior plan (but who was eligible for such coverage)
- anyone eligible but not enrolled during the Group's initial enrollment
- anyone who voluntarily terminates his/her coverage and applies for reinstatement of such coverage at a later date (except as a Provider under USERRA of 1994)

If you acquire a new family member, you must complete an enrollment/change form and deliver it to **UNMH** Benefits department within 31 days of the new family member's birth, adoption, or marriage or the new family member will be considered a Late Applicant (unless the family member is eligible for a Special Enrollment). Application for coverage form Late Applicants will be accepted only during **UNMH**'s Open Enrollment period, except as described under the "Special Enrollment for Active Employees and Their Family Members" in this section.

## OPEN ENROLLMENT

Open Enrollment is the period prior to the Group's anniversary date during which the following actions may be taken:

- any eligible, active employees may enroll themselves and their Eligible Family Member as Members under this Plan,
- employees may drop eligible and ineligible family members.

There is no penalty, benefit reduction for enrolling during Open Enrollment. Ask the **UNMH** Benefits Department when your Open Enrollment period is held.

**Late Applicants may not enroll until the next annual Open Enrollment period.**

## SPECIAL ENROLLMENT FOR ACTIVE EMPLOYEES AND THEIR COVERED FAMILY MEMBERS

There are four instances ("qualifying events") in which an eligible person can obtain a "Special Enrollment" right (see definition in *Section 10: Definitions*). You have a limited amount of time during which you may request a Special

Enrollment. If you do not request Special Enrollment **within the time period specified below**, you will be considered a Late Applicant.

**Note:** There are no Special Enrollments for persons applying for any continuation coverage if offered under your Plan. You must enroll in these coverages timely.

## Qualifying Events

The four instances of Special Enrollment are:

### Loss of Prior Coverage

An eligible employee who declined coverage when initially eligible because of having other comprehensive medical coverage and who later *involuntarily* loses the other coverage, may apply for coverage for himself/herself and Eligible Family Members. (The Eligible Family Members need not have been covered under the prior benefit plan when the UNMH employee has been granted a Special Enrollment under this provision.) Currently enrolled employees may also add Eligible Family Members to coverage under this provision if the Eligible Family Member had prior Creditable Coverage that was involuntarily lost. (See definition of "Involuntary Loss of Coverage" in *Section 10: Definitions.*)

If a completed and signed enrollment/change form is received by the UNMH Benefits Department **within 31 days** of losing the other coverage, the applicant(s) will **not** be considered late.

Documentation from the prior carrier - supporting the fact that the person had prior Creditable Coverage that was lost involuntarily - may be submitted at a later date with UNMH Benefits Department approval, but the employee must submit the completed and signed enrollment/change form **within 31 days** of the loss of coverage (or denial notice). **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the UNMH Benefits Department.

**If the employee lost prior coverage, Special Enrollment is available to the current employee and any Eligible Family Members of the employee (including spouse). If an Eligible Family Member of the current employee lost prior coverage, Special Enrollment is available for the affected Eligible Family Member and the employee (not other Eligible Family Members).** The choice to quit paying premiums, for example, because the Subscriber or one family member under the other carrier's benefit plan reaches a lifetime benefit maximum in **not** an example of Involuntary Loss of Coverage for the entire family. However, in the case of one Eligible Family Member losing prior coverage, although all family members may not be eligible for a "Special" Enrollment, Eligible Family Members may be enrolled at the same time as the special enrollee, subject to Late Applicant provisions. Also, in order to be eligible for a Special Enrollment due to loss of prior coverage, the declining person must have completed a waiver of coverage statement when first eligible to enroll, and the reason stated for declining coverage must have been due to having other coverage. If an employee requests a Special Enrollment for self only, Eligible Family Member(s) only, or both, BCBSNM requires proof of loss of coverage or proof of the date of the event.

### Change in Family Status

An employee who acquires a new Eligible Family Member due to marriage, birth, adoption, or placement for adoption may apply for a Special Enrollment in this Plan for himself/herself **and other family members** who are eligible for coverage under this Plan. Application for Special Enrollment of the employee and his/her Eligible Family Members will **not** be considered late if submitted **within 31 days** of the marriage, birth, adoption, or placement of the Eligible Child in the Subscriber's home. If submitted more than 31 days following the change in family status, Special Enrollment is not available.

- **Newborn or Adopted Child:** For a change in family status due to birth of an eligible newborn or adoption of a child, coverage begins on the date of birth or adoption (or, if earlier, on the date of placement in the Subscriber's home).
- **Marriage:** The Effective Date of Coverage for all persons granted a Special Enrollment due to marriage will be the same as the new spouse's Effective Date of Coverage as described under "Adding An Eligible Family Member to Coverage."

**This right to Special Enrollment upon a change in family status applies to the employee and to all Eligible Family Members.**

Establishing a new Domestic Partnership and adding a child to coverage due to a court order are **not** considered a change in family status for purposes of the “Special Enrollment” provision.

### **Loss of Medicaid/SCHIP Eligibility**

If an eligible employee or his/her Eligible Family Member is not currently enrolled in the Plan and loses eligibility under Medicaid or under a State Child Health Plan (SCHIP), the person losing such coverage may enroll in the Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the person must apply for coverage under the Group Health Plan no later than **60 days** after the date of termination of Medicaid or SCHIP coverage. (In order for an Eligible Family Member to be eligible for Special Enrollment, the employee must be covered under the employer Group Health Plan. If the employee is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the employee must enroll into the Plan at the same time as the Eligible Family Member.) Documentation from the state - supporting the fact that the person had Medicaid/SCHIP coverage that was lost involuntarily - may be submitted at a later date with the **UNMH** Benefits Department's approval, but the employee must submit the completed and signed enrollment/change form within **60 days** of the loss of coverage. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the **UNMH** Benefits Department.

**If the employee lost Medicaid/SCHIP coverage, Special Enrollment is available to the current employee and any Eligible Family Members of the employee (including spouse). If an Eligible Family Member of the current employee lost Medicaid/SCHIP coverage, Special Enrollment is available for the affected Eligible Family Member and the employee (not other Eligible Family Members).**

### **Medicaid/SCHIP Group Health Plan Premium Assistance Eligibility**

A state may offer premium subsidies through Medicaid or a State Child Health Plan (SCHIP) to low-income children and their families for qualified **UNMH** Benefits Department-sponsored coverage. This includes premium assistance for continuation coverage under federal or state law. Therefore, if an eligible employee or an Eligible Family Member is not enrolled in the Plan and later becomes eligible for Group Health Plan premium assistance under Medicaid or under SCHIP, the eligible person may enroll in the Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the affected person must apply for coverage through the **UNMH** Benefits Department no later than **60 days** after becoming eligible for premium assistance. (In order for a family member to be eligible for Special Enrollment, the employee must be covered under the **UNMH** Benefits Department's Health Plan. If the employee is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the employee must enroll in to the Plan at the same time as the Eligible Family Member.)

Documentation from the state - supporting the fact that the person is eligible for premium assistance from Medicaid or SCHIP - may be submitted at a later date with the **UNMH** Benefits Department's approval, but the employee must submit the completed and signed enrollment/change form **within 60 days** of the affected person's premium assistance eligibility date. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the **UNMH** Benefits Department.

**The current employee who is eligible but not enrolled for coverage under the terms of the Group Health Plan (or a dependent of such an employee who is eligible but not enrolled for Group Health Plan coverage under such terms) may enroll in the Group Health Plan upon becoming eligible for a state premium assistance subsidy under Medicaid or SCHIP if Special Enrollment is requested in a timely manner.**

### **Applying for Special Enrollment**

Application for Special Enrollment must be made **within the time period specified for each of the qualifying events above** in order to qualify you and/or your Eligible Family Member(s) for a Special Enrollment right (switch enrollment may be available to Members who are offered more than one Plan option). Please contact your Benefits Administrator for details about Special Enrollment privileges that apply to you and your Eligible Family Members.

### **Waiving Coverage**

If an employee declines to enroll in this Group Health Plan when initially eligible to do so, the employee must sign a waiver of coverage statement and submit it to the **UNMH** Benefits Department. **It is very important that the employee indicate the reason for declining coverage.** If the employee declined coverage due to having other health care coverage and later involuntarily loses the other coverage, the employee and his/her Eligible Family

Members may be eligible to enroll in the employer's Group plan as "special enrollees." An employee waiver of coverage statement, indicating that coverage is being declined due to having coverage, must be submitted to the **UNMH Benefits Department within 31 days** of becoming eligible for coverage under the employer's health care Plan. If you later lose the other coverage and wish to enroll in the Plan as a result, you will also need to submit proof that you had the required Creditable Coverage.

If you do not enroll an Eligible Family Member when he/she is initially eligible, you do not need to sign a waiver of coverage statement. However, if the affected family member later loses the other coverage and requests a Special Enrollment, you *will* need to submit proof that the family member had the required Creditable Coverage.

If the person declining coverage later requests a Special Enrollment, but no such proof of loss or prior coverage is provided, or if the reason for declining coverage is *not* due to having other coverage, he/she will be ineligible for Special Enrollment. If the person chooses to enroll anyway, the person will be considered a Late Applicant.

### **Coverage Effective Date**

If a Member is granted a Special Enrollment due to Involuntary Loss of Coverage, due to premium assistance eligibility, or due to marriage, and all required documentation is received timely by the **UNMH Benefits Department**, coverage will begin no later than the first day of the month after the **UNMH Benefits Department** received the request for Special Enrollment. However, for a change in family status due to birth of an eligible newborn or adoption of a child, coverage begins on the date of birth or adoption.

If a completed and signed enrollment/change form is **not** received within the time periods set forth in this section, the employee and /or his /her Eligible Family Members will be considered Late Applicants and no Special Enrollment right will be available.

## **RE-ENROLLMENT**

If a previously covered employee and/or Eligible Family Member wishes to re-enroll in this Group Plan following a voluntary terminating of coverage he/she will usually be considered a Late Applicant and may not enroll until the next annual enrollment period. See "Special Enrollment for Active Employees and Their Family Members" in this section, for exceptions. If you are returning from a leave of absence under the Family and Medical Leave Act (FMLA) or under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), you have 31 days to re-apply for coverage or you will be considered a Late Applicant.

If coverage is voluntarily discontinued or is discontinued due to nonpayment of premium by a COBRA Subscriber for self and/or for any covered family member, the terminated Member may not re-enroll at any time.

Any individual whose previous BCBSNM or **UNMH Health Plan** contract was terminated for Good Cause is not eligible to re-enroll in this Plan, unless approved in writing by BCBSNM. (Members currently enrolled in continuation coverage may not re-enroll once coverage is terminated, unless eligibility under this Plan is re-established.)

## **NOTIFICATION OF ELIGIBILITY AND ADDRESS CHANGES**

The Subscriber must notify **UNMH Benefits Department within 31 days** following any changes that may affect his/her or a family member's eligibility, including a change to a covered family member's name or address, by indicating such changes on an enrollment/change form and submitting it to **UNMH**. (Members covered under federal continuation must submit enrollment/change forms directly to the COBRA administrator.)

### **Employees and Their Eligible Family Members**

Employees covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to **UNMH Benefits Department**.

### **COBRA Continuation Policy Members**

If you are covered under a COBRA continuation policy, you must contact the COBRA administrator. The name, address, and phone number of the administrator will be provided to you should you elect COBRA coverage.

## COVERAGE TERMINATION

Unless stated otherwise, if you do not elect or do not qualify for continuation coverage (see “How to Continue Coverage”), coverage ends at the end of the month following the earliest of the date:

- The employee **terminates employment** or **otherwise loses eligibility** according to the terms of the Administrative Services Agreement. If the Group or Subscriber fails to notify BCBSNM **within 30 days** to remove an ineligible person from coverage, BCBSNM may recover any payment made on the ineligible person's behalf.
- The last day of the benefit measurement period during which the covered Employee did not average the required weekly minimum hours of service established by the Employer. (See the section entitled COBRA Continuation Coverage).
- The **employee retires**.
- When the **premium payment** or other employee contribution for coverage is not received on time. (Coverage will be suspended if premium is not paid when it is due. If premium is not received **within 30 days** after its due date, the Group or affected Member(s) will be terminated at the end of the last-paid billing period. Any Claims for Medically Necessary services received during the 30-day grace period will be covered.)
- When the Member chooses to discontinue coverage during a **leave of absence** for more than 31 days or as provided by law. (You must contact the **UNMH** Benefits Department in order to ensure that coverage is terminated according to your wishes. During a leave of absence covered by the Family and Medical Leave Act (FMLA), coverage will continue as provided by law. Contact the **UNMH** Benefits Department for information. If you allow your coverage to lapse due to nonpayment of premium, you have 31 days in which to notify **UNMH** Benefits Department that you intend to re-enroll. Coverage will be reinstated according to **UNMH** guidelines and rules and a new enrollment/change form may be required.)
- When the Member chooses to discontinue coverage upon entering the **armed forces for more than 31 days** or as provided by law. (See “Leave of Absence or Military Service.”) You must contact the **UNMH** Benefits Department in order to ensure that coverage is terminated according to your wishes. (During a leave of absence covered by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), coverage will continue as provided by law. Contact the **UNMH** Benefits Department for information. If you allow your coverage to lapse due to nonpayment of premium, you have 31 days in which to notify the **UNMH** Benefits Department that you intend to re-enroll. Coverage will be reinstated according to **UNMH** guidelines and rules and a new enrollment/change form may be required.)
- When the **Member materially fails to abide by the rules**, policies, or procedures of this Plan or fraudulently provides or materially misrepresents information affecting coverage. If a Member knowingly gave false material information in connection with the eligibility or enrollment of the Subscriber or any of his/her Eligible Family Members, **UNMH** may terminate the coverage of the Subscriber and his/her Eligible Family Members retroactively to the date of initial enrollment. The Subscriber is liable for any benefit payments made as a result of such improper actions.
- When the Subscriber **dies**. (Surviving Eligible Family Members remain covered through the last-paid billing period.)
- If this Plan is primary over **Medicare** due to federal laws and regulations, when the Medicare-Eligible Member *chooses* Medicare as his/her primary coverage. (See “Medicare-Eligible Members” for information on coverage options for Members who are entitled to Medicare.)
- When the Member acts in a **disruptive** manner that prevents the orderly business operation of any network Provider or dishonestly attempts to gain a financial or material advantage.
- When **Group coverage is discontinued** for the entire Group or for the employee's enrollment classification.
- When the Subscriber moves to a primary residence or place of employment **outside the geographic area** serviced by BCBSNM. (See “Guest Membership,” later in this section, if you are moving temporarily for 90-180 days or “How to Continue Coverage,” later in this section if the move is permanent or longer than 180 days.)

## Additional Family Member Termination Reasons

In addition, coverage will end for any family member on the earliest of the above dates or the earliest of the following dates:

- at the end of the **last-paid billing period** for Family Coverage;
- at the end of the month when a child **no longer qualifies as an Eligible Child** under the Plan (e.g., a child is removed from placement in the home or reaches the Eligible Child age limit);
- at the end of the month following the date of a final **divorce** decree or **legal separation** for a spouse;
- at the end of the month when the Subscriber gives a minimum **30 days' advance notice** in writing to end coverage for a covered family member(s), according to the rules of your Plan as established by **UNMH Benefits Department**.
- at the end of the month following the dissolution of a Domestic Partnership.

If a family member is being removed from coverage because of losing his/her eligibility under the Plan (for reasons other than reaching the Eligible Child age limit), the enrollment/change form must be received by **UNMH Benefits Department** **within 31 days** following the effective date of the change. In these cases, the Member will be removed from coverage as of the end of the month following the change in his/her eligibility status and payroll deductions will be properly adjusted, if necessary. **If you do not advise the UNMH Benefits Department within 31 days to remove an ineligible person from your coverage, no premium adjustment will be made and no Claims will be covered for the ineligible person.** BCBSNM and the Providers of care may recover benefits erroneously paid on behalf of the removed Member.

If the employee does not submit a signed enrollment/change form to the **UNMH Benefits Department** within 31 days of a family member's loss of eligibility under the Plan, there will be no payroll deduction changes until the next Open Enrollment; however, benefits will not be available for the ineligible person.

Note: If enrolled under federal continuation, send enrollment/change forms to the COBRA administrator.

## Voluntary Termination of Coverage

To remove a family member from coverage before loss of eligibility or to voluntarily terminate his/her own coverage, the Subscriber must submit a completed enrollment/change form to the **UNMH Benefits Department** during Open Enrollment. Voluntary termination is not allowed under your Plan outside the annual Open Enrollment period. Voluntarily terminated Members may re-enroll under the Plan only as Late Applicants (except as provided under "Special Enrollment"). Also, these Members are **not** eligible for any extension of benefits or federal continuation coverage. Voluntarily terminated Members are not eligible for any federal continuation coverage.

Note: If enrolled under federal continuation, send enrollment/change forms to the COBRA administrator.

## Termination and Continuation of Coverage

See "How to Continue Coverage" for more information.

## Leave of Absence for Military Service

Coverage will end for a Subscriber and his/her Eligible Family Members at the end of the month during which the leave began. During a leave of absence covered by the Family and Medical Leave Act (FMLA) or the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), coverage will continue as provided by law. Contact the **UNMH Benefits Department** for information.

## HOW TO CONTINUE COVERAGE

If you lose coverage under this Plan, you may be able to continue coverage for a limited period of time. **Note:** There is no Special Enrollment under these provisions. You must enroll timely to qualify for continued coverage.

Note: If you are enrolled under a Guest Membership with another Blue Cross and Blue Shield HMO Plan, you may not apply for continuation coverage with the out-of-state Plan, but must contact BCBSNM. To prevent any temporary

loss of Guest Membership during the change to continuation coverage, you should call BCBSNM as soon as possible after learning of your loss of eligibility under the Plan.

## Continuation Coverage

UNMH is subject to the provisions for continuation of plan coverage under federal law (COBRA or USERRA). If so, employees and their covered family members excluding Domestic Partners who lose eligibility under this Group Health Care Plan may be able to continue as Members, without a health statement, for a limited period of time by purchasing the continuation coverage described below. You must pay premiums from the date of loss of Group coverage.

You are not eligible to enroll for continuation coverage if:

- the employer stops offering this coverage to its employees, *or*
- you do not elect continuation coverage in a timely fashion.

Refer to *Appendix A: Continuation Coverage Rights under COBRA* or contact your Benefits Administrator for details about enrolling in continuation coverage.

## Continuation Benefits

Continuation coverage is identical to the coverage a similarly situated regular Member has. If the coverage for regular Members changes, your continuation coverage will reflect the same change. For example, if the Plan's Deductible or other cost-sharing amounts change for regular Members, yours will change by the same amount.

## Federal Continuation (COBRA)

Unless approved in writing by BCBSNM, the following persons may **not** enroll in this continued coverage option:

- one who **voluntarily** terminated coverage while still eligible (*Involuntary termination* includes loss of coverage under the following situations only: legal separation, divorce, loss of Eligible Child eligibility status, death of the Subscriber, termination of employment, reduction in hours, or termination of employer contributions. Any other reason is considered voluntary.)
- a covered family member who was removed from coverage by the Subscriber while the family member was still eligible
- any Member whose BCBSNM health care coverage was terminated for Good Cause

Continuation coverage under federal law ends on the **earliest** of the following dates or any of the applicable dates listed under "Coverage Termination" earlier in this section:

- the first of the month when you become entitled to Medicare
- when the employer discontinues offering this Plan to employees (If this Plan is replaced by another Health Care Plan, continuation coverage will also be replaced by the new Plan.)
- when you become covered under another Group Health Care Plan

## Premium Payments

Subscribers under federal COBRA continuation coverage must pay premiums to the COBRA administrator. Contact your Benefits Administrator for an application for coverage and details.

## USERRA Continuation Coverage

Employees and their covered family members who lose Group coverage because the employee is absent from work due to military service may be able to continue coverage for **up to 24 months** after the absence begins. Contact your Benefits Administrator for details about the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

## GUEST MEMBERSHIP

Subscribers who are temporarily working or residing out of state for at least 90 days may be eligible for Guest membership for up to 180 days of membership in one of the many participating Blue Cross and Blue Shield HMOs.

Also, Eligible Family Members residing in another state for at least 90 days may also enroll for coverage in the out-of-state, host HMO Plan for as long as this Group plan is administered by the BCBSNM HMO, or until the family member is no longer eligible (e.g., reaches the age limit or Subscriber terminates coverage). Under either option, the local HMO provides all of the services and access available through their Plan. For more information, call the BCBSNM Customer Service Department.

Note: A Member covered under another HMO's Guest Membership is subject to the eligibility criteria of this health Plan; however, such Members will receive a Benefit Booklet and summary from the host HMO Plan. The benefits, benefit limits, and exclusions of this Benefit Booklet will not apply to guest Members of another HMO Plan. Also, guest Members of another Plan cannot enroll in state or federal continuation coverage options directly through the other Plan. In such cases, the Member should contact BCBSNM as soon as possible after learning that his/her coverage will cease in order to minimize any possibility of temporarily losing a Guest Membership during the transfer of coverage.

## **ELIGIBILITY AND PREMIUM QUESTIONS**

**UNMH** determines the eligibility of all Members covered under the Plan. **UNMH** is also responsible for all administrative policies regarding payroll deductions and/or collection of contributions for coverage from Members covered under the Plan. If you need assistance in enrolling, changing an address, terminating coverage, or changing coverage, or if you have any questions regarding eligibility in the Plan or your contributions for Group coverage, contact:

**UNM Hospitals**  
**Attention: Benefits Department**  
**933 Bradbury Drive SE, Suite 3002**  
**Albuquerque, NM 87106**  
**Telephone: 505-272-2325**

### **COBRA Continuation Coverage**

Members covered under a federal continuation plan due to COBRA should direct questions and send premiums to the COBRA Administrator.

### **Premium Increases/Decreases**

When an employee experiences a change in status (including but not limited to: marriage, divorce, birth, adoptions, change in employment status, loss of prior coverage, person no longer meeting eligibility rules), the employee has 31 days from the date of the status change to contact the **UNMH** Benefits Department to make coverage changes. The completed and signed enrollment/change form must be received by the **UNMH** Benefits Department within 31 days following the status change. Premium changes will be effective the first day of the month following the change in status, except in the case of a newborn or the placement of child(ren) through adoption. (The addition of a child through birth or placement will result in a full premium being charged for the pay period in which the event occurred.)

In order to timely remove a family member from coverage and have payroll deductions adjusted accordingly, if applicable, the completed and signed enrollment/change form must be received by the **UNMH** Benefits Department within 31 days following the family member's loss of eligibility.

## SECTION 3: HOW YOUR PLAN WORKS

### OVERVIEW OF THE UNMH HEALTH PLAN

The **UNM Hospitals** Managed Care Health Plan is designed to help you stay healthy and to treat you when you are not. The plan is unique in several ways:

- You do not need to select a primary care Physician (PCP) to coordinate your health care, but are encouraged to visit your PCP before seeking specialist care. You pay a lower Copayment for the office visits of a PCP.
- You have wellness benefits that encourage you to take care of yourself.
- The Standard Network is available to all Members of the Plan and provides you with the convenience of fixed-dollar Copayments for most services when you use *Standard Network Providers*.
- When you use In-Network Providers, you don't have to worry about the paperwork - the Provider will file Claims for you. Usually, you simply pay your Copayment (or applicable Member share) at the time of the visit.
- Members may choose to receive Covered Services from any Provider outside their network (Out-of-Network services) and still receive benefits, subject to an annual Deductible and Coinsurance. Note: Some services are not covered unless received from In-Network Providers. Check your *Summary of Benefits*.

**Provider Network Overview** - Under the Standard Network, you have two levels of coverage - *Standard Network* and Out-of-Network. Any Provider that is not in the *Standard Network* is considered Out-of-Network. To receive the *Standard Network* level of coverage, Covered Services must be received from a Provider in the *Standard Network*.

The Out-of-Network level of coverage allows you to access health care without visiting Providers within your authorized network. You will have to pay an annual Deductible and a percentage of Covered Charges for services from an Out-of-Network Providers. (In some cases, such as for Emergency Care, Out-of-Network Provider services may be eligible for a higher level of coverage, see "Network Exceptions" later in this section.)

### IN-NETWORK PROVIDER SERVICES

You will pay a fixed-dollar Copayment for most Covered Services from In-Network Providers.

In order to make the most of your Health Plan benefits, it is important that you:

- understand the difference between a PCP (see "Your Primary Care Provider" in this section) and an In-Network Specialist (see "In-Network Specialists and Hospitals" later in this section);

Under the Standard Network, you must choose a Provider from the Standard Network in order to receive In-Network benefits for non-Emergency Care.

### YOUR PRIMARY CARE PROVIDER (PCP)

You do not need to choose a Primary Care Provider (PCP) at the time of enrollment. However, when you visit a Provider that is a PCP, you will pay a lower Copayment for office visits than if you visit an In-Network Specialist (see further information in this section). NOTE: Certain Mental Disorder and Chemical Dependency services and OB/GYN services are also subject to the lower office visit Copayments. See your *Summary of Benefits*.

**Visiting your PCP** - To avoid possible delays when scheduling an appointment, please follow these steps:

- For routine appointments or sudden illnesses call your PCP's office and identify yourself as a Member of an HMO (or managed care) Health Plan administered by BCBSNM. You will be given instructions to follow.
- To receive office care after your PCP's normal business hours or on weekends and holidays, you should call your PCP (or the Physician who is on call for your PCP) and request instructions.

Upon arriving for an appointment, show your Plan ID Card to the Provider's receptionist.

**Canceling an Appointment** - If you need to cancel an appointment, notify your PCP as soon as possible, but at least 12 hours before the scheduled appointment. You may be charged a fee for a missed appointment. This Plan will not pay for such a charge. If you are going to be late for an appointment, please notify your PCP, who may ask you to reschedule.

## **IN-NETWORK SPECIALISTS AND HOSPITALS**

If you need care that is not available from your PCP, your PCP may recommend that you visit another, more appropriate In-Network Specialist or Facility. You do not need a referral from your PCP before seeking care from any In-Network Facility, specialist, or other Health Care Provider. Under the *Standard Network* you have the freedom of going directly to the Network Provider of your choice. NOTE: Certain Mental Disorder and Chemical Dependency services and OB/GYN services are also subject to the lower office visit Copayments. See your *Summary of Benefits*.

**Keep Your PCP Informed** - Although you do not need a PCP referral before arranging to receive Covered Services from another In-Network Provider, you should consult with your PCP, if possible. Your PCP knows you and your medical history and may be able to suggest a course of treatment or a particular specialist that is more appropriate than one you may be considering. Also, many specialists and Facilities will not take patients that have not been referred to them by a Physician.

**Prior Authorization Needed for Some Services** - Your PCP should also be aware of the types of services that require Prior Authorization and be familiar with the kind of medical information BCBSNM needs in such cases. While you may call BCBSNM for Prior Authorization (before you incur costs that may not be covered), you may be told in most cases that your PCP or Other Provider must call BCBSNM to obtain the Prior Authorization for you. If this is the case, please call your PCP or other In-Network Provider and discuss your Prior Authorization request with them. Your Provider is not obligated to request Prior Authorization on your behalf if he/she does not agree that services you are requesting are appropriate or Medically Necessary.

**Non-Emergency Hospital Admissions** - this Plan will cover a Medically Necessary inpatient stay for a Covered Service if you are admitted to an In-Network Facility by your PCP or by an In-Network Specialist. To be covered, you must obtain Prior Authorization from BCBSNM before being admitted. See *Section 4* for more information.

**Out-of-Country Services** - This Plan does not cover services received outside the United States at the In-Network benefit level, unless there is an Emergency. See *Section 8* for more information about filing Claims for out-of-country services.

**Emergency and Urgent Care** - You do not need Prior Authorization before seeking Emergency Care from any Hospital or Ambulance. Such services will be covered at the Standard Network level of coverage, although you should inform your PCP of Out-of-Network services as soon as possible in order to ensure that benefits are paid correctly.

For Urgent Care, you must get BCBSNM authorization within 48 hours of receiving services outside New Mexico (or from other Out-of-Network Providers in New Mexico). If you do not call your PCP within this time period or if your PCP does not agree that you require Urgent Care and does not approve the Prior Authorization request to BCBSNM, Covered Services will be paid at the Out-of-Network level of coverage.

## **OUT-OF-NETWORK PROVIDER SERVICES**

If you visit an Out-of-Network Provider for non-Emergency Care, you will receive Out-of-Network benefits for Covered Services in most cases. (Some benefits are not available unless services are received from an In-Network Provider, see your *Summary of Benefits*.)

When you go outside the network, your choice of Provider will determine if you will have to pay the difference between the Covered Charge and the billed charge for a Covered Service, in addition to the annual Out-of-Network Deductible and Coinsurance:

**BCBS-Participating Providers** - when obtaining services outside your authorized network, you can take advantage of the non-HMO Participating Provider contracts that BCBSNM has with Providers throughout New Mexico and along the borders of neighboring states - and the participating agreements that other BCBS Plans have with Providers throughout the world. An Out-of-Network Provider that participates as a non-HMO Provider with a BCBS Plan will accept the Covered Charge for Covered Services as payment in full and will bill you only for Deductible and Coinsurance, and for non-Covered Services. These BCBS Participating Providers will write off the

difference between the billed charge and the Covered Charge, reducing your Out-of-Pocket expenses. These Providers will also file Claims on your behalf to the appropriate BCBS Plan based on where services were received.

**Nonparticipating Provider Services** - You can always choose to visit an Out-of-Network Provider that is not in the BCBS Participating network, but you will have to pay the difference between the Covered Charge and the Provider's billed charge. These Nonparticipating Providers are also not obligated to file Claims on your behalf. NOTE: The difference between a Provider's billed charge and the Covered Charge can be considerable - and is not applied to any Deductible or Out-of-Pocket Limit under the Plan. You will be entirely responsible for payment of this difference.

Before seeking services, you need to be aware of Prior Authorization requirements which are described in *Section 4* of this booklet.

**Important** - If you choose to see a Physician for non-Emergency Care, whether In-Network or Out-of-Network, and find that you have received services needing Prior Authorization - and you did not get the authorization - benefits for the services may be denied. In such cases, you may be responsible for the entire cost of the service - even if you were not aware of the Prior Authorization requirements.

## PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER®

When you need medical care, there are a variety of ways you can choose a Primary Preferred Provider (PPP) or other In-Network Provider in your area. You can also access Mental Disorder Providers (including those specializing in Chemical Dependency) and Participating Pharmacies. **Note:** Only those Providers listed under Family Practice, General Practice, Internal Medicine, Gynecology, Obstetrics/Gynecology and Pediatrics are considered Primary Preferred Providers (PPPs). See "Cost-Sharing Features," later in this section for details.

Whichever method you choose, the Provider directory gives each Provider's specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the Doctor's name once you have found one you want to know more about.) The website directory also gives you a map to the Provider's office.

**Note:** Providers who are listed in the directory as having a participating contract are **not** Preferred Providers (unless they are also listed as having a Preferred Provider contract). You must use Providers in the **In-Network Provider network** in order to obtain the highest level of benefit under this Plan for non-Emergency Care. However, if you live in or travel to a state that does not offer In-Network Provider contracts, you can receive the "In-Network Provider" benefit level by visiting Participating Providers in that state. **If you are in an Emergency situation, call 911 if necessary or go directly to the nearest Emergency room.**

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an Internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS In-Network Provider network before making an appointment.

### Web-Based BCBSNM Provider Finder

To find an In-Network Provider in New Mexico or along the border of neighboring states, please visit the *Provider Finder* section of the BCBSNM website for a list of Network Providers:

[www.bcbsnm.com](http://www.bcbsnm.com)

If you use the web address above, click on the drop-down menu next to "-Search Plans-" under the question, "Are you a member of one of our largest groups?" (located towards the bottom of the page). "Choose **UNM Hospitals**" from the drop-down list and you will be connected to the **UNMH** home page of the BCBSNM web site. Select the Provider directory link for the *Standard Network*.

The website is the most up-to-date resource for finding Providers and also has an Internet link to the national Blue Cross and Blue Shield Association website for services outside New Mexico. Website directories also include maps and directions to Provider locations.

## Paper Provider Network Directory

If you want a paper copy of a *BCBSNM In-Network Provider Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge. You may also call BCBSNM and request a paper copy of a BCBS Provider directory from another state.

## Finding a Pharmacy

To find a Participating Pharmacy, visit the Prime Therapeutics website at:

**[www.MyPrime.com](http://www.MyPrime.com)**

Click on *Find a Pharmacy*. You will then be asked to select from a list of BCBS Plans. **You must select “Blue Cross and Blue Shield of New Mexico”** and then select **“Other BCBSNM Plans”** in order to get the correct list of Participating Pharmacies for this Health Plan. After you have selected “Blue Cross and Blue Shield of New Mexico” as your Health Plan Administrator, you will be able to locate Participating Pharmacies throughout the United States based on zip code or state name. You may also request a paper copy of the list of Participating Pharmacies by calling a Customer Service Advocate at BCBSNM.

## CALENDAR YEAR

A Calendar Year is a period of one year which begins on January 1 and ends on December 31 of the same year. The initial Calendar Year is from a Member's Effective Date of Coverage through December 31 of the same year, which may be less than 12 months.

## BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. However, certain services have separate benefit limits per Admission or per Calendar Year. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

## COST-SHARING FEATURES

In-Network services are subject to a Deductible. You will pay only a fixed-dollar amount Copayment for Covered Charges at the time of the services are received (some services are paid at a percentage of the Covered Charge). Covered Out-of-Network services are subject to an annual Calendar Year Deductible plus a percentage of Covered Charges or Coinsurance. All Medical/Surgical Services are subject to an annual Out-of-Pocket Limit, after which no more Copayments or Coinsurance, as applicable, will be due for the rest of the Calendar Year. This section describes each of those cost-sharing features. Refer to your *Summary of Benefits* for details.

## YOUR DEDUCTIBLE

There is an annual Deductible to meet for the *Standard Network* benefit levels. Your Deductible amounts are indicated on your Summary of Benefits. Once a Member's Deductible payments for In-Network and Out-of-Network services reach the individual Deductible amount during a Calendar Year, this plan will begin paying its share of that Member's covered In-Network and Out-of-Network charges, at the percentage indicated, for the remainder of the Calendar Year. Under individual coverage, each covered person must meet his/her own individual deductible each year.

**Family Deductible** - If you have Family Coverage, each person enrolled in the family contract meets the In-Network and Out-of-Network Deductibles for a Calendar Year when the total deductible amount for all covered family members reaches two times the individual Deductible amount. (The Deductible amounts for two or more covered family members are combined to satisfy the family Deductible. However, once a Member meets the individual Deductible, that Member's Deductible is satisfied for the year, and no more charges incurred by that Member can be used to satisfy the family Deductible.)

## What Is Not Subject to the Deductible

Services covered under “Prescription Drugs and Other Items,” services covered at 100% due to the Affordable Care act, preventive care services, or any services listed on the Summary of Benefits as “Deductible waived”. Refer to your Summary of Benefits for details.

## Admissions Spanning Two Calendar Years

If a Deductible has been met while you are an inpatient and the Admission continues into a new Calendar Year, no additional Deductible is applied to that Admission's Covered Services. However, all other services received during the new Calendar Year are subject to the Deductibles for the new Calendar Year.

## Timely Filing Reminder

Out-of-Network benefits are payable only after BCBSNM's record show that the Deductible has been satisfied. Providers that contract with BCBSNM will file Claims for you and must submit them within a specified amount of time (usually 180 days). If you file your own Claims for Covered Services from Providers, you must file them **within 180 days** of the date of service. If a Claim is returned for further information, resubmit it **within 45 days**. See *Section 8: Claims Payments and Appeals* for details.

## COPAYMENTS

Copayments for specific services are listed on your Summary of Benefits. Under the In-Network level of coverage, you pay a lower Copayment for office visits of PCPs than you do for office visits of specialist. (Some specialist services are also subject to the lower Copayment).

You must make Copayments directly to Providers at the time of service. You are always responsible for paying a Provider's full charges for non-Covered Services and for services received without a necessary authorization.

**OB/GYN and Gynecology-Only Specialist Office Services** - The lower PCP Copayment also applied to office services of a Provider in your chosen network with a specialty of obstetrics/gynecology or gynecology only, regardless of whether that Provider has signed a PCP contract with BCBSNM.

**Mental Disorder and Chemical Dependency Services and Office Services** - The lower PCP Copayment also applied to office services of a Provider in your chosen network who is providing Mental Disorder or Chemical Dependency therapy to you, even though that Provider does not have a PCP contract with BCBSNM.

**Prescription Drug Copayments and Other Charges** - When you purchase covered Prescription Drugs and other items through the Drug Plan, your responsibility may be either a fixed-dollar amount or a percentage of the Covered Charge. (You may also have to pay the difference between the cost of a Brand-Name Drug and its Generic equivalent.) In either case, Drug Plan Copayments are **not** subject to the Medical Deductible or Out-of-Pocket Limit provisions. See “Prescription Drugs and Other Items” for more information about the Drug Plan.

## COINSURANCE

For some Covered Services, you must pay a percentage of Covered Charges (Coinsurance). After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any. You pay a lower percentage of Covered Charges when you visit an In-Network Provider.

Out-of-Network Providers may charge you the difference between the billed charge for a Covered Service and the Covered Charge allowed by BCBSNM – in addition to your Coinsurance and Deductible amount.

**Remember:** The Covered Charge may be less than the billed charge for a Covered Service. In-Network Providers may not bill you more than the Covered Charge. **Note:** If you receive Covered Services from an “unsolicited” Provider, as defined in this section, you will be responsible for amounts over the Covered Charge.

## OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductible, Coinsurance, and Copayments that you pay for most Covered Services in a Calendar Year. There are separate Out-of-Pocket Limits for In-Network Providers and Out-of-Network Providers. After the Out-of-Pocket Limit is reached, this Plan pays 100 percent of most of your

In-Network Provider or Out-of-Network Provider Covered Charges for the rest of the Calendar Year, not to exceed any benefit limits.

The Out-of-Pocket amounts for In-Network Provider services are **not** applied to the Out-of-Network Provider Out-of-Pocket Limit. In addition, the Out-of-Pocket amounts for Out-of-Network Provider services are **not** applied to the In-Network Provider Out-of-Pocket Limit.

The higher Out-of-Network limit must be met using Coinsurance amounts paid for covered Out-of-Network services. Once the Out-of-Network limit is met, this Plan pays 100 percent of the Member's Covered Charges for Out-of-Network services.

Under the Family Coverage, the family In-Network Out-of-Pocket Limit is two times the individual amount. Out-of-Network Out-of-Pocket Limit must be met by each covered person until his/her individual Out-of-Pocket Limit is satisfied. In-Network and Out-of-Network Out-of-Pocket Limits do not cross apply. Once the family Out-of-Pocket Limits are met, this Plan pays 100 percent of the family's Covered Charges.

**Annual Outpatient Diagnostic Testing Limits** - For In-Network outpatient diagnostic testing such as laboratory tests, x-rays, EKGs, and ultrasounds, you pay a percentage of Covered Charges, up to the maximum annual Out-of-Pocket Limit indicated on your Summary of Benefits. Once this Out-of-Pocket Limit is reached by a Member, this Plan pays 100 percent of that Member's covered In-Network outpatient diagnostic testing for the rest of the Calendar Year. (there is no family limit under this provision. The amount applied to the In-Network outpatient diagnostic testing limit is applied to the general Out-of-Pocket Limit as well.

This provision does not include Positron Emission Testing (PET), Computerized Tomography (CT scans), Magnetic Resonance Imaging (MRI or MRA), Infertility Related Testing, or Dental related X-rays and other testing (even if accident related or related to dental surgery).

**Prescription Drug Out-of-Pocket Limit** - There is a separate Out-of-Pocket Limit for Prescription Drugs. Once this Out-of-Pocket Limit is reached by a Member, this Plan pays 100% of that Member's covered Prescription Drug charges for the rest of the Calendar Year. Under the Family Coverage, the family In-Network Out-of-Pocket Limit is two times the individual amount. Once the family Out-of-Pocket Limits are met, this Plan pays 100 percent of the family's Covered Charges.

### **What Is Not Included in the Out-of-Pocket Limits**

The following amounts are **not** applied to the Out-of-Pocket Limits and are **not** eligible for 100 percent payment under this provision:

- amounts in excess of Covered Charges (including amounts in excess of annual or lifetime benefit limits, if applicable)
- noncovered expenses (including services in excess of annual or lifetime day/visit limits)
- Drug Plan Copayments (There is a separate Out-of-Pocket Limit for Prescription Drugs)

*See the Summary of Benefits for your Deductible amounts, Coinsurance percentages and Out-of-Pocket Limit amounts.*

**Remember:** If you receive services from an Out-of-Network Provider, you may be responsible for paying the Provider any amounts over the Covered Charge, even if your Out-of-Pocket Limit is met. The difference between the Provider's billed charge and the Covered Charge can be considerable.

### **CHANGES TO THE COST-SHARING AMOUNTS**

Copayments, Coinsurance percentage amounts, Deductibles, and Out-of-Pocket Limits may change during a Calendar Year. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a Calendar Year, the new amounts must be met during the same Calendar Year. For example, if you have met your Deductible and your Group changes to

a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

## **BENEFIT LEVEL EXCEPTIONS**

In some cases, you will be able to receive services outside your authorized network and receive a higher level of coverage than would otherwise normally be available. However, this Plan does not cover services received outside the United States at the In-Network benefit level under any of the following provisions as indicated on the *Summary of Benefits*, except as listed below.

### **Emergency Care**

If you visit an Out-of-Network Provider for Emergency Care Services, the In-Network Provider Deductible and Copayment is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization is paid at the Standard Network benefit level. (Office/Urgent Care Facility services are not considered “Emergency Care” for purposes of this provision.) Non-Emergency services provided in an Emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

For follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Out-of-Network Provider benefit for the services of an Out-of-Network Provider, even if an In-Network Provider is not available to perform the service, except as specified below. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

### **Urgent Care**

If you are traveling outside the Service Area, you will receive *Standard Network* benefits for Urgent Care services received from an Out-of-Network Provider if you obtain BCBSNM authorization for such services within 48 hours of visiting the Out-of-Network Provider.

If you do not receive authorization for any non-Emergency services from an Out-of-Network Provider you will receive Out-of-Network benefits only for Covered Services. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

### **Transition of Care**

This provision applies to both Continuity of Care and Transition of Care. If your Health Care Provider leaves the BCBSNM Provider network (for reasons other than medical competence or professional behavior) or if you are a new Member and your Provider is not in the Provider network when you enroll, BCBSNM may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days. (If necessary and ordered by the treating Provider, BCBSNM may also authorize transitional care from other Out-of-Network Providers.) An ongoing course of treatment will include, but is not limited to: (1) Treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted; (2) Treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as Chemotherapy, Radiation Therapy or post-operative visits; (3) The second or third trimester of Pregnancy, through the postpartum period; or (4) An ongoing course of treatment for a health condition for which a treating Physician or Health Care Provider attests that discontinuing care by that Physician or Health Care Provider would worsen the condition or interfere with anticipated outcomes. The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. Call the BCBSNM Customer Service department for details.

Members who extend coverage under an extension of benefits due to disability after the Group contract is terminated are not eligible to receive Prior Authorization for services of an Out-of-Network Provider. Services of an Out-of-Network Provider are **not** covered at the in-network level (if any) in such instances of extended coverage.

## Unsolicited Providers

In some states, the local BCBS Plan does not offer In-Network Provider contracts to certain types of Providers (e.g., Home Health Care Agencies, Chiropractors, Ambulance Providers). These Provider types are referred to as “unsolicited Providers.” Unsolicited Providers vary from state to state. If you receive Covered Services from an unsolicited Provider outside New Mexico, you will receive the In-Network Provider benefit level for those services. However, the unsolicited Provider may still bill you for amounts that are in excess of Covered Charges. You will be responsible for these amounts, in addition to your Deductible and Coinsurance.

## Ancillary Provider

Once you have obtained Prior Authorization for an inpatient Admission to a Preferred Hospital or Treatment Facility, your Preferred Physician or Hospital will make every effort to ensure that you receive ancillary services from other In-Network Providers. If you receive Covered Services from a **Preferred** Physician for Outpatient Surgery or Inpatient Medical/Surgical care in a Preferred Hospital or Treatment Facility, services of a Nonpreferred Radiologist, Anesthesiologist, or Pathologist will be paid at the In-Network Provider level and you will not be responsible for any amounts over the Covered Charge (these are the only three specialties covered under this provision).

If an Out-of-Network surgeon provides your care or you are admitted to a Nonpreferred Hospital or other Treatment Facility, you will be responsible for amounts over the Covered Charge for any services received from Out-of-Network Providers during the Admission or procedure.

**Note: Except as described above, the In-Network Provider benefit level will not apply to non-Emergency services when received from an Out-of-Network Provider.**

## Service Availability

In some cases, you will be able to receive services outside the Standard Network and receive a higher level of coverage than would otherwise normally be available. In order for the services to be approved at the higher level of coverage, the services must not be available in the Standard Network. Additionally the services must be Medically Necessary and preauthorized. Services will not be approved based on Provider preference.

## IF YOU HAVE MEDICARE

**Note: This section applies to you only if you are primary under Medicare and Plan benefits are going to be coordinated with Medicare as a result. If you are not sure if Medicare is primary or secondary, please call the Social Security office for more information.**

If you have Medicare as your **primary coverage**, the Plan usually pays benefits only after Medicare has paid its portion of your covered Health Care Services. Medicare is called the “primary” coverage or carrier and pays its benefits first. The UNMH Medical Program is “secondary” coverage.

You may not elect to change your **UNMH** Plan to be primary coverage over Medicare and may not elect to bypass Medicare. If services are among those normally covered by Medicare, you or your Doctor or Hospital (your Health Care “Provider”) must submit a Claim for those services first to Medicare. Medicare will calculate its benefits and will send you an *Explanation of Medicare Benefits* (EOMB) form. This form must be attached to any Claim you send to BCBSNM. **NOTE:** For services received in New Mexico, a “crossover” Claim should automatically be sent by the Medicare Part B carrier or Part A intermediary to BCBSNM for secondary benefit determination. If your Claims are not being sent by Medicare to BCBSNM, please call a Customer Service Advocate to verify that the correct Medicare HIC number is on file for you. For details on how to submit Claims when your Claim is not automatically crossed-over from Medicare, see *Section 8: Claims Payments and Appeals*.

If you plan to receive a service that is not covered by Medicare (such as while outside the United States), it is your responsibility to call Customer Service and verify that the service will be covered under this Plan.

## Active Employees and Employee Eligible Family Members

If you are an active employee or the Eligible Family Member of an active employee and are entitled to Medicare for any reason other than end-stage renal disease, this Plan pays benefits before Medicare and this section does not apply to you.

## End-Stage Renal Disease

If you become eligible for Medicare *solely* due to having ESRD (i.e., you are *not* also age 65 or older and/or you are *not* also eligible for Medicare due to a non-ESRD disability), this Plan pays benefits **before** Medicare **only** during the “ESRD coordination time period.” The length of this time period may change if changes are made in Medicare Secondary Payer laws. You will be advised of the length of the ESRD coordination time period once you begin Dialysis. This section does not apply to you if you are still within the initial ESRD coordination time period during which this Plan pays primary benefits.

If you complete the ESRD coordination time period or reach age 65 while eligible for Medicare as an ESRD patient, Medicare determines its benefits **before** this Plan pays its portion of Covered Charges. **This section of the booklet applies to such Members who are primary under Medicare; your Plan benefits will be coordinated with Medicare.** See the UNMH for enrollment rules.

## How Benefits are Paid

All expenses are subject to the same annual Plan Deductible, Copayment, Coinsurance, and Out-of-Pocket Limits. This Plan's benefits are determined and the balance due after Medicare or the usual Plan benefit will be paid, whichever is less. **Note:** You must be enrolled in both Parts A and B of Medicare in order to retain coverage under this UNMH Plan. If you privately contract with a Provider, BCBSNM will calculate amounts that would have been paid by Medicare and deduct those amounts from the billed charge for a Covered Service in order to arrive at a benefit payment, subject to Plan Deductible and Coinsurance or Plan Copayments.

Services that are not covered by Medicare may also be eligible for benefits under this Plan. See *Section 5: Covered Services* for a list of services that are covered by the Plan (services must be Medically Necessary and not listed as an exclusion in *Section 6: General Limitations and Exclusions*).

The services not subject to this Medicare coordination provision are non-Medicare-Covered Services that are not covered by the Plan and received at a Veteran's Administration, Department of Defense, or other government facility for a nonservice-connected condition (For Outpatient Service, benefits are calculated using a maximum of 20 percent of the billed charge as the Covered Charge, which is then subject to regular Plan Deductible, Coinsurance, and/or Copayments. For Inpatient Services, the Covered Charge is equal to the Part A Hospital Deductible, subject to regular Plan Deductible, Coinsurance, and/or Copayments.

## SECTION 4: UTILIZATION MANAGEMENT

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medical Necessity reviews for a procedure/service, inpatient admission, and length of stay is based on BCBSNM Medical policy and/or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a concurrent or Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary/Medical Necessity in **Section 10: Definitions** in this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

*Prior Authorizations* are a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits. Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this plan, and services that are not Medically Necessary will be denied.

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a health care Provider, in consultation with the health insurance carrier, to be appropriate or necessary, according to:

- a. any applicable generally accepted principles and practices of good medical care;
- b. practice guidelines developed by the federal government, national or professional medical societies, boards and associations; or
- c. Any applicable clinical protocol or practice guidelines developed by the health insurance carrier consistent with such federal, national and professional practice guidelines. These standards shall be applied to decisions related to the diagnosis or direct care and treatment of a physical or Mental Disorder, or Chemical Dependency condition, illness, injury or disease.

### **Please note:**

Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and before you receive certain types of services.

Even when this plan is not your primary coverage, these Prior Authorization procedures must be followed. Failure to do so may result in a denial of benefits.

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision within 15 days of receiving the request (within 24 hours for Urgent Care requests). If requested services are not approved, the notice will include: 1) the reasons for denial; 2) a reference to the Health Care Plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial (see **Section 8: Claims Payments and Appeals**) and "If Your Prior Authorization Request is Denied" later in this section).

Retroactive approvals will not be given, except for Emergency and Maternity-related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained before the service is received.

## HOW THE PRIOR AUTHORIZATION PROCEDURE WORKS

When you or your Provider call, BCBSNM's Health Services representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider (usually at the time of the call) if benefits for the proposed hospitalization or other services have been approved through Prior Authorization. If the Admission or other services are not approved through Prior Authorization, you may appeal the decision as explained in **Section 8: Claims Payments and Appeals**.

## BCBSNM PREFERRED PROVIDERS

If the attending Physician is a Preferred Provider that contracts directly with BCBSNM, obtaining Prior Authorization is not your responsibility — it is the Provider's. Preferred Providers must obtain Prior Authorization from BCBSNM (or from the Behavioral Health Unit (BHU), when applicable) in the following circumstances:

- when recommending any non-Emergency Admission, re-Admission, or transfer
- when a covered newborn stays in the Hospital longer than the mother
- before providing or recommending a service listed under “Other Prior Authorizations,” later in this section
- before recommending that you go to an Out-of-Network (Nonpreferred) Provider whose services you expect to receive benefits (such requests may be denied)

**Note:** Providers that contract with other Blue Cross and Blue Shield plans are not familiar with the Prior Authorization requirements of BCBSNM. Unless a Provider contracts directly with BCBSNM as a Preferred Provider, the Provider is not responsible for being aware of this plan's Prior Authorization requirements.

## NONPREFERRED PROVIDERS OR PROVIDERS OUTSIDE NEW MEXICO

If any Provider outside New Mexico (except for those contracting as Preferred Providers directly with BCBSNM) or any Nonpreferred Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If authorization is not obtained before services are received, your benefits for Covered Services may be denied for some services or you may be entirely responsible for the charges. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called.

## INPATIENT PRIOR AUTHORIZATION

Prior Authorization is required for all Admissions before you are admitted to the Hospital or other inpatient Treatment Facility (e.g., Skilled Nursing Facility, Residential Treatment Center, Physical Rehabilitation Facility, Long-Term Acute Care (LTAC)). If you are receiving services at an out-of-network Facility (or from an in-network Facility outside New Mexico) and you do not obtain authorization within the time limits indicated in the table below, benefits for covered Facility services will be denied as explained under “*Not Obtaining Inpatient Prior Authorization*” below.

Type of inpatient Admission, re-Admission, or transfer:	When to obtain inpatient Admission Prior Authorization:
<b>Non-Emergency</b>	Before the patient is admitted.
<b>Emergency, non-Maternity; or Emergency Room services to treat Mental Disorders or Chemical Dependency</b>	Within 48 hours of the Admission. If the patient's condition makes it impossible to call within 48 hours, call as soon as possible.
<b>Maternity-related</b> (including eligible newborns when the mother is not covered)	Before the mother's Maternity due date, soon after pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother's stay is greater than 48 hours for a routine delivery or greater than 96 hours for a C-section delivery.
<b>Extended stay, newborn</b> (an eligible newborn stays in the Hospital longer than the mother)	Before the newborn's mother is discharged.

## NOT OBTAINING INPATIENT PRIOR AUTHORIZATION

If you or your Provider do not receive Prior Authorization for inpatient benefits, but you choose to be hospitalized anyway, no benefits may be paid as indicated in the table below:

If, based on a review of the Claim:	Then:
The Admission was not for a Covered Service.	Benefits for the Facility and all related services will be denied.*
The Admission was for an item listed under "Other Prior Authorizations," (e.g., elective Admissions).	Benefits for the Facility and all related services may be denied.*
The Admission was for any other Covered Service but hospitalization was not Medically Necessary.	Benefits may be denied for room, board, and other charges that are not Medically Necessary.*
The Admission was for a Medically Necessary Covered Service.	Benefits for the Facility's Covered Services may be denied.*

## OTHER PRIOR AUTHORIZATIONS

In addition to Prior Authorization review for all non-Emergency Inpatient Services, Prior Authorization is required for certain other services listed below. Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. An Out-of-Network Provider, or an out-of-state Network Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called. Preferred Providers that contract directly with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See "*Inpatient Prior Authorization*" (or similar heading) for further information regarding inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and any related services, the service will be reviewed for and subject to one of the following actions in the chart below:

No Prior Authorization Received:	Claim Disposition: Preferred	Claim Disposition: Nonpreferred
Service is Medically Necessary	Claim is paid based on Member's benefit plan	Claim is paid based on Member's benefit plan
Service is not Medically Necessary	Claim is denied; Member is held harmless	Claim is denied; Member is held harmless

Services that require Prior Authorization:

- Non-Emergency Air Ambulance transportation
- All inpatient Hospital Admissions
- The following Outpatient Services and procedures:
  - Home Health Care
  - Home infusion therapy (HIT), excluding antibiotics
  - Home Hospice
  - Outpatient Surgery performed at a Hospital or Ambulatory Surgical Facility for Out-of-Network services only
  - Transplant Evaluations and Transplants
  - **Ear, Nose and Throat (ENT):**
    - Bone Conduction Hearing Aids
    - Cochlear Implant
    - Nasal and Sinus Surgery

- **Gastroenterology (Stomach):**
  - Gastric Electrical Stimulation (GES)
- **Neurology:**
  - Deep Brain Stimulation
  - Sacral Nerve Neuromodulation/Stimulation
- **Specialty Pharmacy:**
  - Specialty Pharmacy Medications covered by Medical Benefits including Infusion Site of Care, Medical Oncology & Supportive Care and Provider Administered Drug Therapies
- **Surgical Procedures:**
  - Outpatient Surgery Jaw
  - Outpatient Breast
  - Surgical Deactivation of Headache Trigger Sites
- **Wound Care:**
  - Hyperbaric Oxygen (HBO2) Therapy-Systemic

For specific details about the Prior Authorization requirement for the above referenced Outpatient Services, please call Customer Service at the number on the back of your Identification Card. BCBSNM reserves the right to no longer require Prior Authorization during the Calendar Year. Updates to the list of services requiring Prior Authorization may be confirmed by calling Customer Service.

BCBSNM will send a letter to you, your Physician and the Hospital or Facility with a determination of your Prior Authorization review no later than seven (7) business days after BCBSNM receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria described in *Section 5: Covered Services*, “Medically Necessary Services,” and will not be covered, if excluded, for any reason. Some services requiring Prior Authorization may not be approved for payment (for example, due to being Experimental, Investigational or Unproven, or not Medically Necessary). Services requiring Prior Authorization are subject to review and change by BCBSNM.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

**It is strongly recommended that you request a Recommended Clinical Review for benefits for high-cost services in order to reduce the likelihood of benefits being denied after charges are incurred. See “Recommended Clinical Review” later in this section for further information.**

## **PRIOR AUTHORIZATION OF MENTALDISORDER/CHEMICALDEPENDENCY SERVICES**

Prior Authorization for all inpatient Mental Disorders and Chemical Dependency services must be obtained from the BCBSNM Behavioral Health Unit (BHU) at the phone number listed on the back of your Identification Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Disorder and/or Chemical Dependency:

- Psychological Testing
- Neuropsychological Testing
- Intensive Outpatient Program (IOP) Treatment
- Electroconvulsive Therapy (ECT)

- Repetitive Transcranial Magnetic Stimulation
- Applied Behavioral Analysis (ABA) Therapies

Prior Authorization is not required for group, individual, or family therapy outpatient office visits to a Physician or other Professional Provider licensed to perform Covered Services under this Health Plan.

For services needing Prior Authorization, you or your Health Care Provider should call the BHU before you schedule treatment. **NOTE:** Your Provider may be asked to submit clinical information in order to obtain Prior Authorization for the services you are planning to receive. Services may be authorized or may be denied based on the clinical information received. (*Clinical information* is information based on actual observation and treatment of a particular patient.)

If you or your Provider do not call for Prior Authorization of non-Emergency Inpatient Services, benefits for covered, Medically Necessary inpatient Facility care may be denied. If Inpatient Services received without Prior Authorization are determined to be not Medically Necessary or not eligible for coverage under your plan for any other reason, the Admission and all related services will be denied. In such cases, you may be responsible for all charges.

If Prior Authorization is not obtained before you receive psychological testing, IOP treatment, neuropsychological testing, electroconvulsive therapy repetitive transcranial magnetic stimulation, Applied Behavioral Analysis (ABA) therapies, your Claims may be denied if it is not Medically Necessary. In such cases, you may be responsible for all charges. Therefore, you should make sure that you (or your Provider) have obtained Prior Authorization for Outpatient Services before you start treatment.

## **IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED**

BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved - pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests (“pre-service Claims”). For appeals involving post-service Claims payments or denials, see *Section 8: Claims Payment and Appeals*.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your Customer Service Advocate for assistance. Many complaints or problems can be handled informally by calling or writing BCBSNM Customer Service. If you make an oral complaint, a BCBSNM Customer Service Advocate will assist you.

## LENGTH OF STAY/SERVICE REVIEW

**Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Benefit Booklet.**

Upon completion of the preadmission or emergency Admission review, BCBSNM will send you a letter confirming that you or your representative called BCBSNM. A letter authorizing a length of service or length of stay will be sent to you, your Physician, Behavioral Health Practitioner and/or the Hospital or Facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the *Appeal Procedure* section under this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an ongoing course of treatment, the plan will make a determination on the request as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

## RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of Medical Necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSNM will review the request to determine if it meets approved BCBSNM medical policy and/or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

**To determine if a Recommended Clinical Review is available for a specific service, visit our website at [www.bcbsnm.com/find-care/where-you-go-matters/utilization-management.com](http://www.bcbsnm.com/find-care/where-you-go-matters/utilization-management.com) for the required Prior Authorization and Recommended Pre-Service Clinical Review list, which is updated when new services are added or when services are removed. You can also call BCBSNM Customer Service at the number on the back of your identification card. Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Benefit Booklet. Please coordinate with your Provider to submit a written request for Recommended Clinical Review.**

## General Provisions Applicable to All Recommended Clinical Reviews

### a) No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by BCBSNM. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

### b) Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

## **Post-Service Medical Necessity Review**

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered under certain circumstances.

### **General Provisions Applicable to All Post-Service Medical Necessity Reviews**

#### **a) No Guarantee of Payment**

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Post-Service Medical Necessity Reviews do not guarantee payment of benefits by BCBSNM, for instance a Member may become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

#### **b) Request for Additional Information**

The Post-Service Medical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Post-Service Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

## SECTION 5: COVERED SERVICES

This section describes the services and supplies covered by this Group Health Care Plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM.

### MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by BCBSNM's medical director (in consultation with your Provider) to meet all of the following conditions:

- it is medical in nature;
- it is recommended by the treating Physician;
- it is the most appropriate supply or level of service, taking into consideration:
  - potential benefits;
  - potential harms;
  - cost, when choosing between alternatives that are equally effective; and
  - cost effectiveness, when compared to the alternative services or supplies;
- it is known to be effective in improving health outcomes as determined by credible scientific evidence published in the peer-reviewed medical literature (for established services or supplies, professional standards and expert opinion may also be taken into account); and
- it is not for the convenience of the Member, the treating Physician, the Hospital, or any other Health Care Provider.

All services must be eligible for benefits as described in this section, not listed as an exclusion and must meet all of the conditions of “Medical Necessity” as defined above in order to be covered.

**Note: Because a Health Care Provider prescribes, orders, recommends, or approves a service does not make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion.** BCBSNM, at its sole discretion, will determine Medical Necessity based on the criteria above.

Certain services are covered pursuant to BCBSNM medical policies and clinical procedure and coding policies, which are updated throughout the plan year. The medical policies are guides considered by BCBSNM when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit plan. The most up-to-date medical and clinical procedure and coding policies are available at [www.bcbsnm.com](http://www.bcbsnm.com), or call BCBSNM Customer Service at the number listed on the back of your ID Card.

#### If Medicare is Primary

When Medicare is primary (for example, you are under 65 and have exhausted the end-stage renal disease coordination time period under Medicare, or you are eligible for Medicare due to end-stage renal disease and turn age 65), if Medicare allows a service as Medically Necessary, the Plan will also consider it Medically Necessary. When Medicare determines that a service was not Medically Necessary, BCBSNM may (at your request) make its own determination regarding the service's Medical Necessity. However, for non-Medicare-Covered Services, BCBSNM determines whether a service or supply is Medically Necessary and, therefore, whether the expense is covered under this Plan.

### AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency (e.g., cardiac arrest, stroke). When you cannot be safely transported by any other means in a non-Emergency situation, this Plan also covers Medically Necessary Ambulance transportation to a Hospital with appropriate Facilities, or from one Hospital to another.

## Air Ambulance

Ground Ambulance is usually the approved method of transportation. This Plan covers Air Ambulance only when terrain, distance, or your physical condition requires the use of Air Ambulance services or for high-risk Maternity and newborn transport to Tertiary Care Facilities. To be covered, non-Emergency Air Ambulance services require **Prior Authorization** from BCBSNM.

BCBSNM determines on a case-by-case basis when Air Ambulance is covered. If BCBSNM determines that ground Ambulance services could have been used, benefits are limited to the cost of ground Ambulance services.

## Exclusions

This Plan does **not** cover:

- commercial transport, private aviation, or air taxi services
- services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance
- services ordered only because other transportation was not available, or for your convenience

## AUTISM SPECTRUM DISORDERS

For a Member **19 years old or younger** (or, if enrolled in high school, 22 years old or younger), this Plan covers the Habilitative and Rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA). Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the Members treating Physician in accordance with a treatment plan. The **treatment plan** must be approved through **Prior Authorization** by BCBSNM to determine that the services are to be performed in accordance with such a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services will be denied.

Services not approved through Prior Authorization by BCBSNM must be performed in accordance with a treatment plan and must be Medically Necessary or benefits for such services may be denied. **Note:** Habilitative Services are defined as Occupational Therapy, Physical Therapy, Speech Therapy and other Health Care Services that help you keep, learn, or improve skills and functioning for daily living, as prescribed by your Physician pursuant to a treatment plan. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a Congenital, Genetic or Early Acquired disorder. These services also may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this Policy. This benefit is subject to the other general provisions of the Plan, including but not limited to: coordination of benefits, Participating Provider agreements, restrictions on Health Care Services, including review of Medical Necessity, case management, and other Managed Care provisions.

## DENTAL-RELATED SERVICES AND ORAL SURGERY

The following services are the only Dental-Related Services and oral surgery procedures covered under this Plan. When alternative procedures or devices are available, benefits are based upon the most cost-effective, medically appropriate procedure or device available.

### Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face or Sound Natural Teeth are generally subject to the same limitations, exclusions and Member cost-sharing provisions that would apply to similar services when not Dental-Related (e.g., X-rays, Medical Supplies, Surgical Services). This also includes services or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition.

To be covered, *initial* treatment for the Accidental Injury must be sought **within 72 hours** of the accident and any services required after the initial treatment must be associated with the initial accident in order to be covered. (For treatment of TMJ or CMJ injuries, see “TMJ/CMJ Services.”)

### Facility Charges

This Plan covers inpatient and outpatient Hospital expenses for Dental-Related Services **only** if the patient is under age six or has a nondental, hazardous physical condition (e.g., heart disease or hemophilia) that makes hospitalization Medically Necessary. All Hospital services for dental-related and oral surgery services must be approved through **Prior Authorization** by BCBSNM. **Note:** The Dentist's services for the procedure will not be covered unless listed as eligible for coverage in this section.

**Reminder: If Hospital Covered Services are recommended by a Nonpreferred (Out-of-Network) Provider, you are responsible for assuring that your Provider obtains Prior Authorization for outpatient Covered Services or benefits may be reduced or denied. (See Section 4: Utilization Management.)**

- hospitalization or general anesthesia for the patient's or Provider's convenience

*For insulin and over-the-counter diabetic supplies, including glucose meters, see "Prescription Drugs and Other Items."*

*For Durable Medical Equipment, see "Supplies, Equipment and Prosthetics."*

*For educational services and diabetes management services, see "Physician Visits/Medical Care."*

## EMERGENCY CARE AND URGENT CARE

### Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an Emergency room, Trauma Center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include, but are not limited to: heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning. Non-Emergency services provided in an Emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

## Emergency Room Services

**Use of an Emergency center for non-Emergency Care is NOT covered. However, services will not be denied if you, in good faith and possessing average knowledge of Health and Medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be non-Emergency.**

Acute Emergency Care is available 24 hours per day, 7 days a week. If services are received in an Emergency room or other Trauma Center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an Emergency room that do not meet the definition of Emergency Care may be reviewed for appropriateness and may be denied. If you disagree with the Claim Administrator's determination in processing your benefits as non-Emergency Care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review Section 8: Claims Payments and Appeals section of this Policy for specific information on your right to seek and obtain a full and fair review of your Claim.

If you visit a Nonpreferred Provider for Emergency Care, the Preferred Provider benefit is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. Once you are discharged, covered follow-up care from a Nonpreferred Provider is paid at the Nonpreferred Provider benefit level. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Note: Under the *Standard Network*, Emergency services in an Out-of-Network Facility will be paid at the Standard Network level of coverage.

Services provided in an Emergency room that are not Emergency Care may be excluded from Emergency coverage, although these services may be covered under another benefit, if applicable. Emergency Care services – including non-Emergency services provided in an Emergency room for Mental Disorders or Chemical Dependency – performed by a Nonpreferred Provider will be paid at the Preferred Provider level.

## Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

## Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the Covered Services of a Nonpreferred Provider, even if a Preferred Provider is **not** available to perform the service.

## Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments, or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other Trauma Center, the condition and treatment must meet the definition of Emergency Care in order to be covered.

The Urgent Care Copayment or Coinsurance will apply to Urgent Care received in an Urgent Care Facility (including Hospital based Urgent Care Centers) and to preauthorize Urgent Care received from Out-of-Network Physician in their office

If you need Urgent Care, you have the choice of taking any of the following steps to receive care:

- Call your PCP and request an immediate appointment (if available).
- Visit the nearest Standard Network Urgent Care Center. (if you are outside New Mexico, you will need BCBSNM authorization in order to receive In-Network benefits for Urgent Care services).

- If there is not an In-Network center nearby, call your PCP for Prior Authorization to visit another Facility or other appropriate Provider. If you do not receive authorization within 48 hours of receiving treatment from an Out-of-Network Provider, you will receive Out-of-Network benefits for covered Urgent Care services. (If you obtain Prior Authorization to receive Urgent Care services Out-of-Network, you will receive Standard Network benefits.
- If you are outside New Mexico and need Urgent Care, call a Customer Service Advocate, who will connect you with the BlueCard Program. If you prefer, you may contact a BlueCard representative directly at 1-800-810-BLUE (2583). The BlueCard representative will give you the name and telephone number of a local Provider. You must also call your PCP for Prior Authorization in order to receive In-Network benefits for services from an out-of-state Provider or any Out-of-Network Urgent Care Facility. If Prior Authorization is not obtained, you will be eligible for Out-of-Network coverage only.

(When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your Drug Plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a Member. If you do not, benefits for the newborn's covered Facility services will be paid at the Nonpreferred Provider benefit level. The baby's services will be subject to a separate Deductible, Coinsurance and Out-of-Pocket Limit.

In order to be covered, services cannot be excluded under any other provision of this Benefit Booklet and are paid according to the provisions of the Plan that apply to that particular type of service (e.g., Special Medical Foods are covered under “Prescription Drugs and Other Items,” medical assessments under “Physician Visits/Medical Care” and corrective lenses under “Supplies, Equipment and Prosthetics”).

To be covered, the Member must be receiving medical treatment provided by licensed Health Care Professionals, including Physicians, dietitians and nutritionists, who have specific training in managing patients diagnosed with Genetic Inborn Errors of Metabolism.

## Injections and Injectable Drugs

This Plan covers most FDA-approved therapeutic injections administered in a Provider's office. However, this Plan covers some injectable drugs only when **Prior Authorization** is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your Drug Plan.)

Proposed new uses for injectable drugs previously approved by the FDA will be evaluated on a medication-by-medication basis. Benefits will not be provided for any self-administered drugs dispensed by a Physician. Call a BCBSNM Customer Service Advocate if you have any questions about this policy.

## Mental Disorder Evaluation Services

This Plan covers medication checks and intake evaluations for Mental Disorders, Alcohol, and Drug Abuse. See “Psychotherapy (Mental Disorder and Chemical Dependency)” for psychotherapy and other therapeutic service benefits.

## Inpatient Medical Visits

With the exception of Dental-Related Services, this Plan covers the following services when received on a covered inpatient Hospital day:

- visits for a condition requiring **only** medical care, unless related to Hospice Care
- consultations (including second opinions) and, if surgery is performed, inpatient visits by a Provider who is not the surgeon and who provides medical care **not** related to the surgery (For the surgeon's services, see “Surgery and Related Services” or “Transplant Services.”)
- medical care requiring **two or more** Physicians at the same time because of multiple illnesses
- initial Routine Newborn Care for a newborn added to coverage within the time limits specified in *Section 2: Enrollment and Termination Information* (See “Maternity/Reproductive Services and Newborn Care” for details and for extended stay benefits.)

## PRESCRIPTION DRUGS AND OTHER ITEMS

When you are being treated for an illness or accident, your Doctor may prescribe certain drugs or other Pharmacy items and supplies as part of your treatment. Your coverage under this Drug Plan includes benefits for drugs that are self-administered and other items listed below. The benefits of this Drug Plan are subject to all other terms and conditions of the Plan (excluding the network requirements of the medical plan). For example, benefits will be provided only if drugs and supplies are Medically Necessary. **Unless there is an Emergency, you must use a Participating Retail Pharmacy, the BCBSNM designed Specialty Pharmacy Provider, or the BCBSNM designated Mail-Order Service vendor, in order to receive benefits under this Drug Plan.**

All drugs listed on the Drug List or Specialty Drug List are covered unless specifically excluded. (For example, if your Plan excludes weight management or obesity treatment, drugs for the treatment of obesity are also excluded.) Prescription Drugs under your Drug Plan will not be excluded only because the drug has not been approved by the FDA for the treatment of your particular condition. Such a drug may be covered under the Drug Plan if it is recognized as safe and effective for the treatment of your condition in at least one standard medical reference compendium, including the “AMA Drug Evaluation,” the “American Hospital Formulary Service Drug Information,” and “Drug Information for the Health Care Provider,” OR is being provided during a covered Cancer Clinical Trial as required under New Mexico state law. The drug will not be covered however, if it is excluded for another reason (such as being for weight loss, Cosmetic, etc.).

## Pharmacy-Related Definitions

Please see all Pharmacy-related definitions under “Pharmacy-Related Definitions” in *Section 10: Definitions*.

## Covered Medications and Other Items

This Plan covers the following drugs, supplies and other products through this Drug Plan provision only when dispensed by a **Participating Pharmacy** under the **Retail Pharmacy Program** or **Specialty Pharmacy Drug Program** (unless required as the result of an Emergency) or ordered through the **Mail Order Service** vendor:

- Prescription Drugs, prenatal vitamins, and Medicines, unless listed as an exclusion (covered drugs/items include insulin, glucagon, prescriptive oral agents for controlling blood sugar levels and prescription contraceptive devices and medications purchased from a Participating Pharmacy). **Note:** Prescription contraceptive devices fitted or inserted by, and purchased directly from a Physician are payable under the “Family Planning” benefit, if any, of your medical/surgical Plan.
- Specialty Drugs such as, but not limited to, self-administered injectable drugs such as growth hormone, Copaxone, Avonex. (Most injectable drugs require **Prior Authorization** from BCBSNM. Some self-administered drugs, whether injectable or not, are identified as Specialty Drugs and must be acquired through a Participating Specialty Pharmacy Provider in order to be covered.)
- vaccinations for flu or pneumonia, or Zostavax<sup>®</sup> vaccinations when received from certain Participating Pharmacies. (For a list of Pharmacies that are contracted with BCBSNM to provide this service, go to the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com).)

- insulin needles, syringes, glucose meters, and other diabetic supplies (e.g., glucagon emergency kits, autolets, lancets, lancet devices, blood glucose and visual reading urine and ketone test strips). (A separate Copayment amount applies for each item purchased.) These items are **not** covered as a Medical Supply or medical equipment expense under any medical or surgical provisions of this Benefit Booklet. See “Supplies, Equipment, and Prosthetics” later in this section for a list of diabetic equipment that *is* covered under the medical/surgical portion of your Health Plan.
- nonprescription Enteral Nutritional Products and Special Medical Foods only when **preauthorized** and either: 1) delivered through a Medically Necessary enteral access tube that has been surgically placed (e.g., gastrostomy, jejunostomy) or 2) meeting the definition of Special Medical Foods (These products must be ordered by a Physician and **Prior Authorization** received from BCBSNM in order to be covered.) See *Section 4: Utilization Management* for more information about Prior Authorization requirements.
- treatment with FDA-approved Prescription Drugs to assist you with quitting tobacco use or smoking.

### **Prior Authorizations**

Certain Prescription Drugs, injectable medications and Specialty Pharmacy Drugs may require **Prior Authorization** from BCBSNM. A list of drugs requiring Prior Authorization is available on the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com). Your Physician can request the necessary Prior Authorization.

### **Step Therapy**

The step therapy program helps manage costs of expensive drugs by redirecting patients, when appropriate, to equally effective less expensive, Generic alternatives. The program requires that Members starting a new drug treatment use Generic Drugs first when appropriate. Generic Drugs, which are tested and approved by the U.S. Food and Drug Administration (FDA), have been shown to be safe and effective. If the Generic alternative is not effective, a Brand-Name Drug may then be acquired in the second step. You will be required to pay the applicable Copayment for Brand-Name Drugs.

### **Member Copayments and Coinsurance**

For covered Prescription Drugs, insulin, diabetic supplies, and nutritional products, you pay the applicable tiered Copayment or applicable Coinsurance, not to exceed the actual retail price, for each prescription filled or item purchased (not to exceed supply limitations described in this section). Any Coinsurance amounts due for certain covered items are noted in this Benefit Booklet.

Each Calendar Year, the Copayments and Coinsurance percentage amounts, are applied to your or your family's applicable annual Out-of-Pocket Limit for that Calendar Year. BCBSNM pays 100% of your covered Prescription Drugs, insulin, diabetic supplies, and nutritional products under this Drug Plan for the remainder of that Calendar Year. Non-Covered Charges may not be used to meet the Out-of-Pocket Limit under the medical portion of your health care benefits plan.

Your Drug Plan offers several benefit design Copayment and Coinsurance option for when you purchase drugs or supplies from a Participating Pharmacy, or a BCBSNM- designated Specialty Pharmacy Provider, or BCBSNM-designated Mail Order Service vendor. When you need a prescription order filled, you should use a Participating Pharmacy. Each prescription or refill is subject to the Copayment or Coinsurance shown on your SBC.

When you go to a Participating Pharmacy, you must pay any Copayment, Coinsurance and any applicable pricing difference. You may be required to pay for limited or non-Covered Services. No Claim forms are required. If you are unsure whether a Pharmacy is a Participating Pharmacy, you may access the website at [www.bcbsnm.com](http://www.bcbsnm.com) or contact customer service at the toll-free number on your Identification Card.

See your Summary of Benefits for the Drug Plan Copayment option that corresponds to the health benefits plan you have chosen. Except as may be specified elsewhere in this Benefit Book, drugs and supplies must be purchased from a Participating Pharmacy, or a BCBSNM-designated Specialty Pharmacy Provider, or BCBSNM-designated Mail Order Service in order to be covered under your Drug Plan.

Here's a sample of how the Drug Plan works under the "6-Tier Drug Plan" using the \$8/\$20/\$45/\$75/\$150/\$300 option:

Type of Prescription	Sample of Copayment Amounts
Preferred Generic Drug	Tier-One Copayment: \$8
Nonpreferred Generic Drug	Tier-Two Copayment: \$20
Preferred Brand-Name Drug (no Generic equivalent)	Tier-Three Copayment: \$45
Nonpreferred Brand-Name Drug (no Generic equivalent)	Tier-Four Copayment: \$75
Preferred Specialty Drug (no Generic equivalent)	Tier-Five Copayment: \$150
Nonpreferred Specialty Drug (no Generic equivalent)	Tier-Six Copayment: \$300
For all Brand-Name Drugs with an FDA-approved Generic equivalent, if you or your Provider order the Brand-Name, you will pay the Copay, PLUS the difference in cost between the Brand-Name Drug and its Generic equivalent.	
Vaccinations received from certain Participating Pharmacies. For a list of covered vaccinations see your Drug List at www.bcbsnm.com.	No Copayment
Mail Order Service (available for Tiers 1, 2, 3 and 4 only; Specialty Drugs are not covered through Mail Order Service)	\$16, \$40, \$90, or \$150 (2 times Copay for Tier 1, 2, 3, or 4 drug - depending on Generic/Brand and Drug List status)
Nonprescription Enteral Nutritional Products and Special Medical Foods (Brand-Name or Generic; requires Prior Authorization)	50 percent of Covered Charge

Under the Drug Plan, drugs are available at "tiered" Copayment levels. The benefits you receive and the amount you pay will differ depending upon the type of drugs, or diabetic supplies, or insulin and insulin syringes, or nutritional products obtained and whether they are obtained from a Participating Pharmacy, or a BCBSNM-designated Specialty Pharmacy Provider, or BCBSNM-designated Mail Order Service vendor.

\*You may not be required to pay the difference in cost between the allowable amount of the Brand-Name Drug and the allowable amount of the Generic Drug if there is a medical reason (e.g., adverse event) you need to take the Brand-Name Drug and certain criteria are met. Your Physician can submit a request to waive the difference in cost between the allowable amount of the Brand-Name Drug and allowable amount of the Generic Drug. In order for this request to be reviewed, your Physician must send in a MedWatch form to the Food and Drug Administration (FDA) to let them know the issues you experienced with the generic equivalent. Your Physician must provide a copy of this form when requesting the waiver. The FDA MedWatch form is used to document adverse events, therapeutic inequivalence/failure, product quality problems, and product use/medication error. This form is available on the FDA website. If the waiver is granted Deductible, applicable Copayments and/or Coinsurance amounts will still apply. For additional information, contact the customer service number on the back of your Identification Card or visit www.bcbsnm.com.

When the Copayment or Coinsurance for an item purchased under the Drug Plan is **greater** than the Covered Charge for the supply being purchased from a Participating Pharmacy, you pay the **least of**: 1) your Copayment amount or 2) the Pharmacy's or vendor's retail price, or 3) the Covered Charge (i.e., the BCBSNM-contracted rate). For Claims submitted to the Pharmacy Benefit Manager for reimbursement, you are paid the **lesser of**: 1) the sum of the drug ingredient cost, the dispensing fee that would be payable to a Participating Pharmacy and any sales tax minus the applicable Member share or 2) the Pharmacy's retail price minus the applicable Member share.

### Retail Pharmacy Program

Your Drug Plan provides access to the Pharmacy in the Retail Pharmacy network. In order to receive maximum benefits, items must be purchased from a Participating Pharmacy.

For a list of Participating Pharmacies, call Customer Service at the phone number on the back of your ID Card and request a Provider directory - or visit the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com). The Pharmacies that are participating in the BCBSNM Retail Pharmacy Program may change from time to time. You should check with your Pharmacy before obtaining drugs or supplies to make certain of its participating status.

**You must present your BCBSNM Identification (ID) Card to the pharmacist at the time of purchase** to receive your drug benefits. (You do not receive a separate prescription Identification Card; use your BCBSNM Identification Card to receive all your medical/surgical and Prescription Drug services covered under this Plan.) You are responsible for paying any Deductibles, Coinsurance amounts, Copayments, any pricing differences when applicable, and limited or non-Covered Services. No Claim forms are required when you purchase your prescriptions at a Participating Pharmacy.

**NOTE: Specialty Drugs must be purchased from the BCBSNM-designated Specialty Pharmacy Provider in order to be covered.**

You can use your Identification Card to purchase covered items only for yourself and covered family members. When coverage for you or a family member ends under this Plan, the Identification Card may not be used to purchase drugs or other items for the terminated family member(s).

If you do not have your Identification Card with you or if you purchase your drug or other item from a Nonparticipating (Out-of-Network) Pharmacy and it is eligible for coverage as indicated in the first paragraph above, such as in an **Emergency**, you must pay for the purchase in full and then submit a Claim directly to the BCBSNM Pharmacy Benefit Manager, Prime Therapeutics, at the address below (do not send to BCBSNM). In such cases, you will pay the difference in cost between the Pharmacy's billed amount and the Covered Charge, in addition to your Deductible, Coinsurance, and/or Copayment amount. If not included in your enrollment materials, you can obtain the necessary Claim forms from a Customer Service Advocate or on the BCBSNM website ([www.bcbsnm.com](http://www.bcbsnm.com)).

**Send Retail Pharmacy Claims to:  
Prime Therapeutics  
P.O. Box 25136  
Lehigh Valley, PA 18002-5136**

If you are leaving the country or need an extended supply of medication, call Customer Service **at least two weeks** before you intend to leave. (Extended supplies or vacation overrides are not available through the Mail Order Service Program (see below) and may be approved only through the Retail Pharmacy Program. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Retail Pharmacy Program.) Only up to one 90-day supply override may be allowed each 365 days.

One 30-day supply override for lost, stolen, and damaged medication may be allowed each 365 days.

### **Specialty Pharmacy Program**

The Specialty Drug delivery service integrates Specialty Drug benefits with your overall medical and Drug Plan benefits. This program provides delivery of medications directly to your Provider's office or to your home if you are undergoing treatment for a complex medical condition.

Due to special storage requirements and high cost, Specialty Drugs are not covered unless obtained through the Specialty Pharmacy program. The Specialty Pharmacy program delivery service offers:

- coordination of coverage among you, your Health Care Provider, and BCBSNM
- educational materials about your condition and information about managing possible medication side effects
- syringes, sharps containers, alcohol swabs, and other supplies with every shipment of FDA-approved self-injectable medications
- access to a pharmacist for urgent medication issues 24 hours a day, 7 days a week, 365 days a year

## MedsYourWay™

MedsYourWay™ (“MedsYourWay”) is a program that automatically compares participating drug discount card prices and prices under your benefit plan for select Covered Drugs and establishes your out-of-pocket cost to the lower prices available at select in-network retail pharmacies.

Not all in-network retail pharmacies participate in drug discount card programs and not all drug discount card programs are participating under MedsYourWay. Arrangements between participating in-network retail pharmacies and the participating drug discount card programs control the selection of available drug discounts, which are subject to change.

At the time you submit or pick up your Prescription, present your BCBSNM Identification Card to the pharmacist. This will identify you as a participating in MedsYourWay and allow you the lower price available.

If the discount available through the participating drug discount card program is lower than the amount you would pay under your benefit plan, your out-of-pocket cost will reflect the full discount available through the drug discount card program. The full amount you paid for the prescription will be applied to your Deductible and out-of-pocket maximum, if applicable. You may experience a different out-of-pocket amount for select Covered Drugs depending upon which retail pharmacy is utilized.

Participating in MedsYourWay is not mandatory and you may choose not to participate in the program at any time by contacting your Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

For additional information regarding MedsYourWay, please contact a Customer Service Representative at the toll-free telephone number on the back of your Identification Card.

**IMPORTANT:** Specialty Drugs are not covered through the Mail Order Service. You must use the Specialty Pharmacy Provider designated by BCBSNM in order to receive benefits for Specialty Drugs.

### Supply Limitations

For each Copayment listed on the *Summary of Benefits*, you can obtain the following supply of a single covered Prescription Drug or other item (unless otherwise specified):

Program Type	Supply Maximum	Copay Requirement* (see note)
<b>Nonprescription Nutritional Products</b>	<b>30-day supply</b> during any 30-day period	<b>50 percent</b> of Covered Charges (includes prescriptions for Enteral Nutritional Products and Special Medical Foods as described under “Covered Drugs and Other Items”)
<b>Participating Retail Pharmacy and Specialty Pharmacy Provider</b>	During each one-month period, a <b>30- day supply or 120 units</b> (e.g., pills) whichever is less	<b>One Copayment. Cost share will be based on day supply (1-30 day supply, 31-60 day supply, 61-90 day supply) dispensed</b> If more than 120 units are needed to reach a 30-day supply, another Copayment will apply to each additional 120 units (or portion thereof) purchased. For oral contraceptives, the supply is limited to one menstrual cycle (normally 28 days).
<b>Mail Order Service</b>	During each three-month period, up to a <b>90-day supply or 360 units</b> (e.g., pills) whichever is less	<b>Two Copayments. Cost share will be based on day supply (1-30 day supply, 31-60 day supply, 61-90 day supply) dispensed</b> If less than a 90-day supply is ordered, one Copayment will apply. If more than 360 units are needed to reach a 90-day supply, 2 Copayments will apply to each additional 360 units (or portion thereof) purchased.

NOTE: For commercially packaged items (such as an inhaler, a tube of ointment or a blister pack of tablets or capsules), you will pay the applicable Copayment for each package, **regardless of the number of days supply the package represents**. For example, if two inhalers are purchased under the Retail Pharmacy Program, two Copayments will apply. Under Mail-Order, you can receive up to three times the number of packages obtainable from a Retail Pharmacy for the same Copayment amount payable under the Retail Pharmacy Program.

### Dispensing Limits

In additions to the supply limits stated above and regardless of the quantity of a covered drug prescribed by a Physician, BCBSNM has the right to establish dispensing limits on covered drugs. These limits, which are based upon FDA dosing recommendations and nationally recognized clinical guidelines, identify gender or age restrictions, and/or the maximum quantity of a drug (or member of a drug class) that can be dispensed to you over a specific period of time. Such limits are in place to encourage appropriate drug use and patients safety, and to reduce waste and stockpiling of drugs. Benefits for a covered drug may also be denied if the drug is dispensed or delivered in a manner intended to avoid the BCBSNM established dispensing limit. If you need a drug quantity that exceeds the dispensing limit, ask your Doctor to submit a request for review to BCBSNM on your behalf. The Prior

Authorization request will be approved or denied after the clinical information submitted by the prescribing Doctor has been evaluated by BCBSNM.

## Split Fill Program

If this is your first time using select medications (e.g., oral cancer medications) or you have not filled one of these medications recently, you may only be able to receive a partial fill (14-15 day supply) of the medication for up to the first 3 months of therapy. This is to help see how the medication is working for you. Your Copayment Amount and/or Coinsurance Amount may be adjusted to align with the number of pills dispensed. If the medication is working for you and your Physician wants you to continue this medication, you may be eligible to receive up to a 30-day supply after completing up to 3 months of the partial supply. Call the number on the back of your Identification Card if you have any questions.

## Controlled Substances

If BCBSNM determines you may be receiving quantities of controlled substances medications not supported by FDA approved dosages or recognized treatment guidelines, benefits may be subject to a review to determine if they are Medically Necessary, appropriate and other coverage restrictions such as limiting coverage to services provided by a certain Provider and/or Participating Pharmacy for the prescribing and dispensing of the controlled substance medication. For the purposes of this provision, controlled substance medications are medications restricted by state or federal laws because of their potential of addition or misuse.

## FlexAccess™

Your Employer has chosen to participate in FlexAccess™ (FlexAccess) which lowers your out-of-pocket costs for select drugs by obtaining drug manufacturer assistance when available. Under this program, out-of-pocket costs for select drugs may be set to the maximum of the current design or be based on any available manufacturer-funded assistance. Drug manufacturers may provide financial support for some, or all, of your out-of-pocket costs for select drugs. You may be required to pay an amount typically \$0-\$35.00 for select drugs. Any amount paid through drug manufacturer assistance program (e.g., manufacturer cost share assistance, manufacturer discount plans, and/or manufacturer coupons) may not apply to your Deductible (if part of the Plan) or yearly out-of-pocket maximum. The list of drugs covered under FlexAccess is subject to change. Please call the toll-free telephone number on the back of your Identification Card, or FlexAccess at 1-888-302-3618 to determine whether your drug is covered under this FlexAccess program. If you are taking a qualifying drug, a FlexAccess representative will contact you to participate in the FlexAccess program. You are not required to participate ; however, if you choose to opt-out , or if you do not affirmatively enroll in any manufacturer's assistance, you will be responsible for up to 100% of the cost of the drug. Please note there is a difference between opting out of the FlexAccess program and being ineligible. Ineligibility may be due to a drug's exclusion from a drug manufacturer's assistance program, or if you switch to a drug that no assistance program available, or you are taking a drug that is not on the FlexAccess Drug list. In the event you are ineligible for the FlexAccess program, your cost for a select drug will equal to the amount specified under the health care Plan.

If you do not choose the therapeutic equivalents/therapeutic alternatives that are covered under your benefit program, the drug purchased will not be covered under any benefit level.

### **Exception Request**

You or your Provider can ask for a Drug List exception if your drug is not on the Drug List (also known as a formulary). To request this exception, you or your Provider can call the number on the back of your Identification Card to ask for a review. If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug, you or your Provider may be able to ask for an expedited review process. The Plan will let you and your Provider know the coverage decision within 24 hours after we receive your request for an expedited review. If the coverage request is denied, the Plan will let you and your Provider know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination.

A determination will be made within 72 hours following receipt of the request and notice of the determination will be provided to the insured. If an exception request is granted, the Plan will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

In the case of exigent circumstances, an enrollee, their designee, or their prescribing Physician may request an expedited exception process. An exigent circumstance exists when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or if enrollee is undergoing a current course of treatment using non-formulary drugs. The determination must be made within 24 hours following receipt of the request and if the exception is granted, the Plan will provide coverage of the non-formulary drug for the duration of the exigency.

Call the number on the back of your Identification Card if you have any questions.

## BCBSNM'S SEPARATE FINANCIAL ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS

BCBSNM hereby informs you that it owns a significant portion of the equity of Prime and that BCBSNM has entered into one or more agreements with Prime or other entities (collectively referred to as "Pharmacy Benefit Managers," or PBMs"), for the provision of, and payment for, Prescription Drug benefits to all persons entitled to Prescription Drug benefits under individual certificates, group health insurance policies and contract to which BCBSNM is a party, including this contract. After one year, usual benefits apply and the services must be covered under other provisions of the Plan in order to be considered for benefit payment.

### Recipient Travel and Per Diem Expenses

If BCBSNM requires you (i.e., the Transplant recipient) to temporarily relocate outside of your city of residence to receive a covered Transplant, travel to the city where the Transplant will be performed is covered if the recipient resides more than 50 miles from the transplant facility. A standard per diem benefit (**\$50**) will be allocated for lodging expenses for the recipient and one additional adult traveling with the Transplant recipient. If the Transplant recipient is an Eligible Child under the age of 18, benefits for travel and per diem expenses for **two adults** to accompany the child are available.

Travel expenses and standard per diem allowances are limited to a lifetime maximum of **\$10,000**. Your case manager may approve travel and per diem lodging allowances based upon the total number of days of temporary relocation, up to the **\$10,000** benefit maximum.

Travel expenses are **not** covered and per diem allowances are **not** paid if you *choose* to travel to receive a Transplant for which travel is not considered Medically Necessary by the case manager or if the travel occurs **more than five days** before or **more than one year** following the Transplant or retransplant date.

### Transplant Exclusions

## SECTION 6: GENERAL LIMITATIONS AND EXCLUSIONS

These general limitations and exclusions apply to **all** services listed in this Benefit Booklet.

**This Plan does not cover any service or supply not specifically listed as a Covered Service in this Benefit Booklet. If a service is not covered, then all services performed in conjunction with it are not covered.**

**This Plan will not cover any of the following services, supplies, situations, or related expenses:**

### — Before Effective Date of Coverage

**This Plan does not cover** any service received, item purchased, prescription filled, or health care expense incurred before your Effective Date of Coverage. If you are an inpatient when coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

### — Biofeedback

**This Plan does not cover** services related to biofeedback.

### — Blood Services

**This Plan does not cover** directed donor or autologous blood storage fees when the blood is used during a nonscheduled surgical procedure. **This Plan does not cover** blood replaced through donor credit.

### — Complications of Non-Covered Services

**This Plan does not cover** any services, treatments, or procedures required as the result of complications of a non-Covered Service, treatment, or procedure (e.g., due to a Cosmetic surgery, Transplant, or Experimental procedure).

### — Convalescent Care or Rest Cures

**This Plan does not cover** convalescent care or rest cures.

### — Cosmetic Services

Cosmetic surgery is beautification or aesthetic surgery to improve an individual's appearance by surgical alteration of a physical characteristic. **This Plan does not cover Cosmetic Surgery, Services, or procedures for psychiatric or psychological reasons, or to change family characteristics or conditions caused by aging. This Plan does not cover** services related to or required as a result of a Cosmetic Service, procedure, surgery, or subsequent procedures to correct unsatisfactory Cosmetic results attained during an initial surgery.

Examples of Cosmetic procedures are: dermabrasion; revision of surgically induced scars; breast augmentation; rhinoplasty; surgical alteration of the eye; correction of prognathism or micrognathism; excision or reformation of sagging skin on any part of the body including, but not limited to, eyelids, face, neck, abdomen, arms, legs, or buttock; services performed in connection with the enlargement, reduction, implantation, or change in appearance of a portion of the body including, but not limited to, breast, face, lips, jaw, chin, nose, ears, or genitals; **or any procedures that BCBSNM determines are not required to materially improve the physiological function of an organ or body part.**

**Exception:** Breast/nipple surgery performed as reconstructive procedures following a covered mastectomy may be covered. However, **Prior Authorization**, requested in writing, must be obtained from BCBSNM for such services. Also, Reconstructive Surgery, which may have a coincidental Cosmetic effect, may be covered when required as the result of Accidental Injury, illness, or congenital defect.

### — Custodial Care

**This Plan does not cover** Custodial Care. Custodial Care is any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care includes those services which do not require the technical

skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel assisting with routine medical needs (e.g., simple care and dressings, administration of routine medications, etc.), and/or assisting with activities of daily living (e.g., bathing, eating, dressing, etc.).

#### — **Dental-Related Services and Oral Surgery**

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Dental-Related Services and Oral Surgery” in *Section 5: Covered Services* for additional exclusions.

#### — **Domiciliary Care**

**This Plan does not cover** domiciliary care or care provided in a residential institution, treatment center, halfway house, or school because your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

#### — **Duplicate (Double) Coverage**

**This Plan does not cover** amounts already paid by Other Valid Coverage or that would have been paid by Medicare as the primary carrier if you were entitled to Medicare, had applied for Medicare, and had claimed Medicare benefits. See *Section 7: Coordination of Benefits and Reimbursement* for more information. Also, if your prior coverage has an extension of benefits provision, **this Plan will not cover** charges incurred after your Effective Date of Coverage under this Plan that are covered under the prior plan's extension of benefits provision.

#### — **Duplicate Testing**

**This Plan does not cover** duplicative diagnostic testing or overreads of laboratory, pathology, or radiology tests.

#### — **Experimental, Investigational, or Unproven Services**

**This Plan does not cover** any treatment, procedure, Facility, equipment, drug, device, or supply not accepted as *standard medical practice* (as defined) or those considered Experimental, Investigational, or Unproven, unless for Acupuncture rendered by a licensed Doctor of Oriental Medicine or unless specifically listed as covered under “Autism Spectrum Disorder” or “Cancer Clinical Trials” in *Section 5: Covered Services*. In addition, if federal or other government agency approval is required for use of any items and such approval was not granted when services were administered, the service is Experimental and will not be covered. To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The Device, Drug, or Medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the Device, Drug, or Medicine is furnished.
- Reliable evidence shows that the treatment, Device, Drug, or Medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, Device, Drug, or Medicine is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.

The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

*Reliable evidence* means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or Investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

*Standard medical practice* means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or other Facility Provider in which they were performed; and
- the Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

#### — Food or Lodging Expenses

#### — Hair Loss Treatments

**This Plan does not cover** wigs, artificial hairpieces, hair Transplants or implants, or medication used to promote hair growth or control hair loss, even if there is a medical reason for hair loss.

#### — Hearing Examinations, Procedures and Aids

**This Plan does not cover** audiometric (hearing) tests **unless** 1) required for the diagnosis and/or treatment of an Accidental Injury or an illness, or 2) covered as a preventive *screening* service (A screening does *not* include a hearing test to determine the amount and kind of correction needed.) **This Plan does not cover** hearing aids or ear molds, fitting of hearing aids or ear molds, or any related service or supplies. (For surgically implanted devices, see “Surgery and Related Services” in *Section 5: Covered Services*.)

#### — Home Health, Home I.V. and Hospice Services

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Home Health Care/Home I.V. Services” or “Hospice Care” in *Section 5: Covered Services* for additional exclusions.

#### — Hypnotherapy

**This Plan does not cover** hypnosis or services related to hypnosis, whether for medical or anesthetic purposes.

#### — Fertility Treatment

**This Plan does not cover** reversal of a prior sterilization procedure. (Certain treatments of medical conditions that sometimes result in restored fertility may be covered; see “Maternity/Reproductive Services and Newborn Care” in *Section 5: Covered Services*.)

#### — Late Claim Filing

**This Plan does not cover** services of a Nonparticipating Provider if the Claim for such services is received by BCBSNM **more than 12 months** after the date of service. (Preferred Providers contracting directly with BCBSNM and Providers that have a “Participating” Provider agreement with BCBSNM will file Claims for you and must submit them within a specified period of time, usually 180 days.) If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change. See *Section 8: Claims Payments and Appeals* for details.

— **Learning Deficiencies/Behavioral Problems**

**This Plan does not cover** special education, counseling, therapy, diagnostic testing, treatment, or any other service for learning deficiencies or chronic behavioral problems, whether or not associated with a manifest Mental Disorder, retardation, or other disturbance. See “Autism Spectrum Disorders” in *Section 5: Covered Services* for details about mandated coverage for children with these diagnoses.

**This Plan does not cover** amounts in excess of Covered Charges or services that exceed any maximum benefit limits listed in this Benefit Booklet, or any amendments, riders, addenda, or endorsements.

— **Local Anesthesia**

**This Plan does not cover** local anesthesia. (Coverage for surgical, Maternity, diagnostic, and other procedures includes an allowance for local anesthesia because it is considered a routine part of the procedure.)

— **Long-Term and Maintenance Therapy**

**This Plan does not cover** long-term therapy whether for physical or for mental conditions, even if Medically Necessary and even if any applicable benefit maximum has not yet been reached, except that medication management for chronic conditions is covered. Therapies are considered long-term if measurable improvement is not possible **within two months** of beginning active therapy. Long-term therapy includes treatment for chronic or incurable conditions for which rehabilitation produces minimal or temporary change or relief. Treatment of chronic conditions is not covered. (Chronic conditions include, but are not limited to, muscular dystrophy, Down's syndrome, and cerebral palsy.) **Note: This exclusion does not apply to benefits for medication or medication management or to certain services for children with Autism Spectrum Disorders.**

**This Plan does not cover** maintenance therapy or care or any treatment that does not significantly improve your function or productivity, or care provided after you have reached your rehabilitative potential (unless therapy is covered during an approved Hospice Benefit Period). In a dispute about whether your rehabilitative potential has been reached, you are responsible for furnishing documentation from your Physician supporting his/her opinion. **Note:** Even if your rehabilitative potential has not yet been reached, **this Plan does not cover** services that exceed maximum benefit limits.

— **Medical Policy Determinations**

Any technologies, procedures, or services for which medical policies have been developed by BCBSNM are either limited or excluded as defined in the Medical Policy. (See “Medical Policy” in *Section 10: Definitions*).

**This Plan does not cover** services that are not Medically Necessary as defined in *Section 5: Covered Services* unless such services are specifically listed as covered (e.g., see “Preventive Services” or “Autism Spectrum Disorders” in *Section 5: Covered Services*).

BCBSNM, in consultation with the Provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a Provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. (BCBSNM, at its sole discretion, determines Medical Necessity based on the criteria given in *Section 5: Covered Services*.)

— **No Legal Payment Obligation**

**This Plan does not cover** services for which you have no legal obligation to pay or that are free, including:

### — **Noncovered Providers of Service**

**This Plan does not cover** services prescribed or administered by a:

- member of your immediate family or a person normally residing in your home

**This Plan does not cover** Transplants when received from a Nonpreferred Provider.

**This Plan does not cover** non-Emergency services provided by a Nonpreferred Provider unless **Prior Authorization** for such services is received from BCBSNM. You will be financially responsible for the services of a Nonpreferred Provider if you did not receive, in advance, a valid approval from BCBSNM. **Note:** When Prior Authorization is requested, BCBSNM may require that you travel to another city to receive services from a Preferred Provider.

Except in emergencies, BCBSNM will generally NOT authorize services of a Nonpreferred Provider if the services could be obtained from a Preferred Provider. Authorizations (Prior Authorizations) for such services are given only under very special circumstances related to **Medical Necessity** and **lack of Provider availability in the BCBSNM Preferred Provider network**. BCBSNM will NOT approve an authorization request based on non-medical issues such as whether or not you or your Doctor prefer the Out-of-Network Provider or find the Provider more convenient. See *Summary of Benefits* for more information.

- You fail to file a Claim within the filing period allowed by the applicable laws and rules, including but not limited to statutes, ordinances judicial decisions and regulations.
- You obtain care not authorized by Workers' Compensation insurance.

- Your employer fails to carry the required Workers' Compensation insurance. (The employer may be liable for an employee's work-related illness or injury expenses.)
- You fail to comply with any other provisions of the law.

**Note:** This “Work-Related Conditions” exclusion does not apply to an executive employee or sole proprietor of a professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers' Compensation Act. You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

## SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100 percent of BCBSNM's Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or Health Care Plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

If you are also covered by Medicare, special COB rules may apply. Contact a Customer Service Advocate for more information. If you are enrolled in federal continuation coverage, coverage ends at the beginning of the month when you become entitled to Medicare or when you become insured under any Other Valid Coverage.

When this Plan is secondary, all provisions (such as obtaining Prior Authorization) must be followed or benefits may be denied.

### The following rules determine which coverage pays first:

**No COB Provision** — If the Other Valid Coverage does not include a COB provision, that coverage pays first.

**Medicare** — If the Other Valid Coverage is Medicare and Medicare is not secondary according to federal law, Medicare pays first.

**Child/Spouse** — If a covered child under this Health Plan is covered as a spouse under another Health Plan, the covered child's spouse's Health Plan is primary over this Health Plan.

**Subscriber/Family Member** — If the Member who received care is covered as an employee, or other policy holder (i.e., as the Subscriber) under one Health Plan and as a spouse, child, or other family member under another, the Health Plan that designates the Member as the employee, or other policy holder (i.e., as the Subscriber) pays first.

If you have Other Valid Coverage *and* Medicare, contact the other carrier's customer service department to find out if the other coverage is primary to Medicare. There are many federal regulations regarding Medicare Secondary Payer provisions, and other coverage may not be subject to those provisions.

**Child** — For a child whose parents are not separated or divorced, the coverage of the parent whose birthday falls earlier in the Calendar Year pays first. If the Other Valid Coverage does not follow this rule, the father's coverage pays first.

**Child, Parents Separated or Divorced** — For a child of divorced or separated parents, benefits are coordinated in the following order:

- *Court-Decreed Obligations.* Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the child's health care expenses, the coverage of that parent pays first.
- *Custodial/Noncustodial.* The plan of the custodial parent pays first. The plan of the spouse of the custodial parent pays second. The plan of the noncustodial parent pays last.
- *Joint Custody.* If the parents share joint custody, and the court decree does not state which parent is responsible for the health care expenses of the child, the plans follow the rules that apply to children whose parents are not separated or divorced.

**Active/Inactive Employee** — If a Member is covered as an active employee under one coverage and as an inactive employee under another, the coverage through active employment pays first. (Even if a Member is covered as a family member under both coverages, the coverage through active employment pays first.) If the other plan does not have this rule and the plans do not agree on the order of benefits, the next rule applies.

**Longer/Shorter Length of Coverage** — When none of the above applies, the plan in effect for the longest continuous period of time pays first. (The start of a new plan does not include a change in the amount or scope of benefits, a change in the entity that pays, provides, or administers the benefits, or a change from one type of plan to another.)

## Responsibility For Timely Notice

BCBSNM is not responsible for coordination of benefits if timely information is not provided.

## Facility of Payment

Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will fully satisfy its liability under this provision.

## Overpayments - Right of Recovery

Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

## REIMBURSEMENT

If you or one of your covered family members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- UNMH has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which UNMH has provided benefits to you or your covered family Members.
- UNMH is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits UNMH provided for that sickness or injury.

UNMH shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which UNMH has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that BCBSNM and/or UNMH may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

## SECTION 8: CLAIMS PAYMENTS AND APPEALS

### FILING CLAIMS

You must submit Claims **within 6 months** after the date services or supplies were received. If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change.

### IMPORTANT NOTE ABOUT FILING CLAIMS

**This section addresses the procedures for filing Claims and appeals.** The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All Claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be reduced or denied as explained in *Section 4: Utilization Management*. Covered services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

### IF YOU HAVE OTHER VALID COVERAGE

When you have Other Valid Coverage that is “primary” over this Plan, you need to file your Claim with the other coverage first. (See *Section 7: Coordination of Benefits (COB) and Reimbursement*.) After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile, or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under “Where to Send Claim Forms” later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

### IN-NETWORK (PARTICIPATING AND PREFERRED) PROVIDERS

Your In-Network Provider may have two agreements with the local BCBS Plan — a In-Network (Preferred Provider) contract and another Participating Provider contract. Some Providers have **only** the Participating Provider contract and are **not** considered In-Network (Preferred Provider)s. However, all Participating and In-Network (Preferred Provider)s file Claims with their local BCBS Plan and payment is made directly to them. Be sure that these Providers know you have health care coverage administered by BCBSNM. Do **not** file Claims for these services yourself.

In-Network (Preferred) Providers (and Participating Providers contracting directly with BCBSNM) also have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The Providers' contract language lets them know that they may not bill the employer or any Member for a service if the Provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations. Remember: A Provider must be contracted with BCBSNM as an HMO Participating Provider or be a UNM Hospital Facility or a Health Care Provider employed by **UNM/UNMH** in order to be considered an In-Network Provider. All Other Providers are Out-of-Network and services you receive from the require Prior Authorization.

### OUT-OF-NETWORK (NONPARTICIPATING) PROVIDERS

A Nonparticipating Provider is one that has neither a Preferred or a Participating Provider agreement. If your Out-of-Network (Nonparticipating) Provider does not file a Claim for you, submit a separate Claim form for each family member as the services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form*. (Forms can be printed from the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com) or requested from a Customer Service Advocate.) Complete the Claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under “Where to Send Claim Forms” later in this section). You must submit Claims for services received from Out-of-Network Providers within six months after the date services or supplies were received. Any Claims filed after this time limit will be refused, unless BCBSNM is satisfied that there was a valid reason why you could not submit your Claim within this time limit. **Note:**

if there is a change in BCBSNM, the length of this timely filing period may also change. If a Claim is returned for further information, resubmit it within 45 days.

Payment normally is made to the Provider. However, if you have already paid the Provider for the services being claimed, your Claim must include evidence that the charges were paid in full. Upon approval of the Claim, BCBSNM will reimburse you for Covered Services, based on Covered Charges, less any required Member Copayment. You will be responsible for charges not covered by the Plan.

## ITEMIZED BILLS

Claims for Covered Service must be itemized on the Provider's billing forms or letterhead stationery and must show:

- Member's identification number
- Member's and Subscriber's name and address
- Member's date of birth and relationship to the Subscriber
- name, address, National Provider Identification number (NPI), and tax ID or social security number of the Provider
- date of service or purchase, diagnosis, type of service or treatment, procedure, and amount charged for each service (each service must be listed separately)
- accident or surgery date (when applicable)
- amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment

**Correctly itemized bills are necessary for your Claim to be processed.** The only acceptable bills are those from Health Care Providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the Provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See “Where to Send Claim Forms” below, for special instructions regarding out-of-country Claims.)

## WHERE TO SEND CLAIM FORMS

If your Out-of-Network (Nonparticipating) Provider does not file a Claim for you, you (not the Provider) are responsible for filing the Claim. **Remember:** In-Network (Participating and Preferred) Providers will file Claims for you; these procedures are used only when you must file your own Claim.

### **Services in United States, Canada, Jamaica, U.S. Virgin Islands, and Puerto Rico**

If a Nonparticipating Provider will not file a Claim for you, ask for an itemized bill and complete a Claim form the same way that you would for services received from any other Nonparticipating Provider. Mail the Claim forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

**Blue Cross and Blue Shield of New Mexico  
P.O. Box 27630  
Albuquerque, New Mexico 87125-7630**

### **Mental Disorder/Chemical Dependency Claims**

Claims for covered Mental Disorder and Chemical Dependency services received in New Mexico should be submitted to:

**BCBSNM BH Unit  
P.O. Box 27630  
Albuquerque, New Mexico 87125-7630**

## Drug Plan Claims

If you purchase a Prescription Drug or other item covered under the Drug Plan from a Non-Participating Pharmacy or Other Provider in an Emergency, or if you do not have your Identification Card with you when purchasing a prescription or other covered item, you must pay for the prescription in full and then submit a Claim to BCBSNM's Pharmacy Benefit Manager. **Do not send these Claims to BCBSNM.** The bills or receipts must be issued by the Pharmacy and must include the Pharmacy name and address, drug name, prescription number, and amount charged. If not included in your enrollment materials, you can obtain the name and address of the Pharmacy Benefit Manager and the necessary Claim forms from a Customer Service Advocate or on the BCBSNM website at [www.bcbsnm.com](http://www.bcbsnm.com).

**Send Retail Pharmacy Claims to:  
Prime Therapeutics  
P.O. Box 14624  
Lexington, KY 40512-4624**

## IF YOU HAVE MEDICARE

**NOTE: This section applies to you only if you are primary under Medicare and Plan benefits are going to be coordinated with Medicare as a result. If you are not sure if Medicare is primary or secondary, please see "If You Have Medicare" in Section 3: How Your Plan Works for a brief explanation or call the Social Security office for more information.**

### Filing Claims if Medicare is Primary

If you have Medicare and Medicare is primary over this Plan (i.e., a Member that has exhausted the end-stage renal disease coordination time period under Medicare), when you receive health care, be sure to present both your Medicare Identification Card and your **UNMH** Plan Identification Card issued by BCBSNM. Always present your Medicare Identification Card to your Health Care Providers so that they will bill Medicare first. After Medicare has paid its portion **for services received in New Mexico**, a Claim should automatically be sent by the Medicare Part B carrier or Part A intermediary to BCBSNM for secondary benefit determination. (If your Claims are not being sent by Medicare to BCBSNM, please call a Customer Service Advocate to verify that the correct Medicare HIC number is on file for you. Also, in order to ensure that Claims are filed properly, the Provider must have information from the Identification Cards issued to you by **both** Medicare and BCBSNM.)

If you must file a Claim for services that were covered by Medicare (for example, because services were received outside New Mexico and the Claim does not automatically "cross-over" once Medicare has paid its portion), you will have to file a copy of the EOMB that you receive from Medicare and all other required Claim information with the local BCBS Plan. **ON the EOMB you receive from Medicare, print your Plan ID number (found on your Plan Identification Card issued by BCBSNM) - including the three alphabetic characters that precede the nine-digit number - and your correct mailing address and zip code.** Make a copy of the EOMB for your records.

Mail Claims, EOMBs, and other needed information to the local BCBS Plan in the state where you receive services. Your Provider should be familiar with this process, and in most cases, will file on your behalf. If you receive services in New Mexico and need to file a Claim to BCBSNM, send the Claim to:

**Blue Cross and Blue Shield of New Mexico  
P.O. Box 27630  
Albuquerque, New Mexico 87125-7630**

### Medicare-Covered Facility Services

All Medicare-Participating Providers of Part A services, including Skilled Nursing Facilities and Hospice agencies, will submit Claims directly to Medicare. To file Claims, the Facility must have the information from the Identification Cards issued to you by **both** Medicare and BCBSNM.

After Medicare Part A has paid its portion of Covered Charges for services received in New Mexico, it is **not** necessary for you to file a Claim for a Claim for most Facility services with BCBSNM. These Claims are automatically submitted by the Medicare Part A intermediary to BCBSNM. An *Explanation of Benefits* will be sent

to you by BCBSNM after Plan benefits have been determined. If you must file your own Claim after Medicare pays its portion (for example, because services were received outside New Mexico), you must file a Claim for services received from the Hospital, along with Medicare's EOMB, **to the local BCBS Plan.** (See instructions in this section.)

### **Medicare-Covered Non-Facility Services**

A Claim for Physician and other Professional Provider services must be filed **first** with Medicare Part B Medical Insurance. (All Medicare Providers must file Claims for you to Medicare.)

If you have given your **UNMH** Plan Identification Card to your Provider, the Medicare Part B carrier will send an electronic copy of the Claim to BCBSNM **if the services are received in New Mexico.** If Medicare does not have your **UNMH** Plan ID number, you must file a copy of the EOMB and all other required information with BCBSNM after Medicare has sent an EOMB to you. Even though Providers may file Claims on your behalf, it is **your** responsibility to make sure that the Claim is filed to BCBSNM. If you must file your own Claim after Medicare pays its portion (for example, because services were received outside New Mexico), you must file the Claim for services received from the Provider, along with Medicare's EOMB, **to the local BCBS Plan.** (See instructions in this section.)

### **Services Not Covered by Medicare**

You may have to file your Claim yourself. If your Provider does not file a Claim for you, you must submit a separate Claim form for each family member. Submit all Claims as the services are received. If a service is normally covered by Medicare, you must submit a copy of the EOMB (showing Medicare's denial reason) with the Claim form that you send to BCBSNM.

### **When an EOMB is Not Required**

An EOMB indicating Medicare denied the service is required on all Claims except Claims for:

- services received outside the Medicare territorial limits
- services from Providers with whom you have privately contracted (BCBSNM will estimate what Medicare would have paid had you not privately contracted with the Provider and had submitted the Claim to Medicare for payment.)
- services received from licensed professional clinical Mental Disorder counselors (LPCC) and licensed marriage and family therapists (LMFT). (However, you will need **Prior Authorization** from BCBSNM in order to receive benefits for covered Mental Disorder and Chemical Dependency services received from LPCC and LMFT Providers.)

**NOTE:** If the services you intend to receive would be covered by Medicare if you were to obtain the service from a Medicare-eligible Provider, you or your Provider must call BCBSNM for **Prior Authorization** before receiving services from such a Provider. This will verify that the services being planned will be or will not be covered under the Plan and if the services require additional Prior Authorization from BCBSNM. If a Medicare Provider is in your area and able to provide the services you need, you may be required to receive the service from a Medicare-Eligible Provider in order to receive benefits under the **UNMH** Plan.

### **Services Outside Medicare Territorial Limits**

When services are received outside the Medicare territorial limits, you must pay for the services or supplies. **Keep copies of your receipts.** File Claims as you would for any other service not covered by Medicare. (Medicare defines *Medicare territorial limits* as the United States, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands.)

If you receive Covered Services while outside the United States, call the BlueCard Worldwide Service Center, collect, at 804-673-1177 for assistance with Claims filing. Or visit the Blue Cross and Blue Shield Association website to locate nearby Participating Physicians and Hospitals.

**To submit a Claim for services received outside the Medicare territorial limits, you do not need an EOMB.**

## CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the Provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Subscriber will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **Note:** If a Qualified child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the Member is an Eligible Child of divorced parents, and the Subscriber under this Plan is the noncustodial parent, the custodial parent may receive the payment and the EOB.

### If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include: 1) the reasons for denial; 2) a reference to the Health Care Plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial. **You also have 180 days in which to appeal a decision.**

### Covered Charge

Provider payments are based upon In-Network (Preferred Provider) and Participating Provider agreements and Covered Charges as determined by BCBSNM. For services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state Providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses. For Covered Services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

### In-Network (Participating and Preferred) Providers

Payments for Covered Services usually are sent directly to network (Preferred or Participating) Providers. The EOB you receive explains the payment.

### Out-of-Network (Nonparticipating) Providers

If Covered Services are received from a Nonparticipating Provider, payments are usually made to the Subscriber (or to the applicable alternate payee when a QCMSO is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the Provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses.

### Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or Treatment Facility may place a lien upon a compromise, settlement, or judgment obtained by you when the Facility has not been paid its total billed charges from all other sources.

### Assignment of Benefits

BCBSNM specifically reserves the right to pay the Subscriber directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Subscriber instead of anyone else.

### Medicaid

Payment of benefits for Members eligible for Medicaid is made to the appropriate state agency or to the Provider when required by law.

### Overpayments

If BCBSNM makes an erroneous benefit payment to the Subscriber or Member for any reason (e.g., Provider billing error, Claims processing error), BCBSNM may recover overpayments from you. If you do not refund the overpayment, BCBSNM reserves the right to withhold future benefit payments to apply to the amount that you owe

the Plan, and to take legal action to correct payments made in error.

## Pricing of Non-Contracted Provider Claims

The BCBSNM Covered Charge for some Covered Services received from Non-Contracted Providers is the lesser of the Provider's billed charges or the BCBSNM "Noncontracting Allowable Amount." The BCBSNM Noncontracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS). The Medicare Allowable is determined for a service covered under your BCBSNM Health Plan using information on each specific Claim and, based on place of treatment and date of service, is multiplied by an "Adjustment Factor" to calculate the BCBSNM Noncontracting Allowable Amount. The Adjustment Factor for non-Emergency services are:

- 100% of the base Medicare Allowable for Inpatient Facility Claims
- 300% of the base Medicare Allowable for Outpatient Facility Claims
- 200% of the base Medicare Allowable for freestanding ambulatory surgical center Claims
- 100% of the base Medicare Allowable for Physician, other Professional Provider Claims, and other ancillary Providers of covered Health Care Services and supplies

Certain categories of Claims for **Covered Services** from Non-Contracted Providers are excluded from this Non-Contracted Provider pricing method. These include:

- services for which a Medicare Allowable cannot be determined based on the information submitted on the Claim (in such cases, the Covered Charge is 50 percent of the billed charge)
- home health Claims (the Covered Charge is 50 percent of the billed charge)
- services administered and priced by any subcontractor of BCBSNM or by the Blue Cross and Blue Shield Association
- Claims paid by Medicare as primary coverage and submitted to your Health Plan for secondary payment
- New Mexico ground Ambulance Claims (for which the state's the New Mexico Public Regulation Commission sets fares)
- covered Claims priced by a non-New Mexico BCBS Plan through BlueCard using local pricing methods

Pricing for the following categories of Claims for **Covered Services** from Non-Contracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the Provider, whichever is less:

- Covered Services required during an Emergency and received in a Hospital, Trauma Center, or Ambulance
- for PPO Health Plans, services from Non-Contracted Providers that satisfy at least one of the three conditions below and, as a result, are eligible for the In-Network (Preferred Provider) benefit level of coverage
  - Covered Services from Non-Contracted Providers within the United States that are classified as "unsolicited" as explained earlier in *Section 3: How Your Plan Works* and as determined by the Member's Host Plan while outside the Service Area of BCBSNM
  - Prior Authorization** of transition of care services received from Non-Contracted Providers
  - Covered Services received from a noncontracted anesthesiologist, pathologist, or radiologist while you are a patient at a **Contracted** Facility receiving Covered Services or procedures that have been approved, if needed

BCBSNM will use essentially the same Claims processing rules and/or edits for Non-Contracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any Claim edits or rules for a particular Covered Service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

**IMPORTANT:** Regardless of the pricing method used, the BCBSNM Covered Charge will usually be less than the Provider's billed charge and you will be responsible for paying to the Provider the difference between the BCBSNM Covered Charge and the Non-Contracted Provider's billed charge for a Covered Service. This difference may be considerable. The difference is not applied to any Deductible or Out-of-Pocket Limit. In the case of a non-Covered Service, you are responsible for paying the Provider's full billed charge directly to the Provider. Reminder: Contracted Providers will not charge you the difference between the BCBSNM Covered Charge and the billed charge for a Covered Service.

## **COMPLAINTS AND APPEALS: SUMMARY OF PROCEDURES**

If you want to make an oral complaint or file a written appeal about a Claims payment or denial, a Prior Authorization denial, the termination of your coverage (other than due to nonpayment of premium), or any other issue, a BCBSNM Customer Service Advocate is available to assist you. You will not be subject to retaliatory action by BCBSNM for making a complaint, or filing an appeal.

**IMPORTANT:** Within 180 days after you receive notice of a BCBSNM decision on, for example, a Claim, a Prior Authorization request, the quality of care you receive, or the termination of your coverage, call or write BCBSNM Customer Service and explain your reasons for disagreeing with the decision. If you do not submit the request for internal review within the 180-day period, you waive your right to internal review as described in this section, unless you can satisfy BCBSNM that matters beyond your control prevented you from timely filing the request.

Many complaints or problems can be handled informally by calling, writing, or e-mailing BCBSNM Customer Service. If you are not satisfied with the initial response, you can request internal review as described in the detailed *Appendix B: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans* notice applicable to your Health Plan you should have received in your enrollment packet (or included in the back of your booklet).

### **BCBSNM Contacts for Appeals**

An appeal is an oral or written request for review of an “adverse benefit determination” or an adverse action by BCBSNM, its employees, or a Participating Provider. To file an appeal or for more information about appeals, contact:

**BCBSNM: Appeals Unit**  
**P.O. Box 27630**  
**Albuquerque, NM 87125-9815**

**Telephone (toll-free): (800) 205-9926**  
**e-mail: See Website at [www.bcbsnm.com](http://www.bcbsnm.com)**  
**Fax: (505) 816-3837**

**Eligibility and Other Administrative Grievance - UNM Hospitals** is responsible for determining employee eligibility for coverage. If you have a complaint about your eligibility, termination, contribution for coverage, or any other issue related to eligibility, please contact Employee Benefits Services or Human Resources.

**External Action** - If you are still not satisfied after having completed the BCBSNM complaint, appeals, grievance, or reconsideration procedure, you may have the option of taking other steps, as outlined in the Appendix: Notice - Inquires/Complaints and Internal/External Appeals for Self-Funded Plans (see Appendix in the back of this booklet) applicable to your Health Plan.

**Request for Medicare Reconsideration** - When Medicare Part A or B denies part or all of a Claim, you can obtain from a local Social Security Office information on how to request reconsideration or review of denied Medicare Claims and a description of your rights to appeal Medicare Claims decisions.

If Medicare makes an additional payment after reconsideration, file the new Explanation of Medicare Benefits form (EOMB) to BCBSNM for additional reimbursement under this Plan.

## **External Actions**

**Please refer to the Appendix B: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans.**

## **Retaliatory Action**

BCBSNM and **UNMH** shall not take any retaliatory action against you for making a complaint or filing an appeal under this Health Plan.

## **Binding Arbitration**

If a dispute about coverage, benefits, or handling of Claims or appeals continues after you have followed an exhausted the complaint and appeal process set forth above, the issue or Claim may be submitted to binding arbitration. The rules for arbitration shall be the Commercial Arbitration Rules developed by the American Arbitration Associations (AAA) and any other applicable AAA rules for procedures. You may obtain a copy of these rules from a BCBSNM Customer Service Advocate. The rules are also available from the American Arbitration Association's website ([www.ard.org](http://www.ard.org)).

The decisions in arbitration are binding upon both you and the Plan. Judgement on the awarded given in arbitration may be enforced in any court that has proper authority. Damages, if any, are limited to the amount of the benefit payment in dispute plus reasonable costs. **UNM Hospitals** (including the Board of Regents of the University of New Mexico) and the Claims Administrator (including BCBSNM and Health Care Service Corporation (HSCS)), are not liable for punitive damages or attorney fees. This is a mandatory arbitration clause, meaning that if you choose to continue with your dispute against BCBSNM or **UNM Hospitals**, it must be through a AAA arbitration. You are barred from filing a legal action (civil lawsuit) again **UNM Hospitals**, the Board of Regents of the University of New Mexico, or BCBSNM (including HSCS).

No arbitration demand may be made less than 60 days after BCBSNM has received the Claim for benefits or Prior Authorization request, or later than three years after the date that the Claim for benefits should have been filed with BCBSNM.

## **SECTION 9: GENERAL PROVISIONS**

### **AVAILABILITY OF PROVIDER SERVICES**

BCBSNM does not guarantee that a certain type of room or service will be available at any Hospital or other Facility within the BCBSNM network, nor that the services of a particular Hospital, Physician, or Other Provider will be available.

### **CATASTROPHIC EVENTS**

In case of fire, flood, war, civil disturbance, court order, strike, or other cause beyond BCBSNM's control, BCBSNM may be unable to process Claims or provide Prior Authorization for services on a timely basis. If due to circumstances not within the control of BCBSNM or a Network Provider (such as partial or complete destruction of facilities, war, riot, disability of a Network Provider, or similar case), BCBSNM and the Provider will have no liability or obligation if medical services are delayed or not provided. BCBSNM and its Network Providers will, however, make a good-faith effort to provide services.

### **CHANGES TO THE BENEFIT BOOKLET**

No employee of BCBSNM may change this Benefit Booklet by giving incomplete or incorrect information, or by contradicting the terms of this Benefit Booklet. Any such situation will not prevent BCBSNM from administering this Benefit Booklet in strict accordance with its terms. See the inside back cover for further information.

### **DISCLAIMER OF LIABILITY**

BCBSNM has no control over any diagnosis, treatment, care, or other service provided to you by any Facility or Professional Provider, whether Preferred or not. BCBSNM is not liable for any loss or injury caused by any Health Care Provider by reason of negligence or otherwise.

Nothing in this Benefit Booklet is intended to limit, restrict, or waive any Member rights under the law and all such rights are reserved to the individual.

BCBSNM will only disclose information as permitted or required under state and federal law.

### **EXECUTION OF PAPERS**

On behalf of yourself and your Eligible Family Members you must, upon request, execute and deliver to BCBSNM any documents and papers necessary to carry out the provisions of this Plan.

### **INDEPENDENT CONTRACTORS**

The relationship between BCBSNM and its Network Providers is that of independent contractors; Physicians and Other Providers are not agents or employees of BCBSNM, and BCBSNM and its employees are not employees or agents of any Network Provider. BCBSNM will not be liable for any Claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any Network Provider.

The relationship between BCBSNM and the Group is that of independent contractors; the employer is not an agent or employee of BCBSNM, and BCBSNM and its employees are not employees or agents of the Group.

## **TRANSFER OF BENEFITS**

All documents described in this booklet are personal to the Member. Neither these benefits nor Health Care Plan payments may be transferred or given to any person, corporation, or entity. Any attempted transfer will be void. Use of benefits by anyone other than a Member will be considered fraud or material misrepresentation in the use of services or Facilities, which may result in cancellation of coverage for the Member and appropriate legal action by BCBSNM and/or **UNMH**.

## SECTION 10: DEFINITIONS

It is important for you to understand the meaning of the following terms. The definition of many terms determines your benefit eligibility.

**Accidental Injury** — A bodily injury caused solely by external, traumatic, and unforeseen means. Accidental Injury does not include disease or infection, hernia or cerebral vascular accident. Dental injury caused by chewing, biting, or malocclusion is not considered an Accidental Injury.

**Acupuncture** — The use of needles inserted into the human body for the prevention, cure, or correction of any disease, illness, injury, pain, or other condition.

**Adjustment Factor** — The percentage by which the Medicare Allowable amount is multiplied in order to arrive at the “Noncontracting Allowable Amount.” (See definition of “Covered Charge.”) Adjustment Factors will be evaluated and updated no less than every two years.

**Administrative Services Agreement** — A contract for Health Care Services which by its terms limits eligibility to Members of a specified Group. The Administrative Services Agreement includes the Benefit Program Application and may include coverage for family members.

**Admission** — The period of time between the dates when a patient enters a Facility as an inpatient and is discharged as an inpatient. (If you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.)

**Adverse Determination** — A decision made either pre-service or post-service by BCBSNM that a Health Care Service requested by a Provider or Member has been reviewed and based upon the information available does not meet the requirements for coverage or Medical Necessity and the requested Health Care Service is either denied, reduced, or terminated.

## APPENDIX A: CONTINUATION COVERAGE RIGHTS UNDER COBRA

This notice contains important information about your possible right to COBRA continuation coverage, which is a temporary extension of coverage under this Group Health Care Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), for certain larger Group employers. COBRA continuation coverage may be available to you and to other members of your family who are covered under the Health Care Plan when you would otherwise lose your group health coverage. Contact your employer to determine if you or your Group are eligible for COBRA continuation coverage.

This notice generally explains:

- COBRA continuation coverage;
- when it may become available to you and your family if your Group is subject to the provisions of COBRA; and
- what you need to do to protect your right to receive it.

This notice gives only a summary of COBRA continuation coverage rights. For more information about the rights and obligations under the Plan and under federal law, contact the Plan administrator or see *Section 2: Enrollment and Termination Information* of this Benefit Booklet.

The Plan administrator of the Plan is named by the employer or by the Group Health Plan. Either the Plan administrator or a third party named by the Plan administrator is responsible for administering COBRA continuation coverage. Contact your Plan administrator for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

### COBRA CONTINUATION COVERAGE

COBRA continuation coverage is a continuation of Health Care Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the Health Care Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and Eligible Children of employees may be qualified beneficiaries. Under the Plan, generally most qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Contact the employer and/or COBRA administrator for specific information for your Plan.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- your hours of employment are reduced; or
- your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- your spouse dies;
- your spouse's hours of employment are reduced;
- your spouse's employment ends for any reason other than his or her gross misconduct;
- your spouse becomes enrolled in Medicare (Part A, Part B or both); or
- you become divorced or legally separated from your spouse.

Your Eligible Children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens and if your Group is subject to the provisions of COBRA:

- the parent-employee dies;
- the parent-employee's hours of employment are reduced;
- the parent-employee's employment ends for any reason other than his or her gross misconduct;

- the parent-employee becomes enrolled in Medicare (Part A, Part B or both);
- the parents become divorced or legally separated; or
- the child stops being eligible for coverage under the Plan as an “Eligible Child”.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan administrator has been notified that a qualifying event has occurred.

The employer must notify the Plan administrator **within 30 days** when the qualifying event is:

- the end of employment;
- the reduction of hours of employment;
- the death of the employee;
- the enrollment of the employee in Medicare (Part A, Part B or both).

For the other qualifying events (divorce or legal separation of the employee and spouse or an Eligible Child losing eligibility for coverage as an Eligible Child), you must notify the Plan administrator. The Plan requires you to notify the Plan administrator **within 60 days** after the qualifying event occurs. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Once the **UNMH** Benefits Department receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost.

COBRA continuation coverage is a temporary continuation of coverage. COBRA continuation coverage may last for up to 36 months when the qualifying event is:

- the death of the employee;
- the enrollment of the employee in Medicare (Part A, Part B or both);
- your divorce or legal separation; or
- an Eligible Child losing eligibility as an Eligible Child.

When the qualifying event is the end of employment or reduction in hours of employment, COBRA continuation coverage lasts for **up to 18 months**. There are two ways in which this 18-month period of COBRA continuation can be extended:

### **Disability Extension of 18-month Period of Continuation Coverage**

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during **the first 60 days** of COBRA continuation coverage and you notify the Plan administrator in a timely fashion, you and your entire family can receive **up to an additional 11 months** of COBRA continuation coverage, **for a total maximum of 29 months**. You must make sure that your Plan administrator is notified of the Social Security Administration's determination **within 60 days** of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

### **Second Qualifying Event Extension of 18-Month Period of Continuation Coverage**

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and Eligible Children in your family can get additional months of COBRA continuation coverage, **up to a maximum of 36 months**. This extension is available to the spouse and Eligible Children if the former employee dies, enrolls in Medicare (Part A, Part B or both), or gets divorced or legally separated. The extension is also available to an Eligible Child when that child stops being eligible under the Plan as an Eligible Child.

In all of these cases, you must make sure that the Plan administrator is notified of the second qualifying event **within 60 days** of the second qualifying event. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

## **IF YOU HAVE QUESTIONS**

If you have questions about COBRA continuation coverage, contact the **UNMH** Benefits Department or the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site at [www.dol.gov/ebsa](http://www.dol.gov/ebsa).

In order to protect your family's rights, you should keep the Plan administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to your Plan administrator.

## **PLAN CONTACT INFORMATION**

Contact the **UNMH** Benefits Department for the name, address and telephone number of the party responsible for administering your COBRA continuation coverage.

## Appendix B: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans

This notice is made a part of your employer's self-funded Health Care Plan Benefit Booklet, administered by Blue Cross and Blue Shield of New Mexico (BCBSNM). If you have a question about these procedures, please call a Customer Service Advocate at the phone number printed on the back of your Identification Card. NOTE: Whenever these procedures require that an action be taken by any party, including BCBSNM, within a certain period of time from receipt of a request or document, the request or document will be deemed to have been received within three working days of the date it was mailed.

**Change in state or federal law or regulations, or interpretations thereof, may change the terms and conditions of coverage.**

### GENERAL INQUIRIES AND COMPLAINTS

***Inquiry*** - A general request for information regarding Claims, benefits, or membership.

***Complaint*** - An expression of dissatisfaction by you, either orally or in writing. Issues may include, but are not limited to, Claims payments or denials, quality of care, and locating a Network Provider.

The Claims Administrator, BCBSNM, has a team available to assist you with inquiries and complaints. To make an inquiry or complaint, contact a Customer Service Advocate at the phone number on the back of your ID Card or by mail at the address on the inside front cover of your Benefit Booklet (inquiries about behavioral health services are directed to the Behavioral Health Unit; appeals are directed to the general BCBSNM Appeals Unit as indicated later in this appendix notice).

### INITIAL INTERNAL REVIEW OF CLAIMS/PRIOR AUTHORIZATION REQUESTS

When you or your treating Health Care Professional requests a Prior Authorization under your Plan. If the requested service is not covered, BCBSNM will not review for Medical Necessity, but will send you notice that there is no coverage for the requested service.

Only if the requested service is possibly covered, will BCBSNM review for Medical Necessity. If the requested service is approved as Medically Necessary, you will receive notice of that determination. An approval does not ensure that the service will be covered. For example, if you are not eligible for coverage at the time services are received, if the service you receive is different from the service authorized, or if your benefit plan changes or terminates before you receive the service in question, the service may still be denied.

***Prior Authorization*** - A decision by BCBSNM that a Health Care Service has been reviewed and, based upon the information available, meets BCBSNM's requirements for coverage and Medical Necessity.

### TIMING OF REQUIRED NOTICES AND EXTENSIONS

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

- ***Urgent Care Clinical Claim*** - Any pre-service Claim that requires Prior Authorization, as described in the Benefit Booklet, for a benefit determination for medical care or treatment for which the application of regular notification time periods could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of the Physician with knowledge of your medical condition, would subject you to severe pain that cannot adequately be managed without the care or treatment
- ***Post-Service Claim*** - A notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

- **Pre-Service Claim** - A request for Prior Authorization, which is any non-urgent request for a benefit or for a benefit determination for which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. A voluntary request for advance determination of benefits is not a pre-service request for purposes of this provision.

\*This period may be extended one time by the Claims Administrator for up to 15 days, provided that the Claims Administrator both (1) determines that such an extension is necessary due to matters beyond the control of the Plan and (2) notifies you, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which the Claims Administrator expects to render a decision.

\*\*If additional information is necessary to decide the Claim, the time period for making the decision is suspended from the day you are notified to the earlier of: (1) the date on which your response is received by BCBSNM; or (2) the date established by BCBSNM for the furnishing of the requested information (at least 45 days). The number of days shown above includes a 15 day extension.

\*\*If additional information is necessary to decide the Claim, the time period for making the decision is suspended from the day you are notified to the earlier of: (1) the date on which your response is received by BCBSNM; or (2) the date established by BCBSNM for the furnishing of the requested information (at least 45 days). The number of days shown above includes a 15 day extension.

### **Concurrent Care**

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

### **MANNER AND CONTENT OF CLAIM/PRIOR AUTHORIZATION DENIAL NOTICES**

On occasion, the Claim Administrator may deny all or part of your Claim. There are a number of reasons why this may happen. We suggest that you first read the *Explanation of Benefits* summary prepared by the Claim Administrator; then review the Benefit Booklet to see whether you understand the reason for the determination. If you have additional information that you believe could change the decision, send it to the Claims Administrator and request a review of the decision as described in Internal Appeal Procedures below.

If your Prior Authorization request or Claim is denied in whole or in part, you will be notified in writing or by electronic means, within the time frames stated above, of the following:

- subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, Health Care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- the specific reason(s) for determination;
- a reference to the specific Health Plan provision(s) on which the denial is based, or the contractual, administrative or protocol for the determination;
- the specific internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
- an explanation of the scientific or clinical judgment relied on in the determination, if the denial was based on Medical Necessity, Experimental treatment, or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- a description of additional information that may be needed to perfect the request or Claim and an explanation of why such material is needed;

- a description of BCBSNM's internal review/appeals and external review procedures and time limits (and how to initiate a review/appeal or external review); including a statement of your right, if any, to pursue any state and, if applicable, federal legal remedies, following a final denial on internal review/appeal;
- in certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- in certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- the right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Claim for benefits;
- in the case of a denial of an Urgent Care Clinical Claim, a description of the expedited internal review procedure applicable to such Claims (an Urgent Care Claim decision may be provided orally, so long as written notice is furnished to you within three days of oral notification);
- contact information for applicable office of health insurance consumer assistance or ombudsman.

**IMPORTANT:** For *Adverse Benefit Determinations* that are related to any Claim or Prior Authorization denial, reduction, termination, or failure to provide or make payment that is based on a **determination of eligibility** to participate in the Plan, including contributions for coverage, you must contact your **Employee Benefits Department**.

## INTERNAL APPEAL PROCEDURES

The following definitions apply to the Claims Administrator's internal appeal procedures (i.e., for issues not related to eligibility determinations):

***Adverse Benefit Determination*** - A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment for a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claims Administrator or your employer and the Claims Administrator or your employer reduces or terminates such treatment (other than by amendment or termination of the employer's benefit plan) before the end of the approved treatment period; that is also an *Adverse Benefit Determination*. A rescission of coverage is also an *Adverse Benefit Determination*. A rescission of coverage does not include a termination of coverage for reasons related to nonpayment of premium.) In addition, an *Adverse Benefit Determination* also includes an Adverse Determination. For purposes of this Plan, BCBSNM will refer to both an "Adverse Determination" and an "Adverse Benefit Determination" as an "Adverse Benefit Determination," unless indicated otherwise.

***Appeal*** - An oral or written request for review of an *Adverse Benefit Determination* or an adverse action by the Claims Administrator ("BCBSNM"), its employees, or a Participating Provider.

***Final Internal Adverse Benefit Determination*** - An *Adverse Benefit Determination* that has been upheld at the completion of its internal appeal process or with respect to which the internal appeals process has been deemed exhausted.

### Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An expedited clinical appeal is an appeal of a clinically urgent nature related to Health Care Services, including but not limited to, procedures or treatments ordered by a Health Care Provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, the Claims Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claims Administrator will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Claims Administrator shall render a determination on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by the Claims Administrator.

## How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a full and fair review of any determination of a Claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an *Adverse Benefit Determination* may be filed by you or a person authorized to act on your behalf. For an Urgent Care Clinical Claim, a Health Care Provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your ID Card.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an *Adverse Benefit Determination*, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the *Adverse Benefit Determination*. You may contact the Claim Administrator at:

**BCBSNM Appeals Unit**  
**P.O. Box 27630**  
**Albuquerque, NM 87125-9815**  
**Telephone (toll-free): (800) 205-9926**

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information at any time during the Claim review process.

The Claim Administrator will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the denial or the review of your Claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial *Adverse Benefit Determination*. Such new or additional evidence or rationale and information will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond before the final determination is made. If the information is received so late that it would be impossible to provide it to you in time for you to have a reasonable opportunity to respond, the time periods for providing notice will be tolled until such time as you have had a reasonable opportunity to respond. After you respond or have had a reasonable opportunity to respond but have failed to do so, the Claim Administrator will notify you of the determination in a reasonably prompt time, taking into account the medical exigencies. The appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial denial of your Claim. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal determination will be made by a Physician associated or contracted with us and/or by external advisors, but who were not involved in making the initial denial of your Claim. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator or your employer.

**For non-eligibility issues**, you or your authorized representative may request an appeal of a Claims or Prior Authorization decision, orally or in writing, by contacting:

**BCBSNM Appeals Unit**  
**P.O. Box 27630**  
**Albuquerque, NM 87125-9815**  
**Telephone (toll-free): (800) 205-9926**  
**FAX: (505) 816-3837**

## Timeframe for Completion of Internal Appeal

Upon receipt of a non-urgent pre-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 30 days after the appeal has been received by the Claim Administrator.

Upon receipt of a post-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 60 days after the appeal has been received by the Claim Administrator.

You have the right to request a postponement of the appeal review process by submitting your request in writing.

## Manner and Content of Notification of Internal Appeal Decision

BCBSNM will provide you with written or electronic notice of the Internal Appeal Decision within the timeframes described above. You have the right to request, free of charge, reasonable access to and copies of all documents, records, and other information related to your appeal. If your appeal is denied in whole or in part, you will be notified in writing of the following:

- subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, Health Care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- the specific reason(s) for the determination;
- the right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claim for benefits;
- any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- an explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- a description of the standard that was used in denying the Claim and a discussion of the decision;
- a description of BCBSNM's internal review procedures and time limits including your right to pursue an external action following a final Adverse Determination on internal appeal and the timeframe within which such action must be filed;
- in certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- in certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- contact information for applicable office of health insurance consumer assistance or ombudsman.

If the Claims Administrator's or your employer's decision is to continue to deny or partially deny your Claim or Prior Authorization request or if applicable you do not receive a timely decision, you may be able to request an external review of your Claim or Prior Authorization request by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the next section.

## INDEPENDENT EXTERNAL REVIEW

**For non-eligibility issues**, you or your authorized representative may make a request for a standard external review or expedited external review of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* by an independent review organization (IRO). External review is available for an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that involves medical judgment (including, but not limited to, those based on requirements, for Medical Necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit, or a determination that a treatment is Experimental or Investigational), as determined by the external reviewer. Rescissions are also eligible for external review.

**1. Request for external review.** Within four months after the date of receipt of a notice of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* from BCBSNM, you or your authorized representative must file your request for standard external review.

**2. Preliminary review.** Within five business days following the date of receipt of the external review request, BCBSNM must complete a preliminary review of the request to determine whether:

- You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
- The *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
- You have exhausted BCBSNM's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the "Exhaustion" section below for additional information about the exhaustion of the internal appeal process; and
- You or your authorized representative has provided all the information and forms required to process an external review.

You will be notified within one business day after BCBSNM completes the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the four-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your Claim is not eligible for external review, BCBSNM will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration ( toll-free number 866-444-EBSA (3272)).

External review is available for *Adverse benefit Determinations* and *Final Adverse Benefit Determinations* that involve rescission and determination that involve medical judgment including, but not limited to, those based on requirements for Medical Necessity, appropriateness, health care setting, Investigational; determinations whether you are entitled to a reasonable alternative standard for a reward under a wellness program or a determination of compliance with the non-quantitative treatment limitation provisions of the Mental Health parity.

**3. Referral to Independent Review Organization.** When an eligible request for external review is completed within the time period allowed, BCBSNM or your employer will assign the matter to an unbiased and independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally-recognized accrediting organization. Accordingly, BCBSNM must contract with at least three IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

The IRO must provide the following:

- Utilization of legal experts where appropriate to make coverage determinations under the plan.
- Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- Within five business days after the date of assignment of the IRO, BCBSNM must provide to the assigned IRO the documents and any information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Failure by BCBSNM to timely provide the documents and information must not delay the conduct of the external review. If BCBSNM fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Within one business day after making the decision, the IRO must notify BCBSNM and you or your authorized representative.

- Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within one business day forward the information to BCBSNM. Upon receipt of any such information, BCBSNM may reconsider its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that is the subject of the external review. Reconsideration by BCBSNM must not delay the external review. The external review may be terminated as a result of the reconsideration only if BCBSNM decides, upon completion of its reconsideration, to reverse its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* and provide coverage or payment. Within one business day after making such a decision, BCBSNM must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from BCBSNM.
- Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the Claim de novo and not be bound by any decisions or conclusions reached during BCBSNM's internal Claims and appeals process. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
  - Your medical records;
  - The attending health care professional's recommendation;
  - Reports from appropriate health care professionals and other documents submitted by BCBSNM, you, or your treating Provider;
  - The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
  - Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;
  - Any applicable clinical review criteria developed and used by BCBSNM, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
  - The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.
- Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to BCBSNM and you or your authorized representative.
- The notice of final external review decision will contain:
  - A general description of the reason for the request for external review, including information sufficient to identify the Claim;
  - The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
  - References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
  - A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
  - A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either BCBSNM and you or your authorized representative;
  - A statement that judicial review may be available to you or your authorized representative; and
  - Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- After a final external review decision, the IRO must maintain records of all Claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

**4. Reversal of plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, BCBSNM immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the Claim.

### **Expedited External Review**

**1. Request for expedited external review.** BCBSNM must allow you or your authorized representative to make a request for an expedited external review with BCBSNM at the time you receive:

- An *Adverse Benefit Determination* if the *Adverse Benefit Determination* involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- A *Final Internal Adverse Benefit Determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the *Final Internal Adverse Benefit Determination* concerns an Admission, availability of care, continued stay, or health care item or service for which you received Emergency services, but have not been discharged from a Facility.

**2. Preliminary review.** Immediately upon receipt of the request for expedited external review, BCBSNM must determine whether the request meets the reviewability requirements set forth in the “Standard External Review” section above. BCBSNM must immediately send you a notice of its eligibility determination that meets the requirements set forth in the “Standard External Review” section above.

**3. Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, BCBSNM will assign an IRO pursuant to the requirements set forth in the “Standard External Review” section above. BCBSNM must provide or transmit all necessary documents and information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the Claim de novo and is not bound by any decisions or conclusions reached during BCBSNM's internal Claims and appeals process.

**4. Notice of final external review decision.** The IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the “Standard External Review” section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to BCBSNM and you or your authorized representative.

### **EXHAUSTION**

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you have the right to request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if BCBSNM waives the internal review process or has failed to comply with the internal Claims Payments and appeals process. If you have been deemed to have exhausted the internal review process due to BCBSNM's failure to comply with the internal Claims Payments and appeals process, you may also have the right to pursue arbitration and any available remedies under federal or under state law.

The internal review process will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to you so long as the Claim Administrator demonstrates that the violation occurred in the context of an ongoing, good faith exchange of information between you and the Claims Administrator.

External review may not be requested for an Adverse Benefit Determination involving a Claim for benefits for a Health Care Service that you have already received until the internal review process has been exhausted.

## **OTHER EXTERNAL ACTIONS**

If you are still not satisfied after having completed BCBSNM's or, for eligibility and employee contribution issues, your employer's complaint, appeal, grievance, or reconsideration procedure, you may have the option of taking one of the following steps. No legal action at law or in equity may be taken or arbitration demand made earlier than 60 days after the Claims Administrator has received the Claim for benefits or Prior Authorization request, or later than three years after the date that the Claim for benefits should have been filed with the Claims Administrator.

**Arbitration for Non- ERISA Plans** — The “Arbitration for Non-ERISA Plans” provision applies to all Governmental Plans, church plans, and plans maintained outside the United States primarily for the benefit of persons substantially all of whom are non-resident aliens. If a dispute about coverage, benefits, or handling of Claims or appeals continues after you have followed and **exhausted** the appeals and grievance process set forth above, including having completed the external review process, the issue or Claim may be submitted to arbitration. The rules for arbitration shall be the “Commercial Arbitration Rules” developed by the American Arbitration Association. You may obtain a copy of these rules from a Customer Service Advocate. The rules are also available from the American Arbitration Association's Web site ([www.adr.org](http://www.adr.org)).

**Additional Resources** — If you need additional assistance, you may call the U.S. Department of Labor's Employee Benefits Security Administration (EBSA):

**Call toll-free at (866) 444-EBSA (3272) or visit the EBSA Web site at [www.askebsa.dol.gov](http://www.askebsa.dol.gov)**

## **RETALIATORY ACTION**

BCBSNM and your employer shall not take any retaliatory action against you for making a complaint, filing an appeal, or requesting external review under this Health Plan.

**NOTE:** BCBSNM provides administrative Claims payment services only and does not assume any financial risk or obligation with respect to Claims, except as may be specified in the Administrative Services Agreement.

## APPENDIX C: PRIVACY NOTICE (PROVIDED BY YOUR EMPLOYER)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective Date: August 1, 2010

### UNM Hospital Health Plans NOTICE OF PRIVACY PRACTICES

UNM Hospitals Human Resources - Benefits Department  
933 Bradbury Drive SE, HOPE Ste 3002, Albuquerque, NM 87106  
(505) 272-0493

#### General Information About This Notice

UNM Hospitals (UNMH) continues its commitment to maintaining the confidentiality of your private medical information. This Notice describes our efforts to safeguard your health information from improper or unnecessary use or disclosure. *This notice only applies to health-related information received by or on behalf of the Health Plans listed below.* A federal law, known as HIPAA, requires us to provide you with a summary of the Health Plan's privacy practices and related legal duties, and your rights in connection with the use of disclosure of your Health Plan information.

This Notice applies to UNMH employees, former employees, and depends who may participate in any of the following benefit programs offered by UNMH (collectively referred to in this Notice as the "Health Plans"):

- Medical benefits under the UNMH Health Plan (administered by Blue Cross and Blue Shield of New Mexico)
- Dental benefits under the UNMH Dental Plan (administered by Delta Dental of New Mexico)
- Healthcare FSA benefits under the UNMH Flexible Spending Account Program (administered by Stanley, Hunt, Dupree & Rhine)

In this Notice, the terms "we", "us", and "our" refer to the Health Plans, all UNMH employees involved in the administration of the Health Plans, and all third parties who perform services for the Health Plans. Actions by or obligations of the Health Plans include these UNMH employees and third parties. However, UNMH employees perform only limited Health Plan functions - most Health Plan administrative functions are performed by third party service Providers.

#### What is Protected?

Federal law requires the Health Plans to have a special policy for safeguarding a category of medical information called "protected health information," or "PHI," received or created in the course of administering the Health Plans. PHI is health information that can be used to identify you and that related to:

- your physical or Mental Health conditions,
- Health Care Services provided to you, or,
- payment for your health care.

Your medical and dental records, your Claims for medical and dental benefits, and the explanations of benefits (EOBs) sent in connection with payment of your Claims are all examples of PHI.

If UNMH obtains your health information in another way - for example, if you are hurt in a work accident or if you provide medical records with your request for leave under the Family and Medical Leave Act (FMLA) - then UNMH will safeguard that information in accordance with other applicable laws and UNMH policies. Similarly, health information obtained by a non-health related benefits program, such as the long-term disability program is not protected under this Notice. This notice does not apply in those types of situations because the health information is not received or created in connection with a Health Plan.

The remainder of this Notice generally describes our rules and respect to your PHI received or created by the Health Plans.

## Uses and Disclosures of Your PHI

To protect the privacy of your PHI, the Health Plans not only guard the physical security of your PHI, but also limit the way your PHI is used or disclosed to others. We may use or disclose your PHI in certain permissible ways described below. To the extent required under federal health information privacy law, we use the minimum amount of your PHI necessary to perform these tasks.

- To determine proper payment of your Health Plan benefit Claims. The health Plans use and disclose your PHI to reimburse you or your Doctor or Health Care Providers for covered treatment and services. For example, your diagnosis information may be used to determine whether a specific procedure is medically necessary or to reimburse your Doctor for your medical care.
- For the administration and operation of the Health Plans. We use and disclose your PHI for numerous administrative and quality control functions necessary for the Health Plans' proper operation. For example, we may use your Claims information for fraud and abuse detection activities or to conduct data analysis for benefit utilization.
- To inform you or your Health Care Provider and treatment alternatives or other health-related benefits that may be offered under a Health Plan. For example, we may use your Claims data to alert you to an available case management program if you become pregnant or are diagnosed with diabetes or liver failure.
- To a Health Care Provider if needed for your treatment. For example, we may disclose your prescription information to a pharmacist regarding a drug interaction concern.
- To a non-UNMH Health Plan to determine proper payment of your Claim under the other plan. For example, we may exchange your PHI with your spouse's Health Plan for coordination of benefits purposes.
- To a Health Care Provider or to a non-UNMH Health Plan for certain administration and operations purposes. We may share your PHI with another Health Plan or Health Care Provider who has a relationship with you for quality assessment and improvement activities, to review the qualifications of health care professionals who provide care to you, or for fraud and abuse detection and prevention purposes.
- To a family member, friend, or other person involved in your health care, if you do not object, or it can reasonably be inferred that you do not object, to the sharing of your PHI, or, in the event of an Emergency.
- To comply with an applicable federal, state, or local law, including workers' compensation or similar programs.
- For public health reasons, including (1) to a public health authority for the prevention or control of disease, injury or disability; (2) to a proper government or health authority to report child abuse or neglect; (3) to report reactions to medications or problems with products regulated by the Food and Drug Administration; (4) to notify individuals of recalls of medication or products that may be using; or (5) to notify a person who may have been exposed to a communicable disease or who may be at risk for contracting or spreading a disease or condition.
- To report a suspected case of abuse, neglect or domestic violence, as permitted or required by applicable law.
- To comply with health oversight activities, such as audits, investigations, inspections, licensure actions, and other government monitoring and activities related to health care provision or public benefits or services.
- To the U.S. Department of Health and Human Services to demonstrate our compliance with federal health information privacy law.
- To respond to an order of court or administrative tribunal.
- To respond to a subpoena, warrant, summons or other legal request if sufficient safeguards, such as protective order, are in place to maintain your PHI privacy.
- To a law enforcement official for a law enforcement purpose.
- For purposes of public safety or national security.
- To allow a coroner or medical examiner to identify you or determine your cause of death.
- To allow a funeral directory to carry out his or her duties.
- To respond to a request by military command authorities if you are or were a member of the armed forces.

Certain **UNMH** employees may access your PHI to perform administrative functions on behalf of the Health Plans. Absent your written permission, however, **UNMH** employees will only use or disclose your PHI as described above. **UNMH** employees will not access your PHI for reasons unrelated to Health Plan administration. **UNMH** will not use your PHI for any employment related reason without your express written authorization.

State law may further limit the permissible ways the Health Plans use or disclose your PHI. If an applicable state law imposes stricter restrictions on the health Plans, we may comply with that state law.

## **Other Uses and Disclosures of Your PHI**

Before we use or disclose your PHI for any other purpose, we must obtain your written authorization. You may revoke your authorization, in writing, at any time. If you revoke your authorization, the health Plans will no longer use or disclose your PHI except as described above (or as permitted by any other authorization that have not been revoked). However, please understand that we cannot retrieve any PHI disclosed to a third party in reliance on your prior authorization.

## **Your Rights**

Federal law provides you with certain rights regarding your PHI. Parents of minor children and other individuals with legal authority to make health decisions for a Health Plan participant may exercise these rights on behalf of the participant, consistent with state law.

***Right to request restrictions:*** You have the right to request a restriction or limitation on the Health Plans' use or disclosure of your PHI. For example, you may ask us to limit the scope of your PHI disclosures to a case manager who is assigned to you for monitoring a chronic condition. Because we use your PHI only as necessary to pay Health Plan benefits, to administer the Health Plans, and to comply with the law, it may not be possible to agree to your request. The law does not require the Health Plans to agree to your request for restriction. However, if we do agree to your requested restriction or limitation, we will honor the restriction until you agree to terminate the restriction or until we notify you that we are terminating the restriction on an going forward basis.

Restriction request forms are available from the University's Privacy Officer. You may make a request for restriction on the use and disclosure of your PHI to the University's Privacy Officer. Contact information for the University's Privacy Officer is listed on the front of this Notice. When making such a request, you must specify: (1) the PHI you want to limit; (2) how you want the Health Plans to limit the use and/or disclosure of that PHI; and (3) to whom you want the restrictions to apply.

***Right to receive confidential communications:*** You have the right to request that the Health Plans communicate with you about your PHI at an alternative address or by alternative means if you believe that communication through normal business practices could endanger you. For example, you may request that the Health Plans contact you only at work and not at home.

You may request confidential communication on your PHI by completing an appropriate form available from the University's Benefit's & Employee Services Department, **UNMH** Human Resources Division (the Benefits Department). You should send your written request for confidential communication to the Benefits Department at the address listed on the front of this Notice. We will honor all reasonable requests. You must make sure your request specifies how or where you wish to be contacted.

***Right to inspect and copy your PHI:*** You have the right to inspect and copy your PHI contained in records that the Health Plans maintain for enrollment, payment, Claims determination, or case or medical management activities, or that we use to make enrollment, coverage, or payment decisions about you.

However, we will not give your access to PHI records created in anticipation of a civil, criminal, or administrative action or proceeding. We will also deny your request to inspect and copy your PHI if a licensed Health Care Professional hired by the Health Plan has determined that giving you the requested access is reasonably likely to endanger the life or physical safety of you or another individual or to cause substantial harm to you or another individual, or that the record makes references to another person (other than a Health Care Provider), and that the requested access would likely cause substantial harm to the other person.

In the unlikely event that your request to inspect or copy your PHI is denied, you may have that decision reviewed. A different licensed Health Care Professional chosen by the Health Plans will review the request and denial, and we will comply with the health care professional's decision.

You may make a request to inspect or copy your PHI by completing the appropriate form available from the Benefits Department and sending it to the Benefits Department at the address listed on the front of this Notice. We may charge you a fee to recover the costs of copying, mailing or other supplies directly associated with your request. You will be notified of any costs before you incur any expenses.

**Right to amend your PHI:** You have the right to request an amendment of your PHI if you believe the information the Health Plans have about you is incorrect or incomplete. You have the right as long as your PHI is maintained by the Health Plans. We have contracted with third party administrators for the health benefits identified on the first page of this Notice. These third party administrators will correct any mistakes if either we or they created the PHI or if the person or entity that originally created the PHI is no longer available to make the amendment.

You may request amendments of your PHI by completing the appropriate form available from the University's Privacy Officer and sending it to the University's Privacy Officer at the address listed on the front of this Notice. Be sure to include evidence to support your request because we cannot amend PHI that we believe to be accurate and complete.

**Right to receive an accounting of disclosures of PHI:** You have the right to request a list of certain disclosures of your PHI by the health Plans. The accounting will not include (1) disclosures necessary to determine proper payment of benefits or to operation of the health Plans, (2) disclosures we make to you, (3) disclosures permitted by your authorization, (4) disclosures to friend or family members made in your presence or because of an Emergency, or (5) disclosures for national security purposes. Your first request for an accounting within a 12-month period will be free. We may charge you for costs associated with providing you additional accounting. We will notify you of the costs involved, and you may choose to withdraw or modify your request before you incur any expenses.

Accounting request forms are available from the University's Privacy Officer and you may request such an accounting of disclosures from the University's Privacy Officer at the address listed on the front of this Notice. When making your request, you must specify the time period for the accounting, which may not be longer than six years and may not include dates prior to April 14, 2003, and the form (e.g., electronic, paper) in which you would like the accounting.

**Right to file a complaint:** If you believe your rights have been violated, you should let us know immediately. We will take steps to remedy any violations of the Health Plan's privacy policy or of this Notice.

You may file a formal complaint with our Privacy Officer and/or with the United States Department of Health and Human Services at the address below. You should attach any documents or evidence that supports your belief that your privacy rights have been violated. We take your complaints very seriously. UNMH prohibits retaliation against any person for filing such a complaint.

# **AMENDMENTS**

## **BENEFIT BOOKLET NO SURPRISES ACT AMENDMENT**

**Amendment Effective Date:** This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the Benefit Booklet to which this Amendment is attached and becomes a part of the Benefit Booklet. Unless otherwise required by Federal or New Mexico law, in the event of a conflict between the terms on this Amendment and the terms of the Benefit Booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The Benefit Booklet is hereby amended as indicated below:

### **I. PCP Selection**

The Plan requires the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept You or Your family Members.

Until you make this designation, Blue Cross and Blue Shield of New Mexico designates one for You. For information on how to select a PCP and for a list of the participating PCPs, contact BCBSNM at [www.bcbsnm.com](http://www.bcbsnm.com) or customer service at the toll-free number on the back of Your identification card.

For Dependent children, You may designate any Participating Provider who specializes in pediatric care as their Primary Care Physician (PCP).

### **II. OB/GYN Care**

You are not required to obtain a referral or authorization from Your Primary Care Physician (PCP) or Women's Principal Health Care Provider (WPHCP) before obtaining Covered Services from any Participating Provider specializing in obstetrics or gynecology. However, before obtaining Covered obstetrical or gynecological care, the Provider must comply with certain policies and procedures required by Your Plan, including Prior Authorization and referral policies. For a list of Participating Providers who specialize in obstetrics or gynecology, visit [www.bcbsnm.com](http://www.bcbsnm.com) or contact customer service at the toll-free number on the back of Your identification card.

### **III. Continuity of Care**

If You are under the care of a Participating Provider as defined in the Benefit Booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue

coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the Benefit Booklet.

#### **IV. Federal No Surprises Act**

##### **1. Definitions**

The definitions below apply only to this No Surprises Act Amendment. To the extent the same terms are defined in both the Benefit Booklet and this Amendment, those terms will apply only to their use in the Benefit Booklet or this Amendment, respectively.

"Air Ambulance Services" means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

"Emergency Medical Condition" means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

“Emergency Services” means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:
  1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
  2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
  3. You have provided informed consent.

“Non-Participating Provider” means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan to which this Amendment is attached.

“Non-Participating Emergency Facility” means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan to which this Amendment is attached.

“Participating Provider” means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Participating Facility” means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. Whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Qualifying Payment Amount” means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

“Recognized Amount” means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total

amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

## **2. Federal No Surprises Act Surprise Billing Protections**

a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

### **b. Claim Payments**

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

### **c. Cost-Sharing**

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider Deductible and/or Out-of-Pocket Limit, if any.

## **3. Prohibition of Balance Billing**

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

**NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.**
